School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Ridgepoint TK-8	34765056105985	May 22, 2026	

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Ridgepoint TK-8 for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Ridgepoint TK-8 for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The 2026-27 SPSA describes three broad interrelated goals: increase academic achievement, improve culture and climate, and increase parent involvement. The key actions and strategies within these goals include:

Increase Academic Achievement

- Funding a 1.0 FTE Student Support Teacher to provide academic intervention and Student Support Plan case management (Title I)
- Funding PLC afterschool release time (Title I)
- Funding supplemental educational software to supplement the applications in the TRUSD Apps portal and equip teachers with tools for differentiated learning (Title I)
- Funding retired teacher interventions (Title 1)

-Funding after school tutoring and clubs (Title 1)

Culture and Climate

Funding materials and supplies for academic intervention (Title I)

Funding Assemblies involving SEL (Title 1)

Parent Involvement

- Funding materials/supplies and communication systems to increase parent involvement (Title I Parent Involvement)

Educational Partner Involvement

How, when, and with whom did Ridgepoint TK-8 consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

This year, families, students, and staff members participated in the Thought Exchange survey, Kelvin screeners, and in various educational partner meetings to conduct a comprehensive needs assessment. The results of the surveys and educational partner input were collected and analyzed during the following meetings:

Staff meetings

Every other Wednesday staff meetings

Instructional Leadership Team meetings (ILT)

10-7-25, 11-4-25, 12-2-25, 2-3-26, 3-3-26, 4-14-26, 5-5-26

English Learner Advisory Committee meetings (ELAC)

9-10-25, 10-22-25, 12-10-25, 2-18-26, 4-15-26

School Site Council meetings (SSC)

9-24-25, 10-8-25, 11-19-25, 1-28-26, 3-18-26, 5-20-26

In this school plan every effort has been made to address the most frequent, common suggestions requested by the participants. The feedback given at SSC meetings, ILT meetings, ELAC meetings, and staff meetings allowed us to identify needs of our program and areas of strength. It is evident that our students will benefit from continued focus on

academic and socio-emotional supports for students. This data analysis and feedback informed the development of the 2026-2027 SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

According to California School Dashboard, Ridgepoint has never been higher! Ridgepoint only has a red category status in chronic absenteeism and no category orange.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Ridgepoint is rated in the "green" in both math and Language Arts areas. This is huge progress for us but students with disabilities are red in ELA and homeless is orange. For math students with disabilities is orange.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

These ratings show we need to focus on our students with disabilities. We see similar trends in district benchmark data. We also see that we are making some progress compared to last year but we are not making as much progress as we want.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Ridgepoint TK-8. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	23-24	24-25	25-26	23-24	24-25	25-26
American Indian	0.75%	0.92%	0.64%	5	6	4
African American	12.29%	11.85%	9.11%	82	77	57
Asian	9.60%	9.85%	10.22%	64	64	64
Filipino	1.65%	1.38%	0.96%	11	9	6
Hispanic/Latino	35.08%	35.85%	36.90%	234	233	231
Pacific Islander	1.35%	1.38%	2.08%	9	9	13
White	27.14%	28.00%	29.71%	181	182	186
Multiple/No Response	9.90%	8.46%	7.67%	66	55	48
Total Enrollment				667	650	626

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	23-24	24-25	25-26
Transitional Kindergarten		24	20
Kindergarten	58	66	55
Grade 1	73	61	75
Grade 2	70	72	65
Grade 3	82	77	64
Grade 4	69	78	74
Grade 5	82	70	72
Grade 6	86	77	70
Grade 7	62	68	67
Grade 8	61	57	64
Total Enrollment	667	650	626

Conclusions based on this data:

1. Student enrollment has remained relatively consistent on CBEDS day, but it has gradually increased in the spring. We did have a slight decrease (about 17 less) in students as a school.

