CAPISTRANO UNIFIED SCHOOL DISTRICT

High School Disciplinary Policies and Procedures

Capistrano Unified School District's (CUSD) goal is to support each student in becoming a positive and responsible citizen. We know that students work toward this goal by respecting the rights of others, respecting personal and school property, and practicing socially acceptable behavior. The following rules and regulations are in effect on or near school grounds, off campus during school hours, at school-sponsored functions, during distance learning in the event of a campus closure, and while on the way to or from school or school-related activities. Student discipline matters are handled on a case-by-case basis. Administrators may find it necessary to add or subtract from the disciplinary policies described in this handbook to ensure progressive discipline and overall consistency and fairness. Discipline may be paired with conflict resolution, counseling, parent resources, and parent meetings to improve school culture and build a safe and respectful learning environment.

Teachers are directed to address issues that occur within the classroom and/or under their supervision by utilizing Positive Behavioral Intervention and Supports ("PBIS"). Minor offenses will be handled within the classroom.

LEVELS OF DISCIPLINARY INTERVENTIONS

The level of disciplinary consequence is determined by the specific infraction:

- Level 1 – Warning and re-teaching of expectations. The teacher communicates with parent/student.
- Level 2 – Teacher communicates with parent/student. The teacher may assign a consequence.
- Level 3 – Teacher communicates with parent/student with a possible in-person teacher/parent/student conference. Possible office referral. Detention/demerits may be assigned by an authorized staff member. Parent notification. Possible Behavior Contract. Possible counselor referral.
- Level 4 – Possible office referral. Saturday school/demerits may be assigned by an authorized staff member. Possible counselor referral. Possible Behavior Contract and/or step advancement. Parent notification.
- Level 5 – Office referral by teacher. Behavior Contract established (if not already in place) and/or step advancement. Possible counselor referral. Parent contact. Possible Student Success Team ("SST") process initiated.
- Level 6 – Suspension (1-5 days) and parent conference with administration. Behavior Contract step advancement. Suggested SST initiated, if not already completed. Referral to a counselor.
- Level 7 – Involuntary school transfer (parent appeal per Board Policy 5152); referral to counselor.
- Level 8 – Recommend expulsion/involuntary school transfer (parent may appeal). Referral to a counselor.

Note: Any student who is suspended from school may not be on campus or attend school-related activities while on suspension. Students under suspension or expulsion may not enter any CUSD campus, facility, or school-related events. Students violating this may be considered trespassing per Penal Code 626, and law enforcement may be contacted. Additional consequences may be assigned.

Any student who is involuntarily transferred to an alternative educational site may not attend comprehensive high school activities or be on the campus of the school from which they were removed via the involuntary transfer, absent specific written approval from the current site administrator.

OTHER MEANS OF CORRECTION

Existing law provides that a pupil shall not be suspended from school, or recommended for expulsion, unless the superintendent of the school district, principal of the school in which the pupil is enrolled, or principal designee, has determined that the pupil has committed a specified act violating Education Code § 48900 or § 48915.

Existing law requires the imposition of suspension only when other means of correction fail to bring about proper conduct. However, the law authorizes the suspension of a pupil, including an individual with exceptional needs, upon a first offense in limited situations if the principal's designee, principal, or superintendent of schools determines that specific offenses were committed or that the pupil's presence causes a danger to persons or property or threatens to disrupt the instructional process.

ALTERNATIVE TO SUSPENSION (ATS) PROGRAM

The CUSD ATS program is an off-site, District-operated classroom for students who are suspended for Education Code § 48900 violations. At ATS, students are under the supervision of credentialed teachers and counselors who will present a curriculum that offers a proactive, therapeutic approach to instilling the skills, habits, and behaviors necessary to be successful in school and life.

Students who successfully complete the program will not reflect a suspension from school on their attendance record unless the student is pending expulsion.

