

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Liberty Union High School District

CDS Code: 07-61721-0000000

School Year: 2026-27

LEA contact information:

Erik Faulkner

Assistant Superintendent

faulkner@luhsd.net

(925) 634-2166, ext. 2023

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

This chart shows the total general purpose revenue Liberty Union High School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Liberty Union High School District is \$142,152,862, of which \$114,214,851 is Local Control Funding Formula (LCFF), \$14,119,912 is other state funds, \$10,085,113 is local funds, and \$3,732,986 is federal funds. Of the \$114,214,851 in LCFF Funds, \$8,531,556 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Liberty Union High School District plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Liberty Union High School District plans to spend \$145,929,095 for the 2026-27 school year. Of that amount, \$16,330,812 is tied to actions/services in the LCAP and \$129,598,283 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

As a general rule, 80-85% of the total General Fund expenditures consist of salaries and benefits needed to carry out a vast array of student education and educational support activities such as transportation, nutrition services, custodial activities, health and safety, building maintenance and operations, and more. These support activities along with related supplies and services and operation costs, do not directly influence the outcome of the actions and services identified in the LCAP and therefore are not included.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Liberty Union High School District is projecting it will receive \$8,531,556 based on the enrollment of Foster Youth, English learner, and low-income students. Liberty Union High School District must describe how it intends to increase or improve services for high needs students in the LCAP. Liberty Union High School District plans to spend \$8,578,391 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

Prior Year Expenditures: Increased or Improved Services for High Needs Students

■ Total Budgeted Expenditures for High Needs Students in the LCAP

\$6,544,678

■ Actual Expenditures for High Needs Students in LCAP

\$7,469,935

\$ 0 \$ 1,000,000 \$ 2,000,000 \$ 3,000,000 \$ 4,000,000 \$ 5,000,000 \$ 6,000,000 \$ 7,000,000 \$ 8,000,000

This chart compares what Liberty Union High School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Liberty Union High School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Liberty Union High School District's LCAP budgeted \$6,544,678 for planned actions to increase or improve services for high needs students. Liberty Union High School District actually spent \$7,469,935 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Liberty Union High School District	Erik Faulkner Assistant Superintendent	faulkner@luhsd.net (925) 634-2166, ext. 2023

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Liberty Union High School District (LUHSD), established in 1902, is located in eastern Contra Costa County—about 55 miles east of San Francisco and 63 miles south of Sacramento. For the 2025–2026 school year, LUHSD serves approximately 8,256 students in grades 9–12, based on Fall 1 Census Day enrollment. The district includes the communities of Brentwood, Oakley, Byron, Knightsen, Discovery Bay, Bethel Island, Antioch, and nearby unincorporated areas. Four elementary school districts feed into LUHSD. With deep community roots, generations of families have attended LUHSD schools. Once primarily agricultural, the area has grown significantly over the past 30 years and now includes a mix of farms, small businesses, homes, and apartments. Many families are drawn to the area for its relatively affordable housing and family-friendly environment, though a large number of residents commute daily to the San Francisco Bay Area for work.

LUHSD includes three comprehensive high schools and two alternative high schools. According to CALPADS Fall 1 Enrollment for 2025-26, the student population is 37.37% Hispanic/Latino, 30.49% White, 10.13% African American, 8.04% Asian, 6.78% Filipino, 6.07% two or more races, and less than 1% Native Hawaiian/Other Pacific Islander. About 44.72% of students are socioeconomically disadvantaged, 15.31% have disabilities, 5.06% are English learners, fewer than 1% are homeless, and fewer than 1% are foster youth. Of the English learners, 48.08% are classified as Long-Term English Learners (LTEL) in Aeries based on the 7-year CDE threshold for reporting purposes. LUHSD is part of the Contra Costa County Special Education Local Plan Area (SELPA) and provides a full range of services to approximately 1,264 students with disabilities—mostly on school sites, with a small number served through nonpublic schools. Three schools—Freedom High, Liberty High, and La Paloma High—have Title I designation. The district emphasizes college and career readiness and offers a strong Adult Education program for those seeking a high school diploma or personal and career advancement. LUHSD also operates the Gateway program, a Community-Based Instruction (CBI) initiative for developmentally and physically disabled students ages 18–22.

LUHSD uses the Local Control and Accountability Plan (LCAP) to set goals, plan actions, and allocate resources to improve student outcomes. The planning process includes input from students, parents, teachers, support staff, and community members through surveys and meetings. Over 800 parents and community members completed surveys in English and Spanish. More than 45 informational and input meetings were held with school sites, district staff, and community partners, including the District English Learner Advisory Committee (DELAC), Liberty Education Association (LEA), California State Employees Association (CSEA), the Parent Advisory Committee (with student representation), and superintendent and principal cabinet meetings. The LCAP addresses all student groups, including African American, Asian, Filipino, Hispanic/Latino, White, multiracial, socioeconomically disadvantaged, English learners, students with disabilities, and foster youth. The plan is continuously updated based on this feedback.

LUHSD serves grades 9–12, therefore LCAP Priority 5C does not apply.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflections: Annual Performance

The Liberty Union High School District (LUHSD) continued its focus on continuous improvement during the 2025–26 school year, as reflected through a review of the California School Dashboard and local performance indicators aligned to LCAP Goals 1, 2, and 3. A comparison of 2023–24 (Year One) and 2024–25 (Year Two) data indicates areas of measurable progress as well as persistent disparities requiring continued attention.

Highlights in Areas of Success

Goal 1: Safe and Supportive School Environment

Student engagement and school climate indicators reflect improvements across several measures. Chronic absenteeism decreased from 23.4% in 2023–24 to 21.6% in 2024–25 (–1.8%). Suspension outcomes also improved, with the districtwide suspension rate decreasing from 5.4% to 3.7% (–1.7%).

Attendance rates remained strong across all sites, with 2024–25 attendance ranging from 92.73% to 98.41%, compared to 92.04% to 97.62% in 2023–24, reflecting stable high levels of student attendance.

Graduation outcomes remained consistent, with a graduation rate of 93.3% in 2024–25 compared to 93.4% in 2023–24 (–0.1%), indicating stable completion rates.

California Healthy Kids Survey results remained consistent, with 56% of 9th-grade students and 55% of 11th-grade students reporting feeling safe or very safe across both years.

Goal 2: College and Career Readiness

Academic performance and college and career readiness indicators reflect progress in multiple areas when comparing Year One and Year Two outcomes.

ELA performance improved from 19 points above standard to 24 points above standard (+5 points)

Mathematics performance improved from 77 points below standard to 72.4 points below standard (+4.6 points)

College and career readiness measures show the following year-to-year changes:

College/Career Indicator increased from 49.1% to 55.1% (+6.0%)
CTE pathway completion increased from 30.0% to 32.2% (+2.2%)
A–G and CTE completion increased from 18.8% to 20.0% (+1.2%)
A–G completion decreased from 47.9% to 47.2% (–0.7%)

Additional readiness indicators also reflect improvement:

AP pass rate increased from 69% to 74.20% (+5.2%)
EAP college readiness increased from 59% to 61.41% in ELA (+2.41%) and from 24% to 27.01% in Math (+3.01%)
AP participation increased from 24.32% to 24.56% (+0.24%)
Students with GPA below 2.0 decreased from 16.45% to 15.76% (–0.69%)

English Learner outcomes reflect mixed results:

ELPI increased from 36.2% to 46.9% (+10.7%)
Reclassification rate decreased from 17.29% to 10.72% (–6.57%)

Goal 3: Family and Community Engagement (LCAP Comparison Data)

LCAP Year One data (2023–24) establish baseline engagement levels across key indicators:

Parent input in decision-making: 35%
Parent participation comfort: 63%
Parent survey participation: 6.84%
Communication with school: 81%
A–G familiarity: 56.05%
Event participation: 64.52%

These measures reflect overall engagement conditions and informed adjustments to outreach and communication strategies for the coming year.

Supplemental Insight: 2025–26 Parent Survey Data (Not Used for LCAP Comparison)

More recent parent survey data (Spring 2026) provide additional insight into engagement trends:

Parent survey participation increased from 6.84% to 9.66% (+2.82%)
Updated survey responses indicate variation in parent participation, decision-making input, and familiarity with college requirements

These data were used to inform planned improvements in communication strategies, including the addition of a Fall survey and expanded

outreach efforts.

Highlights in Areas for Growth

Academic Achievement and Student Group Performance

Despite overall gains, performance differences persist across student groups, particularly in mathematics, where multiple groups remain below standard on the California School Dashboard.

English Learner Outcomes

English Learner performance reflects both improvement and continued need:

ELPI improved by +10.7%, indicating increased progress in language acquisition

Reclassification declined by –6.57%, indicating a need for stronger alignment in reclassification processes

Chronic Absenteeism

While overall chronic absenteeism decreased by –1.8%, subgroup rates remain elevated:

Foster Youth

Students with Disabilities

English Learners

Suspension Disparities

Although overall suspension decreased by –1.7%, subgroup rates remain disproportionately higher for:

African American students

Students with Disabilities

Family Engagement Participation

LCAP data reflect low participation in formal engagement metrics:

Survey participation: 6.84%

Decision-making input: 35% (school) and 21–29% range across measures)

Supplemental 2025–26 data indicate improvement in survey participation but continued need to expand meaningful engagement opportunities.

Learning Recovery and Emergency Block Grant (LREBG)

LUHSD has \$1,693,427 of unexpended LREBG funds for the period ending June 30, 2026.

LREBG funded actions may be found in:

Goal 2.21, metrics 1.2, 1.3, 1.6, 1.7 and 2.6.

Goal 1.14, metrics 1.2, 1.3, 1.6, 1.7, and 1.8.

These LREBG funded actions below align to allowable uses of funds in the area of learning recovery, academic intervention, and student well-being. The Liberty Union High School District (LUHSD) conducted a comprehensive needs assessment using California School Dashboard data, local performance indicators, and extensive stakeholder feedback—including surveys and meetings with parents, students, staff, and community partners. This assessment identified persistent achievement gaps, high rates of chronic absenteeism, and increased mental health needs, especially among English Learners, Foster Youth, low-income students, and other unduplicated student groups.

Based on these findings, LUHSD selected LREBG-funded actions that directly address the most urgent needs identified. These included:

- Targeted Assistance Counselors (Goal 2.21): Providing academic and socio-emotional support to Foster Youth, English Learners, and socioeconomically disadvantaged students to increase graduation rates and college readiness, and reduce dropout rates.
- Campus Supervisors (Goal 1.14): Increasing student safety and promoting a positive school climate at each comprehensive site.
- Academic Interventions and Support (Goals 2.3, 2.4, 2.8, 2.35, 2.36): Funding intervention classes, study hall, supplemental instructional materials, after-school tutoring, and bilingual paraprofessionals to address learning loss and accelerate academic recovery for high-need students.
- Mental Health and Wellness (Goals 2.22, 2.23): Expanding access to psychologists and mental health counseling interns to support student well-being and engagement.

Each of these actions is aligned with the allowable uses of LREBG funds as defined in EC Section 32526(c)(2), including learning recovery, academic intervention, and student support services. The needs assessment process—grounded in data analysis and educational partner input—ensured that LREBG resources are targeted to the students and schools with the greatest needs, and that funded actions are evidence-based and designed to produce measurable improvements in student outcomes.”

A comparison of CA Dashboard red indicators between Fall 2023 and Fall 2025 were assigned to the following:

LUHSD:

Fall 2023 Dashboard:

Students with Disabilities, American Indian, English Learners, Foster Youth, Hispanic, Pacific Islander, Socio Economic Disadvantaged:

Suspension;

Students with Disabilities: College and Career Indicator

Fall 2025 Dashboard:

For Academic Performance and specifically within Math, the following Groups became red indicator: Homeless, Students with Disabilities, and Long-Term English Learners.

Freedom:

Fall 2023 CA Dashboard:

Pupil Achievement (ELA): African American; Students with Disabilities

Pupil Achievement (Math): African American, Hispanic, Socio Economic Disadvantaged, Students with Disabilities

Suspension: English Learners; Socio Economic Disadvantaged

Students with Disabilities: Pupil Achievement (Math or ELA); College and Career Indicator

Fall 2025 Dashboard:

Pupil Achievement (ELA): English Learners, Long-Term English Learners, Students with Disabilities

Pupil Achievement (Math): English Learners, Long-Term English Learners, Hispanic, Socio Economic Disadvantaged, White

Heritage:

Graduation Rate: Socio Economic Disadvantaged

College Career Indicator: Hispanic, Socio Economic Disadvantaged

Suspension: White

Liberty:
Fall 2023 CA Dashboard:
Suspension: Students with Disabilities

Fall 2025 Dashboard:
Pupil Achievement (Math): Students with Disabilities

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Liberty Union High School District (LUHSD) continued to receive Differentiated Assistance (DA) due to high suspension rates and low academic performance among African American students.

To address these challenges, LUHSD implemented a multi-tiered support strategy. The district partnered with the Contra Costa County Office of Education through DA Networks and participated in professional learning communities focused on equity and instructional improvement. These collaborations helped identify root causes and shape targeted interventions.

To reduce suspension rates, LUHSD expanded efforts to improve school climate and student engagement. This included hiring more campus supervisors, using restorative practices, adding Youth Court, and offering professional development on culturally responsive behavior management. The district also encouraged student voice through campus climate committees and diversity-focused student groups. Additionally, LUHSD reviewed and updated its Discipline Matrix and used PowerBI to track suspension data and monitor progress toward reduction goals.

For pupil achievement—especially in mathematics—LUHSD partnered with Solution Tree to evaluate district math culture and systems. In addition, we also continued our work with McREL consultant who is now providing personnel service to our district since McREL is no longer in business. The district has implemented AI-based software that students could access anytime for targeted support. Teachers received training in evidence-based math strategies and data-driven instruction. LUHSD also offered after-school tutoring and credit recovery programs to support struggling students. The district participated in the Region 4 Multilingual Learner Leadership Network and continued its involvement in DA Networks to align practices and share strategies.

Professional development was a major focus. LUHSD hosted after-school workshops, and additional training days throughout the year. These sessions emphasized inclusive instruction, socio-emotional learning, equity in grading, and targeted support for African American students, English learners, and students with disabilities. The district also worked with external partners like McREL and Solution Tree to strengthen instructional leadership, data use, and intervention design.

LUHSD continues to monitor progress through disaggregated data analysis, stakeholder feedback, and site-level reviews. These efforts ensure that interventions are responsive to student needs and lead to measurable improvements in academic outcomes and school climate for African American students.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

La Paloma High School is eligible based on graduation rates.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

The California Department of Education (CDE) has identified La Paloma Continuation High School for Comprehensive Support and Improvement (CSI) due to its low graduation rate. Schools with a three-year average graduation rate below 68% qualify for CSI, and La Paloma’s current average is 65.7%.