2. Most subgroups remain consistent with small increases or decreases in enrollment. The biggest change we had was 11 less two or races.
3. Enrollment across TK-6 grades varies within 10 students, and middle school grades remain consistent over a three year span. TK has been added and helps our enrollment numbers.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	23-24	24-25	25-26	23-24	24-25	25-26
English Learners	194	187		26.4%	29.1%	
Fluent English Proficient (FEP)	95	90		11.6%	14.2%	
Reclassified Fluent English Proficient (RFEP)	75	26		8.60%	11.20%	

Conclusions based on this data:

1. The overall EL student subgroup population increased dramatically compared to the last few years but has now declined during the 24-25 school year.
2. The FEP student subgroup has also decreased compared to last year but only by 5.
3. Almost 30% of the students at Ridgepoint are EL learners. This looks like it's going to stay steady around this number.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. Student performance varies among grade levels when comparing percentages of students meeting or exceeding standards, and percentages of standards not met. The highest performing grade levels are the 2024-2025 7th and 4th graders. 7th grade has over 57% of the students proficient. The lowest performing grade levels in 2024-2025 were the 3rd graders being a 47% proficient. The Ridgepoint grade levels are very consistent at each grade level being between 47% and 57% proficient.
2. Overall, the focus in ELA instruction needs to be writing. Writing was our highest percentage of students not meeting standards (27%). This is the focus at Ridgepoint during the 25-26 school year.
3. Overall, the focus in ELA instruction needs to be reading. Reading was our second highest percentage of students not meeting standards (21%). This area has been making progress.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. Student performance varies among grade levels when comparing percentages of students meeting or exceeding standards, and percentages of standards not met. The highest performing grade levels are the 2024-2025 5th and 3rd graders. The lowest performing grade levels are the 2024-2025 7th and 8th graders. The 7th grade has been the lowest performing grade level for the past few years. The biggest need will be to focus on the 25-26 7th and 8th grade.
2. Overall, the focus in Math instruction needs to be concepts and procedures and problem solving. Both were in the 32% below standard.

3. Overall, our least below standard category was communicating reasoning at only 22.79% below standard.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC) web page) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. Writing and Reading domains are the lowest percentage of students well developed. Reading and writing increased compared to the year. Ridgepoint needs to focus on these domains with our ELD students.
2. Focus on 4th-8th grade in the listening domain.
3. All grade levels indicate the largest percentage of students in the somewhat/moderate range in every domain.

School and Student Performance Data

Student Population

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2024-25 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
650	86.9%	28.8%	0.5%
Total Number of Students enrolled in Ridgepoint TK-8.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2024-25 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	187	28.8%
Foster Youth	3	0.5%
Homeless	16	2.5%
Socioeconomically Disadvantaged	565	86.9%
Students with Disabilities	59	9.1%

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	77	11.8%
American Indian	6	0.9%
Asian	64	9.8%
Filipino	9	1.4%
Hispanic	233	35.8%
Two or More Races	55	8.5%
Pacific Islander	9	1.4%
White	182	28%

Conclusions based on this data:

1. Ridgepoint significant subgroups with 25% or higher are EL students (28.8%) and SED students (86.9%).

2. Significant subgroups for Race/Ethnicity with over 25% or higher are Hispanic (35.8%) and White (28.0%).
3. Enrollment declined for the first time in four years at Ridgepoint.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2025 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Green	Chronic Absenteeism  Red	Suspension Rate  Yellow
Mathematics  Green		
English Learner Progress  Yellow		

Conclusions based on this data:

1. SBAC ELA and Math performance both indicate green. Test scores have continued to be close to yellow but skipped over yellow and went to green this year.
2. English Learner progress has improved to yellow. Ridgepoint will continue the services we have been doing with EL students.

3. The CA dashboard indicates Chronic Absenteeism has dropped to red. Suspension Rates have improved to yellow. 21-22 suspensions were very high but huge progress has been made over the years.

Conclusions based on this data:

1. Overall, All Students performance level were slightly above standard (4.2 points). This is a huge increase compared to last year as Ridgepoint skipped the yellow category and went to green.
2. One of the five student subgroups decreased compared to last year (Homeless students). All other groups had increases with long term English students having the biggest increase (39 points).
3. Only one students with disabilities and homeless are two or more categories behind the school rating of green.

This section provides a view of how well students are meeting grade-level standards on the Science assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

Conclusions based on this data:

1. Science is in the blue category at Ridgepoint with 57.8 points above standard.
2. English Learners are the only subgroup not in the green or blue. They are in the yellow category.
3. Hispanic and SED are the groups in the blue category at Ridgepoint School.

