Principal's Message

Denair Middle School (DMS) provides a powerful, personalized learning experience in a supportive, small-school environment. We are built on strong relationships among students, families, and staff, forming a collaborative community dedicated to the academic success of every child. At DMS, positive connections are the foundation that empowers all students to thrive.

School Mission Statement

Denair Middle School empowers students to become lifelong learners and leaders. We achieve this through a dynamic program that educates, encourages, and challenges every student.

School Vision Statement

At Denair Middle School, we provide a personalized learning experience for our students where relationships are our focus. We prepare our students with the skills to continue their education by encouraging and developing students' love of learning. Denair Middle School empowers all students through exemplary instruction and innovative programs.

Parental Involvement

Denair Middle School values the essential role of parents and community members in fostering student success. We believe that strong partnerships between home, school, and community are crucial to achieving our goals. Our school encourages and supports various forms of involvement, including participation in our School Site Council, membership in the Parents Supporting Education (PSE) parent club, involvement in community events, volunteering for special events, and coaching athletic teams.

The DMS School Site Council meets throughout the year to review the district's Local Control and Accountability Plan (LCAP) and develop school-specific goals to enhance student achievement and engagement. Recognizing the importance of ongoing parent education, we continually seek opportunities to engage parents in their own learning. This includes district-facilitated informational meetings offered throughout the school year. To learn more about how you can become involved in our school community, please contact our office at (209) 632-2510.

School Safety

The safety of students and staff is a primary concern at Denair Middle School. The school is always in compliance with laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire or disaster drills are conducted on a monthly basis throughout the school year. Administrators, campus supervisor and assigned staff monitor school grounds before, during and after school. All visitors must sign in at the main office before entering the campus, wear a visitor's badge while on school grounds and sign out upon leaving.

The Comprehensive School Safety Plan was developed by the administration in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment.

Components of the Comprehensive School Safety Plan include child-abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster-response procedures, procedures for safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies, and the dress code. An updated copy of the plan is available to the public at the school office. The plan was last reviewed, updated and discussed with school staff in August 2025.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Denair Unified School District empowers tomorrow's leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

Superintendent's Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school's instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school's educational program, student achievement levels and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

Enrollment by Student Group

The total enrollment at the school was 298 students for the 2024-25 school year. The pie chart displays the percentage of students enrolled in each group.

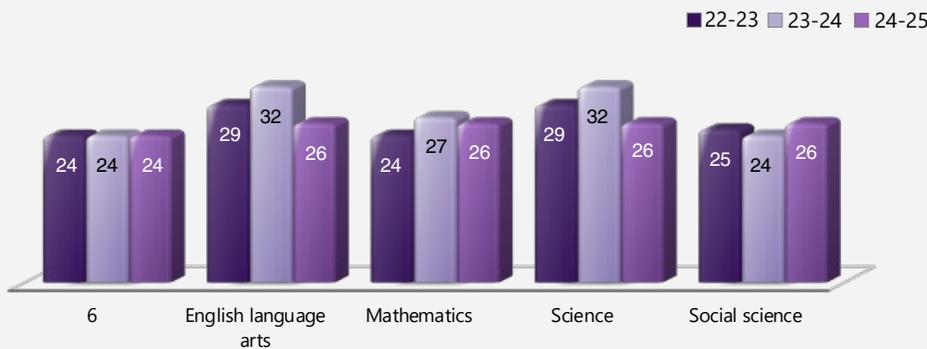

Demographics (2024-25 School Year)

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

- Educator Effectiveness

California School Dashboard

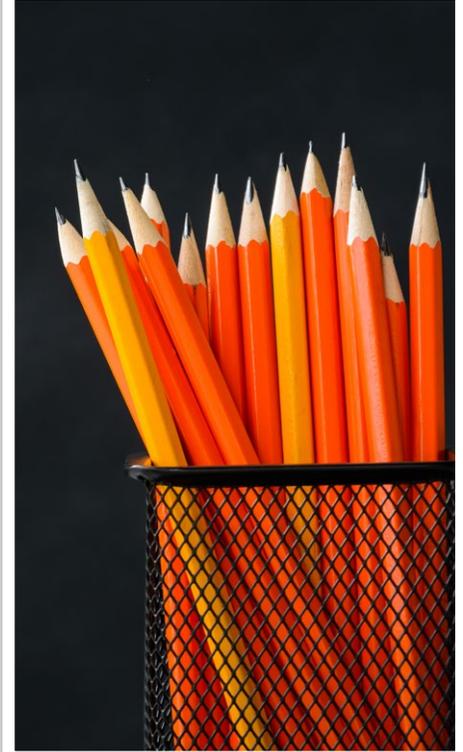

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

Science test results include the CAST and the CAA for Science. ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 11, 2025, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education’s adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state’s most recent list of standards-based materials.

All Denair USD schools follow the district’s textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks (2025-26 School Year)

Criteria	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials.

School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status (2025-26 School Year)

Items Inspected	Repair Status

Interior: Interior surfaces (floors, ceilings, walls and window casings)	Good
Cleanliness: Pest/vermin control, overall cleanliness	Fair
Electrical: Electrical systems	Good
Restrooms/fountains: Restrooms, sinks and drinking fountains	Good
Safety: Fire safety, emergency systems, hazardous materials	Good
Structural: Structural condition, roofs	Fair
External: Windows/doors/gates/fences, playgrounds/school grounds	Good
Overall summary of facility conditions	Good
Date of the most recent FIT report	9/16/2025

School Facilities

The school's facilities are designed to provide a comprehensive and supportive learning environment. The campus features 24 classrooms, a library, a comfortable staff lounge, a dedicated counseling office, a dedicated conference room, a multi-purpose cafeteria, auditorium, and gymnasium. Additionally, the school boasts a wellness center, tennis courts, outdoor basketball courts, and an athletic field, promoting physical and mental well-being.

A recent school modernization project includes the completion of two new lunch shelters and updated lunch tables. These improvements will provide more comfortable and shaded outdoor eating spaces for our students.

To maintain a clean and safe environment, the district has implemented cleaning standards for all schools. A dedicated team of custodians and groundskeepers ensures that all classrooms and facilities are well maintained on a regular schedule.

Furthermore, the district's maintenance staff is committed to promptly addressing any necessary repairs to keep the school in optimal condition. A work-order system is in place to efficiently prioritize emergency repairs, ensuring that the school remains a conducive learning environment.

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item's repair status, all deficiencies are listed.

Deficiencies and Repairs (2025-26 School Year)

Items Inspected	Repairs Needed and Action Taken or Planned
Interior	Classrooms need to be cleaned more thoroughly
Structural	Roofs are in need of repair.

“We are built on strong relationships among students, families, and staff, forming a collaborative community dedicated to the academic success of every child.”

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the number of authorization/assignments of teachers with permits and waivers; misassignments; and vacant positions. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Financial Data

The financial data displayed in this SARC is from the 2022-23 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of December 2025.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data	
2023-24 Fiscal Year	
Total expenditures per pupil	\$10,436
Expenditures per pupil from restricted sources	\$4,105
