- Current, Interim, and Long-term Targets for each student group
- Scoring 0-4

Projected Accountability Ratings

2024 Campus Ratings

Internal Calculations

“The ratings that you look at this year can not be easily compared with ...prior years. Because of changes ... it will no longer lead to an apples-to-apples comparison”

- Commissioner Mike Morath

* District ratings are now calculated using a weighted average of campus ratings, as opposed to calculating the district as a single K-12 campus. This increases alignment of district ratings with campus ratings.
