FAMILIES WITH UNDOCUMENTED IMMIGRANTS

Am I eligible for any disaster assistance if I am undocumented?

Yes, even if you are undocumented, there are many resources and services that you can access.

I am undocumented but other members of my family are citizens or eligible immigrants. Can I apply for FEMA assistance for them?

If you do not meet the citizenship or immigration status criteria, your household may still apply for certain forms of Federal Emergency Management Agency (FEMA) assistance, if: 1) another household member, including a minor child, meets the eligibility criteria during the registration process OR 2) the parent or guardian of a minor child living in the same household may apply for assistance on behalf of the minor child who is a U.S. citizen, non-citizen national, or qualified non-citizen under federal law. The minor child must be under age 18 as of the first day of the incident period or disaster declaration day, whichever comes first.

I am undocumented but other members of my family are citizens or eligible immigrants. Can I get CalFresh and CalWORKs for them?

Yes. Even though you cannot get assistance for yourself, you should be able to get CalFresh benefits and aid under the California Work Opportunity and Responsibility to Kids (CalWORKs) program for your children if they are U.S. citizens or if they fall under one of the eligible non-citizen categories under the rules of these programs. Even if you or your family members can't get CalFresh, you can still get school lunch and breakfast, Disaster CalFresh, the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), and go to community food banks and other food programs.

Who is an eligible immigrant?

An eligible immigrant includes, but is not limited to, anyone who falls into any of the below categories:

- Naturalized U.S. Citizens
- Legal permanent residents (green card holders);
- Asylees and refugees;
- Individuals who have been granted humanitarian parole for a period of one year or more;
- Individuals whose deportation has been withheld due to status as a political refugee;
- Cuban or Haitian entrants; or
- Victims of domestic violence who currently have a pending petition for relief.

The CalWORKs and CalFresh programs allow some additional immigrants to access benefits. For more information about these programs, please visit the [CalWORKs website](#), the [CalFresh website](#), or apply online at the [BenefitsCal website](#). You may also contact your local [county social services department](#).

I am undocumented. Will I be reported to the immigration authorities if I apply for CalFresh (food stamps) for my children?

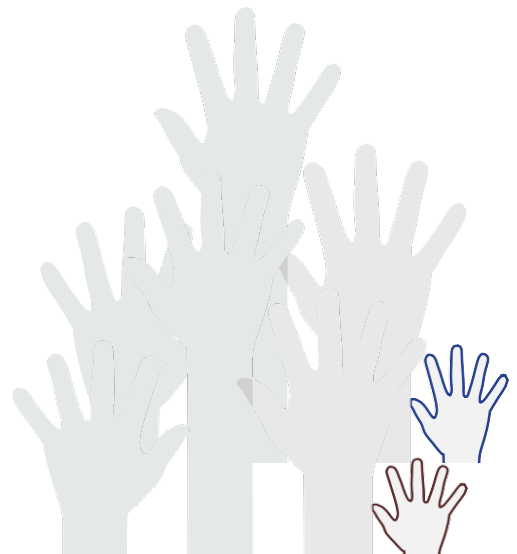

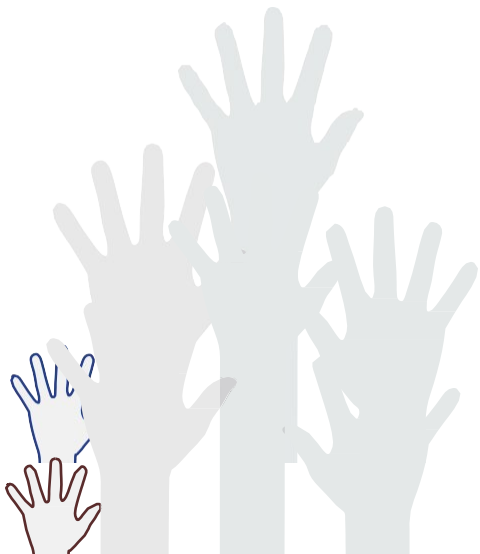

No. If you are not seeking public assistance benefits for yourself, you do not need to give information about your immigration status. You should tell your eligibility worker that you

.....

are not trying to get benefits for yourself. Eligibility workers should not ask you any further questions about your immigration status once you tell them that you are not applying for yourself. Do not present false information or identification. You will need to give information about your income or any property you may have. Most households are not subject to the resource limit. The CalFresh program, and many other assistance programs, do not trigger public charge and are safe for people who are undocumented to use. For more information, please see the Public Charge Safe to Use List linked below.

I do not speak English well. What can I do?

Free translation and interpreter services should be provided to you, including a worker who speaks your language. If a worker cannot speak your language, you should be provided an interpreter or the use of the “language line” interpreter services at no cost to you. Do not be afraid to ask for an interpreter.

SHELTERS AND HOUSING ASSISTANCE

EMERGENCY SHELTERS

For immediate evacuation center and emergency shelter information, please visit the [California Office of Emergency Services website](#).

TRANSITIONAL SHELTERING ASSISTANCE (TSA)

The TSA Program provides short-term lodging assistance for evacuees who are not able to return home for an extended or indeterminate period of time following a disaster. **You must be a citizen or an eligible immigrant to receive this assistance.**

FEMA may provide TSA to eligible disaster survivors who have a continuing need for shelter after the congregate shelters have closed because they are unable to return to their homes for an extended period of time. This initiative is intended to provide short-term lodging for eligible disaster survivors whose communities are either uninhabitable or inaccessible due to disaster-related damages. Under TSA, disaster survivors may be eligible to stay in hotel or motel lodging for a limited period of time and have the cost of the room and taxes covered by FEMA. However, FEMA does not cover the cost of incidental room charges or amenities, such as telephone, room service, or food.

For more information on the TSA program, please visit the [FEMA website](#). Individuals and households ineligible for TSA will be referred to local agencies or voluntary organizations for possible assistance.

INDIVIDUAL AND HOUSEHOLDS PROGRAMS (IHP)

The IHP is a joint Federal and State program. **You or someone who lives with you must be a U.S. citizen or “eligible immigrant” for your household to apply.** Under IHP, FEMA may provide awards in the form of rent, home repair or replacement, transportation repair or replacement, funeral expenses, personal property, medical, dental or other miscellaneous expenses. FEMA disaster assistance covers basic needs but does not normally compensate disaster victims for their entire loss. Each situation is unique and is handled on a case-by-case basis. Anyone who suffers damage in a Presidentially-declared disaster can [register online](#) for assistance or call the FEMA registration line, 1-800-621- 3362. For the deaf or hard of hearing, the number is 1-800-462-7585.

[California’s SSGP](#), administered by CDSS’ Disaster Services Branch, may provide grant funds to assist people who have suffered damage in a disaster area declared by the President when the federal assistance to IHP is implemented. The SSGP is 100 percent State-funded. The

.....

grant may assist with any eligible items not already addressed by the IHP. However, individuals must have applied to FEMA and maximized the IHP award to be eligible for SSGP. **The same FEMA eligibility criteria of being a U.S. citizen or “eligible immigrant” apply.** State grants cover disaster-relief needs in the same categories as the IHP.

If you have reached the maximum IHP assistance, FEMA will automatically transmit your application to SSGP. There is no separate application process for SSGP. If you have questions about the SSGP, please call 1-800-759-6807 or TTY 1-800-952-8349. For additional information, please see the following SSGP fact sheet in [English](#) and [Spanish](#).
