What can we focus on for next year and how can we make improvements? The county is looking at what new adoptions need to happen. Curriculum is a tool. Our literacy scores are better than our math scores. 50 percent of our students should be able to read at grade level. We need to set goals for SPSA. The proposal must include more rigorous instruction. Right now the UCD Math consultant should be continued next year. Extend this to the primary grades. We may need to cut the conferences. GLAD many of our teachers have been trained. Use funds to provide more PLC release time (3 extra ½ days) for teachers to work on planning.