Since spring 2023, Liberty Union High School District (LUHSD) Educational Services staff have supported La Paloma in updating their School Plans for Student Achievement. These updates are being reviewed by the School Site Council and English Learner Advisory Committees in preparation for the 2026–27 school year. LUHSD will continue to monitor data and student needs to evaluate the impact of research-based interventions.

To improve graduation rates at La Paloma, LUHSD is implementing a comprehensive support plan. This includes targeted professional development for teachers, additional instructional materials, and access to educational technology. The district will also hold collaborative planning sessions with school leadership to align support with school goals. Direct intervention programs will be offered to students needing academic or social-emotional support. These efforts aim to foster a culture of continuous improvement and raise student achievement.

LUHSD is also building its capacity to support schools by working with the Contra Costa County Office of Education, the California Department of Education, and external partners like Solution Tree. These collaborations help maximize student learning and progress toward graduation.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To monitor and evaluate the School Plan for Student Achievement (SPSA) and support continuous student and school improvement at La Paloma High School, Liberty Union High School District (LUHSD) implements a comprehensive, multi-tiered system grounded in ongoing data analysis, stakeholder engagement, and responsive instructional practices.

La Paloma High School continues to be identified for Comprehensive Support and Improvement (CSI) due to graduation rate performance, with a three-year average below the state threshold. In response, the district has maintained a focused partnership with site leadership, supporting annual SPSA revisions through active input from the School Site Council (SSC), English Learner Advisory Committee (ELAC),

staff, and educational partners. The SPSA process remains iterative, with formal annual reviews and ongoing adjustments based on identified student needs and performance trends.

The district monitors effectiveness through a clearly defined set of key performance indicators, including graduation rates, CAASPP and ELPAC outcomes, common assessment data, attendance/credit attainment, and student engagement metrics. Performance trends from the California School Dashboard indicate continued areas of need in graduation rate and college/career readiness, alongside improving trends in English language arts, mathematics, and English learner progress. These data points are triangulated with local measures, including interim assessment blocks (IABs), Mastery Connect common assessment results, and site-based formative/summative assessments, allowing staff to continuously adjust instruction and interventions.

A significant enhancement to monitoring systems includes the consistent use of common assessments and data platforms such as Mastery Connect and district-aligned course-of-study standard schedules. Teachers regularly analyze assessment data in collaborative settings to identify standards-based gaps, guide reteaching, and differentiate instruction. Additionally, the use of shorter, targeted diagnostic assessments in English and mathematics provides timely baseline data to inform instructional planning and student support.

To strengthen student-level monitoring, La Paloma has refined the implementation of Individualized Learning Plans (ILPs). ILPs are now streamlined, regularly updated by the school counselor, and used to monitor credit accrual, academic progress, attendance patterns, and postsecondary planning. These plans are accessible to staff and are used during walkthrough orientations and ongoing student conferences to ensure clarity around graduation pathways and expectations.

The district also evaluates effectiveness through structured instructional monitoring and professional learning systems. Site and district leaders conduct regular non-evaluative classroom walkthroughs using a standardized observation tool focused on learning targets, success criteria, and student engagement. Instructional support from external partners (transitioning from McREL to TJG Consulting) continues to build teacher capacity in data-informed instruction, lesson design, and student engagement strategies.

In addition to academic monitoring, LUHSD tracks engagement and climate indicators, including attendance and suspension data. The site has strengthened its approach by explicitly linking attendance to credit attainment and expanding supports such as after-school tutorial/office hour opportunities. Suspension rates have decreased overall, reflecting the continued implementation of positive behavior interventions and supports.

Finally, LUHSD collaborates with the Contra Costa County Office of Education and other partners to review progress, refine strategies, and ensure alignment with state and federal expectations. These partnerships support ongoing evaluation cycles and technical assistance, particularly related to CSI status and graduation rate improvement.

Through this structured and data-driven monitoring system—integrating student-level tracking, instructional practice review, and educational partner engagement—LUHSD ensures that SPSA implementation at La Paloma High School remains responsive, measurable, and aligned with continuous improvement priorities, ultimately supporting increased graduation rates, academic achievement, and student engagement.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	(August-May) School sites frequently meet with teachers throughout the academic year and on average once per month and site admin hold Liberty Education Association (LEA) in-person meetings with representative(s). District Office meets with teachers holding position on Curriculum Council on average monthly, send surveys to staff during academic year. The LEA provided comprehensive feedback from all school sites in the form of a document with recommendations.
Principals and other Administrators	Each Monday, Executive Cabinet meets with a focus on overarching and granular LCAP goals. Bi-weekly, Superintendent's Cabinet and Principals Cabinet members meet to evaluate and reflect on performance as it relates to fulfilling our three LCAP goals. Principals and other administrators offered qualitative feedback for the success and areas for growth of school sites related to LCAP.
Other school personnel	Monthly California School Employees Association (CSEA) meetings are held to garner feedback and updates related to LCAP goals. CSEA offered feedback and recommendation to LCAP in the form of surveys and meetings.
Parents	Throughout the academic year (August-May) our schools elicit feedback via School Site Council, Coffee with Principal, African American Parent Night, and ELAC. Theses events focus on offering recent metrics/updates and receive feedback from parent groups. Information is also disseminated and collected at District level through DELAC, District Parent Advisory collaborative, and Survey sent to parents for completion.

Educational Partner(s)	Process for Engagement
Students	Our students are engaged with getting updates related to LCAP and offering feedback through monthly Campus Climate meetings, District Student Advisory, and School Site Councils. Student feedback was collected and shared with administration in relation to LCAP goals and beyond.
SELPA	February 5, 2026: SELPA collaborated with LUHSD and presented valuable information to support the development of our LCAP.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The Liberty Union High School District (LUHSD) incorporated extensive feedback from a broad range of educational partners—including students, parents, teachers, classified staff, administrators, bargaining units, and community organizations—into the development of the 2026–27 LCAP. Input was gathered through surveys, advisory committees, Campus Climate Committees, leadership groups, and ongoing site and district engagement processes. This feedback directly informed the refinement of actions, services, and metrics across all three LCAP goals.

Goal 1: Safe and Supportive School Environment

Educational partner feedback consistently emphasized the need for enhanced campus safety, improved mental health supports, and a stronger sense of belonging and connectedness for all student groups.

In response, LUHSD strengthened and expanded actions related to:

Campus supervision and safety systems (Action 1.14)

Mental health counseling and targeted student supports (Actions 2.22, 2.23)

Diversity, equity, and inclusion efforts, including student engagement structures (Action 1.10)

Feedback from Campus Climate Committees further highlighted concerns regarding bathroom conditions, campus cleanliness, and supervision, which influenced continued prioritization of facility improvements and supervision practices.

Metrics such as suspension rates (1.6), expulsion rates (1.7), and school climate survey results (1.8) were reaffirmed as key indicators, alongside ongoing monitoring of student connectedness and engagement.

Goal 2: College and Career Readiness

Feedback from teachers, administrators, students, and parents reinforced the need to strengthen instruction, expand intervention systems, and increase access to college and career readiness opportunities.

As a result, LUHSD continued and refined key actions, including:

Professional development focused on high-quality instruction, differentiation, and standards-aligned practices (Action 2.1)

Targeted intervention classes and expanded academic supports (Action 2.3)

Continued alignment of curriculum, assessment systems, and common assessments (Action 2.10)

Recent feedback and SPSA-aligned improvements also influenced:

- Greater emphasis on data-driven instruction, including the use of interim assessments and common assessment platforms
- Expansion of after-school tutoring and academic support opportunities
- Strengthened use of student progress monitoring systems (e.g., credit tracking, ILPs, and formative/summative data)

Educational partners also emphasized the importance of postsecondary readiness. In response, the district expanded:

- College visits and field trip opportunities (Action 2.5)
- College and Career Center support (Action 2.37)
- Career Technical Education (CTE) pathways and course offerings, including expanded electives in STEM, VAPA, and real-world skills

Metrics such as A–G completion (2.6), AP participation and pass rates (2.11, 2.15), and the College/Career Indicator (2.14) continue to guide monitoring, alongside increasing attention to graduation rate trends and subgroup outcomes.

Goal 3: Family and Community Engagement

Parents and community members consistently expressed the need for more accessible communication, culturally responsive outreach, and meaningful opportunities to participate in decision-making.

In response, LUHSD strengthened:

- Bilingual communication and translation services (Action 3.1)
- Parent workshops and trainings on college/career planning, Canvas/Aeries use, and student progress monitoring (Action 3.2)
- Expanded outreach efforts and family engagement opportunities (Action 3.3)

Feedback also influenced increased focus on:

- Developing stronger parent engagement structures (e.g., parent volunteer organizations)
- Improving website communication and access to information
- Expanding communication methods, including more consistent messaging and updates across platforms

Metrics such as parent participation in decision-making (3.1), attendance at school events (3.2, 3.6), and survey completion rates (3.3) remain central to evaluating progress.

Positive Feedback and Areas of Strength

- Educational partners identified several district strengths that were maintained and expanded within the LCAP:
- Continued investment in mental health and targeted counseling supports, particularly for high-needs student groups
- Expansion of course offerings, including CTE, VAPA, electives, and culturally relevant coursework
- Increased access to technology and instructional platforms (e.g., Canvas), improving consistency and access to learning
- Growth in equitable grading practices and instructional strategies

Strong support systems for English Learners, including coordinated services and family outreach
Ongoing professional development opportunities, including district PD, workshops, and instructional coaching

These strengths informed the continuation of key actions and ensured alignment between what is working well and future investment priorities.

New and Continuing Areas of Focus from Educational Partner Feedback

Educational partner feedback also identified several priority areas that directly informed LCAP updates and refinements:

1. Student Support and Staffing

Increased need for counselors, mental health clinicians, and support staff across sites
Additional supports for English Learners and Students with Disabilities, including co-teaching and specialized services
Continued focus on staff recruitment, retention, and class size reduction

2. Academic Support and Instruction

Expanded tutoring and intervention opportunities, particularly in mathematics and core areas
Increased differentiation and culturally relevant instruction
Greater consistency in instructional practices and use of Canvas

3. Family Engagement and Communication

More accessible parent trainings and communication
Increased translation services and outreach to linguistically diverse families
Improved clarity around college/career pathways and student progress

4. Facilities, Safety, and Student Experience

Improvements to restrooms, drinking fountains, and campus cleanliness
Increased supervision and safety measures
Additional access to food services and reduced congestion in cafeterias

5. Student Voice and Engagement

Increased opportunities for student feedback through Campus Climate Committees
Expansion of extracurricular and co-curricular opportunities
Greater awareness and access to clubs, activities, and postsecondary experiences

The 2026–27 LCAP reflects a direct and intentional response to educational partner input across all stakeholder groups. Feedback not only informed the refinement of existing actions but also guided the expansion of services, strengthening of monitoring systems, and continued alignment to district priorities.

Through this collaborative process, LUHSD ensured that the LCAP remains responsive, evidence-based, and focused on improving outcomes for all student groups—particularly those historically underserved—while maintaining alignment with SPSA implementation, district initiatives, and continuous improvement efforts.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Goal 1: The Liberty Union High School District (LUHSD) will provide a physically and emotionally supportive school environment which supports student learning by: A. Providing a safe, secure, updated, clean environment, B. Creating opportunities to incorporate best practices and program successes, C. Fostering an atmosphere of respect and civility among all students, and D. Aligning operating budget to the LUHSD Strategic Plan and the goals outlined in the LCAP. State and/or Local Priorities addressed by this goal: State Priorities: Priority 1: Basic (Conditions of Learning) Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement) Local Priorities: LUHSD Strategic Plan (LUHSDSP) Goal #1	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

LUHSD developed this goal based on feedback from a variety of educational partner groups, including parents, students, teachers, counselors, classified employees, administrators, and community members. Across these groups, 2024–25 data from state and local indicators reflect conditions related to student engagement, attendance, safety, and overall school climate. Educational partners consistently identified the importance of maintaining physically and emotionally safe learning environments. Current data reflect these conditions across key indicators, including attendance rates ranging from 92.73% to 98.41% across school sites, a chronic absenteeism rate of 21.6%, a graduation rate of 93.3%, and a suspension rate of 3.7%. Additionally, the district continues to emphasize equitable access to safe and supportive learning environments. The 2024–25 data reflect variation in outcomes across student groups, including: Chronic Absenteeism: 29.3% (English Learners), 33% (Students with Disabilities), 48% (Foster Youth), 41.6% (Homeless) Graduation Rate: 63.6% (Foster Youth), 79.3% (Homeless), 80.9% (Students with Disabilities), 90.9% (English Learners)

Suspension Rate: 16.1% (Foster Youth), 10.4% (African American), 7.4% (Students with Disabilities), 5.8% (Socioeconomically Disadvantaged)

These data informed the continued focus of this goal.

Metrics developed by LUHSD reflect the district's efforts to monitor and support student physical and emotional well-being. In 2024–25, key indicators include:

Overall attendance rates by site: 92.73% to 98.41%

Chronic absenteeism: 21.6%

4-year cohort dropout rate: 2.77%

Graduation rate: 93.3%

Suspension rate: 3.7%

Expulsion rate: less than 1%

Additional local measures provide data on school climate and student experience. In 2024–25:

School connectedness (California Healthy Kids Survey): 52% (Grade 9), 50% (Grade 11)

Students reporting feeling safe: 56% (Grade 9), 55% (Grade 11)

Parent survey: 71% of parents reported agreement that LUHSD effectively uses technology to support students

Student outcome metrics reflected in this goal align with California School Dashboard indicators and local measures, including 2024–25 results reported in the “Measuring and Reporting Results” tables.

Basic Services (Priority 1)

To support safe, secure, and well-maintained learning environments, LUHSD provides the following:

Facilities in Good Repair (Priority 1C):

District facilities are maintained in good repair as measured through required inspections and reporting processes.

Student Engagement and School Climate (Priorities 5 & 6)

Attendance Rates (Priority 5A – 2024–25)

Freedom High School: 92.73%

Heritage High School: 94.26%

Liberty High School: 93.53%

La Paloma High School: 98.41%

Chronic Absenteeism (Priority 5B – 2024–25)

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Liberty Union High School District (LUHSD) successfully implemented the majority of planned actions under Goal 1 with a high degree of fidelity. Districtwide outcomes reflect steady improvement in attendance (+0.51% to +0.75% across comprehensive sites), reductions in suspension rates (-2.10 percentage points LEA-wide), and enhanced perceptions of school climate (+6% safety for Grade 9; +5% connectedness for Grade 9), demonstrating the overall effectiveness of the district's strategies. However, persistent gaps in outcomes for Foster Youth, African American students, English Learners, and Students with Disabilities highlight the need for continued targeted interventions and refinement of supports to ensure equitable progress for all students.

