We are pleased to offer a benefits package with a variety of coverage options, which allows you to choose the option that best meets your needs. The benefits you select during enrollment will stay in place through September 30, 2026, unless you have a qualifying event as defined by the IRS.

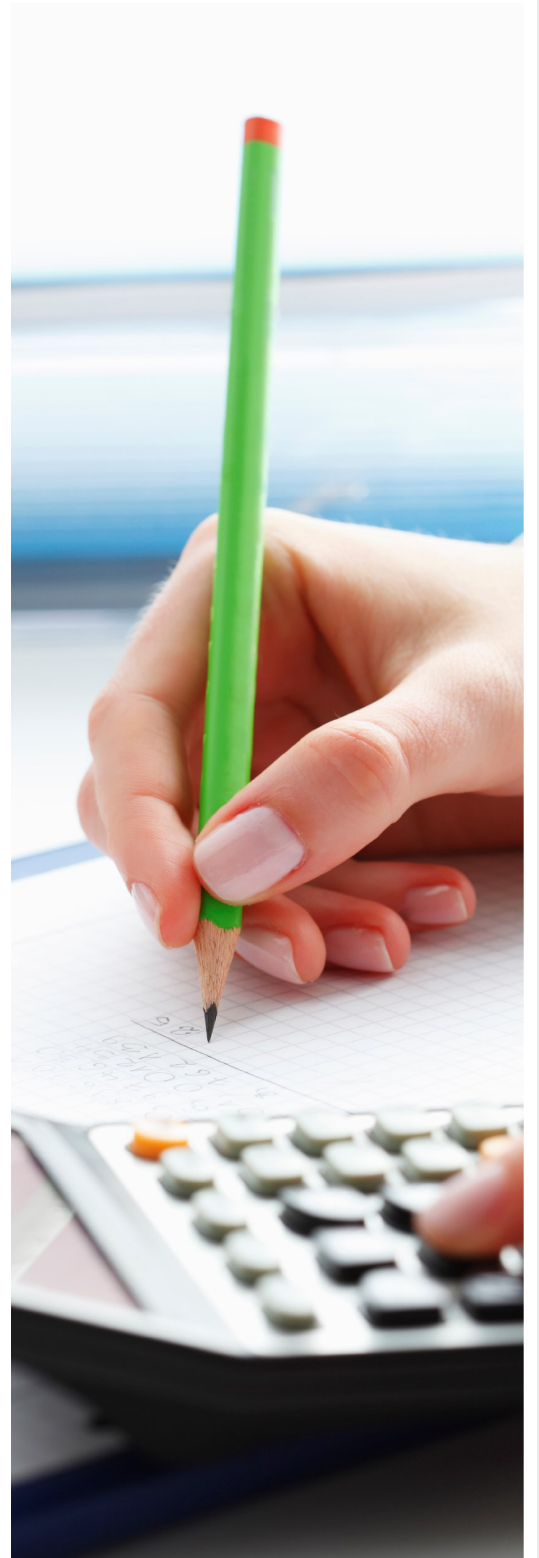

Examples of a qualifying event include:

- You have a change in your marital status
- You have a baby or adopt a child (Plan allows 60 days to notify of a newborn)
- Your dependent child loses eligibility due to age or marriage
- You become disabled
- You end your employment with the District
- You or your dependent passes away
- Your spouse gains or loses coverage

**You must notify your employer within 31 days of the qualifying event.** Benefits elections will then remain in force for the remainder of the plan period.

# Eligibility

## Who is Eligible

You are eligible if you are a regular full-time employee and are working 30 hours or more per week.

You may also enroll your eligible dependents in the medical, dental, vision and life insurance plans. Your eligible dependents include:

- Your legal spouse
- Your children or stepchildren up to age 26, regardless of marital or student status
- Any children for whom you are required to provide coverage under a Qualified Medical Child Support Order
- Your unmarried children or stepchildren of any age, if they are incapable of self-care due to a physical or mental disability

## When Coverage Begins

Your benefits will commence on the first of the month following your date of hire.

## Cost for Coverage

As shown in the chart on page 4, your employer pays the full cost for basic life and AD&D and mental health/EAP insurance.

Contributions for the plans where you share the cost with your employer are deducted from your pay on a pre-tax basis. This means that the income you use to pay for these benefits is not taxed, putting dollars back into your pocket.

