 - A very thoughtful and thorough presentation followed. 55 members for the team, 26 new members, lots of training options. Seems to cater to high level students. Funding is needed for... the fabrication team needs to have more materials this year than last year. 3 different levels of funding needed, looks like about 5k or more. Not all of them are mandatory. Other funding options: \$6,300 for registration, \$375 for woodworking, academic boosters grant \$5,050. \$300-\$800 is the amount they ask for the team.
 - We will table and find out how much funding they currently have. Will discuss at next meeting.