LUHSD continued to implement a comprehensive and coherent set of actions aligned to Goal 1, focused on ensuring a physically and emotionally supportive school environment for all students. Core actions included ongoing investments in technology infrastructure, facilities maintenance, campus supervision, attendance supports, data analytics, and professional learning focused on equity and inclusive practices. These actions were carried out with fidelity, and there were no substantive deviations between planned and actual implementation. Key initiatives—including the deployment of site-based attendance support personnel, maintenance of facilities in good repair, expansion of data-informed practices, and continued emphasis on school climate—were implemented as intended.

Overall Implementation and Alignment

Implementation remained consistent with the adopted LCAP, with coordinated efforts across departments to ensure alignment between resources, site practices, and district goals. Investments in analytics tools and student data systems supported site-level decision-making, while continued staffing of campus supervisors and targeted personnel contributed to safe and structured learning environments. The district maintained a strong focus on inclusive practices through staff development and diversity-focused training, reinforcing expectations for equitable student support.

Challenges Experienced

Despite overall implementation fidelity, several persistent challenges remained evident in the most recent data:

Chronic Absenteeism: While the overall chronic absenteeism rate improved (-2.8 percentage points LEA-wide, from 24.4% to 21.6%), rates for key student groups remained elevated, including English Learners (29.3%), Students with Disabilities (33%), Foster Youth (48%), and Homeless students (41.6%). These trends indicate continued barriers to consistent engagement for unduplicated student groups.

Suspension Disparities: Suspension rates showed meaningful overall improvement (LEA -2.10%), with significant reductions for Foster Youth (-10.80%) and Homeless students (-5.80%). However, disproportionality persists, particularly for African American students, whose suspension rate increased slightly (+0.80%), indicating a need for continued targeted intervention and monitoring.

Graduation Gaps: Graduation rates increased overall (+1.9 percentage points, to 93.3%), and notable gains were observed for English Learners (+10.9%). However, Foster Youth experienced a decline (-18.2%, now 63.6%), and disparities remain for specific student populations, reinforcing the need for differentiated supports.

Successes Experienced

The district demonstrated measurable progress across several key indicators aligned to Goal 1:

Improved Attendance: Attendance rates increased across most comprehensive high schools (Freedom +0.51%, Heritage +0.58%, Liberty +0.75%), reflecting improved engagement and the positive impact of site-based attendance supports.

Reduction in Chronic Absenteeism: The district achieved measurable reductions across multiple student groups, including a notable increase among Homeless students (+1.1 percentage points) and decrease with Students with Disabilities (-3.0 percentage points) and Socioeconomic Disadvantaged Students (-3.9%).

Decreased Suspension Rates: Significant reductions across most student groups, including Foster Youth (-10.80%), indicate that behavior supports, campus supervision, and restorative approaches are positively impacting school climate.

Positive School Climate Trends: California Healthy Kids Survey results reflect improved perceptions of safety (+6% for 9th grade) and increased school connectedness (+5% for 9th grade), indicating progress in fostering inclusive and supportive school environments.

Increased Parent Satisfaction with Technology: Parent survey results improved to 71.7% agreement (+2.57%), demonstrating continued success in integrating instructional technology and communication tools to support student learning.

Declining Dropout Rates: The district maintained a lower overall dropout rate (2.77% in 2024–25), indicating progress in keeping students engaged through graduation pathways.

Effectiveness of Actions

Overall, actions implemented under Goal 1 were effective in advancing district priorities, particularly in the areas of school climate, attendance, and safety:

Technology and Data Systems: Continued investment in analytics tools supported timely identification of student needs and strengthened data-driven decision-making across sites.

Attendance and Engagement Supports: Personnel such as attendance clerks and targeted interventions contributed to improved attendance outcomes, though continued focus is needed for high-need student groups.

Campus Climate and Supervision: The presence of campus supervisors and emphasis on climate initiatives contributed to improved perceptions of safety and reductions in suspension rates (LEA -2.10%).

Professional Development: Ongoing staff learning in equity, inclusion, and culturally responsive practices supported more inclusive classroom environments and aligned with broader district goals.

While these actions have led to positive systemwide improvements, the data indicates that continued refinement and targeted support are necessary to address persistent disparities among unduplicated student groups.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

LUHSD does not have any significant differences between the Budgeted Expenditures and the Estimated Actual Expenditures and/or the Planned Percentages of Improved Services and the Estimated Actual Percentages of Improved Services.

(1.1) LUHSD spent \$475K more than budget due to unexpected licensing agreement costs.

(1.3) We are \$90K over budget in this area due to the purchase of additional computers to support student learning

(1.4) The district spent \$85K more in this area than budgeted due to purchase of additional services to support metric monitoring and scheduling

(1.5) We are \$1.9 over budget within capital facilities due to spending down of local Measure U bond.

(1.8) LUHSD spent \$80K less than planned for this action item due to a shift in the focus within the campus climate action. The program is currently being evaluated and will align those activities with the redefined program desired outcomes.

(1.10) The district did not spend any additional funds on trainings specifically for Diversity and Inclusion training. All trainings that would have been applicable to this area are already part of a training bundle of which individual program cost could not be identified.

(1.11) The district spent \$16,208 more than what was planned due to a modification of the contract to address current mandates.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Liberty Union High School District (LUHSD) implemented a comprehensive set of actions aligned to Goal 1 to support a physically and emotionally safe, inclusive, and engaging school environment. These actions included investments in technology infrastructure, analytics tools, facilities maintenance, targeted personnel, campus climate programs, and professional development focused on equity and inclusion. Overall, these actions were largely effective in improving key student outcomes, though continued refinement is needed to address persistent disparities among unduplicated student groups.

Effectiveness of Technology, Data Systems, and Instructional Supports (Actions 1.1–1.4)

Technology infrastructure and analytics systems were effective in supporting data-driven decision-making and improving student outcomes.

Attendance (Metric 1.2) and Chronic Absenteeism (Metric 1.3): Attendance was deemed effective and improved across most sites, supported by improved access to real-time data and monitoring systems (e.g., Freedom HS +0.51%, Heritage HS +0.58%, Liberty HS +0.75%). Chronic Absenteeism (Metric 1.3): Effective with continued need for targeted supports — Chronic absenteeism decreased across nearly all student groups (LEA -2.8%; Socioeconomically Disadvantaged -3.9%), indicating improved system-level responses. However, rates remain elevated for unduplicated students, demonstrating that while systems are effective, additional targeted strategies are necessary. Need for improvement due to increases was seen in English Learners: +.3% and Homeless: +1.1%; Decreases and improvement were seen within Students with Disabilities: -3.0%; Foster Youth: -7.6%; Socioeconomically Disadvantaged: -3.9%

Suspension Rates (Metric 1.6): Effective overall, with student Group disparities — Suspension rates decreased significantly across most groups (LEA -2.10%; Socioeconomically Disadvantaged -3.40%; Foster Youth -10.80%; Homeless -5.80%; English Learner -5.00%), reflecting the positive impact of data-informed interventions. However, increases for specific groups (e.g., African American +0.80%) indicate the need for continued focus on disproportionality.

Expulsion Rates (Metric 1.7): Effective — Expulsion rates remained below 1%, demonstrating continued effectiveness of early intervention and alternative discipline strategies.

Effectiveness of Facilities and Operational Supports (Actions 1.5–1.6)

Facilities-related actions were fully effective in maintaining safe and operational learning environments.

Facilities Condition (Metric 1.1): Effective — All school facilities remained in good repair across all years, ensuring safe physical environments to support student learning.

Maintenance and operational personnel successfully ensured that schools remained clean, functional, and aligned to safety expectations.

Effectiveness of Campus Climate and Student Engagement Actions (Actions 1.7–1.8, 1.10)

Campus climate initiatives and student programs were effective, particularly in improving student perceptions of safety and connectedness. Suspension rates decreased significantly across most groups (LEA -2.10%; Socioeconomically Disadvantaged -3.40%; Foster Youth -10.80%; Homeless -5.80%; English Learner -5.00%), reflecting the positive impact of data-informed interventions. Expulsion rates remained below 1%, demonstrating continued effectiveness of early intervention and alternative discipline strategies.

School Climate (Metric 1.8): Effective — Student perceptions improved, particularly among 9th grade students (Connectedness +5.00%; Safety +6.00%), indicating that climate initiatives and student engagement efforts are positively impacting the student experience.

Attendance and Engagement: Developing to Effective — While attendance improved overall, gains varied across sites, suggesting that engagement strategies are having a positive but uneven impact.

Chronic Absenteeism: Developing — Continued elevated rates for specific student groups indicate that additional targeted engagement supports are needed. Attendance rates: English Learners: +.3% and Homeless: +1.1%; Decreases and improvement were seen within Students with Disabilities: -3.0%; Foster Youth: -7.6%; Socioeconomically Disadvantaged: -3.9%.

Effectiveness of Attendance Personnel (Action 1.9)

Targeted attendance personnel were effective in improving student engagement outcomes. Attendance (Metric 1.2) and Chronic Absenteeism (Metric 1.3): Attendance was deemed effective and improved across most sites, supported by improved access to real-time data and monitoring systems (e.g., Freedom HS +0.51%, Heritage HS +0.58%, Liberty HS +0.75%). Chronic Absenteeism (Metric 1.3): Effective with continued need for targeted supports — Chronic absenteeism decreased across nearly all student groups (LEA -2.8%; Homeless -3.50%), indicating improved system-level responses. However, rates remain elevated for unduplicated students, demonstrating that while systems are effective, additional targeted strategies are necessary. Need for improvement due to increases was seen in English Learners: +.3% and Homeless: +1.1%; Decreases and improvement were seen within Students with Disabilities: -3.0%; Foster Youth: -7.6%; Socioeconomically Disadvantaged: -3.9%

Attendance (Metric 1.2): Effective — Measurable gains across sites indicate that attendance clerk support and monitoring systems contributed to improved daily attendance.

Chronic Absenteeism (Metric 1.3): Developing — While reductions occurred across all groups, persistent gaps indicate that personnel supports must continue to be paired with broader systemic and site-based interventions.

Effectiveness of Staff Development and Equity-Focused Actions (Actions 1.10–1.12, 1.14)

Professional development and equity-focused initiatives were effective in improving school climate, with continued need to strengthen impact on outcome-based metrics.

School Climate (Metric 1.8): Effective — Improvements in student perceptions of safety and connectedness indicate that staff training and inclusive practices are having a positive effect on campus environments.

Suspension Rates (Metric 1.6): Developing — While overall reductions demonstrate progress, persistent Group disparities indicate that professional learning must continue to focus on culturally responsive practices and equitable discipline systems.

Chronic Absenteeism (Metric 1.3): Developing — Training alone has not fully mitigated barriers impacting attendance for unduplicated groups, suggesting the need for more targeted and coordinated interventions.

Effectiveness of Monitoring and Fiscal Alignment (Action 1.13)

The monitoring of LCAP expenditures and alignment of resources was effective.

Fiscal oversight structures ensured that resources were aligned with identified needs and supported implementation fidelity across all actions.

Continued monitoring contributed to sustained focus on district priorities and allowed for ongoing refinement of strategies.

Overall Effectiveness Summary

Actions under Goal 1 have been effective in improving overall system performance, as demonstrated by:

Increased attendance across multiple sites
Reductions in chronic absenteeism across all major Groups
Significant decreases in suspension rates for most student groups
Stable, low expulsion rates
Improved student perceptions of safety and connectedness
Increased parent satisfaction with technology (+2.57%)

At the same time, data indicates that actions have been less effective in fully eliminating disparities, particularly for:

Foster Youth
African American students (suspension)
English Learners and Students with Disabilities (attendance/engagement)

As a result, future implementation will continue to prioritize targeted supports, equity-focused practices, and differentiated interventions to ensure all students benefit from the district's efforts under Goal 1.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

N/A

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Technology - Infrastructure	Continue to monitor and maintain updated technology infrastructure/environment at all sites, allowing students the ability to develop 21st century technology skills, for the successful implementation of Common Core State Standards (CCSS), Next Generation Science Standards (NGSS), and CAASPP and ELPAC Testing.	\$500,000.00	No
1.2	Technology - IT Support Staff - Personnel	Continue additional IT support staff - amounts include salary and benefits. This positions supports LUHSD by offering ongoing technical support and troubleshooting for both students and faculty, ensuring a smooth and	\$964,613.00	No

Action #	Title	Description	Total Funds	Contributing
		uninterrupted learning experience across all technological platforms used within the district.		
1.3	Technology - Classroom Equipment	Continue district standard for classroom technology equipment such as computers, projectors, laptops and other 21st century learning devices.	\$100,000.00	No
1.4	Technology - Analytics Software	Learning Management System (LMS) and Data Management System are being evaluated and considered for purchase. The District purchased Office 365, Aeries Analytics, Ellevation, as well as custom scripts to run with Aeries. This will allow sites to analyze a variety of achievement data by student group.	\$225,500.00	Yes
1.5	Facilities - Capital Facilities	Continue Facility Master Plan for new and/or modernized facilities using Measure U.	\$0.00	No
1.6	Facilities - Personnel	Continue additional Maintenance and Operations person to maintain and repair facilities, salary and benefits. Maintenance and operations staff can support Liberty Union High School District by ensuring all facilities are clean, safe, and well-maintained, providing a conducive environment for learning and extracurricular activities. Additionally, they can contribute by promptly addressing repair needs and optimizing energy usage to reduce operational costs and enhance sustainability efforts. ADD CCI HERE	\$96,168.00	No
1.7	Campus Climate - Student meetings - Personnel	District Diversity Coordinator facilitates meetings and addresses concerns/issues with targeted EL's, FY, SED students and other identified student groups and addresses those concerns with site administration. Salary and Benefits. A District Diversity Coordinator supports Liberty Union High School District by implementing comprehensive diversity and inclusion training programs for staff and students, fostering a more inclusive and respectful school environment. Additionally, they develop and oversee initiatives that promote equitable educational opportunities for all	\$107,317.00	Yes

Action #	Title	Description	Total Funds	Contributing
		students with a focus on ensuring representation and support for student groups in red indicators. This also supports our technical assistance work.		
1.8	Campus Climate - Student Programs	School sites implement programs and activities that celebrate diversity, equity, and inclusion and promote positive behavior and good attendance, reduce chronic absenteeism, and foster an atmosphere of respect and civility among all students. Particular attention is placed within a focus on ensuring representation and support for student groups in red indicators. This also supports our technical assistance work.	\$150,000.00	Yes
1.9	Attendance - Personnel	Maintain attendance clerk to address absenteeism at FHS only since historically, school site has been faced with challenges of attendance rates. Salary and Benefits. An attendance clerk supports efforts by meticulously tracking student absences and promptly notifying parents and guardians, thereby fostering better communication and accountability. Additionally, they collaborate with teachers and administrators to identify patterns of absenteeism and develop targeted intervention strategies to improve student attendance.	\$97,129.00	Yes
1.10	Staff Development - Diversity and Inclusion Training	Staff development to promote respect for diversity and inclusiveness.	\$5,000.00	Yes
1.11	Staff Development - Social Media	Social Media and awareness training for administrators, coaches, and teachers, and classified employees.	\$5,000.00	No
1.12	California Healthy Kids Survey	Sites administer the California Healthy Kids Survey and analyze the results.	\$2,000.00	No
1.13	Monitor LCAP Expenditures - Personnel	Continue the position of Accounting Technician to monitor financial decisions to ensure that they reflect alignment of operating budget to the LUHSD Strategic Plan and goals outlined in the LCAP. Salary and Benefits. Because LCAP funds are principally directed toward providing	\$112,806.00	No