## Newly Hired Employees

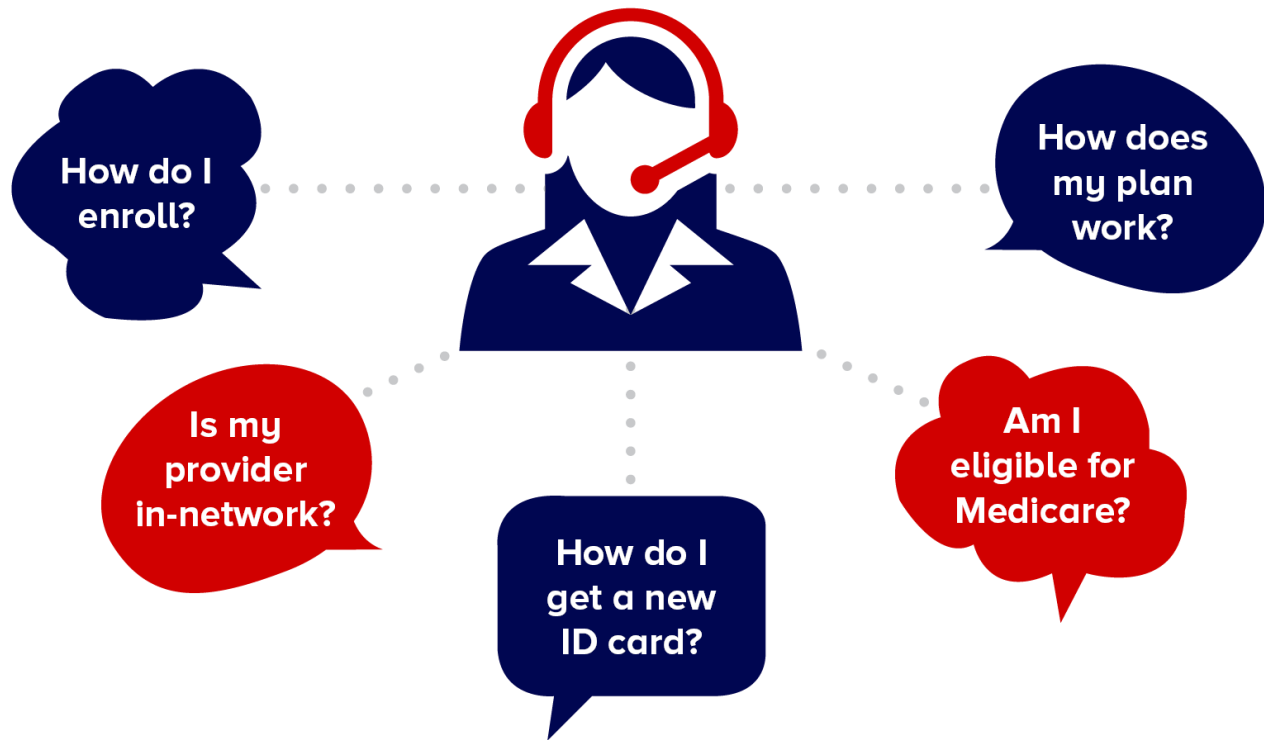

You must make your benefits elections within 31 days of your date of hire. If you do not enroll for coverage during your eligibility period, you must wait until the next Open Enrollment period unless you have a qualifying event.

## Open Enrollment

Open Enrollment occurs each year and is your opportunity to review your benefits options to determine what best meets your needs. The selections you make will remain in effect for the entire plan year unless you have a qualifying event.

# Medical

We recognize that you have different needs when it comes to your medical options. We provide you with options that help you and your family achieve optimum health. We offer you the choice of four health options, including:

- **Blue Shield** Comprehensive Option (PPO)
- **Blue Shield** Basic Option (PPO)
- **Blue Shield** Bronze Option (PPO)
- **SIMNSA** HMO Option

## PPO Options

The **Blue Shield** PPO Options offer a network of physicians who have agreed to discount fees for their services. You may choose to have your treatment provided by an in-network PPO physician and may receive a higher level of benefit with potentially lower out-of-pocket costs to you.

You may also choose to go outside the network; however, benefits are generally reimbursed at a lower level and you may have higher out-of-pocket costs.

With a PPO option, you have a choice every time you need care. Your in-network physicians will submit claims for you. If you receive treatment from a non-network physician, they may require you to pay the entire amount at the time of service and submit a claim for reimbursement.

## SIMNSA HMO Option

The **SIMNSA** HMO is an option for U.S. workers who reside or have dependents in Mexico (Tijuana, Mexicali and Tecate). This option offers comprehensive medical coverage that includes preventive care and fixed copays for most services. There are no annual deductibles or lifetime dollar maximums. You will have the ability to choose your own **SIMNSA** personal physician, who will be responsible for providing or coordinating all of your medical care, including specialty care referrals.

# Life Insurance

## Basic Life and AD&D

**Mutual of Omaha** basic life and accidental death & dismemberment (AD&D) insurance coverage helps you protect your loved ones and ensures their financial security.

As a full-time eligible employee, you are automatically enrolled in the group basic life and AD&D plan. The benefit is equal to a flat \$20,000, with no medical underwriting required. This policy is provided at **no cost** to you.

## Voluntary Life

If you determine you need more than the basic life coverage provided to you, you may want to purchase additional coverage for yourself and your eligible dependents.

We offer voluntary employee, spouse and child life, at group rates, to supplement your employer-paid basic life insurance. Unlike basic life insurance, voluntary life is 100% employee-paid. Voluntary life premium is deducted from your paycheck and is portable, allowing you to continue coverage should you ever leave the company.

You may elect voluntary life coverage for yourself or your spouse to a maximum of \$500,000. You may also elect voluntary life coverage for your children to a maximum of \$10,000.

# Long-term Care

Help protect yourself, your parents and your family from the high cost of long-term care. Whether care is provided at home or in a facility, the costs and caregiver challenges quickly add up. **ICSVEBA** partners with **Unum** to provide you with valuable coverage, tools and resources to help with your personal care challenges.

Long-term care insurance may help reimburse covered charges for both facility and home care. With long-term care insurance, you can:

- Cover yourself and/or eligible family members
- Stay in your home to receive care as long as possible
- Relieve the burden of future care from loved ones

Newly hired employees have 30 days to enroll after becoming benefit eligible to receive reduced underwriting.
