To protect the privacy rights of students and staff and to ensure academic integrity, the wearing, operation, or use of 'Smart Glasses' (defined as eyewear equipped with cameras, microphones, augmented reality displays, or artificial intelligence integration) is strictly prohibited on school grounds. This is due to the potential for surreptitious audio and video recording and the ability to access unauthorized information. Exceptions may be granted only when a specific device is required by a student's Individualized Education Program (IEP). Any exception to this rule requires prior approval from an administrator.
