Career Technical Education (CTE) CLASS FAQ's

What is CTE? What does it stand for?

CTE stands for Career Technical Education classes that give you hands-on learning & training to help you decide on a possible career choice for the future.

Where can I get more information on CTE classes and brochures?

In every Career Center on each campus, see the Career Technician or go to: Shasta Union High School District's website and in the drop-down menu click on Departments -> Instructional Services -> Career and Technical Education. OR: https://www.suhsd.net/Departments/Instructional-Services/Career-And-Technical-Education/index.html

If I take a CTE class at EHS or SHS do I have to buy a parking permit to park?

No, students do not need a parking permit. There is a map of each campus in the career center at FHS, EHS, & SHS, detailing where students park at each site.

Where does my son/daughter go if they miss the bus to their CTE class?

Your student reports to the FHS, EHS, or SHS College & Career Center on campus, will sign-in and do homework until they are dismissed.

If my son/daughter is feeling ill at school before the bus leaves to go off campus what should they do?

They should let the Career Technician know and they will be taken to the school nurse. The Career Technician will email/phone the CTE teacher and let the attendance office know.

We live near EHS, and/ or SHS is it possible for my student to drive to their CTE class from FHS?

The district provides bussing for our CTE students. If you have a specific request for a driving permit, please see the Career Technician at your home-site. Driving permits must be signed by the principal at each site and filled out before any student has permission to drive. Students may not transport any other person in their vehicle!

* For seniors in a 2nd year program such as: Administration of Justice 2, SPorts Medicine, and Clinical Medical 2, students may get a driving permit to go to their placement internships.

Does my student miss brunch?
Potentially, they do miss brunch. The days of the week are varied due to the FLEX schedule. It is important for each student to know their schedule, as well as the bus schedule depending on the day of the week.

What Classes are offered at SHS? - Medical 1, Medical 2, clinical rotations (must have Medical 1 first year), Space and Robotics. Dental – PM class (driving permit is required from Career Center), Sports Medicine (driving permit is required).

What Classes are offered at EHS? -Chef Prep, Administration of Justice 1 and 2, Early Childhood Education, second semester at Child Care sites and Construction & Building.

What Classes are offered at FHS? - Fire Academy. Medical Careers and EMT

What if your student is in band, cheer, or ASB and needs to be excused for special events at school? Can they miss their CTE Class?
Students need to put their class first regardless of the activity if possible. Otherwise, the student needs to get an activity release form signed by the teacher, group, or leader to be excused before the day of the event. This lets the teacher know to plan ahead if students will be out of our classes and lets them know that there is an adult they will be checking in with who is responsible for that student. It also allows an A in Aries to let the teacher know they completed the paperwork.

Can a CTE student have their parent drive them to their CTE class if necessary? Can they take the bus back to their school site? Yes

May a student take a CTE class if they are enrolled in College Connection as a senior? No.

Who do I call if I need to get my son/daughter out of class for a family emergency? You may call the school your student is enrolled at and ask for the attendance office/ Career Center. We can notify your student and their CTE teacher they will be picked up or if other arrangements have been made.