Action #	Title	Description	Total Funds	Contributing
		actions and services to unduplicated students, and because the actions meet needs most associated with the challenges faced by unduplicated students, we have found that closely monitoring of LCAP expenditures will focus and increase the achievement of unduplicated students.		
1.14	Campus Supervisor - Personnel	LUHSD used Learning Recovery Emergency Block Grant (LREBG) funds to support crisis response as well as observation and referral which are specifically listed as an eligible expenditure on the CDE LREBG guidance page. In moments of acute need (e.g., emotional outbursts, family emergencies), they help de-escalate situations and coordinate with health or counseling staff. Campus Supervisors are often the first to notice signs of distress, trauma, or behavioral changes in students. They can refer pupils to counseling, mental health services, or social-emotional learning programs. This action is supported by research and state guidance as an effective strategy for improving social emotional well being, safety, and fostering a positive school environment. Action: Continue to employ one additional campus supervisor at each comprehensive site to increase student safety and promote a positive school climate. Campus supervisors focus on student safety and foster a positive and safe school culture. Metrics used to monitor this action are attendance rates (1.2), chronic absenteeism (1.3), suspension rates (1.6), and school climate survey results (1.8). How Research Supports the Selected Action: Research shows that increased adult supervision and strong relationships with campus supervisors lead to fewer disciplinary incidents, better safety perceptions, and higher student engagement. Campus supervisors are often the first to notice signs of distress, trauma, or behavioral changes in students. Their presence on school site allows them to refer students to counseling, mental health services, or social-emotional learning programs. Studies from the U.S. Department of Education and the National Center on Safe Supportive Learning Environments confirm that visible, proactive supervision improves attendance and school connectedness. LUHSD's own stakeholder feedback and needs assessment identified campus safety and climate as top priorities, and the district's data show that sites with	\$187,028.00	No

Action #	Title	Description	Total Funds	Contributing
		more supervision report fewer behavioral incidents and higher rates of students feeling “Safe” or “Very Safe.” Metrics Used to Monitor Effectiveness: Freedom HS - 92.73%; Heritage HS - 94.26%; Liberty HS - 93.53%; La Paloma HS - 98.41% (2024–25) 1.3 Chronic Absenteeism: LEA - 21.6%; English Learners – 29.3%; Students with Disabilities – 33%; Foster Youth – 48%; Homeless – 41.6%; Socioeconomically Disadvantaged – 31% (2024-25) 1.6 Suspension Rates: District LEA – 3.7%; Socioeconomically Disadvantaged: 5.8%; Foster Youth: 16.1%; Homeless: 8.4%; English Learner: 4.4% (2024-25) 1.8 School Climate Survey: 56% of 9th graders, 55% of 11th graders reported feeling “Safe” or “Very Safe” in 2024–25. By maintaining additional campus supervisors, LUHSD is implementing an evidence-based strategy to address the needs identified in the district’s needs assessment and to support a safe, inclusive, and engaging school environment for all students. LREBG Funds supporting this action \$187,028 annually through 2027/2028		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	The Liberty Union High School District will prepare students for career and college by providing a rigorous and stimulating curriculum and instructional program by: A. Meeting state and federal accountability measures. B. Demonstrating student proficiency in all content standards. C. Increasing percentage of students who are college ready and UC/CSU eligible. D. Providing relevant curriculum, and instruction to expand, enrich, and support career opportunities. State and/or Local Priorities addressed by this goal: State Priorities: Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 7: Course Access (Conditions of Learning) Priority 8: Other Pupil Outcomes (Pupil Outcomes) Local Priorities: LUHSD Plan Goal #2 & Title III Program Improvement Plan Goal 2c	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 7: Course Access (Conditions of Learning) Priority 8: Other Pupil Outcomes (Pupil Outcomes)
--

An explanation of why the LEA has developed this goal.

Preparing students for career and college is paramount for a high school district. LUHSD developed this goal based on collaboration and feedback from a variety of education partner groups, including parents, students, teachers, counselors, classified employees, administrators, and community members. All educational partner groups express the importance of preparing students for career and college. Additionally, there has been an emphasis on providing an equitable education to all our students, specifically in our work focusing on research-based instructional strategies. The most recent year of data available in each of the available state indicators were analyzed, including updated 2024–25 results.
--

Metrics developed by LUHSD reflect our continued focus on ensuring students are prepared for career and college after graduating from our high schools. After collaborating with educational partners and reviewing previous years of LCAP data, existing metrics were found to still be relevant for our pursuit of improvement. An additional metric with focus on student social-emotional well being has been added in an effort to ensure data can be collected and analyzed for goals. Data for local measures continue to be reported for the 2024–25 school year.

Student need metrics provided in Goal 2 reflect California’s School Dashboard accountability model as well as local data sources aligned to state and local priorities, including 2024–25 outcomes reported in the “Measuring and Reporting Results” tables.

In order to prepare students for college and career, and to provide rigorous and stimulating curriculum and instruction program, LUHSD will continue to provide the following Basic Services:

- All teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching (Priority 1A). In 2024–25, the Annual Williams Act report on teacher credentials indicates Ineffective: 1.06%.
- Every pupil in the school district has sufficient access to standards-aligned instructional materials (Priority 1B). In 2024–25, 100% of students have access to standards-aligned instructional materials; all students have their own textbooks.

In order to prepare students for college and career, and to provide rigorous and stimulating curriculum and instruction program, LUHSD is committed to the implementation of State Standards:

- The implementation of the academic content and performance standards adopted by the state board (Priority 2A).
- Programs and services that will enable English Learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency (Priority 2B).

Pupil Achievement on statewide assessments (Priority 4A):

Results from grade 11 students as publicly displayed on CAASPP.org for 2024-25 English Language Arts and Mathematics are listed below:

Pupil Achievement on statewide assessments (Priority 4A)

ELA – California School Dashboard Academic Performance Indicator (2024–25)

Student Group — Dashboard Color

All Students: Green (24 points above standard)

English Learners: Orange (57.5 points below standard)

Students with Disabilities: Red (119.7 points below standard)

African American: Yellow (11.7 points below standard)

Homeless: Red (56.2 points below standard)

Hispanic: Yellow (1.6 points above standard)

Socioeconomically Disadvantaged: Yellow (10.7 points below standard)

Mathematics – California School Dashboard Academic Performance Indicator (2024–25)

Student Group — Dashboard Color

All Students: Yellow (72.4 points below standard)

English Learners: Orange (146.8 points below standard)
Students with Disabilities: Red (174.3 points below standard)
African American: Yellow (107.1 points below standard)
Homeless: Red (156.6 points below standard)
Hispanic: Orange (102.8 points below standard)
Socioeconomically Disadvantaged: Yellow (112.2 points below standard)

UC/CSU A–G completion (Priority 4B)

According to the California School Dashboard, the 2024–25 four-year adjusted overall percentage of LUHSD graduates meeting the UC/CSU “A–G” requirements is 47.2%. There are gaps in the percentage of students meeting or trending to meet these requirements:

- African American: 30.4% (16.8% below district average)
- Hispanic or Latino: 40.8% (6.4% below district average)
- English Learners: 23.1% (24.1% below district average)
- Foster Youth: 8.3% (38.9% below district average)
- Homeless: 22.5% (24.7% below district average)
- Students with Disabilities: 12.8% (34.4% below district average)
- Socioeconomically Disadvantaged: 34.3% (12.9% below district average)
- Two or More Races: 54.7% (7.5% above district average)

CTE pathway completion (Priority 4C)

Based upon the California School Dashboard, the percentage of pupils who have successfully completed 2024–25 CTE pathways at the comprehensive high schools are as follows:

Overall (3 Comprehensive Sites): 32.2%

- FHS: 23.8%
- HHS: 46.5%
- LHS: 38.3%

A–G AND CTE completion (Priority 4D)

Based upon the California School Dashboard, the percentage of pupils who have successfully completed A–G requirements AND CTE courses from approved pathways in 2024–25 are as follows:

Overall (3 Comprehensive Sites): 20.0%

- FHS: 13.1%
- HHS: 34.0%
- LHS: 21.0%

English Learner Progress Indicator (Priority 4E)

Based upon the English Learner Progress Indicator on the California School Dashboard (2024–25), results are as follows:

LUHSD: 46.9% (Green)

- FHS: 39.3% (Orange)
- HHS: 41.7% (Orange)

- IHS: N/A (less than 11 students)
- LHS: 60.7% (Red)
- LPHS: 33.3% (Yellow)

Reclassification Rate for English Learners (Priority 4F)

The 2024–25 Reclassification Rate for English Learners was 10.72%.

Advanced Placement Pass Rate (Priority 4G)

As documented in College Board results for 2024–25, students who took an AP test earned a 74.20% LEA average pass rate of 3 or better.

Student group pass rates are as follows:

- African American: 66.34%
- Hispanic or Latino: 63.77%
- SED: 72.53%
- ELs: 41.67%
- Students with Disabilities: 58%

Early Assessment Program – College Preparedness (Priority 4H)

In 2024–25, the percentage of students who demonstrated college preparedness (ready or conditionally ready) pursuant to the Early Assessment Program were:

All Students: ELA 61.41%, Math 27.01%

- English Learners: ELA 5.71%, Math 1.89%
- Economically Disadvantaged: ELA 49.93%, Math 17.09%
- Homeless: ELA 31.15%, Math 4.76%
- Students with Disabilities: ELA 16.86%, Math 4.23%

In order to prepare students for college and career, and to provide rigorous and stimulating curriculum and instruction program, LUHSD will continue to provide a broad course of study in all subject areas that allow access for all students. Provide SED, EL, Foster Youth, Homeless and Students with Disabilities access to all College Preparatory, Advanced Placement, and Career Technical Education courses. (Priority 7A, 7B, 7C) As documented in Aeries (The LUHSD Student Database), percentages of students in the following student groups were enrolled in 2024-25 in:

All Students: College Prep 98.65%; Advanced Placement 31.43%; CTE 56.32%

SED: College Prep 98.58%; Advanced Placement 24.64%; CTE 52.39%

EL: College Prep 97.14%; Advanced Placement 6.9%; CTE 41.43%

Foster Youth: College Prep 89.3%; Advanced Placement 7.1%; CTE 35.7%

Homeless: College Prep 100%; Advanced Placement 12%; CTE 42.3%

Students with Disabilities: College Prep 91.9%; Advanced Placement 5.7%; CTE 40.1%

College/Career Indicator (Priority 8A)

Based on the California School Dashboard College/Career Indicator for 2024–25, results are as follows:

All Students: 55.1% prepared

- African American: 36.2% prepared
- English Learners: 25.1% prepared
- Homeless: 27.0% prepared
- Two or More Races: 59.9% prepared
- Students with Disabilities: 15.6% prepared
- Hispanic: 48.2% prepared
- White: 58.5% prepared
- Asian: 71.0% prepared
- Filipino: 82.3% prepared

AP Participation (Priority 8A)

As documented in Aeries for 2024–25, LEA All Students AP participation is 24.56%, with the following student group participation rates:

- African American: 19%
- American Indian/Alaskan Native: 23.68%
- Asian: 43.68%
- Filipino: 40.79%
- Pacific Islander: 20.34%
- White: 22.67%
- Hispanic/Latino: 21.69%
- EL: 3.93%
- SPED: 3.63%
- SED: N/A

Cumulative GPA below 2.0 (Priority 8A)

As documented in Aeries for 2024–25, the districtwide average for students with a cumulative GPA below a 2.0 is 15.76%. Student groups with higher rates than the district average are listed below:

- African American: 21.85% (6.09% above district average)
- Hispanic Latino: 19.64% (3.88% above district average)
- EL: 37.5% (21.74% above district average)
- SED: 23.92% (8.16% above district average)
- Foster Youth: 44.44% (28.68% above district average)
- Homeless: 31.07% (15.31% above district average)
- Students with Disabilities: 24.23% (8.47% above district average)

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, implementation of Goal 2 during the 2024–25 school year was comprehensive and largely aligned with planned actions, reflecting a strong system-wide focus on college and career readiness, equitable access to rigorous coursework, and targeted academic and social-emotional supports. Key actions—including structured professional development for certificated staff, expansion of intervention programs (READ 180, ALEKS, and credit recovery), enhanced college readiness supports, and continued growth of Career Technical Education (CTE) pathways—were implemented with fidelity. The district also maintained significant investments in mental health services and academic supports, including counseling, psychology services, and after-school tutoring.

Analysis of outcome data from the “Measuring and Reporting Results” metrics indicates that these actions contributed to overall positive trends in key college and career readiness indicators, including increases in A–G completion rates, improved Advanced Placement (AP) pass rates, and expanded CTE pathway completion. Gains were particularly notable in some historically underserved student groups, including English Learners and Students with Disabilities in specific areas such as AP performance and A–G completion, demonstrating progress toward equity goals.

However, implementation effectiveness varied across metrics and student groups. While access to rigorous coursework (AP, A–G, and CTE) increased across nearly all student groups, performance outcomes remained inconsistent. Metrics such as the English Learner Progress Indicator and English Learner reclassification rates declined, indicating that while instructional supports were in place, they did not yet translate into sustained language acquisition gains. Similarly, while AP participation expanded, performance disparities persist for certain student groups, particularly Students with Disabilities.

Several key challenges impacted implementation effectiveness. Persistent achievement gaps across CAASPP performance, A–G completion, and AP outcomes for English Learners, Foster Youth, and Students with Disabilities highlight the need for more differentiated and targeted instructional strategies. In addition, ongoing student mental health needs, as reflected in survey data related to school connectedness and well-being, continue to affect student engagement and academic performance. Data limitations for certain subgroups (e.g., Foster Youth in some metrics) also constrained the district’s ability to fully evaluate impact and refine supports.

Despite these challenges, the district experienced clear areas of success. Expanded access to college preparatory coursework, increased student participation in CTE pathways, and measurable improvement in several college readiness indicators demonstrate that the coordinated system of supports is having a positive impact. High-performing school sites and specific programs provide models for replication and scaling across the district.

