2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

At the Evergreen Community Day School (CDS), Our Place, the goal is to help students develop into self-disciplined, self governing individuals who respect themselves, others, and their environment, and, who are capable of making decisions that are personally and socially responsible in order to successfully participate in a general education setting. They focus on ownership, unity and respect. Students serviced by CDS are expelled, placed by a SART or SARB board, or through the SST process. The common denominator is that these students have not been successful in the regular education program, and they have caused disruption and/or danger to regular education programs and students. Students are placed after other interventions have failed (Student Study Team referrals, classroom modifications, increased adult supervision by use of aide,

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks and instructional materials noted below were adopted by the Evergreen Union School District School Board in the year noted below. Health materials are continually updated, as new versions become available, to remain consistent with changes in the CA Health Framework and in local communities. The Reading/Language Arts, Mathematics, Social Science, and Science adoptions are all from the most recent list of standards-based materials adopted by the State Board of Education. All students have access to their own assigned copy of the curriculum.

School Facility Conditions and Planned Improvements

The Evergreen CDS Program is located at the Evergreen Middle School campus. The CDS students share one classroom, which is separated from the rest of the school.

The Evergreen Middle School campus received an overall GOOD rating on the Facility Inspection Tool (FIT) in November 2025. The systems, interior, cleanliness, electrical, restrooms/fountains, safety, structural, and external systems are in all in GOOD repair at this attractive rural site. Repairs needed have been recorded and actions are being put in place to ensure repairs, if they have not already been completed.

We have continued to promote the physical safety of students at Evergreen Middle by adding fencing around our perimeter, ensuring our lockdown and fire alarm horns are working effectively, and consistently checking our two-way radios and Aeries Communication for staff to communicate concerns and communicate with families, respectively. Window blinds, window tinting, and the use of magnets on all locked doors are used to ensure safety should we need to go into lockdown.

Any issues regarding facility repair are either a) promptly brought to the attention of the EUSD Safety Committee, who meets monthly, or more often if need be, to address areas that are a safety concern, or b) submitted as a maintenance request to the EUSD Maintenance Department.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are involved throughout the entire process, from start to finish. We encourage their participation in setting goals at the beginning and in creating transition plans for exiting. Throughout the journey, we maintain regular communication through various channels such as phone calls, informal visits, emails, texts, and daily behavior reports.

2025-26 School Safety Plan

Because the CDS Schools are located at the middle school campus, they are included into the Evergreen Middle School Safety Plan. We revise our Comprehensive School Safety Plan, annually. The plan includes a summary of Evergreen Middle School's vision, goals, and action plan to promote safety; general policies; and procedures for emergencies, exit route maps, and phone trees. Evergreen Middle School staff and students must be prepared for a variety of emergencies. This well-proposed plan for prompt and efficient action will minimize injuries and loss of life during a disaster. In every case, staff implements the following protocol - otherwise known as the "OODA" loop (observe, orient, decide, act). This plan was last reviewed, updated and Board approved in November 2025.

We practice fire drills, monthly, lockdown drills, every other month, and hold trainings for staff on emergency preparedness and Covid protocols, annually.

Teachers regularly review the rules/expectations for safe, responsible student behavior.

Professional Development

Evergreen Union School District supports and encourages various forms of professional development. There are two days before school starts devoted to staff development, which encompasses experts either inside or outside our school district providing information to meet the unique needs of individuals and school sites. In addition, every Friday staff are released from instruction early so that they can participate as Professionals Learning in Community (PLC) opportunities; these times are devoted strictly to collaboration or deeper learning in specific areas needing further development or growth provided by experts in the content area or topic. State and local data, needs assessments, and staff surveys drive the professional development. Most recently, the district has recognized a need to (re) build an exemplary system with a focus to simplify, clarify, and prioritize/align the social emotional and academic instruction our students receive. Professional development across grade level and content area groups are presently focused on this opportunity to learn together and develop collective efficacy.
