## **Round Elementary Annual Report Cover Letter**

December 10, 2024

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-2024 educational progress for Hartland Round Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact principal, Dorothy Hottum for assistance.

The AER is available for you to review electronically by visiting the following link:

[https://www.mischooldata.org/annual-education-report-1?Common\\_Locations=1-S,7957,1210,94](https://www.mischooldata.org/annual-education-report-1?Common_Locations=1-S,7957,1210,94)

or you may review a copy in the main office at your child's school.

For the 2024-2025 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-2024. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2023-2024. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2023-2024. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not given a label.

Round Elementary is home to kindergarten through fourth grade and has an enrollment of 464 students for the 2024-2025 school year. The culture at Round Elementary is one of collaboration and teamwork. Since instituting Professional Learning Communities (PLC) and Intervention initiatives (Multi-Tiered System of Support, MTSS), the school improvement process has become more effective and collaborative. Teachers work together for the success of all Round Elementary

students. Collection of data, intervention methods (Intervention Blocks, Reading Recovery and the Instructional Consultation Team (ICT)) and increased communication have increased the effectiveness of the Round Elementary School Improvement process. Increased collaboration among our staff is integral to the success of the school improvement process.

**Reading Goal:** All students at Round Elementary School will be proficient readers.  
**Strategy:** The Round Elementary staff will analyze all reading intervention systems at our disposal to find appropriate training, time, teaching techniques, and strategies to improve student and staff performance. We are working to make every facet of our intervention system the most effective possible in order to maximize student growth and proficiency: Analysis of reading data, ICT, PLC, Intervention Block, lab classrooms, Reader's and Writer's Workshop, Phonics, and technology integration.

**Writing Goal:** All students at Round Elementary School will be proficient writers.  
**Strategy:** The Round Elementary staff will analyze all writing intervention systems at our disposal to find appropriate training, time, teaching techniques, and strategies to improve student and staff performance. We are working to make every facet of our intervention system the most effective possible in order to maximize student growth and proficiency: Analysis of writing data, ICT, PLC, intervention block, lab classrooms, Reader's and Writer's Workshop, phonics and technology integration.

**Math Goal:** All students at Round Elementary School will be proficient mathematics.  
**Strategy:** The Round Elementary staff will analyze all math intervention systems at our disposal to find appropriate training, time, teaching techniques, and strategies to improve student and staff performance. We are working to make every facet of our intervention system the most effective possible in order to maximize student growth and proficiency: Analysis of math data, ICT, PLC, intervention block, lab classrooms, and technology integration.

Round has been implementing this school improvement plan for 5 years. We believe that increasing staff knowledge and expertise around the Literacy Essentials will improve our effectiveness in the coming years. We added college and career readiness to the 2021-2022 school improvement plan.

Below you will see the percentage of Round Elementary students that were proficient on the M-STEP compared to the state average in 2023 and 2024.

	State 2023	Round 2023	State 2024	Round 2024
3 <sup>rd</sup> grade English Language Arts:	41%	60%	39%	57%
3 <sup>rd</sup> grade Mathematics:	43%	69%	56%	71%
4 <sup>th</sup> grade English Language Arts:	44%	60%	43%	67%
4 <sup>th</sup> grade Mathematics:	39%	60%	49%	68%

The State of Michigan core standards and benchmarks can be found on the Hartland Consolidated Schools website. Specific questions about the core curriculum can be directed to the district curriculum director or building principal. Parent/Teacher conferences at Round Elementary have always been extremely well attended. During the 2023-2024 school year 98% of students were represented at parent teacher conferences.

Pupils are assigned to Round Elementary based on the attendance area in which they reside.

The biggest challenge for Round Elementary is the number of students experiencing Anxiety and Anti-Social behavior. We are fortunate to have an on-site Social Worker who is supporting our work to create an aligned Tier 1 Social Emotional Education program.

I would like to congratulate the staff, students and parents of the Round Elementary School family for their dedication to our school and the emphasis we give to student success. I encourage the Round School family to continue supporting our young people through their educational years.

Sincerely,

Dorothy E. Hottum  
Round Elementary Principal
