## IPM statement

It is the goal of Plaza School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

It is the goal of Plaza School District to have long-term pest prevention in order to have a healthy environment for students, staff, and the community

## IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
John Felix/ Custodian	MOT Coordinator
Wendell Lower	Northwest Pest Control Owner/Operator

## Pest management contracting

- Pest management services are contracted to a licensed pest control business.  
Pest Control Business name(s): Northwest Pest Control
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

## Pest identification, monitoring and inspection

Pest Identification is done by: Northwest Pest Control and John Felix (MOT Coordinator)

*(Example: College/University staff, Pest Control Business, etc.)*

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by \_\_\_\_\_ and results are communicated to the IPM Coordinator.

*(Example: District staff title, e.g. Maintenance staff)*

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

*(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)*

ed daily by the custodian. The custodian conducts daily inspections of other areas of the campus as part of regular cleaning routine. Northwest Pest Control technician sprays every other month throughout the entire campus after school hours.

**Pests and non-chemical management practices**

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:
