E-SCOOTER
SAFETY
REMINDER

We have noticed some students riding electric scooters to school and want to share an important safety reminder with families. Under California law, motorized/electric scooter riders must have a valid driver's license or instruction permit, which means our middle school-aged students cannot legally ride these scooters to school. Motorized scooters are also not permitted to be ridden on sidewalks. Please help us keep our students safe by ensuring they use an age-appropriate and legal form of transportation to and from school. We appreciate your partnership in keeping our Huskies safe!

Мы заметили, что некоторые ученики приезжают в школу на электрических самокатах, и хотим напомнить семьям о важности безопасности. Согласно законодательству Калифорнии, для управления моторизованным/электрическим самокатом необходимо иметь действующие водительские права или ученическое разрешение на вождение. Это означает, что наши ученики среднего школьного возраста не могут законно ездить на таких самокатах в школу. Также на моторизованных самокатах запрещено ездить по тротуарам. Пожалуйста, помогите нам обеспечить безопасность наших учеников, убедившись, что они используют подходящий для их возраста и разрешённый законом вид транспорта по дороге в школу и домой. Мы благодарим вас за сотрудничество и помощь в обеспечении безопасности наших Husky!
