Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation
Ants	V		V	~	~	~	
Mice	~		~	~		~	
Wasps			~	~	V		
Roaches			~	~		V	
Rats			V	~		~	

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

in a manner that minimizes risks to people, property and the environment.								
This child care center expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):								
See districts list of possible pesticides to be used.								
Healthy Schools Act This child care center complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools								
Act.(Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)								
Training Every year child care center employees who make pesticide applications receive the following training prior to pesticide Pesticide specific safety training (Title 3 California Code of Regulations 6724) School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultur Code Section 13186.5).								
Submittal of pesticide use reports Reports of all pesticides applied by child care center staff during the calendar year, except pesticides exempt ¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm . (Education Code Section 16711)								
Notification This child care center has made this IPM plan publicly available by the following methods (check at least tehamaschools.org This IPM plan can be found online at the following web address: This IPM plan is sent out to all parents, guardians and staff annually.								
Review This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct. Date of next review: August 2026								
Lacknowledge that I have reviewed this school district's IPM Plan and it is true and correct								

Date: 8/7/25

¹ These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
