2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Herlong High School, a comprehensive high school, is part of the Fort Sage Unified School District, it is a rural school in southern Lassen County primarily serving the communities of Doyle and Herlong. Herlong is an isolated rural area. The major occupations are Sierra Army Depot and Federal Corrections Institution Herlong. HHS is within the service area of Lassen Community College, located 45 miles north in Susanville. With average class size under 20, and school-wide enrollment averaging 50, individualized student attention is a priority. Herlong High School is a school-wide Title 1 school which is able to offer educational assistance in many academic areas including English Language Arts and Math. Herlong High School strives to provide a quality education. Although the school has been through some major changes in facilities, personnel and student enrollment during the last 20 years, the staff and administration are continuously adjusting as necessary to continue meeting the community's diverse needs. Currently, the facilities include one major building a gymnasium and a CTE building. The main building contains eight standard classrooms, one science lab/classroom, one home-economics room/classroom, one ROP computer lab, the office. The small gymnasium has a weight room and locker rooms. 4 full-time teachers, along with a full-time secretary, a FTE counselor, Community School director, and custodian. The high school course offerings enable the students to meet the entrance requirements for the University of California and California State University systems. In addition to the core subject areas (English, mathematics, science and social science), students may choose from a variety of elective classes including Spanish, computer literacy, food studies, chemistry or physics (in alternating years), art and agriculture classes. A selection of college-level classes is also available through Edgenuity online classes. Herlong High School offers small classes. Students receive individualized attention. The smaller class size enables teachers to know students better, offer extra help, recognize learning problems and support special education needs.

The school has been implementing MTSS (Multi-Tiered System of Support) process that focuses on meeting the needs of all students to support them in becoming successful students and citizens who are able to positively contribute to society. The school is transitioning to providing instruction aligned with the State Standards and developing a Standard-Based grading system. New curriculum and resources have been purchased and staff training is ongoing. Herlong High School is also in the initial process of developing a PBIS (Positive Behavioral Interventions and Supports) and a Character Counts school program meaning students are taught appropriate behavior and appropriate behavior is supported in all areas of the school. The school is working with the Lassen County Office of Education for Differentiated Assistance to improve certain areas of weaknesses

and identifying the root issues to improve the climate and culture of the school to create a positive learning experience for all students. We have implemented social- emotional learning strategies and are focused on teaching the highly leveraged standards through quality Tier-1 Instruction that is engaging for all students to learn. District Mission Statement: We endeavor to help students become lifelong learners, gaining essential skills to graduate from high school and develop intellectual character for good citizenship. District Vision Statement: The relentless pursuit of anything that works in the life of a child.

All Students are supplied a chrome book as well as a set in each of the classrooms are always available. New technology was purchased such as promethean interactive displays so teachers and staff have access to cutting edge technology. The school will continue to operate the Adult School CTE program in 2024-25 in order to help meet the needs of the Herlong & Doyle Community.

Particular attention has been given to school safety Plan, it provides support to students and helps monitor extra curricular activities. Emergency drills are conducted as required by the California Education Code. Building safety codes comply with fire marshal codes and are reviewed periodically. The director of facilities conducts safety and maintenance reviews on the site annually. In addition, the district's risk-management consultant conducts an annual inspection. The most recent Facility Inspection Tool (FIT) allows us to have a continuous improvement plan of facilities.

All classrooms have brand new furniture and student learning centers that help improve a positive school climate.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each pupil in the District must have access to sufficient textbooks and instructional materials in reading/language arts, mathematics, science, and history-social science. Textbooks are aligned to content standards and consistent with the content and cycles of the curriculum framework adopted by the State Board of Education.

School Facility Conditions and Planned Improvements

Herlong High School is housed with Fort Sage Middle School. With regular maintenance and deferred maintenance projects, the buildings remain in fair condition. Herlong High School consists of 8 regular ed classrooms, 1 special ed classroom, 1 computer lab, 1 home economics room, 1 wood/metal shop, 1 auto shop, 1 gym, outdoor tennis courts, and 2 functional sports fields.

School Facility Conditions and Planned Improvements

Each classroom and office at Herlong High School has its own telephone and internet access (wired and wireless). The summer of 2024 all doors had card entry locks installed. Each student was provided their own Chromebook for 1:1 technology and 21st Century Skills acquisition. There are “sufficient” standards aligned instructional materials available for each student at all grade levels in all four core subject areas monitored. Instructional materials were available online and paper copies were available when needed.