Conclusions based on this data:

1. Chronic absenteeism has declined significantly compared to the 21-22 school year.
2. Data shows a big increase in chronic absenteeism after the pandemic. Current numbers for the 24-25 school year show Ridgepoint is close in decreasing the amount of students who chronically miss school but unfortunately increased by .8%.
3. Asian and two or more races had the biggest decline compared to last year but African American, homeless, and students with disabilities had huge increases with being chronic. This is an area that Ridgepoint will need to focus on for next year.

Conclusions based on this data:

1. Tier 1 PBIS became a huge focus in the 24-25 school year. Overall Ridgepoint declined our suspension rate by a huge amount this school year (-3.5%). Ridgepoint has actually declined the suspension rates for four consecutive years but this year was a big decline.
2. The African American student subgroup was the highest suspension rate with 10% suspended one day. This is actually down by 1% compared to last year. Tier 1 and tier 2 PBIS strategies will focus on school wide rules and expectations.
3. No subgroup/race increased compared to the 23-24 school year! Students with disabilities subgroup had the biggest decline in suspension at Ridgepoint with 10.2% decline.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

The CA Dashboard measures how well students are meeting grade-level standards in English Language Arts and Math based on 3rd – 8th grade student performance on the CAASPP.

The CA Dashboard indicates that one student subgroups are achieving at levels resulting in very low status for ELA and that is students with disabilities (93.9 points below standard). One student subgroups is achieving at levels resulting in low status for ELA achievement: Homeless (16.6 points below standard). Yellow or medium status for two subgroups in ELA: English Learners (19.1 points below standard) and African American students (52.1 points below standard) achieved at levels resulting in medium status. White subgroup (25.8 points above standard), Hispanic subgroup (2.8 points above standard), and Asian subgroup (6.3 points above standard) achieved at levels resulting in high (Green) status. Two or more races is at the highest status level of Blue with that group 24.3 points above standard. Ridgepoint overall status of achievement in ELA is above standard (Green) status (4.2 points above standard)!

The CA Dashboard indicates that no subgroups are achieving at very low (red) status for Mathematics: Students with disabilities (113 points below standard) are at the low status (Orange). Five subgroups are listed as medium (yellow): African American students (92.1 points below standard); English Learners (33.3 points below standard); and SED students (31.7 points below standard); Hispanic students (31.8 points below standard); Homeless students (36.2 points below standard) are achieving at medium status (Yellow). Three subgroups are achieving at above average in the green status: Two or more races (5.5 points below standard); Asian (7.5 points below standard); White (10.5 points above standard). Ridgepoint overall status of achievement in Math is above average status (Green)!

The CA Dashboard indicates EL students' progress toward English language proficiency using 6 English language Proficiency Indicators on the ELPAC. EL students at Ridgepoint show 53.4% of the EL students progressed at least one ELPI level. 0.8% of students maintained ELPI level 4 status. 37.4% maintained ELPI 1, 2, or 3. 8.4% decreased at least by one level. This data shows a trend of progression towards re-designation as Fluent English Proficient with over 54% of our EL students progressing by one level or maintaining in level 4. Targeted instruction is needed for the remaining 46% of our EL students.

This assessment data demonstrates the need for continued data analysis and data-driven instruction in PLC teams. It also speaks to the need for additional academic intervention and curricular supports in both math and ELA.

Local assessment data from the 2025-2026 school year indicate higher levels of achievement when compared to assessments from 2024-2025. This is encouraging and this SPSA is designed to continue to increase the academic achievement levels of all students with standards-based instruction, intervention systems, and systems to increase collaborative PLC work.

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

District level data analysis has shown our math scores have continued to increase over the last few years. ELA has also shown increases except on district benchmarks but the cut points and tests have changed over the years. We reached above average status (green) in both ELA and Math in CAASPP testing. Huge success of 8% in ELA and 4% in Math when it comes to students being proficient on CAASPP.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major changes from the intended plan.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes as we are seeing huge growth academically at Ridgepoint except we will not be paying for after school tutoring or clubs from Title 1 funding anymore.

