August 3, 2026

Dear Fairsite Families,

Welcome to the 2026-2027 school year! If you are a returning family, we are happy to see you again! If you are new to Fairsite, welcome! We look forward to meeting you and your child.

Our ultimate goal is to prepare our Fairsite fireflies for a successful transition into kindergarten. With your support and collaboration, we will help your child become both academically and socially prepared for school. In order for us to maximize the time we have to prepare your child, we need him/her to attend school every day possible, and to arrive on time. Building good habits for school attendance starts now.

You are your child's first teacher, and your active participation in his/her schooling is highly valued. Please plan on volunteering, attending meetings, and participating in the many events we have planned throughout the year. Please visit our school website at <https://fairsite.galt.k12.ca.us/> for information about Fairsite. The Parent Handbook is full of important information that you should be aware of. It can be found on our website as well. Communication between you and your child's teacher is so important. When you receive an invitation to connect to Class Dojo, please do so right away. This communication app is used by our teachers and our school to keep parents informed, and it is a convenient way for parents to communicate with teachers.

Please plan on attending Back to School Night on August 18th starting at 5:30pm. A schedule will be sent out soon. This meeting is for parents only. TK families, teacher assignments will be posted on August 10th after 4:00pm.

See you soon!

Sincerely,

Laura Márquez
Principal