One full time Head of Maintenance and two full-time custodians are responsible for continuous maintenance and repairs of all sites in the District.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 Career Technical Education Programs

Fort Sage Unified School District offers a Career Technical Education Program in Agriscience at Herlong High School. During 2018/19 the following sequenced/articulated classes were offered; CTE Physical Science, CTE Biology, CTE Advanced Biology, CTE Economics/Government. Each of these classes follow the agriculture CTE curriculum as well as state science or social studies standards. Additional CTE classes were offered including Auto Shop, Welding, and Consumer and Family Science.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent involvement is always welcomed and encouraged. Parents are welcome in classrooms with prior arrangements to assist as well as on field trips and other class activities. Parent/ Teacher conferences are held on an as needed basis. Herlong High School has a Site Council/Parent Advisory Group which meets every other Month, through which parents are asked to contribute ideas and/or concerns. There are additional opportunities for parent volunteers at school sports events, fund raisers, and Booster's clubs. The FFA hosts and annual banquet which parents attend and the school has an honor roll/perfect

2025-26 School Safety Plan

All children, teachers, and administrators have the right to feel safe in their classrooms and at school. The purpose of school is for children to learn—a task that can become difficult when students or faculty fear for their own safety or experience disruption in the classroom setting. Teachers are responsible to help their students learn and grow, but they also must handle classroom disruptions and ensure safety for all if an incident does occur. Every school in the Fort Sage Unified School District takes necessary precautions to ensure the safety of students, staff, and visitors. Staff and Administration are present at all breaks, lunch time, and extra-curricular activities to prevent safety problems from starting and to handle any issues that may occur. Security cameras have been installed in each of the classrooms with audio capabilities if the teacher opted in for audio and there are cameras in each of the hallways and in the gym at various locations to help with safety and security issues. The school is also in contract under an MOU with Lassen County Sheriff Office for on-site school resource officers who come at intermittent times throughout the week.

Long before students even set foot on campus work begins on planning for a healthy, safe, and supportive learning environment. The School Safety Plan is currently under development in conjunction with recommendations from key agencies in the county. All staff members will be trained during in-service days in how to implement the School Safety Plan once it is finalized. Additionally, the district maintains a contract with Keenan and Associates to provide to staff updated, mandatory online training on various aspects of a safe school. All teaching and office staff are certified in CPR and First Aid. Copies of crisis and emergency procedures are kept in each classroom.

The student handbook is sent home the first day of school. The handbook includes behavior expectations and rules of conduct as well as the consequences for breaking said rules. The school district recently implemented a behavior matrix plan approved by the school board to support teachers in the classroom when minor behavioral disturbances occur. This is a three-tiered matrix system which clearly defines who is to address which behavior and how it is to be addressed based on number of occurrences.

New safety drills to prepare for emergencies which may include evacuation of the facility, fire, intruder, safety lock-down, and earthquake, will be rehearsed on a monthly basis once the safety plan is finalized. Staff and student responses and effectiveness of the drills will be reviewed with the appropriate agencies and school personnel. Updates will then be made to the Safety Plan as needed. We are working in conjunction with the school resource officers to be proactively prepared in the event of an incident.

The Head of Maintenance is responsible for on-going safety inspections and monitoring of facility systems. The Northern California Schools Insurance Group conducts an inspection every other year of all buildings and sites in the district. Fire extinguishers, fire suppression systems, and burglary alarms system are serviced at least once a year by certified technicians. Additionally, the district contracts with a licensed pest control company to keep the facility free of insects and rodents.

Every school employee at Herlong High School is trained and prepared to take necessary precautions to ensure the safety of students, staff, and visitors. Students are supervised at all times to provide for student safety. All classrooms are equipped with phones. All visitors are required to check in at the office and a record is kept of any person who visits the campus.

The District has close relationships with Lassen County Sheriff's Department and Child Protective Services.

Professional Development

Fort Sage High School teachers actively participate in Professional Development. The staff participates in Professional Learning Communities two times per month on scheduled early release days for the previous two school years. In 2021 the district implemented weekly teacher collaborative teams to focus on quality Tier-1 instruction and the highly leveraged standards. The focus is on increasing student achievement. Staff frequently visit other schools and attend conferences to stay up-to-date on current instructional practices. Staff other training opportunities and workshops as available. Trainers and speakers are brought in to present strategies on topics such as Common Core, current curriculum updates, assessments, and interpreting data. This summer teachers attended summer academies which focused on unpacking and stacking the highly leveraged standards and building quality Tier-1 lesson plans. The academies also trained teachers in social emotional learning, trauma informed decision making, social awareness, and brain-based neuroscience evidence-based activities to embed core content for improved student achievement.

Fort Sage Unified School District began with the MAP assessment program. This program assesses each student's progress 3 times annually. The information can be used to guide instruction by identifying efficiency, strengths, and weaknesses.

The Superintendent/Principal performs on-going classroom observations. Also, an annual formal observation followed by a meeting in which written documentation is provided for each teacher by the Superintendent/Principal.
