

# Concordia PTA & Splash Foundation

The PTA and Splash Foundation are nonprofit, parent-run organizations dedicated to enriching the educational experience of every Concordia student through volunteerism and fundraising.

While the PTA is part of a broader district, state, and national network, the Splash Foundation is an independent organization. Together, they form a synergistic partnership: the PTA serves as the backbone of many vital campus activities, while the Splash Foundation raises funds for principal-, teacher-, and parent-initiated priorities that fall outside the PTA's scope.

## Funding Focus