Improve Culture and Climate through Increased Student Engagement

Ridgepoint School will develop and sustain a safe, welcoming, effective learning environment by focusing on three interrelated aspects of school culture and climate: attendance, school-wide behavior systems, and socio-emotional learning. By June of 2027, daily attendance average will increase to 95%+ and chronic attendance rate will decrease to 10%-. Suspensions will be 5% or below.

Goal 3 – Improve Culture and Climate through Increased Student Engagement

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

The CA Dashboard indicates the percentage of students who were suspended at least once in a given school year. During the 2024-2025 school year, 3.4% of students were suspended at least once resulting in yellow status schoolwide. According to the TRUSD Data Dashboard, Ridgepoint School's current chronic attendance rate is 35.45% and attendance rate is 91.19% as of April 9, 2026. Stakeholder groups agree this data demonstrates the need for continued implementation of MTSS practices (CHAMPS, PBIS, restorative practices) and additional counseling support to develop a positive school environment that entices students to attend school and supports students while they are here. Ridgepoint continued to improve these metrics each year until March of 2026 when we had a teacher strike. Pre strike all metrics were improving but after the strike we will not make our goal during the 25-26 school year on attendance and chronic rates. Suspension rates continue to drop each year and are at 1.76% as of April 9, 2026.

Annual Review

SPSA Year Reviewed: 2025-26

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

PBIS and attendance incentives have shown progress in all these categories. Pre March 2026 strike the attendance rates are up and Suspensions are down. Chronic attendance was slightly down compared to last year before March. Not yet to our goals but progress was being made.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

NA

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal 4

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Increase Parent Engagement

Ridgepoint School will develop and sustain a safe, welcoming, effective learning environment by providing strong home-school communication and a wide variety of engagement opportunities for families. By June of 2027, Ridgepoint Kelvin Screener favorable results will increase by 5% or more.

Goal 4 - Increase Parent Engagement

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

An essential goal at Ridgepoint is to have every parent connected to the school and with a good understanding of what we are teaching. Indicators such as the California Dashboard, the Thought Exchange survey, and the Kelvin screener show that more supports for our families and students are needed to increase attendance and reduce chronic absenteeism and suspensions.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Doug Emerson	Principal
Michaela Buschow	Other School Staff
Athena Comeau	Classroom Teacher
Cindy Michel	Classroom Teacher
Lisa Greene	Classroom Teacher
Candace Arnold	Parent or Community Member
Ilona Krarchuck	Parent or Community Member
Leteisha Arrigo	Parent or Community Member
May Caples	Parent or Community Member
Rebecca Talley	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/22/26.

Attested:

Principal, Doug Emerson on 5/22/26

SSC Chairperson, Cindy Michel on 5/22/26

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations (34 CFR)*, sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education’s “Using Evidence to Strengthen Education Investments” at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Updated by the California Department of Education, October 2023

BOARD POLICY (BP 5131.8)

Student Use of Cell Phones and Personal Electronic Devices (Grades TK–12)

Policy Statement

The Governing Board recognizes that personal electronic devices can support communication and safety, but may also disrupt learning, student engagement, mental health, and overall school climate when misused or excessively used during the school day.

In accordance with California law, the Board directs that student use of smartphones and personal electronic devices shall be limited during the school day in order to promote academic focus, student engagement, safety, and a distraction-free learning environment.

The Board establishes a “bell-to-bell” expectation that personal electronic devices remain off and away during the instructional day for students in grades TK–8, with more limited use permitted at the high school level as defined in administrative regulation.

For elementary students (TK–6), the Board strongly discourages bringing personal electronic devices to school. Personal electronic devices are brought to school at the student’s own risk.

The Superintendent or designee shall develop administrative regulations to ensure consistent implementation, including expectations for use, prohibited conduct, staff authority, consequences for misuse, and procedures for handling devices.

Applicability

This policy applies while students are:

- On school grounds
- During school hours
- At school-sponsored activities
- Under the supervision and control of district staff

Authority of School Staff

School staff may regulate student possession and use of personal electronic devices and may require a student to relinquish a device when used in violation of district policy or school rules.