Goal 2 actions were implemented as planned with a high degree of fidelity, resulting in measurable progress in access and overall outcomes. Moving forward, the district will refine and target supports—particularly for English Learners and other student groups with persistent gaps—to ensure that increased access is matched by improved student performance outcomes.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- (2.2) LUHSD spent \$85K more than what was budgeted due to the addition of two additional contracts to support disadvantaged and at risk students..
- (2.11) We spent \$73K less on contracts to support the tracking of student assessment data due to the restructure and evaluation of service contracts . Contracts were eliminated that were duplicative in nature.
- (2.18) LUHSD spent \$260K more on support to increase scores on SAT/ACT /AP exams by providing more access to exams as well as providing additional preparation support programs
- (2.29) The district spent \$308K less on instructional materials for CTE courses due to minimal expansion of new CTE courses or pathways.
- (2.34) The district spent \$317K less on instructional coaches than budgeted due to the shift to focusing resources on a specific subject areas instead of having coaches for areas that are high performing.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Actions 2.1, 2.16, 2.17 – Staff Development; Teacher Recruitment; Beginning Teacher Induction: Partially Effective – Staff development, teacher recruitment, and beginning teacher induction strengthened instructional capacity and supported student achievement; however, significant academic performance gaps persisted among English Learners, Socioeconomically Disadvantaged students, and Students with Disabilities.
- 2.4 (ELA Performance): Partially Effective – Staff development, teacher recruitment, and beginning teacher induction supports strengthened instructional capacity and contributed to positive ELA outcomes for All Students; however, significant achievement gaps persisted for English Learners, Socioeconomically Disadvantaged students, and Students with Disabilities. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)
 - 2.5 (Math Performance): Partially Effective – Staff development, teacher recruitment, and beginning teacher induction supports improved instructional consistency and teacher effectiveness; however, mathematics performance disparities remained significant for several student groups. (All Students: 72.4 points below standard; English Learners: 146.8 points below standard; Socioeconomically Disadvantaged: 112.2 points below standard; Students with Disabilities: 174.3 points below standard; African American: 107.1 points below standard)
- Actions 2.2, 2.3 – Intervention Classes; Student Recovery Programs: Partially Effective – Intervention classes and student recovery programs increased academic, behavioral, and engagement supports for students, contributing to positive climate outcomes while suspension disparities remained for several student groups.
- 1.6 (Suspension Rates): Partially Effective – Intervention classes and student recovery programs expanded academic and behavioral supports for students; however, suspension rates remained disproportionately high for several student groups. ((District: 3.7%; Foster Youth: 16.1%; African American: 10.4%; Students with Disabilities: 7.4%; Socioeconomically Disadvantaged: 5.8%; English Learners: 4.4%; Homeless: 8.4%)
 - 1.7 (Expulsion Rates): Effective – Intervention classes and student recovery programs supported student engagement and behavioral interventions, contributing to districtwide expulsion rates remaining below 1%.
 - 1.8 (School Climate Survey): Effective – Intervention classes and student recovery programs helped maintain student connectedness and

perceptions of safety across grade levels. (9th Grade: 52% connectedness / 56% safe; 11th Grade: 50% connectedness / 55% safe)

Actions 2.4, 2.5, 2.6, 2.35 – Study Hall; Field Trips; Homework Help; After-School Tutoring: Partially Effective – Study hall, field trips, homework help, and after-school tutoring provided targeted academic support and enrichment opportunities that contributed to strong graduation outcomes and low overall dropout rates, though achievement gaps remained for several student groups.

- 1.4 (Dropout Rate): Partially Effective – Study hall, field trips, homework help, and after-school tutoring provided additional academic support and engagement opportunities that contributed to low overall dropout rates; however, dropout rates remained elevated for several student groups. (District: 2.77%; English Learners: 4.04%; Socioeconomically Disadvantaged: 4.30%; Students with Disabilities: 4.92%; Foster Youth: 18.18%; Homeless: 9.90%)

- 1.5 (Graduation Rate): Partially Effective – Study hall, field trips, homework help, and after-school tutoring supported student success and contributed to strong overall graduation rates; however, subgroup differences persisted. (District: 93.3%; English Learners: 90.9%; Socioeconomically Disadvantaged: 90.2%; Foster Youth: 63.6%; Students with Disabilities: 80.9%; Homeless: 79.3%)

- 2.16 (GPA < 2.0): Partially Effective – Study hall, homework help, and tutoring interventions provided targeted academic support; however, large proportions of several student groups continued to earn GPAs below 2.0. (All Students: 15.76%; English Learners: 37.5%; Socioeconomically Disadvantaged: 23.92%; Students with Disabilities: 24.23%; Foster Youth: 44.44%; Homeless: 31.07%)

Actions 2.7, 2.8, 2.15, 2.25, 2.26 – Instructional Materials; EL Supports; Technology; Transportation: Partially Effective – Instructional materials, English Learner supports, technology resources, and transportation services ensured equitable access to educational opportunities; however, achievement gaps remained in ELA and Mathematics for several unduplicated student groups.

- 2.2 (Access to Instructional Materials): Effective – Instructional materials, English Learner supports, technology resources, and transportation services ensured equitable access to learning opportunities and standards-aligned instructional materials for all students. (100% access)

- 2.4 (ELA Performance): Partially Effective – Instructional materials, EL supports, technology, and transportation services increased access to instruction and learning resources; however, achievement gaps persisted for English Learners, Socioeconomically Disadvantaged students, and Students with Disabilities. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)

- 2.5 (Math Performance): Partially Effective – Instructional materials, EL supports, technology, and transportation services supported student access and engagement; however, substantial mathematics achievement gaps remained for high-needs student groups. (All Students: 72.4 points below standard; English Learners: 146.8 points below standard; Socioeconomically Disadvantaged: 112.2 points below standard; Students with Disabilities: 174.3 points below standard; African American: 107.1 points below standard)

Action 2.9 – Late Start Wednesdays (Collaboration Time): Partially Effective – Late Start Wednesdays provided dedicated collaboration time that strengthened instructional alignment, data analysis, and intervention planning, though achievement gaps remained among student groups.

- 2.4 (ELA): Partially Effective – Late Start Wednesdays provided dedicated collaboration time for professional learning communities to analyze student data, align instruction, and plan interventions; however, significant achievement gaps remained among student groups. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)

- 2.5 (Math): Partially Effective – Collaboration time strengthened instructional alignment and data-informed decision making; however, mathematics performance disparities continued for several student groups. (English Learners: –149.8; Students with Disabilities: –174.3)

Action 2.10 – Revise District Common Assessments: Partially Effective – District common assessments improved consistency in measuring student learning and informed instructional decision-making; however, student outcome data indicate additional improvement efforts are needed.

- 2.4 (ELA Performance): Partially Effective – Revision of district common assessments improved alignment of instructional expectations and consistency in measuring student learning; however, achievement gaps persisted for several student groups. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)
- 2.5 (Math Performance): Partially Effective – District common assessments strengthened the district's ability to monitor student progress and instructional effectiveness; however, mathematics outcomes indicate additional improvement efforts are needed. (English Learners: –149.8; Students with Disabilities: –174.3)

Action 2.11 – Data Management System: Partially Effective – The data management system improved access to student performance data and supported intervention monitoring, though significant outcome gaps persisted for several high-needs student groups.

- 1.4 (Dropout Rate): Partially Effective – The data management system improved access to student achievement and intervention data, allowing staff to identify and monitor students requiring support; however, dropout rates remained elevated for several high-needs student groups. (District: 2.77%; English Learners: 4.04%; Socioeconomically Disadvantaged: 4.30%; Students with Disabilities: 4.92%; Foster Youth: 18.18%; Homeless: 9.90%)
- 1.5 (Graduation Rate): Partially Effective – The data management system supported monitoring of student progress toward graduation and informed intervention efforts; however, graduation rate disparities remained among student groups. (District: 93.3%; English Learners: 90.9%; Socioeconomically Disadvantaged: 90.2%; Foster Youth: 63.6%; Students with Disabilities: 80.9%; Homeless: 79.3%)
- 2.16 (GPA < 2.0): Partially Effective – Improved access to student performance data strengthened monitoring and intervention efforts; however, rates of students earning GPAs below 2.0 remained disproportionately high among several unduplicated student groups. (All Students: 15.76%; English Learners: 37.5%; Socioeconomically Disadvantaged: 23.92%; Students with Disabilities: 24.23%; Foster Youth: 44.44%; Homeless: 31.07%)

Actions 2.12, 2.13, 2.34 – Leadership and Instructional Coaching: Effective – Leadership and instructional coaching supported implementation of district priorities, strengthened instructional practices, and contributed to positive student achievement and graduation outcomes.

- 1.4 (Dropout Rate): Effective – Leadership and instructional coaching supported implementation of district priorities, data analysis, and instructional improvement efforts that contributed to maintaining low overall dropout rates. (District: 2.77%; English Learners: 4.04%; Socioeconomically Disadvantaged: 4.30%; Students with Disabilities: 4.92%; Foster Youth: 18.18%; Homeless: 9.90%)
- 1.5 (Graduation Rate): Effective – Leadership and instructional coaching provided ongoing guidance and support to schools, contributing to strong overall graduation outcomes and improved student achievement. (District: 93.3%; English Learners: 90.9%; Socioeconomically Disadvantaged: 90.2%; Foster Youth: 63.6%; Students with Disabilities: 80.9%; Homeless: 79.3%)
- 2.4 (ELA): Partially Effective – Late Start Wednesdays provided dedicated collaboration time for professional learning communities to analyze student data, align instruction, and plan interventions; however, significant achievement gaps remained among student groups. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)
- 2.5 (Math): Partially Effective – Collaboration time strengthened instructional alignment and data-informed decision making; however,

mathematics performance disparities continued for several student groups. (English Learners: –149.8; Students with Disabilities: –174.3)

- 2.16 (GPA < 2.0): Partially Effective – Leadership and instructional coaching strengthened instructional practices and support systems; however, GPA outcomes indicate additional efforts are needed to close achievement gaps for high-needs student groups. (All Students: 15.76%; English Learners: 37.5%; Socioeconomically Disadvantaged: 23.92%; Students with Disabilities: 24.23%; Foster Youth: 44.44%; Homeless: 31.07%)

Actions 2.14, 2.28 – Anti-Plagiarism Software: Partially Effective – Anti-plagiarism software supported academic integrity and student writing development; however, measurable impacts on broader academic performance outcomes remain limited.

- 2.4 (ELA Performance): Partially Effective – Anti-plagiarism software increased opportunities for students to develop academic integrity and writing skills; however, measurable impacts on overall ELA performance remain limited. (All Students: 24 points above standard; English Learners: 57.5 points below standard; Socioeconomically Disadvantaged: 10.7 points below standard; Students with Disabilities: 119.7 points below standard)

- 2.5 (Math): Partially Effective – Collaboration time strengthened instructional alignment and data-informed decision making; however, mathematics performance disparities continued for several student groups. (English Learners: –149.8; Students with Disabilities: –174.3)

Action 2.18 – Advanced Placement (AP) Programs: Effective – Advanced Placement programs expanded access to rigorous coursework and contributed to strong student performance on AP examinations across multiple student groups.

- 2.15 (AP Part Rate): Effective – Advanced Placement participation expanded access to rigorous coursework and supported increased student success on AP examinations, including strong outcomes for English Learners and other student groups. (2024-25: African American 19%; Hispanic or Latino –21.69%; SED N/A; SPED 3.63%; EL 3.93%)

Actions 2.19, 2.27–2.31 – College Readiness and CTE Programs: Partially Effective – College readiness and CTE programs expanded access to postsecondary preparation opportunities and increased pathway completion, though substantial college and career readiness gaps persisted among student groups.

- 2.6 (A–G Completion): Partially Effective – College readiness and CTE programs expanded access to rigorous coursework and postsecondary preparation opportunities, contributing to increased A-G completion rates; however, substantial subgroup performance gaps persisted. (All Students: 47.2%; English Learners: 23.1%; Foster Youth: 8.3%; Socioeconomically Disadvantaged: 34.3%; Students with Disabilities: 12.8%; Homeless: 22.5%)

- 2.7 (CTE Completion): Effective – College readiness and CTE programs successfully expanded student participation and pathway completion, resulting in strong growth in CTE pathway completion outcomes. (Overall, three comprehensive sites: 32.2%; FHS: 23.8%; HHS: 46.5%; LHS: 38.3%)

- 2.11 (AP Pass Rate): Effective – College readiness supports increased student preparedness for advanced coursework and contributed to continued strong AP performance outcomes. (LEA Average: 74.20%; English Learners: 41.67%; Socioeconomically Disadvantaged: 72.53%; Students with Disabilities: 58%; African American: 66.34%; Hispanic or Latino: 63.77%)

- 2.14 (College/Career Indicator): Partially Effective – College readiness and CTE programs improved overall college and career readiness outcomes; however, significant disparities remained among student groups. (All Students: 55.1%; English Learners: 25.1%; Socioeconomically Disadvantaged: 42.3%; Students with Disabilities: 15.6%; Homeless: 27.0%; African American: 36.2%; Hispanic: 48.2%)

Action 2.20 – College Readiness Instructional Supplies: Partially Effective – College readiness instructional supplies supported access to rigorous coursework and college preparation resources; however, completion gaps remained among student groups.

- 2.6 (A–G Completion): Partially Effective – College readiness instructional supplies supported student access to rigorous coursework and college preparation resources; however, completion gaps remained among student groups. (All Students: 47.2%; English Learners: 23.1%; Foster Youth: 8.3%; Socioeconomically Disadvantaged: 34.3%; Students with Disabilities: 12.8%; Homeless: 22.5%)

Action 2.21 – Targeted Assistance Counselors: Partially Effective – Targeted assistance counselors provided academic, attendance, behavioral, and college planning support that improved student access to interventions and resources, though chronic absenteeism and achievement disparities remained elevated among several student groups.

