Student Support Programs

Dwight Taylor Sr. supported by chair Dwight Taylor Sr. is a comprehensive, yearlong plan designed to provide Sheldon High School with intentional, campus-wide support that strengthens school culture, student development, and family engagement. It builds on last year's work and expands into a full-scope strategy aligned with Tier 1 (universal), Tier 2 (targeted), and community-building frameworks.

Student Support Programs

HAWK Institute Value Proposition

Who we are: The [HAWK Institute](#) (Higher Attainment Through Wisdom and Knowledge) is a nonprofit educational system comprised of three programs; [Bridge to the Future](#), [Career Advancement Academy](#) and the [Center for Urban Entrepreneurship](#). Founded and led by successful Black men, HAWK was created to foster a positive agenda for change to increase the educational, economic and personal attainment of African American youth and young adults.

Who is it for? The HAWK Institute serves middle and high school students, educators, and parents who are seeking comprehensive educational resources and support.

What do they want or need? Our stakeholders desire effective educational programs, personalized learning opportunities, and culturally-affirming guidance to help students achieve academic success and personal growth.

What problem do we solve? The HAWK Institute addresses the gap in accessible, high-quality educational support and resources, ensuring that every student can reach their full potential regardless of their background.

What unique benefit do we offer? We provide a holistic educational experience with a blend of innovative teaching methods, individualized mentorship, and community engagement activities that foster both academic excellence and character development.

Why should they choose us? With our dedicated team of experienced educators and a proven track record of success, the HAWK Institute stands out as a leader in nurturing student success through personalized attention and a supportive learning environment.

GRADES 9-12 WELCOME!

While it's never too late to start your SUCCESS journey, beginning as a freshman, sophomore, or junior makes senior year much less stressful. You'll have a post-high-school plan and the knowledge to transform your dream into reality.

THE SUCCESS TOOLKIT

Each student receives access to worksheets that are key to creating and organizing the materials necessary to apply for jobs, college, scholarships, and financial aid. Building your toolkit paves the way for future success.

About SUCCESS

Mirroring services that cost thousands of dollars, SUCCESS is a free program that helps students and parents assemble the tools needed to excel after high school graduation.

All too often, high school students give up on their dreams. Whether a student's journey is to a four-year university, the military, career education, a community college, or the workforce, SUCCESS helps students pursue their passions.
