

## School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.  
An IPM plan is required if a school district uses pesticides<sup>1</sup>

### Contacts

Foresthill Union School District                      24750 Main St. Foresthill Ca.

School District Name	Address	
Jacob Dann	530-906-6582	jdann@fUSD.org
District IPM Coordinator	IPM Coordinator's Phone Number	Email Address

### IPM statement

It is the goal of Foresthill Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

Identify and mitigate all pest infestations and to perform long term pest prevention by following all guidelines set forth in the California Healthy Schools Act of 2000 with the use of a PCP( Pest Control Professional) who will use chemical and non chemical management and IPM (Integrated Pest Management) team who will use non chemical management unless deemed an emergency circumstance.

### IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Camille Taylor	Superintendent/ IPM Decision Purposes
Karl Johnson	Maintenance Lead/ Applying Pesticides
Bree Packard	School Secretary (FES)/ Notification Purposes
Cathy Mignone	School Secretary (FDS)/ Notification Purposes

### Pest management contracting

- Pest management services are contracted to a licensed pest control business.  
Pest Control Business name(s): Clark Pest Control
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

### Pest identification, monitoring and inspection

Pest Identification is done by: Clark Pest Control / Licensed pest control company  
*(Example: College/University staff, Pest Control Business, etc.)*

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by Maintenance and Custodial and results are communicated to the IPM Coordinator.

*(Example: District staff title, e.g. Maintenance staff)*

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

*(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)*  
Monitoring for pests is completed by Maintenance and Custodial staff on a continuing basis, all information pertaining to any and all pests is relayed to the IPM coordinator. If mitigation can be completed with non chemical practices the IPM team completes those tasks. If mitigation can not be completed at the IPM team level the PCP on contract is notified and dispatched to deal with said pest(s) at time of event in addition to the PCP's monthly California Healthy Schools Act of 2000 compliant mitigation processes.

**Pests and non-chemical management practices**

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Termites	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Pest Control Professional
Yellow Jackets	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Pest Control Professional
Mice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Pest Control Professional
Misc. Spiders	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Pest Control Professional
Wasps	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Pest Control Professional
Ants	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Pest Control Professional

**Chemical pest management practices**

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

1. Essentria IC Pro-- Active Ingredient (Sodium Lauryl Sulfate, Geraniol, Clove Oil, Cornmint Oil)
2. Selontra rodenticide--Active Ingredient (Cholecalciferol)
3. Ortho Hornet and wasp killer--Active Ingredient (Diazinon, Pyrethrins)
4. Do it Best and Spider Killer--(Dimethylpropane/ carboxylic acid)
5. Raid Ant Baits III-- Active ingredient (Abamectin)
6. Turf Supreme-- Active Ingredient (Dichlorophenoxy)

**Healthy Schools Act**

- This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

**Training**

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

**Submittal of pesticide use reports**

- Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt<sup>1</sup> from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at [www.cdpr.ca.gov/schoolipm](http://www.cdpr.ca.gov/schoolipm). (Education Code Section 16711)

**Notification**

This school district has made this IPM plan publicly available by the following methods (check at least one):

- This IPM plan can be found online at the following web address: www.fusd.org
- This IPM plan is sent out to all parents, guardians and staff annually.

**Review**

- This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

Date of next review: 02/26/2027

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Signature:  Date: 02/24/2026

<sup>1</sup> These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