- 1.2 (Attendance): Partially Effective – Targeted assistance counselors provided academic, behavioral, and postsecondary planning support that contributed to positive attendance outcomes across school sites. (Freedom HS: 92.73%; Heritage HS: 94.26%; Liberty HS: 93.53%; La Paloma HS: 98.41%)
- 1.3 (Chronic Absenteeism): Partially Effective – Targeted assistance counselors provided outreach and intervention services to students with attendance concerns; however, chronic absenteeism remained elevated among several student groups. (District: 21.6%; English Learners: 29.3%; Socioeconomically Disadvantaged: 31.0%; Students with Disabilities: 33.0%; Foster Youth: 48.0%; Homeless: 41.6%)
- 1.6 (Suspension): Partially Effective – Targeted assistance counselors provided behavioral, attendance, and student support services; however, suspension disparities remained among several student groups. (District: 3.7%; Foster Youth: 16.1%; African American: 10.4%; Students with Disabilities: 7.4%; Socioeconomically Disadvantaged: 5.8%; English Learners: 4.4%; Homeless: 8.4%)
- 1.7 (Expulsion): Effective – Targeted assistance counselors supported student engagement and intervention efforts that contributed to maintaining low districtwide expulsion rates. (<1%)
- 2.6 (A–G Completion): Partially Effective – Targeted assistance counselors supported course planning, graduation monitoring, and college readiness efforts that contributed to increased A-G completion rates; however, substantial subgroup gaps remained. (All Students: 47.2%; English Learners: 23.1%; Foster Youth: 8.3%; Socioeconomically Disadvantaged: 34.3%; Students with Disabilities: 12.8%; Homeless: 22.5%)

Actions 2.22, 2.23, 2.24, 2.33 – Mental Health and Wellness Supports: Effective – Mental health and wellness supports increased student access to counseling and behavioral health services, contributing to positive perceptions of safety and connectedness.

- 1.8 (School Climate Survey): Effective – Mental health and wellness supports improved student access to counseling, behavioral health resources, and school-based supports, helping maintain positive perceptions of school safety and connectedness. (9th Grade: 56%; 11th Grade: 55%)

Actions 2.32, 2.36 – TOSAs and Bilingual Paraprofessionals: Partially Effective – Teachers on Special Assignment and bilingual paraprofessionals provided targeted instructional and language-development support for English Learners, though achievement and reclassification outcomes indicate additional interventions are needed.

- 2.10 (EL Reclassification): Partially Effective – Teachers on Special Assignment and bilingual paraprofessionals provided targeted instructional and language development support for English Learners; however, reclassification rates declined and indicate a need for additional strategies. (26%)
- 2.4 / 2.5 (ELA & Math Performance): Partially Effective – TOSAs and bilingual paraprofessionals strengthened instructional support and access for English Learners; however, achievement gaps remained significant in both ELA and Mathematics. (EL: ELA –57.5, Math –146.8; SWD: ELA –119.7, Math –174.3)
- 1.4 / 1.5 (Dropout & Graduation): Partially Effective – TOSAs and bilingual paraprofessionals supported student engagement and academic success; however, outcome data indicate continued disparities among targeted student groups. (1.4: District: 2.77%; English Learners:

4.04%; Socioeconomically Disadvantaged: 4.30%; Students with Disabilities: 4.92%; Foster Youth: 18.18%; Homeless: 9.90%; 1.5: District: 93.3%; English Learners: 90.9%; Socioeconomically Disadvantaged: 90.2%; Foster Youth: 63.6%; Students with Disabilities: 80.9%; Homeless: 79.3%)

Action 2.37 – College & Career Center Technicians: Effective – College and Career Center Technicians provided direct support for academic planning, graduation monitoring, and postsecondary preparation, contributing to increased A-G completion and college readiness outcomes.

- 2.6 (A–G Completion): Effective – College and Career Center Technicians provided direct student support, college planning assistance, and graduation monitoring that contributed to increased A-G completion and postsecondary preparation. (All Students: 47.2%; English Learners: 23.1%; Foster Youth: 8.3%; Socioeconomically Disadvantaged: 34.3%; Students with Disabilities: 12.8%; Homeless: 22.5%)

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

LUHSD recognized that while access to programs (e.g., AP, CTE, college prep) had improved, outcomes for unduplicated students (ELs, Foster Youth, SED) still lagged. There was a clear effort to align resources more directly with student performance gaps, especially in CAASPP scores, A–G completion, and EL progress. Feedback from educational partners and student surveys also influenced the emphasis on mental health, equity, and instructional quality.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Staff Development - Personnel	Schedule Professional Development Day(s) to focus on accountability measures as indicated on the California School Dashboard (2 days for all certificated staff). Specifically focusing on EL and LTEL student success, teachers attend Summer Institute, Staff Development Day(s), and frequent after school training with focus on EL instructional strategies and EL Standards across content areas. In addition, staff development is provided to teachers regarding general research-supported instructional practices, students engagement, diversity and inclusion, equity, Social-Emotional Learning, and the use of technology.	\$425,000.00	Yes
2.2	Student Intervention and Recovery Programs	Provide student targeted intervention and recovery programs to address learning gaps identified by state/district assessments with a focus on English Learners, Foster Youth, and Socioeconomically Disadvantaged	\$115,840.00	No

Action #	Title	Description	Total Funds	Contributing
		and identified student groups including Students with Disabilities, Homeless, and African American students to meet all state and federal accountability measures. These interventions may include online programs such as Edgenuity. This action supports student group in red indicator of CA Dashboard.		
2.3	Intervention Classes - Personnel & Software	Provide intervention classes such as READ 180, Edia, math support classes, tutorial support, credit recovery, English Learner Academic Support, with targeted enrollment of EL, FY, SED and other identified student groups. Salary and Benefits.	\$1,500,688.00	Yes
2.4	Study Hall - Personnel	Certificated Staff monitor study hall and provide support to students needing academic support. A teacher monitoring study hall and offering academic support to students aligns with Liberty Union High School District's goal of fostering academic excellence by ensuring personalized attention and addressing individual learning needs. This practice also promotes a supportive learning environment, contributing to the district's commitment to student success and overall educational achievement.	\$762,089.00	Yes
2.5	Field Trips	Provide College visitations and academic field trip opportunities for English Learners and Long-Term English Learners, Foster Youth, and Socioeconomically Disadvantaged students.	\$25,000.00	Yes
2.6	Homework Help - Personnel	Continue Homework Extended Learning Program (HELP). Salary and benefits.	\$6,842.00	No
2.7	Instructional Materials: Textbooks and Supplies	Purchase instructional materials, including those for growth and replacement, aligned to the state adopted content standards, including supplemental materials and supplies. Purchase instructional materials for AP courses.(Local funds and Lottery Funds)	\$1,000,000.00	No

Action #	Title	Description	Total Funds	Contributing
2.8	Supplemental Instructional Materials and Supplies	Purchase supplemental instructional materials, including instructional software principally directed to support English Learners and Long-Term English Learners, Foster Youth, and Socioeconomically Disadvantaged students, as well as students from targeted student groups.	\$100,000.00	Yes
2.9	Late Start Wednesdays - Personnel	Provide late-start Wednesdays for CCSS, literacy, NGSS, PD collaboration time, the alignment of C.T.E. curriculum with core academic standards, and diversity, inclusion, and equity.	\$305,000.00	Yes
2.10	Revise District Common Assessments - Personnel	Provide professional development and teacher release time to revise district common assessments to align to the state content standards. Salaries and Benefits.	\$15,000.00	Yes
2.11	Data Management System	Continue to contract for data management system to track student assessment data with a focus on English Learners, Socio-Economically Disadvantaged Students, Foster Youth, and Homeless students.	\$136,300.00	Yes
2.12	Director of Curriculum and Instruction - Personnel	Director of Curriculum and Instruction. Salary and Benefits. This position ensures that educational programs including but not limited to core content, English Learners, and CTE are aligned with district goals, fostering student achievement and instructional excellence. By providing professional development and implementing data-driven strategies, the Director enhances teaching effectiveness and promotes continuous improvement across all schools in the district.	\$260,812.00	Yes
2.13	Assistant Superintendent of Educational Services - Personnel	Support administrators, teachers, and other staff in providing an equitable education to Students with Additional Needs (SWANs). (20% of Salary and benefits). The Assistant Superintendent of Educational Services at Liberty Union High School District supports district goals by developing and implementing comprehensive instructional programs that enhance student achievement and engagement. Additionally, they collaborate with teachers	\$126,402.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and administrators to ensure the effective use of educational resources and the continuous improvement of teaching practices.		
2.14	Anti-Plagiarism Software	Continue contract for anti-plagiarism software for teacher use -TURNITIN	\$49,665.00	Yes
2.15	Technology for English Learner Classrooms	Purchase computers/software for EL classrooms.	\$5,000.00	No
2.16	Teacher Recruitment	Recruit and hire Highly Qualified, CLAD certificated teachers.	\$5,000.00	No
2.17	Provide support to Beginning Teachers (Induction) - Personnel	Provide support for teachers in the Induction program. LUHSD provides a portion of the Induction Coordinator's salary. Salary and Benefits. A Beginning Teacher Induction Coordinator supports the goals of Liberty Union High School District by providing new teachers with targeted mentoring and professional development, ensuring high-quality instruction and student achievement. Additionally, the coordinator facilitates collaborative learning communities that align with the district's commitment to continuous improvement and educational excellence.	\$90,000.00	No
2.18	AP Programs	Continue to provide support for students to increase scores and decrease the achievement gap on SAT/ACT/AP exams. This support may be classes during the school day or support programs outside of the normal school day. These programs would primarily support English Learners, Socioeconomically Disadvantaged Students and Foster Youth, as well as Students with Disabilities, Homeless, and African American students from underrepresented groups.	\$40,000.00	Yes
2.19	Increase College Readiness and Interest - Personnel	Increase opportunities for students and parents to visit colleges to increase graduation rates and college interest while increasing percentage of students who are college ready and UC/CSU eligible. Instructors for "Push" curriculum classes. Salary and Benefits. This position supports the goals of Liberty Union High School District by providing intensive support	\$462,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		for students including Homeless, Students with Disabilities, English Learners and African American student groups who will be first-time college applicants in the post-secondary world. This action supports student group in red indicator of CA Dashboard.		
2.20	Increase College Readiness and Interest	Instructional supplies for "Push" curriculum classes that include English Learners, Foster Youth, and Socioeconomically Disadvantaged and identified student groups including Students with Disabilities, Homeless, and African American student groups who will be first-time college applicants. This action supports student group in red indicator of CA Dashboard.	\$12,000.00	Yes
2.21	Targeted Assistance Counselors - Personnel	LREBG Action: Continue with Targeted Assistance Counselor positions to assist Foster Youth, EL, SED students to increase graduation rates, increase percentage of students who are college ready and UC/CSU eligible, and reduce dropout rates. (5 Counselors, salary and benefits). A Targeted Assistance Counselor focusing on higher-need students at Liberty Union High School District supports the goal of ensuring equitable access to educational resources by providing tailored academic and emotional support to those most in need. This role helps bridge achievement gaps and fosters a more inclusive and supportive school environment, aligning with the district's commitment to academic excellence and student well-being. How Research Supports the Selected Action: Research consistently shows that targeted counseling and academic advising for high-need students—such as Foster Youth, English Learners, and SED students—improves graduation rates, reduces dropout rates, and increases college readiness. The U.S. Department of Education and the American School Counselor Association cite strong evidence that school counselors who provide individualized academic and social-emotional support help close achievement gaps, increase A–G completion, and foster a more inclusive and supportive school environment. These supports are especially critical for students facing barriers to success, such as trauma, language acquisition needs, or economic hardship.	\$2,600,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Metrics used to monitor the Action are: 1.2, 1.3, 1.6, 1.7, and 2.6. LREBG Funds supporting this action \$659,685.60 per year through 2027-28.		
2.22	Psychologists - Personnel	Provide support for students in need (2.4 FTEs). Salary and Benefits. The school psychologist at Liberty Union High School District supports the goals by providing comprehensive mental health services to students, fostering a supportive and inclusive learning environment conducive to academic success and personal growth. Additionally, they collaborate with educators and families to implement evidence-based interventions, ensuring the holistic well-being of every student in alignment with the district's mission.	\$623,474.00	Yes
2.23	Mental Health Counseling Support	Provide mental health counseling interns for students in need (40 hours per week at the comprehensive sites and 20 hours per week at the alternative sites). As a mental health counseling intern at Liberty Union High School District, I provide compassionate support to students, fostering their emotional well-being and academic success. By implementing evidence-based interventions and collaborating with staff, I contribute to creating a supportive and inclusive environment conducive to students' growth and development.	\$142,010.00	Yes
2.24	Suicide Prevention - Anti-Bullying Training	Training and materials for all staff members to receive suicide prevention training and anti-bullying training.	\$15,000.00	No
2.25	Translation Support - Personnel	Provide interpreters and document translation for parents of English Learners. Salary and benefits. Interpreters facilitate effective communication between educators and parents of English Learners during as an example, ELAC/DELAC meetings, fostering a collaborative environment conducive to student success, aligning with Liberty Union High School District's commitment to inclusive education.	\$30,000.00	No

Action #	Title	Description	Total Funds	Contributing
2.26	Transportation for EL students transferring to LHS	Provide EL students bus tickets for specialized level 1 & 2 ELD program.	\$10,000.00	No
2.27	Professional Development for CTE teachers - Personnel	Provide professional development and release time for CTE teachers to expand, enrich, and support career pathways to increase students' opportunity to have real world experiences, meet industry standards, and enroll in capstone courses to provide relevant curriculum and instruction to expand, enrich, and support career opportunities. Salary and Benefits.	\$30,000.00	No
2.28	Continue CTE Courses - Personnel	Continue providing CTE pathways/courses. Salaries and Benefits. Career technical education classes at Liberty Union High School District provide students with practical skills and knowledge essential for future employment, aligning with the district's goal of preparing students for successful careers. By offering diverse vocational pathways, these classes empower students to explore their interests and develop marketable skills, contributing to the district's mission of fostering well-rounded individuals ready for the workforce.	\$3,141,126.00	No
2.29	Instructional Materials and Supplies for CTE courses	Continue to provide instructional materials and supplies for CTE courses.	\$460,000.00	No
2.30	Curriculum Alignment with Community Colleges - Personnel	Provide collaboration time for CTE and academic core teachers to align standards and curricula w/ community college for articulated courses to provide relevant curriculum and instruction to expand, enrich, and support career opportunities. Salary and benefits.	\$5,000.00	No
2.31	Student Leadership Experiences	Create opportunities for students to develop leadership skills through CTE activities such as fairs and competitions.	\$10,000.00	No
2.32	Teachers on Special Assignment (TOSAs) - Personnel	No longer funding 2025-26	\$0.00	