ACADEMIC INTEGRITY

CUSD students, teachers, administrators, and parents are encouraged to base relationships on a fundamental notion of trust. With trust comes the ability to establish productive staff-student-parent relationships. Therefore, academic dishonesty (hereinafter "cheating"), in any form, including students working together in pairs or groups unless specifically directed to do so by the teacher, will not be tolerated. Cheating undermines the academic process, destroys integrity, and shatters the trust necessary for productive relationships.

Teachers are often required to indicate violations of academic integrity on college applications and recommendation forms. Teachers may also refuse to write letters of recommendation for students who violate this policy.

Academic and citizenship penalties (which may include suspension) may occur. All parties involved are subject to the same consequences. Administrators log all reported incidents of academic dishonesty in the student's discipline file.

Acts of academic dishonesty are defined below:

Cheating on Tests, Quizzes, Projects, Homework, Classwork, or Assignments

This is defined as intentionally giving or using human or electronic assistance relating to an exam, test, quiz, project, or major assignment without the expressed permission of the teacher, including working in pairs or groups, or misuse of any form of technology.

These acts include, but are not limited to, improper use of technology tools, including generative AI, without attribution or in a way that violates academic integrity or student conduct policies. Additionally, having visible access to a cellular phone or any other prohibited electronic devices during a quiz or test may be considered a violation of the school's academic integrity policy, regardless of whether the device was in use.

Fabrication/ Plagiarism

This includes any falsification or invention of data, citation, or other authority in an academic exercise or the intentional use of another's words, ideas, or work as one's own. Plagiarism includes the misuse of published material and unpublished work of others, including, but not limited to, projects, lab, or internet information.

Alteration of Materials

Any unauthorized taking, altering, or distributing of student or teacher materials.

ARRIVAL TO/DEPARTURE FROM SCHOOL

Students may use bicycles (including eBikes*), scooters*, or skateboards to come to or leave school under the following conditions:

1. Walk your bicycle, scooter*, or skateboard at all times on campus unless specific permission is granted by the administration.
2. With your own lock, secure your bicycle, scooter*, or skateboard in the designated lock-up area.
3. Secured helmets are mandatory when riding your bicycle, scooter*, or skateboard.
4. The school is not responsible for any damage, theft, or personal injury.
5. Must not park/block any ingress or egress areas of the campus.
6. Must be parked in designated area(s).
7. Any of these items left in undesignated areas may be moved and/or subject to confiscation and parent pick-up.
8. School is not responsible for property damage resulting from the necessity to move items that are posing a safety concern and/or not parked in designated areas.
9. Bicycle riders must comply with the District's Bicycle Safety Protocol program and receive a permit for their bicycle.

*Use of Class 3 eBikes (Per CA AB 1096), requires the operator to be a minimum of 16 years old.

*Use of an electric scooter requires possession of a valid driver's license.

*Skateboarding is not allowed on the high school campus at any time. Motorized skateboards are not allowed on campus at any time. Skateboarding is a reasonable form of transportation for many students; however, the high school may have no facilities to store skateboards. Furthermore, skateboarding on campus represents a dangerous risk of injury and damage to property. The high school is not responsible for any damage or loss of skateboards or personal injury from skateboarding.

ASSEMBLY/ACTIVITY MISCONDUCT

Assemblies, pep rallies, and activities are produced by the Associated Student Body to increase school spirit, provide positive motivation, and increase awareness of issues facing students today. During these events, many students are congregated in one area; therefore, each student is expected to be on his/her best behavior and to follow all school rules.

Students are expected to participate positively at the assembly, rally, or activity and not behave in any manner that would detract from the purposes of the event (e.g., heckling, talking, using laser pens, or throwing objects). Attendance at assemblies and rallies occurring during a class period is mandatory unless otherwise specifically stated. Class roll is taken by the classroom teacher before and after the assembly/rallies. Any student not in the assembly/rally or not reporting back to class is considered truant.

ATTENDANCE/TRUANCY

CUSD students are encouraged to attend all classes on a regular basis. Regular attendance assists students in having a more successful school year. Parents are encouraged to monitor their students' attendance via the Aeries Parent Portal and contact the attendance office regarding any discrepancies.

