## 2024-2025 School Accountability Report Card

### (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

Endeavour Middle School offers a rigorous and supportive learning environment for students in grades 6 through 8. The school is dedicated to fostering academic excellence while nurturing the social and emotional development of every student to ensure they are well-prepared for future success. Endeavour provides a diverse selection of elective courses that encourage students to explore their interests, develop individual strengths, and build essential life skills. The school also implements a daily 24-minute advisory period focused on Social-Emotional Learning (SEL), where students build self-awareness, strengthen relationships, and set goals that support both academic and personal growth.

Guided by the Single Plan for Student Achievement (SPSA), Endeavour Middle School focuses on four key goals: prioritizing

## 2025-26 School Description and Mission Statement

academic achievement, fostering strong family and community engagement, maintaining safe and respectful learning environments, and ensuring equity and access for all students. Progress toward these goals is measured through multiple indicators, including student performance data, Youth Truth surveys, Capturing Kids' Hearts (CKH) feedback, and input from families and community partners. These indicators are reviewed and monitored regularly throughout the year to guide decision-making, track growth, and ensure continuous improvement.

Endeavour's school wide programs, Restorative Practices, Capturing Kids' Hearts (CKH), Positive Behavioral Interventions and Supports (PBIS), and Teacher Clarity, work collectively to create a positive, inclusive, and engaging school culture. The school's push-in instructional model, enrichment opportunities, and interest-based electives reflect its dedication to personalized learning and holistic development. Our school motto, Empowering All Students to Strive for Excellence, embodies Endeavour's commitment to providing every student with the tools, relationships, and opportunities needed to reach their fullest potential.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks were selected from the most recent list of standards-based materials adopted by the California State Board of Education and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE. Textbooks are chosen after careful review and piloting by teachers and then are approved by the Board of Trustees. There are textbooks/instructional materials for each student in each subject. All adopted textbooks and/or replacement textbooks are in fair to new condition

## School Facility Conditions and Planned Improvements

### General

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the Los Angeles County Office of Education. The results of this survey are available at the school office or at the district office.

### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The facilities department works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Deferred Maintenance Budget

Although the State no longer requires a Deferred Maintenance contribution, Lancaster School District is still dedicated to maintaining the facilities for our students. These expenditures would include but not be limited to roofing, plumbing, heating, air conditioning, electrical, painting, and flooring. For the 2024-25 school year, the district has budgeted \$2,683,000. for deferred maintenance projects.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	6	6	13	14	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	96.15%	96.15%	96.92%	97.31%	97.31%

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Endeavour Middle School values strong partnerships between families, the community, and school staff, believing that collaboration is essential to student success. Parents and guardians are encouraged to participate through a variety of organized opportunities, including the Booster Club, School Site Council, English Learner Advisory Committee (ELAC), African American Action Council, PBIS Committee, Coffee with the Principal, Family Nights, and Open House. Additional involvement opportunities include volunteering at school events, attending band concerts and art shows, and joining our Parent Cohort with Family Ambassadors.

## Professional Development

The Lancaster School District provides professional development throughout the school year that trains and supports staff in the effective implementation of our adopted core and cornerstone programs including, but not limited to: Teacher Clarity, PLC+, Standards-Based Grading and Reporting, Structured Literacy, Data Analysis, Leadership Training, Writing Instruction, Coaching, Direct Instruction, Conceptual Development, Building Academic Vocabulary, Culturally Responsive Teaching and Learning (including Capturing Kids Hearts), Integrating Technology into the Classroom, PBIS, Intervention, and Differentiation in Strategies for teaching Multilingual Learners and at-risk students. High-quality, ongoing professional development opportunities are recognized as an important component in our work towards continuous improvement in student learning.

Ongoing opportunities include in-services during and after the work day as well as through site and district in-class and on-site coaching. All teachers are provided multiple opportunities to receive optional paid professional development. The school year calendar allows for 37 minimum days in which 26 days are utilized to provide 1-2 hours of district and site designed professional development specific to their needs. Outside workshops, conferences and other in-services that provide more in-depth training and further prepare our staff members to become trainers for our district are available as approved by the Board of Trustees.

Professional development supporting our instructional programs and services for students is also provided for our classified staff members. Additionally, workshops designed to improve technology skills, provide training with key software programs utilized in the district, and offer information on personal excellence and social responsibility are included in the professional development course offerings for classified staff throughout the school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
