

Public Hearing Notice and Agenda Item for Revised 2025–26 LCAP

Public Hearing – Informational Item

Item Title: Public Hearing on the Revised 2025–26 Local Control and Accountability Plan (LCAP) to Include LREBG-Funded Action for Student Transportation Vehicle

Purpose:

This public hearing is held in accordance with Education Code Section 52062 and Education Code Section 42103, which require a public hearing prior to the adoption of the Local Control and Accountability Plan (LCAP) and any revisions thereto. The revised 2025–26 LCAP includes a new action funded by the Learning Recovery Emergency Block Grant (LREBG) for the purchase of a student transportation vehicle.

This action addresses needs identified in the district's needs assessment related to chronic absenteeism and equitable access to school for unduplicated students, especially foster youth and low-income students. The action aligns with the district's goals to:

- Improve student attendance and reduce barriers to access;
- Stabilize instructional access and provide support for high-needs students;
- Comply with the allowable uses outlined in Education Code Section 32526.

This hearing provides the opportunity for educational partners and members of the public to comment on the proposed revision prior to Board consideration and adoption.