A parent or legal guardian may excuse a student for absences. This must be done within 72 hours of the absence, or the student will be considered truant. Contact information for reporting absences is located on the school webpage.

Tardy

Students who arrive late to class create a disruption. This occurs without regard to the reason for the later arrival. Any student who arrives at class after the bell, but less than 30 minutes late, will be considered tardy. If a student is more than 30 minutes late, they are expected to check in with the Attendance Office for a tardy slip/hall pass before proceeding to class. In the event that a tardy results from a meeting/interaction with a staff member, that tardy may be excused, depending on the circumstances. Tardiness will be subject to disciplinary consequences.

As permitted by the Education Code, all rules pertaining to unexcused absences apply to a tardiness of 30 minutes or more.

Excused Absences

To excuse an absence, the parent/guardian must either contact the 24-hour attendance phone line or email the school attendance clerk with the following information:

- Student's name and grade,
- Caller's name,
- Absence date, and
- A valid, excusable reason for the absence.

Per California Education Code § 48205, parents may excuse their child for the following reasons:

- Illness
- Medical Appointment
- Court Appointment
- Religious Event
- College Visits (with administrative pre-approval)
- Bereavement

Truants/Unexcused Absences

Students who are on campus but miss their assigned class without permission from school staff are considered truant. Also, those who leave campus without a special excuse pass from the office, miss school for reasons other than those listed as excused absences above, or have an absence that remains unexcused after 72 hours, will be recorded as truant.

Unexcused absences include all absences not identified under excused absences.

Examples of unexcused absences may include, but are not limited to:

- Vacations (without an independent study contract);
- Staying home to visit with friends or family;
- Non-school related athletics or activities; and
- Personal reasons.

A total of 3 days of unexcused absences or trancies or 9 period absences can trigger the School Attendance Review Board (SARB) process. Parents will be sent a letter notifying them that their child is habitually unexcused/truant.

Additional unexcused absences/trancies will prompt a mandatory meeting with the District Attorney's office and potential prosecution due to violations of mandatory attendance laws.

Excessive Illnesses

When a student has had 14 full-day absences during the school year for illness, any further absence for illness shall be verified by a physician (Board Policy 5112).

Leaving School Early for the Day

Any student who needs to leave school before the end of their instructional day must check out through the attendance office. Site staff will require permission from a parent/guardian before the student can leave campus. Permission may be provided via phone, email, or note. The student will be provided with a *Special Excuse* pass and should have this in their possession before leaving campus. Without this pass, the student may be considered truant. Once a student has been issued their pass or "called out," the student must leave campus at the designated time.

BUS REFERRAL

The District provides bus services as part of its commitment to transport students to and from school. It is critical that each student behaves in a manner that is in accordance with all school rules, is safe, and does not hinder the bus driver from safely completing his or her job duties. Students are expected to respect the authority of the bus driver as a school official. This standard of acceptable behavior begins when the student arrives at the bus stop. The same rules for behavior and the same consequences that are in place at the school site apply to the school bus.

BULLYING/CYBERBULLYING

CUSD maintains an educational environment in which bullying and cyberbullying in any form are not tolerated. All forms of bullying and cyberbullying by CUSD students are prohibited. Anyone who engages in bullying and cyberbullying in violation of Board Policy will be subject to appropriate discipline.

Students who have been bullied or cyberbullied should promptly report incidents to any staff member. Complaints of bullying and cyberbullying will be investigated promptly, and corrective action will be taken when a complaint is verified. Board Policy 5141 prohibits reprisals and retaliation following the submission of a complaint.

Definition of Bullying

Bullying is unwelcome, pervasive, and/or severe verbal, written, or physical conduct, through any means (including social media, texting, AI-generated photos, etc.) directed at a student or staff member by a student or staff member that has the effect of any or all of the following:

- Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupils' person or property.
- Causing a reasonable pupil to experience a substantially detrimental effect on the pupil's physical or mental health.
- Causing a reasonable pupil to experience substantial interference with the pupil's academic performance.
- Causing a reasonable pupil to experience substantial interference with the pupil's ability to participate in or benefit from the services, activities, or privileges provided by a school.

