Honcut Elementary
2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

Palermo Union School District is comprised of six schools: Helen M. Wilcox Elementary School (K-3), Honcut Elementary (K-2), Golden Hills Elementary (4-5), Palermo Middle School (6-8), and Palermo Community Day School (K-8). The district is located in Butte County, in the northern part of California's Sacramento Valley.

Located twenty-two miles south of Oroville, Honcut Elementary is a one-room schoolhouse. The enrollment is approximately 15 students (K-3). Honcut provides a Title 1 school-wide program. We have a full-day Kindergarten program. We also have the following programs: Indian Education and English Learner. The students also have access to chromebooks and a library. Palermo Union School District implements a Professional Learning Community (PLC) model. The teaching staff and

2025-26 School Description and Mission Statement

administrators have developed differentiated instructional strategies to teach students at all abilities. We have implemented a Response to Intervention (RTI), focus groups, and student tutoring within school hours. Teachers and administrators are implementing Explicit Direct Instruction (EDI) based on student engagement.

School goal-all students will reach high standards, attaining met or exceeded the standard in reading and mathematics by 2025-2026. Progress indicators will be from local district benchmarks, I-Ready, DIBELs, local assessments formative and summative, and are monitored weekly, at each trimester and at the end of the school year.

The mission of Honcut and the Palermo Union School District is to provide a variety of educational programs, in a safe and mutually respectful environment that is effective, accessible, and equitable; prepare students for leadership, employment, and citizenship; and promote students' intellectual, ethical, cultural, emotional, moral, social, and physical growth. We will maintain a safe, caring, moral, drug-free, and supportive environment, with the ultimate goal of students becoming successful, productive and responsible citizens

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used are from the most recent state of California adoption. We are currently reviewing the math curriculum for adoption. Honcut Elementary makes sure we have sufficient textbooks and instructional materials for each student. Please see below for a list of materials we use. We also use Wilson FUNDation a systematic, explicitly taught phonics program. This is non-adopted instructional materials.

School Facility Conditions and Planned Improvements

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair, and working order, are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A daytime custodian takes care of the day-to-day operational needs on site while helping to maintain safety and cleanliness.

School Facilities: Condition of school facilities meets Education Code Sections: 17014 Necessary repairs, renewals and replacements; enforcements; plan preparation certification 17032.5. Portable classrooms; leases, conditions; 17010.75 (a) Maintenance of facilities; and 17089 (b) Lease of portable classrooms;
amount; maintenance; repairs; costs.

Teaching and learning space: Honcut has one classroom with a computer station for student use and the food services distribution facility. Another room houses the Butte County Office of Education (BCOE) library depository for student and staff use and serves as a teacher workroom. A third building houses the BCOE After School Program. All buildings are portables and are between ten to fifteen years old. Student and staff restrooms are adequately maintained, clean and in working order. Honcut playground is adequate in size with sandy and grassy areas. Large Oak trees provide ample shade. Play structures are safe and adequately maintained.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement	**State Priority: Parental Involvement** The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Honcut School benefits from an active Parent Teacher group (PTG) shared with Helen Wilcox School. Parents are encouraged to serve on the School Site Council (SSC). Parents and guardians can support their child's learning by monitoring school attendance, and homework completion, participating in extracurricular activities, volunteering at school, attending SSC meetings, and/or planning and participating in activities at home that are supportive of classroom activities. Honcut has held family events such as Harvest Festival and Christmas program.

2025-26 School Safety Plan

In compliance with Ed Code 35329.6, the District Comprehensive Safety Plan/Emergency Management Plan is reviewed, updated, and approved by the Governing Board annually by March 1. Each school maintains a copy of the safety plan on site and a copy of the site's emergency conditions in each classroom. Key elements of the Safety Plan include: a plan of action for maintaining a safe and orderly environment conducive to learning at the school (ie: assessment of school safety, identification of strategies and programs that will maintain school safety and campus security) and emergency management procedures consistent with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) developed by the U.S. Department of Homeland Sercurity. Key elements of the site Emergency Conditions include: a plan of action for a coordinated school wide response to emergencies (ie: intruder on campus, fire, emergency lockdown, evacuation, etc.) Safety drills are held on a regular basis. Fire drills are held montly. Earthquake/disaster and intruder drills are held twice a year. Visitors to the campus are required to sign in with the teacher.

Professional Development

The district schedules staff development on non-contract days or after school hours: staff development includes afterschool workshops, conference attendance, individual mentoring, and PLC. Areas of focus for staff development is selected based on the needs of the district from achievement data. Teachers are supported through teacher-principal meetings and professional learning communities. PUSD teachers engage in active staff development throughout the year by attending in-District training sessions given by staff and consultants, as well as site-based sessions presented at staff meetings, committee/grade level meetings, and during formal observation post conferences. Staff development has focused on fostering the Explicit Direct Instruction (EDI) and professional collaborative teams. District and site sessions, as well as follow-up classroom observation and feedback, have been provided on the following topics: Student Engagement, Checking for Understanding-TAPPLE, Corrective Feedback, and Delivering Information Annually webinars are available for teachers: I-Ready, Reflex and Lexia Core 5. ELD training is being provided in staff meetings after school. Universal Design for Learning strategies are also being presented at staff meetings after school. Annually grade level teams receive 3 days (PLC days) throughout the year to work on data, discuss teaching strategies, watch webinars and work on district led initiatives. Also, Administration team and district wide school leadership teams are receiving monthly all day training with LEAP consultants and Collective Impact Solutions consultants. Along with consultants and leadership we have analyzed long term data and root causes for student achievement. Our focus is on literacy and community systems change.
