2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

About Our School

Williams Jr/Sr High School is the Home of the Yellowjackets. While not every student may go to college, every student should see college as a viable option for their future. We have worked hard to offer college/career courses during the school day at no cost to our students. Our students have an advantage if they enroll in the dual enrollment program, they will be able to complete a significant number of college credits prior to graduation.

Currently our school focuses on creating a vision of effective schools. The focus is on the whole student: academic, behavioral, and social emotional. We believe that all students can and must learn. With the ongoing implementation of AVID (advancement towards individual determination), CTE pathways, and many other programs, our goal is to prepare students for College and/or Career and to have choices.

Williams is a small rural community with approximately 5,500 inhabitants. The farming community is very proud of their culture and work ethic. Families are hardworking and dedicated. We have a large population of latino families, that are very deep rooted in their culture and traditions. As we continue to create equitable environments, and close the opportunity gap, the sky is the limit for our community.

School Description

Williams Jr/Sr High School is a Junior /Senior 7th-12th school located in Williams, California.

2025-26 School Description and Mission Statement

School population averages approximately 600 fluctuating throughout the year.

The school has created equitable outcomes for all students, giving them true choices for the 21st century by providing Dual Enrollment College Classroom for all of our 9-12 grade students.

In addition, in providing college opportunities for success, AVID was introduced, and currently there are several self contained AVID classrooms for students 7-12.

The school is also building a variety of CTE pathways. Currently, the school offers Agricultural Mechanics, Agri-sciences, and Agricultural Floral pathways. We have also introduced a pathway in Arts Media and Entertainment and have received state funding to create a pathway in early childhood education.

The school has had great success and has high, almost 100% graduation rates, and close to 40% of the Senior class A-G qualified. We offer AP classes in English 11 and 12, Calculus, and two levels of Spanish, required graduation and A-G classes, CTE pathways, and are building a more extensive catalog of electives.

95% of the student body is of Latinx descent. This also includes significant populations of English Learner students and students who are socio-economically disadvantaged.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

There are many ways and opportunities that our families and parents may participate. We have the traditional sporting and club events, a spring Electives Fair, Parent Information Nights, and Back to School Nights. These events bring families to see their

students perform and shine. But, we also have leadership opportunities available via our committees: School Site Council and ELAC (English Learner Advisory Committee). The above ways, and many other opportunities are just a few avenues where parents can connect and build a partnership with the school.

Additionally, opportunities are provided for parents to learn about college and career options through scholarship and financial aid nights throughout the semester. Other opportunities for parent training are planned for the Spring to better engage families in the school culture.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2025-26 School Safety Plan

Williams Unified School District Comprehensive School Safety Plan has been reviewed and updated by the District Task Force composed of administrators, teachers and classified staff members. The plan has been reviewed by the Williams Police Department. The plan was approved by the School Site Council November 13, 2023.

The Williams Unified School District Comprehensive School Safety Plan (CSSP) provides a guide to school safety related data and to the procedures administrators and staff must follow in the event of an emergency. The school site's Comprehensive Safe School Plan also includes the Crisis Response Plan (CSP), which documents the steps all employees must know in order to respond quickly and efficiently in the event of a crisis on campus.

The Comprehensive School Safety Plan (CSSP) is required by Education Code 32282-32289 to be reviewed and updated, and subsequently submitted for approval to the School Site Council (or School Safety Planning Committee) as well as to the district's governing board or county office of education by March 1st. The contents of the CSSP should include, at a minimum, information assessing the current status of school crime committed on school campus and at school-related functions, strategies and programs that provide or maintain a high level of school safety, and procedures for complying with existing laws related to school safety.

District Staff uses the Catapult Emergency Management System as a safety communication tool. Staff is able to report an incident, account for students, monitor ongoing communication, ask question's and share pictures through messaging.

Anonymous Reporting links were added to all school and district websites to report the following:

-Bullying: Acts of bullying include verbal, non-verbal, physical or emotional acts against another student either in person or online.

-Tips: Tips can include safety concerns, witnessed acts, or other incidents that would otherwise indicate harm to those in or around the school.

District staff and students participate in monthly fire drills, twice yearly earthquake drills, one shelter in place drills and one lockdown drill.

Drill dates for school year 25-26

Fire Drills: Fire Drills are held monthly, September 2025 - May 2026.

Earthquake Drills: October 2025, January 2026

Shelter in Place Drill: November 2025

Lockdown Drill: February 2026

Fiscal Year 2024-25 Types of Services Funded

School Supports

We use the Multi Tiered Support System (MTSS) structure for delivering services to a diverse range of learners. the district utilizes the Satchel Pulse online assessment tool to measure the needs of students at various points in the academic year and deliver timely interventions.

First Tier: All students receive core-content, standards based instruction. Students are also provided with opportunities to be involved with clubs and sports programs. Students have access to two counselors with expertise in academic and social counseling.

Second Tier: Tutoring after school through the ASES and ASSETS programs including math tutoring after school, ELD tutoring and other targeted academic interventions is available. Small group counseling for substance abuse and other socio-emotional needs is also available during the day and at lunch. Designated ELD classes are available for all English Learners. Support classes are available for Math I.