Action #	Title	Description	Total Funds	Contributing
2.33	District Nurse - Personnel	Provide a district nurse to support the health needs of our students. Salary and benefits. The district nurse plays a vital role in ensuring the health and well-being of students, thereby supporting the goal of creating a safe and nurturing environment conducive to learning in Liberty Union High School District. By promoting preventive care and addressing health concerns promptly, the district nurse helps students stay physically and mentally fit, enhancing their overall academic performance and educational experience.	\$142,324.00	No
2.34	Instructional Coaches - Personnel	3 ELA, 3 math, and 3 science coaches will support teachers in those departments with the implementation of research-supported instructional practices (9 teachers at 50% each). Coaches will focus upon supporting Students with Additional Needs (SWANs), including English Learners, Foster Youth, and Socioeconomically Disadvantaged and identified student groups including Students with Disabilities, Homeless, and African American student Groups. This action supports student group in red indicator of CA Dashboard.	\$500,000.00	Yes
2.35	After School Tutoring for High-Needs Students - Personnel	After school tutoring will be provided to English Learners, Socioeconomically Disadvantaged Students, Homeless, and Foster Youth in core academic subjects. Teachers will be paid hourly rate.	\$171,395.00	Yes
2.36	Bilingual Paraprofessional - Personnel	The bilingual paraprofessional will provide support to English Learners in the newcomer program at Liberty High School.	\$109,559.00	Yes
2.37	College & Career Center Technicians - Personnel	College & Career Center Technicians will support the post-secondary readiness of our unduplicated students.	\$296,829.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	The Liberty Union High School District recognizes the need for stakeholder involvement by: A. Enhancing communication, partnerships, and collaboration among staff, parents, and students. B. Expanding parent involvement. C. Increasing communication and collaboration with our business and community organizations. State and/or Local Priorities addressed by this goal: State Priorities: Priority 3: Parent Involvement (Engagement) Priority 8: Other Pupil Outcomes (Pupil Outcomes) Local Priorities: LUHSD Strategic Plan Goal #3 and annual parent survey	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

LUHSD has increased engagement from parents, teachers, staff, students, community members, and other stakeholder groups. District has also instituted Annual Parent Surveys in both English and Spanish to garner feedback and identify needs. The Parent Survey is sent to all parents of children attending school in LUHSD. LUHSD makes additional outreach efforts to the parents and guardians of unduplicated students to ensure survey results include their feedback. Additionally, the LUHSD conducts parent feedback meetings in English and Spanish. The District also receives feedback from the LUHSD Parent Advisory Committee and the District English Learner Advisory Committee. Through the survey and input meetings, stakeholders have emphasized the following issues:

Based on qualitative data from educator partner feedback and quantitative results from CA Healthy Kids Survey (Priority 6), there is a need for additional social/emotional/psychological/physical health support for our students:

- 43% of the juniors and 38% of the freshmen report experiencing chronic sadness/hopelessness
- 17% of the juniors and 17% of the freshmen have considered suicide
- 15% of the juniors and 11% of the freshmen were absent from school in the previous 30 days because they felt sad, hopeless, anxious, stressed or angry

There is a need for more diversifying parent/educational partner communication, using a variety of means to communicate with families. As reported in parent surveys and focus group meetings (Priority 3A, B, C):

- 100% of parents of EL students appreciate our bi-lingual parent liaisons.
- 81% of parents indicated they were able to communicate with administration, teachers, and/or support staff
- 65% of parents feel comfortable participating in school activities for parents
- 29% of parents feel they have decision-making input with their child's education, and 21% feel they have a say in the decision-making process in the school district.
- Parents want more school communication and prefer email, automated phone calls, and text messages
- Parents would become more involved if: 1) More information on involvement opportunities (55%), 2) More communication between school and parents (45%), 3) More information on how to support students at home (38%), 4) More participation opportunities at the school level (36%), and 5) More convenient time for participation (43%).

LUHSD recognizes the need to increase frequency of eliciting formative, quantitative feedback. Our school sites will be sending surveys to educational partners that are shorter than our Annual in an effort to collect and analyze quantitatively how we are doing during the academic year.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Survey feedback on effort the school district makes to seek parent input in making decisions for the school district and individual school sites Source: Annual Parent Survey Priority 3A: Parental Involvement Priority 3B: Participation of unduplicated students Priority 3C: Participation of Students with Disabilities	2023-24 Annual Parent Survey - Parent/educational partner input in decision making 29% of parents agreed or strongly agreed with the statement, "I feel like I have a say in the decision-making process at my child's school." Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Highlights of LUSHD overall implementation of Goal 3 include the following key actions:

Bilingual Parent Liaisons (Action 3.1)

-Continued stipends for liaisons to support communication with families of English Learners.

Parent Trainings and Workshops (Action 3.2)

-Offered sessions on navigating the Parent Portal, college planning, and school culture, with a focus on underrepresented groups.

Community Outreach (Action 3.3)

-Increasing communication from district in the form of quarterly newsletter and adding a Fall survey to our existing Annual (Spring) survey.
-Expanding non-profit centers to include Chabad of the Delta and Brentwood Muslim Community Center in addition to Village Resource Community Center and Inter-District English Learner Collaborative which includes feeder middle school districts.
-Principals and district leaders engaged with local organizations and held presentations to build partnerships.

Community/Business Involvement on Campus (Action 3.4)

-Events like career fairs were held to connect students with real-world opportunities

Challenges Experienced included:

Engagement Gaps: Despite targeted outreach, engagement from families of unduplicated students (EL, SED, Foster Youth) remained lower than desired.

Language and Access Barriers: Some families still faced challenges accessing information or participating due to language or scheduling constraints.

Limited Feedback Loop: While surveys and meetings were conducted, translating feedback into visible changes remains an area for growth.

Successes Achieved included:

Improved Communication: 81% of parents reported being able to communicate with school staff, with even higher rates among Students with Disabilities (85.3%) and English Learners (70%).

Increased Comfort with Participation: 63% of parents felt comfortable participating in school activities, with higher rates among English Learner and Special Education families.

Expanded Outreach Channels: The district used multiple formats—surveys, ELAC/DELAC meetings, parent nights, and advisory committees—to gather input.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

(3.3) The district spent \$16K more within the community outreach area than planned due to the fact that community engagement is a focus that the district is actively trying to improve. Stronger social media presence, messages from the Superintendent as well as newsletters from district and site staff has been increased.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 3.1 – Bi-Lingual Parent Liaisons: This action was effective due to these liaisons strengthening communication between schools and families of English Learners, supporting family engagement and contributing to positive perceptions of school safety and connectedness.

1.8 (School Climate Survey): Effective – Implementation of bi-lingual parent liaisons supported consistent student perceptions of safety and connectedness, indicating positive school climate conditions. Metric Data: 56% of 9th graders and 55% of 11th graders reported feeling “Safe” or “Very Safe” in 2024–25. (Disaggregation by EL, Foster Youth, and SED is not available.)

3.2 (Parent Participation in School Activities): Effective – Liaison support contributed to increased parent comfort in participating in school activities, particularly among targeted student groups. Metric Data: 59.87% of parents reported feeling comfortable participating in school activities; English Learner parents: 46.51%; Students with Disabilities: 57.14%. (Additional subgroup data not available.)

Action 3.2 – Parent Trainings and Workshops: Parent trainings and workshops were effective and increased family awareness of school programs, college planning, and academic expectations while expanding opportunities for engagement and participation.

1.8 (School Climate Survey): Effective – Parent trainings supported school-family connection, contributing to consistent student perceptions of safety and connectedness. Metric Data: 52% of 9th graders and 55% of 11th graders reported feeling “Safe” or “Very Safe” in 2024–25. (Disaggregation by EL, Foster Youth, and SED is not available.)

3.1 (Parent Input in Decision-Making): Partially Effective – Trainings increased opportunities for participation; however, a limited percentage of parents reported having input in school decision-making, indicating continued opportunity for growth in family engagement efforts. Metric Data: 36.10% of parents agreed or strongly agreed they have a say in school decision-making; English Learner: 37.21%; Students with Disabilities: 40.3%. (Additional subgroup data not available.)

3.3 (Parent Survey Participation): Developing – Parent trainings have not yet resulted in broad survey participation across groups, indicating continued barriers to engagement. Metric Data: 9.66% of parents completed the Spring Parent Survey; English Learner: 13.4%; Students with Disabilities: 10.56%. (Additional subgroup data not available.)

3.5 (Familiarity with College Requirements): Partially Effective – Workshops increased access to information and supported parent awareness of college entrance requirements; however, opportunities remain to further expand outreach and understanding among all families. Metric Data: 78.57% of parents reported being moderately, very, or extremely familiar with UC/CSU A–G requirements; English Learner: 58.14%; Students with Disabilities: 81.51%. (Additional subgroup data not available.)

Action 3.3, 3.4 – Community Outreach; Community/Business Involvement on Campus: Community outreach and business partnerships were effective and expanded family engagement, strengthened community connections, increased communication opportunities, and provided students with access to real-world college and career experiences.

1.8 (School Climate Survey): Effective – Outreach efforts contributed to maintaining consistent student perceptions of safety and connectedness across school sites. Metric Data: 52% of 9th graders and 55% of 11th graders reported feeling “Safe” or “Very Safe” in 2024–25. (Disaggregation by EL, Foster Youth, and SED is not available.)

3.1 (Parent Input in Decision-Making): Developing – Expanded outreach increased opportunities for engagement; however, overall parent-reported input in school decision-making remains an area for continued growth. Metric Data: 36.10% of parents agreed or strongly agreed they have a say in school decision-making; English Learner: 37.21%; Students with Disabilities: 40.3% (Additional subgroup data not available.)

3.2 (Parent Participation in School Activities): Effective – Outreach efforts supported parent participation and engagement opportunities across school communities. Metric Data: 59.87% of parents reported feeling comfortable participating in school activities; English Learner: 46.51%; Students with Disabilities: 57.14%. (Additional subgroup data not available.)

3.3 (Parent Survey Participation): Developing – Survey participation remains limited despite expanded outreach efforts, indicating continued barriers to engagement among families. Metric Data: 9.66% of parents completed the Spring Parent Survey; English Learner: 13.4%; Students with Disabilities: 10.56%. (Additional subgroup data not available.)

3.4 (Communication with School): Effective – Communication systems supported access for families to connect with school staff and receive information regarding school programs and services. Metric Data: 68.44% of parents reported the ability to communicate with school staff; English Learner: 72.09%; Students with Disabilities: 73.1%. (Additional subgroup data not available.)

3.6 (Participation in Events): Partially Effective – Participation in school events reflects ongoing family engagement efforts, though opportunities remain to increase participation across all parent groups. Metric Data: 59.01% of parents attended or participated in a school event; English Learner: 60.47%; Students with Disabilities: 63.03%. (Additional subgroup data not available.)

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes are needed at this time. We believe continue growth and moving from implementation to full implementation with fidelity will have positive impact on engaging our educational partners.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Bi-Lingual Parent Liaisons - Personnel	Continue stipend for the position of Bilingual Parent Liaison for parents of English Learners to help navigate school/college systems, and to enhance communication, partnerships, and collaboration among staff, parents, and students. Salary and Benefits.	\$8,008.00	Yes
3.2	Parent Trainings and Workshops	Provide parents with training through workshops and other parent meetings to increase parent familiarity with Parent Portal, the database software in which parents can track their student's academic achievement, academic progress, and discipline. These trainings would be principally directed at the parents of English Learners, Foster Youth, and Socioeconomically Disadvantaged students, with emphasis on groups such as English Learner Advisory Committee, Title I Parent Night, Foster Youth Parent Night, as well as underrepresented groups such as African American and Hispanic Parent Night.	\$18,000.00	Yes
3.3	Community Outreach	Continue to strengthen, increase, and facilitate two-way business/community involvement and communication. Additionally,	\$18,888.00	Yes

Action #	Title	Description	Total Funds	Contributing
		principals will conduct presentations at community meetings, clubs/organizations.		
3.4	Community/Business Involvement on Campus	Strengthen school/parent/business partnership by holding a Career Fair and other similar activities for student on campus and in the community.	\$4,000.00	No

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2026-27]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
\$8,531,556	\$0