CLOSED CAMPUS

All CUSD campuses are closed to non-students. Visitors are required to check in at the main office upon arrival to campus. Students may not leave campus without written permission from the Attendance Office or an appropriate off-campus sticker on their ID card.

Food deliveries to campus are prohibited (e.g., Uber Eats, Postmates, DoorDash, etc.) and are subject to confiscation until the end of the school day and/or disciplinary consequences. Schools are not responsible for stolen or lost deliveries.

DANCES

Students with unserved disciplinary consequences (e.g., detentions, Saturday Schools, demerits) may be restricted from attending dances and/or other extra-curricular activities regardless of whether they are on a Behavior Contract or not.

All students and guests may be required to take a breathalyzer test and be searched before entering the dance.

The school dress code applies to dances. Students dressed inappropriately may not enter the dance. Parents will be called and may bring appropriate clothes, or students may go home with a parent's permission.

Students who dance inappropriately will receive a "time-out" and a documented warning. On the second offense, the student will be sent home and may be restricted from future school dances.

DEFIANCE OF AUTHORITY

Students are expected to respect the valid authority of supervisors, teachers, administrators, or other school staff, following their directives without delay. A student may appeal or challenge a teacher's decision later by speaking with the administrator, but the student is expected to first follow the directive of the staff member. It is considered a defiance of authority if a student willfully disrupts any school activity or willfully misleads or misrepresents the truth.

Defiance/Disrespect of Teacher/Classroom Disruption

Students are expected to respect and follow the teacher's directives without delay.

Students are expected to participate in classrooms without disrupting the educational environment or creating a disturbance that may affect the teacher or other students.

Detention Defiance

Students who fail to serve assigned detentions/demerits or any other disciplinary consequence may receive additional consequences and/or interventions due to their defiance of authority.

Saturday School Defiance

Students who fail to serve assigned Saturday School detentions/demerits may receive additional consequences and/or interventions.

DISCRIMINATION

The Capistrano Unified School District prohibits discrimination, intimidation, harassment (including sexual harassment), or bullying based on a person's actual or perceived ancestry, color, disability, gender, gender identity, gender expression, immigration status, nationality, race or ethnicity, religion, sex, sexual orientation, or association with a person or a group with one or more of these actual or perceived characteristics.

DISRUPTIVE ACTIVITY

Horseplay

All students are responsible for their behavior and shall be respectful towards other students, staff, school facilities, and equipment. Horseplay is defined as rough or boisterous play that can lead to accidents or injuries, and is not permitted. Any damage incurred resulting from horseplay will be considered vandalism and subject to restitution.

Laser Pointer

Laser pointers are dangerous and are not allowed at school. With permission, the laser pointer may be provided by the teacher for use in class activities (e.g., presentations), but must be safely stored and not used outside this limited circumstance.

Serious Disruption of the Learning Environment

Students are expected to participate in school without disrupting the educational environment or creating a disturbance for themselves or others.

DISTANCE/ONLINE LEARNING

All District rules and policies apply during online learning.

DRESS CODE

Appropriate dress and grooming contribute to a productive learning environment.

The Board expects students to give proper attention to personal cleanliness and to wear clothes suitable for the school activities in which students participate. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities.

The primary responsibility for a student's attire resides with the student and the student's parent(s) or guardian(s).

The District is responsible for ensuring that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization, shaming, or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, immigration status, disability, or religion.

1. Basic Principle: Certain body parts must be covered for all students at all times.

Clothes must be worn in a way such that the genitals, buttocks, breasts, and stomach are fully covered with opaque fabric. All items listed in the "must wear" and "may wear" categories below must meet this basic principle.

2. Students Must Wear

*while following the basic principle of Section 1 above

- A Shirt (with a minimum of a 1-inch wide strap and fabric in the front, back, and on the sides immediately under the armpits), and
- Pants/jeans or the equivalent (for example, sweatpants, opaque leggings, or shorts), or
- A dress or skirt, and
- Shoes (as appropriate for the environment and activity).

