Dear Parent / Guardian:

The state of Texas requires screenings for all Pre-K, Kindergarten, 1st, 3rd, and 5th graders. The Lampasas Lion's Club will be on campus **DATE HERE**, to help conduct these mandated vision and hearing screenings. They will be bringing a portable Spot Vision Screener. The Spot Screener can identify potential conditions of the eye that can be missed with the standard vision acuity screen that is conducted by the campus nurse. This is a great resource that the Lion's Club has made available to our community. Please ensure that your child is present to take advantage of this opportunity.

***If your child wears glasses, please make sure that they bring them to school.***

Parents/guardians will be notified by mail of any concerns. Please feel free to contact your campus nurse with any questions or concerns.

----- RETURN TO NURSE -----

*Vision acuity only screens for "sharpness of vision". The American Academy of Ophthalmology recommends that children have their vision checked by an optometrist at birth, 6 months, 3 years, and before entering grade school. **The Spot Screening should not be considered a substitute for an exam by an eye care specialist.***