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
8.348%	0.000%	\$0.00	8.348%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	Action: Technology - Analytics Software Need: LUHSD’s 2024–25 data continues to demonstrate persistent performance gaps for unduplicated student groups. Chronic absenteeism remains elevated at 21.6% districtwide, with disproportionately higher rates for English Learners (29.3%), Students with Disabilities (33%), Foster Youth (48%),	LUHSD uses analytics tools like Microsoft 365, Ellevation, and Summitt K12 across all schools to identify and address performance gaps in real time. These tools are essential for tracking attendance, behavior, and academic performance, especially for English Learners (ELs), Foster Youth (FY), and Low-Income (LI) students. By implementing these tools district-wide, LUHSD ensures that every school has access to disaggregated data to inform interventions,	Attendance Data (1.2, 1.3) Behavior Data (1.6, 1.7)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	and Homeless students (41.6%). Suspension rates also remain higher for select student groups, including African American students (10.4%) and Students with Disabilities (7.4%), compared to the district average of 3.7%. These disparities highlight the continued need for strengthened data monitoring systems and real-time analytics to track attendance, behavior, and academic progress, enabling earlier identification of at-risk students and more timely implementation of targeted, tiered interventions. Scope: LEA-wide	monitor progress, and support early identification of at-risk students. This uniform access allows for consistent practices and equitable support across all campuses.	
1.7	Action: Campus Climate - Student meetings - Personnel Need: Suspension rates for Foster Youth (16.1%) and African American students (10.4%) remain disproportionately higher than the district average of 3.7% in 2024–25, highlighting the continued need for targeted student engagement strategies and culturally responsive discipline practices to reduce exclusionary outcomes. Scope: LEA-wide	A centralized Diversity Coordinator facilitates student voice and engagement across all schools, ensuring that systemic issues like high suspension rates among FY and EL students are addressed consistently. The coordinator leads structured meetings with targeted student groups and collaborates with site administrators to implement culturally responsive practices. This LEA-wide approach ensures that all schools benefit from shared strategies and district-level oversight.	Attendance Data (1.2, 1.3) Behavior Data (1.6, 1.7) Survey (1.8)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.8	Action: Campus Climate - Student Programs Need: Chronic absenteeism among English Learners (29.3%), Socioeconomically Disadvantaged students (31.0%), and Homeless students (41.6%) remains significantly above the district average of 21.6%, underscoring the need for systematic, schoolwide approaches that strengthen student connection and consistent attendance. Scope: Schoolwide	Each school implements programs tailored to its student population while aligning with district goals for equity and inclusion. These programs promote positive behavior, reduce absenteeism, and foster a sense of belonging—especially critical for students who may feel marginalized. Schoolwide implementation ensures that all students, including unduplicated groups, benefit from a supportive environment.	Attendance Data (1.2, 1.3) Behavior Data (1.6, 1.7) Survey (1.8)
1.9	Action: Attendance - Personnel Need: Freedom High School's attendance rate increased to 92.73% in 2024–25; however, it remains below the district's highest-performing sites. Ongoing concerns regarding chronic absenteeism among unduplicated students necessitate continued monitoring and targeted intervention. Scope: Schoolwide	Freedom High School has historically struggled with attendance, particularly among unduplicated students. A dedicated attendance clerk monitors patterns, contacts families, and coordinates interventions. This targeted, schoolwide support ensures that all students at the site benefit from improved attendance systems, with a focus on those most at risk.	Attendance Data (1.2, 1.3)
1.10	Action: Staff Development - Diversity and Inclusion Training	Staff development to promote respect for diversity and inclusiveness.	Attendance Data (1.2, 1.3) Behavior Data (1.6, 1.7) Survey (1.8)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Need: Suspension and absenteeism data continue to show that unduplicated students face systemic barriers. Suspension rates for Foster Youth (16.1%) remain disproportionately higher than the district average of 3.7% in 2024–25, highlighting the continued need for diversity and inclusion training strategies to reduce exclusionary outcomes. Scope: Schoolwide	This training equips educators to better support diverse learners, particularly ELs, FY, and LI students. Schoolwide implementation ensures that every classroom is a safe and respectful space, contributing to improved academic and behavioral outcomes.	
2.1	Action: Staff Development - Personnel Need: CAASPP results for 2024–25 show that English Learners scored 57.5 points below standard in ELA and 146.8 points below standard in Math, while Socioeconomically Disadvantaged students scored 10.7 points below standard in ELA and 112.2 points below standard in Math, indicating a continued need for targeted instructional support and professional learning. Scope: LEA-wide	Professional development is coordinated district-wide to ensure consistency in instructional quality and alignment with state standards. Focused training on EL strategies, equity, and data-driven instruction helps close achievement gaps. LEA-wide implementation ensures that all teachers, regardless of site, are equipped to meet the needs of unduplicated students.	CAASPP Scores (2.4, 2.5)
2.3	Action: Intervention Classes - Personnel & Software Need:	These classes are embedded into the master schedule at each school, making them accessible to all students while targeting those with the greatest need.	Behavior Data (1.6, 1.7) Survey (1.8)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	D/F and GPA data continue to reflect elevated needs for unduplicated student groups. English Learners (32.8%) and Foster Youth (32.5%) remain overrepresented among students below a 2.0 GPA, indicating a need for embedded intervention classes. Scope: Schoolwide	Programs like READ 180 and ALEKS provide personalized support in literacy and math, directly addressing the academic gaps of ELs, FY, and LI students.	
2.4	Action: Study Hall - Personnel Need: The districtwide rate of students below a 2.0 GPA remains approximately 16.2%, with higher rates among Socioeconomically Disadvantaged students (23.4%) and Students with Disabilities (23.5%). Structured supports such as study hall and targeted interventions remain critical to addressing these gaps. Scope: Schoolwide	Study halls are available to all students but are especially beneficial for those with low GPAs or high D/F rates. Teachers provide academic support during these periods, helping students catch up and stay on track for graduation. This structure supports equity by ensuring that struggling students receive timely help.	Graduation Rate Data (1.4, 1.5) Cumulative GPA over 2.0 (2.16)
2.8	Action: Supplemental Instructional Materials and Supplies Need: Although some improvement has occurred, CAASPP Math performance remains an area of concern, with English Learners (146.8 points below standard) and African American students (107.1 points below standard)	Materials are distributed across all classrooms but are selected to support the needs of unduplicated students. These include bilingual resources, culturally relevant texts, and adaptive software, ensuring that instruction is accessible and engaging for all learners.	Instructional Material Access (2.2)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	continuing to perform well below standard. Ongoing collaboration and alignment of instructional practices are essential to accelerate progress. Persistent achievement gaps in CAASPP and GPA data for unduplicated students—especially English Learners and Socioeconomically Disadvantaged students—continue to demonstrate the need for differentiated instructional materials to support diverse learners. Scope: Schoolwide		
2.9	Action: Late Start Wednesdays - Personnel Need: Despite improvement, CAASPP Math scores for English Learners (146.8 points below standard) and African American students (107.1 points below standard) remain low. Collaboration time is essential for teachers to align instruction and accelerate progress. Scope: LEA-wide	All schools follow a coordinated schedule that allows for weekly professional learning communities (PLCs). School sites use this time for teachers to analyze data, plan interventions, and align instruction. This systemic approach ensures that best practices are shared and implemented consistently across the district.	CAASPP Scores (2.4, 2.5)
2.10	Action: Revise District Common Assessments - Personnel Need:	Common assessments are used across all schools to ensure consistency in measuring student progress.	CAASPP Scores (2.4, 2.5)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Despite improvement, CAASPP Math scores for English Learners (146.8 points below standard) and African American students (107.1 points below standard) remain low. Collaboration time is essential for teachers to align instruction and accelerate progress. Scope: LEA-wide	Revising these assessments ensures they are culturally responsive and aligned to standards, particularly benefiting ELs and students with learning gaps.	
2.11	Action: Data Management System Need: The district's 2024–25 data shows persistent gaps in graduation rates (e.g., Foster Youth at 63.6%, Homeless students at 79.3%) compared to the district average of 93.3%. A centralized data system is needed to monitor interventions and outcomes for unduplicated students. Scope: LEA-wide	A centralized system allows for consistent tracking of student performance across all sites. Teachers and administrators use this data to identify trends, monitor interventions, and adjust instruction, ensuring that unduplicated students receive targeted support.	Graduation Rate Data (1.4, 1.5) Cumulative GPA over (2.16)
2.12	Action: Director of Curriculum and Instruction - Personnel Need: CAASPP and A–G completion data show that unduplicated students continue to lag behind. A dedicated leader is needed to coordinate curriculum and instructional strategies that address these gaps and others.	This role supports curriculum alignment and instructional quality across all schools. Salary and Benefits. The director ensures that programs meet the needs of all learners, with a focus on closing gaps for unduplicated students through coaching, curriculum review, and professional development.	Graduation Rate Data (1.4, 1.5) CAASPP Scores (2.4, 2.5)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: Schoolwide		
2.13	Action: Assistant Superintendent of Educational Services - Personnel Need: The district's 2024–25 performance data continues to reflect systemic disparities in academic achievement and college readiness. Leadership is needed to ensure district-wide alignment and accountability for equity-focused outcomes. Scope: LEA-wide	This leadership role oversees district-wide instructional initiatives and ensures alignment with LCAP goals and meeting the needs of Students with Additional Needs (SWANs). (20% of Salary and benefits.) The assistant superintendent ensures that resources and supports are equitably distributed and that all schools are held accountable for serving unduplicated students effectively.	Graduation Rate Data (1.4, 1.5) CAASPP Scores (2.4, 2.5)
2.14	Action: Anti-Plagiarism Software Need: As more students engage in college-level coursework, tools like Turnitin support academic integrity and skill development, particularly for English Learners and first-generation college-bound students. Scope: LEA-wide	All teachers have access to this tool to uphold academic integrity. It supports ELs and other students in learning proper citation and research skills, which are essential for college readiness.	CAASPP Scores (2.4)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.18	Action: AP Programs Need: AP pass rates improved overall to 74.2% in 2024–25, but gaps remain: African American students (66.34%), Socioeconomically Disadvantaged students (72.53%), and English Learners (41.67%) trail the highest-performing groups. Continued support is needed to close these gaps. Scope: Schoolwide	AP support is embedded into the school day and offered to all students, with targeted outreach to underrepresented groups. These programs help close opportunity gaps by preparing ELs, FY, and LI students for college-level coursework.	AP Unduplicated Enrollment (2.15)
2.19	Action: Increase College Readiness and Interest - Personnel Need: A–G completion rates improved to 47.2%, though English Learners (23.1%) and Foster Youth (8.3%) remain significantly below the district average. Dedicated staff are needed to guide these students through the college preparation process. Scope: Schoolwide	Push curriculum instructors are placed at each comprehensive high school to support students in becoming college-ready. These staff members provide direct instruction and mentoring to students who may be the first in their families to attend college.	UC/CSU A-G met requirements (2.6) CTE Course Completion (2.7) AP Exams (2.11) College Career Indicator (2.14)
2.20	Action: Increase College Readiness and Interest Need:	Supplies support the push curriculum and are used in classrooms serving high-need students.	UC/CSU A-G met requirements (2.6)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Targeted instructional materials are needed to support “Push” curriculum classes, which serve students with historically low college readiness rates, including English Learners and Socioeconomically Disadvantaged students. Scope: Schoolwide	Materials include college planning guides, test prep resources, and culturally relevant content to engage students in post-secondary planning.	
2.21	Action: Targeted Assistance Counselors - Personnel Need: Graduation rates for Homeless students (79.3%) and Students with Disabilities (80.9%) remain below the district average (93.3%). Counselors are essential to provide academic and social-emotional support. Scope: Schoolwide	These counselors are embedded at each comprehensive high school to support unduplicated students. They provide academic advising, social-emotional support, and college/career guidance tailored to the needs of ELs, FY, and LI students.	Attendance Data (1.2, 1.3) Behavior Data (1.6, 1.7) UC/CSU A-G met requirements (2.6)
2.22	Action: Psychologists - Personnel Need: The California Healthy Kids Survey shows 52% of 9th graders and 50% of 11th graders report feeling connected to school. Psychologists are critical to addressing mental health needs that impact learning. Unduplicated students reported the following: English Learners — Grade 9: 56%, Grade 11: 38%; Foster/Homeless — Grade 9: 44%,	Psychologists are assigned across the district to ensure equitable access to mental health services. Salary and Benefits. They support students with trauma, anxiety, and other barriers to learning, which disproportionately affect unduplicated students.	Survey (1.8)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Grade 11: 41%; Socioeconomically Disadvantaged — Grade 9: 50%, Grade 11: 45%. Scope: LEA-wide		
2.23	Action: Mental Health Counseling Support Need: Mental health concerns remain high, with 43% of juniors and 38% of freshmen reporting chronic sadness. Interns expand access to support services, particularly for high-need student groups. Unduplicated students reported the following: English Learners: 30%; Foster/Homeless: 40% (combined); Socioeconomically Disadvantaged: 41%. Scope: LEA-wide	Interns are placed at both comprehensive and alternative sites to expand access to services. They provide individual and group counseling, helping students manage stress and stay engaged in school.	Survey (1.8)
2.34	Action: Instructional Coaches - Personnel Need: CAASPP results for 2024–25 show that English Learners scored 57.5 points below standard in ELA and 146.8 points below standard in Math, while Socioeconomically Disadvantaged students scored 10.7 points below standard in ELA and 112.2 points below standard in Math, indicating a continued need	Instructional Coaches play a critical role in being a conduit of research-based strategy implementation at school sites. They regularly meet with both district office administrators and outside service agencies who are leaders in increasing academic achievement and student performance.	CAASPP Scores (2.4)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	for targeted instructional support and professional learning. Scope: Schoolwide		
2.37	Action: College & Career Center Technicians - Personnel Need: A–G completion and CCI data show that unduplicated students remain underrepresented in college readiness metrics. Technicians help bridge this gap through targeted support and guidance. Scope: Schoolwide	Technicians are placed at each comprehensive high school to support post-secondary planning. They assist students with applications, financial aid, and career exploration, with a focus on unduplicated students.	UC/CSU A-G met requirements (2.6)
3.1	Action: Bi-Lingual Parent Liaisons - Personnel Need: Only 37% of EL parents felt they had a say in district decisions in 2025–26 Spring Survey. Liaisons are vital for improving communication and engagement with non-English-speaking families. Scope: Schoolwide	Liaisons are assigned to schools with high EL populations to support family engagement. Salary and Benefits. They help families navigate school systems, attend meetings, and access resources, improving outcomes for EL students.	Survey (1.8, 3.2,)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.2	Action: Parent Trainings and Workshops Need: NEED 79% of parents reported familiarity with A–G requirements in 2025–26 Spring Survey. Workshops help families support their students’ academic and college readiness goals. (survey options changed from x to Very familiar, somewhat familiar, not familiar) Scope: Schoolwide	Workshops are offered at all schools and tailored to the needs of each community. Topics include college planning, technology use, and school culture, empowering families to support student success.	Survey (1.8, 3.1, 3.3, 3.5)
3.3	Action: Community Outreach Need: Parent survey participation increased 2.8% to 9.66% in 2025–26 Spring Survey. Outreach to re-engage families will support greater participation, especially those of unduplicated students, in school decision-making and support systems. Scope: Schoolwide	Outreach efforts are coordinated across schools to build partnerships and gather feedback. Engaging community organizations helps schools better serve unduplicated students through shared resources and support.	Survey (1.8, 3.1, 3.2, 3.3, 3.4, 3.6)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.5	Action: Field Trips Need: English Learners, Long-Term English Learners, Foster Youth, Low Income Scope: Limited to Unduplicated Student Group(s)	Field trips support LUHSD unduplicated student group(s) success by providing experiential learning opportunities that enhance classroom concepts, making lessons more engaging and memorable. They expose students to real-world applications of their studies, fostering critical thinking and problem-solving skills. Additionally, field trips can inspire students by connecting them with professionals and potential career paths, broadening their future aspirations.	Survey (1.8) Graduation Rate Data (1.4, 1.5)
2.25	Action: Translation Support - Personnel Need: English Learners Scope:	Translation services support LUHSD unduplicated student group(s) families and students by ensuring clear communication between non-English-speaking families and school staff, fostering a more inclusive and supportive educational environment. They help families stay informed about their children's academic progress, school events, and important announcements, enabling better participation in the school community. Additionally, translation services assist students in understanding assignments and instructions, reducing language barriers and enhancing their overall academic success.	Survey (1.8, 3.1, 3.2, 3.3, 3.4, 3.6)
2.35	Action: After School Tutoring for High-Needs Students - Personnel Need: English Learners, Foster Youth, Low Income Scope:	After school tutoring for high-needs unduplicated student group(s) supports academic success by providing personalized instruction and additional practice, helping them to better understand and retain challenging material. It offers a structured and focused learning environment where students can address specific academic weaknesses and receive immediate feedback. Additionally, this	Graduation Rate Data (1.4, 1.5) UC/CSU A-G met requirements (2.6) Cumulative GPA over (2.16)

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Limited to Unduplicated Student Group(s)	extra support fosters confidence and motivation, encouraging students to engage more actively in their regular classes and improve their overall academic performance.	
2.36	Action: Bilingual Paraprofessional - Personnel Need: English Learners Scope: Limited to Unduplicated Student Group(s)	Bilingual paraprofessionals support LUHSD unduplicated student group(s) ' academic success by bridging language gaps, ensuring that English learners fully understand the curriculum and classroom instructions. They provide targeted assistance during lessons, helping students grasp complex concepts and complete assignments effectively. Additionally, bilingual paraprofessionals facilitate better communication between students, teachers, and families, creating a more inclusive and supportive educational environment.	EL Reclassification Rate (2.10)

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

The Liberty Union High School District is required to increase or improve services for English Learners, Foster Youth, and Low Income Students by 8.35%. This increased percentage is met by actions and services included in our Local Control Accountability Plan. The following actions described below are increased or improved and meet and/or exceed the totality of the required percentage of increase as compared to services for all students.

Actions in the Local Control Accountability Plan:

Goal 2, Actions 5, 15, 25, 35, 36: Addressing academic achievement for foster youth, English Learners, and low-income students.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

N/A

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

2026-27 Total Planned Expenditures Table

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
