Advanced Placement Exam Registration

ATTENTION! Students and guardians should complete this registration together. This is a two-step process and both steps MUST be completed in order for your school to order your exams.

- One step is to enroll your exams with the College Board. You should have already done this using the "join codes" provided by your teacher/school. If you have not done this contact your teacher.
- The other step is to complete the registration below.

Students taking AP courses/exams at Woodland High School must register here by 12:59 pm, October 31, 2026. There is no cost for enrolling in AP courses, but the 2027 AP Exams cost \$90 per exam.

A confirmation page indicates that the first step has been completed. The confirmation page will include the information needed to complete the second step of enrolling courses/exams in the College Board's system, MyAP.CollegeBoard.org. This step should be completed right away as **exams will not be ordered if both steps are not completed.**

Woodland High School is excited to offer families the ability to pay their exam fees online at the time of registration. Please be sure to have a credit card or debit card available before beginning registration.

AP Exam Terms and Conditions

Informing Students of the Importance of Exam Security

[AP College Board](#)

[AP Exam Terms and Conditions – AP Students | College Board](#)

On exam day, students sign a statement on their answer sheet acknowledging they've read and agree to the AP Exam Terms and Conditions.

Violation of College Board test security policies may also result in a student being prohibited from taking other College Board assessments in the future, as detailed below. College Board reserves the right to decline to score an AP Exam or cancel an AP Exam score when, in its judgment, any of the following occurs:

1. Violation of test security policies and procedures: On exam day, students are required to sign their answer sheet, indicating that they're aware of, and agree to, all of the policies and procedures detailed in the AP Exam Terms and Conditions.
2. Students also must sign the covers of the multiple-choice booklets and write their initials on the covers of the free-response booklets, affirming statements related to the security of the exam.
3. Students agree to the following exam security policies and procedures: Violation of test security policies may result in score cancellation, and under some circumstances individuals may be banned from future testing. College Board may prohibit individuals from taking the SAT, CLEP, or AP Exams when we conclude they have deliberately gained or attempted to gain or share an unfair advantage on any College Board test, or otherwise threatened the integrity of the test. (See apstudents.org/examsecurity for details.)
4. Exams must be administered on the established schedule.
5. No one, except the students as they take the exam, should see the exam content or their responses.
6. Students may not, under any circumstances, remove exam content or materials from the testing room; give it to anyone else; discuss it with anyone (including an AP teacher); or share it through any means, including, but not limited to, email, text messages, photographs, and social media/the internet.
7. Exam booklets, materials, and content must never be photocopied by students or teachers.
8. Because multiple-choice content is sometimes reused, no one, other than the students as they're taking the exam, is allowed access to the multiple choice section at any time.

9. Free-response section: Teachers and students may only discuss the exam content if the specific questions in the exam are released on the College Board website 2 days after the regularly scheduled exam administration. If the exam content isn't released, students may not discuss it or share it with anyone.

10. The following electronic equipment is prohibited in the exam room and break area: Phones, smartwatches, or wearable technology of any kind, laptops, tablet computers, Bluetooth devices, portable listening or recording devices, cameras or other photographic equipment, devices that can access the internet, separate timers of any type, and any other electronic or communication devices. A student observed with any of these devices during testing or breaks may be dismissed from the exam, the device may be confiscated, the student's score may be canceled, and no retest may be permitted.

11. Calculators are also prohibited, unless they're allowed or required for the specific exam. School-owned and -controlled digital recording devices are allowed only for the AP Spanish Language and Culture Exams.

12. Students may not consult textbooks, notes, teachers, other students, or any other resource (including the prohibited equipment listed above) during the exam or during the break between Sections I and II of the exam, or during any unscheduled breaks.

13. Students may not leave the building at any time during the test administration, including during a break
