Garden Club

We are excited to introduce you to our **Garden Club**, established in 2022! The club gives students a fun, hands-on opportunity to learn about plants, sustainability, and caring for the environment—all while helping to grow and maintain our school garden.

Our garden is a **Monarch Waystation Certified** site, providing a habitat for monarch butterflies and supporting local pollinators. Students in the club plant a variety of flowers, fruits, and vegetables, and take pride in watching their work grow and thrive throughout the year.

The Garden Club meets **every Monday after school for one hour**, and all students are welcome to join—no gardening experience needed!

If you are interested in participating please use this Google classroom code [\(3nve62u\)](#).