**Courses that include attire as part of the curriculum (for example, professionalism, public speaking, and job readiness) may include assignment-specific dress, but should not focus on covering bodies in a particular way or promoting culturally-specific attire. Activity-specific attire requirements are permitted for extracurricular activities and physical education.*

3. Students May Wear, as long as these items do not violate Section 1 above:

- Sun-protective clothing, such as hats and hoods, or wear body or hair protection as necessary, as long as the face is not obstructed; these items are allowed to be worn outdoors during the school day. The student's face must be visible to staff, and headwear must not interfere with the line of sight of any student or staff.
- Athletic attire, as necessary for athletic activities.

4. Students Cannot Wear

- Clothing and accessories, including backpacks, must not display profanity (including a foreign or slang word or term or a phonetic spelling or mirror image of a word or term regardless of the source), obscene or sexual content, racial slurs, hate language, profanity, violence (including depictions of weapons, explosives, death, or graphic injuries), or drug, alcohol, or tobacco-related content.
- Clothing or accessories that are considered unsafe, dangerous, or a health hazard.
- Any clothing that significantly and/or intentionally reveals visible undergarments.
- Swimsuits (except as required in class or athletic practice).
- Any item that obscures the face (except as a religious observance or medical/safety necessity).
- Strapless tops or halter tops.

The California legislature has determined that gang apparel is hazardous to the health and safety of the school environment and, therefore, the wearing of such apparel may be restricted.

DRIVING/PARKING VIOLATIONS

For the safety of all, anyone using the parking facilities and roadways on campus must abide by the rules and regulations stated on the Permit Application.

Parents and students are expected to abide by all traffic rules and follow the directions of school personnel, as safety is our top priority.

Reckless driving or other serious driving violations will be decided by the student's administrator and may include suspension and/or loss of parking permit at first offense. In some circumstances, law enforcement may be called and may elect to issue additional consequences.

DRUG, ALCOHOL, AND CONTROLLED SUBSTANCES

Use, possession, or under the influence of an illegal/controlled substance, alcohol, intoxicant, or possession of paraphernalia

District schools are free of alcohol and other drugs. Use of these substances adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious medical and legal consequences.

Every effort will be made to reduce the chances that students will begin or continue the use of alcohol, tobacco, and other drugs. Use of alcohol, or nicotine/tobacco, like any other controlled substance, is illegal for minors.

Rules governing controlled substances may include, but are not limited to, any form of alcohol, drugs, inhalants, salvia, edibles, vaporizers, and "look-alikes."

Drug dealing, negotiating for sale, or distribution of prescription medication, or a controlled substance

The sale of drugs results in a mandatory recommendation for expulsion. This rule also applies to, but is not limited to, any form of alcohol or drugs, including prescription drugs. (Education Code § 48915.)

E-BIKES/BICYCLES

For the safety of all, anyone using an E-Bike/bicycle must only park in designated areas. When arriving at or on any part of the school campus, all traffic signs, site procedures, and protocols for community safety should be followed. All are expected to abide by all traffic rules and follow the directions of school personnel, as safety is our top priority.

Reckless driving, failure to follow the direction of school personnel, or other serious driving violations will be decided by the student's administrator and may result in consequences. In some circumstances, law enforcement may be called and may elect to issue additional consequences.

Students may use E-Bikes/bicycles as they come to or leave school, under the following conditions:

1. Walk your E-Bike/bicycle at all times on campus unless specific permission is granted by the administration.
2. With your own lock, secure your E-Bike/bicycle in the designated lock-up area.
3. Secured helmets are mandatory when riding your E-Bike/bicycle.
4. The school is not responsible for any damage, theft, or personal injury.
5. Must not park/block any ingress or egress areas of the campus.
6. Must be parked in designated area(s).

7. Any of these items left in undesignated areas may be moved and/or subject to confiscation and parent pick-up.
8. School is not responsible for property damage resulting from the necessity to move items that are posing a safety concern and/or not parked in designated areas.
9. E-Bike/Bicycle riders must comply with the District's Bicycle Safety Protocol program and receive a permit for their bicycle.

*Use of Class 3 eBikes (Per CA AB 1096), requires the operator to be a minimum of 16 years old.

*Use of an electric scooter requires possession of a valid driver's license.

ELECTRONIC DEVICES

Electronic devices include, but are not limited to, cell phones, calculators, wearable technology, tablets, computers, e-readers, and cameras. While students may bring personal electronic devices on campus, these devices must be turned off during class time unless approved by the teacher (including tutorial). Misuse of electronic devices may result in the confiscation of the devices. The school is not responsible for damage to or loss of electronic devices.

Having visible access to a cellular phone or any other electronic device during a quiz or test may be considered a violation of the school's academic integrity policy. The school policy (included in this handbook under Academic Integrity Policy) and class syllabus provide for more detailed information.

If a student uses an electronic device to record, view, display, share, or distribute video and/or any other like behavior, including AI (Artificial Intelligence) generated content with regard to inappropriate material, the student will be disciplined per "student conduct."

CUSD CHROMEBOOKS

CUSD has provided Chromebook devices to all students in grades PK through 12 as part of the 1-to-1 Chromebook program. Students in grades 2 through 12 will be responsible for bringing their Chromebooks to school and home, like a textbook. Chromebooks for students in TK, K, and 1 will remain in classroom carts. Students are expected to use the device for school purposes only.

It is the responsibility of the student to maintain a charged Chromebook and its accessories (power cord) in good working order, and they will not willfully dismantle or damage the device. This includes but is not limited to the removal of keys, cracked screens, or damaged plastics.

Students will also refrain from accessing any website, such as a proxy site, that willfully bypasses the district filtering.

Loss or damage to a district Chromebook or Chromebook accessories will be the financial responsibility of the student and parent/guardian.

Intentional damage to Chromebooks and/or accessories may result in disciplinary consequences.

EXTORTION

Any attempt to seize personal property, information, images (photo or video), or money from another person by threat or force.

FALSE FIRE ALARM

Fire alarms are intended to protect the safety of everyone on campus. It is imperative that the alarms are pulled exclusively for fire evacuation or disaster situations. Tampering, destroying, or disrupting the fire protection system on campus is considered a violation of this policy. Any damage incurred will be considered vandalism and subject to restitution. Law enforcement may be notified.

FIGHTING/ASSAULT/HARASSMENT/THREAT

Any act that causes, attempts to cause, or threatens to cause physical injury to another student is unacceptable. Emotional and physical well-being is a basic right of every individual on campus and all students and staff are expected to respect this basic right. Any aggressive physical contact with students is not acceptable. Even if not the aggressor, students who engage in aggressive physical contact will be considered mutual combatants and will receive disciplinary consequences. Students are expected to exhaust every resource to achieve a peaceful resolution to a conflict, including but not limited to walking away, conflict resolution, or involving a staff member. Any student instigating altercations is subject to disciplinary action. Law enforcement may be notified following physical interactions on campus or threats.

Fighting in a Group

Students must not participate, plan, or engage in any type of fighting when more than two people are involved. Students are especially expected to stay out of fights that are in progress.

FIREWORKS OR POSSESSION OF OTHER EXPLOSIVES

Explosives

Explosives are extremely dangerous and must not be on campus at any time. Any student in violation of this rule may be recommended for expulsion and reported to law enforcement.

Fireworks

Fireworks are extremely dangerous and must not be on campus at any time. Any student in violation of this rule may be recommended for expulsion and reported to law enforcement.

Incendiary Devices

Possession of a lighter, matches or other such incendiary devices is prohibited.

FLAGS

Per Government Code 431, the U.S. Flag and the California flag are displayed at the entrance of each school. A flag is available to each class for the completion of a daily patriotic exercise, as required by Education Code § 52720. To maintain a politically neutral and instructionally focused environment, only the U.S. and California flags may be displayed unless an instructional exception is approved.

FRAUDULENT TELEPHONE CALLS/WRITTEN MATERIAL