Exceptions

Students shall not be prohibited from using a device when:

- Required for an emergency
- Authorized by staff for instructional purposes
- Required for a documented medical condition
- Required by an Individualized Education Program (IEP) or Section 504 Plan

Liability

Personal electronic devices are brought to school at the student's own risk. The district and school sites assume no responsibility for loss, theft, or damage except in cases of gross negligence.

ADMINISTRATIVE REGULATION (AR 5131.8)

Student Use of Cell Phones and Personal Electronic Devices (Grades TK–12)

1. Definitions

Personal electronic devices include, but are not limited to:

- Smartphones and cell phones
- Smartwatches with communication capability
- Earbuds and headphones
- Tablets or similar personal devices
- Recording devices (e.g., Meta glasses)

2. Standard: “Off and Away”

“Off and away” means:

- Device is powered off, on silent, or in “Do Not Disturb” mode
- Device is not visible or accessible to the student
- Device is stored in a backpack or designated location as directed by staff

3. Applicability

This regulation applies:

- On campus, including before school, passing periods, recess, and lunch
- During school-sponsored activities
- Under the supervision and control of district staff

4. Elementary and K–8 Expectations

Grades TK–6 (Elementary)

- Students may bring devices to school for safety purposes; however, the district strongly discourages bringing personal electronic devices to school.
- Devices must remain off and away for the entire school day (“bell-to-bell” or “gate-to-gate”), including:
 - Before school
 - Instructional time
 - Recess
 - Lunch
- No student use is permitted during the school day unless:
 - Explicitly authorized by staff for instructional purposes
 - Required by an IEP, Section 504 Plan, or documented medical need
- Earbuds, headphones, and smartwatches must also remain off and stored.

Grades 7–8 (Middle School)

- Devices must remain off and away for the entire school day (“bell-to-bell” or “gate-to-gate”), including:
 - Passing periods
 - Lunch
- Use is permitted only:
 - With staff authorization for instructional purposes
 - With administrative approval when appropriate
- Earbuds, headphones, and smartwatches must remain off and stored unless authorized.

5. Secondary Expectations (Grades 9–12)

- Devices must be off and away during instructional time.
- Use may be permitted:
 - Before school
 - Passing periods
 - During lunch
- Teachers may authorize use for instructional purposes when:
 - Clearly aligned to instructional objectives
 - Structured and time-bound
 - Actively monitored and supervised

6. Classroom Expectations

- Students shall place devices in designated storage systems or keep them off and away as directed by staff.
- Devices may only be used when:
 - Authorized by the teacher
 - Used for instructional purposes

7. Permitted Use / Exceptions

Students may use personal electronic devices only when:

- Explicitly authorized by school staff for instructional purposes
- Required for a documented IEP, Section 504 Plan, or medical need
- Approved by administration for an emergency or extenuating circumstance

The school office remains the primary point of contact for urgent communication between families and students.

8. Prohibited Conduct

Students shall not:

- Use devices in violation of “off and away” expectations
- Record, photograph, or audio capture individuals without consent
- Use wearable recording devices without authorization
- Use devices for academic dishonesty
- Engage in bullying, harassment, or inappropriate communication
- Use devices in restrooms, locker rooms, or private areas
- Access inappropriate content
- Disrupt the learning environment

9. Staff Authority and Response to Misuse

Staff may:

- Direct devices to be put away
- Redirect students to comply with expectations
- Require devices to be relinquished
- Confiscate devices for the remainder of the class period or school day
- Refer repeated misuse to administration

Schools may implement progressive responses to repeated misuse, including:

1. Device held by staff until end of class or end of day

2. Device transferred to the office until dismissal
3. Parent/guardian notification and required retrieval
4. Parent/student/device-use agreements
5. Documentation in Aeries or other district systems

All responses shall be:

- Consistent with district discipline policies
- Developmentally appropriate
- Focused on correcting behavior and maintaining a safe learning environment

10. Handling, Storage, and Care of Devices

When a device is taken from a student:

- Staff shall exercise reasonable care in handling the device
- The device may be held by staff or transferred to a secure and locked location
- Access shall be limited to authorized personnel
- Site administrators may establish procedures for:
 - Storage
 - Documentation
 - Logging devices in and out
 - Return of devices

Placing a confiscated device on top of or inside an unlocked desk or cabinet is not considered a properly secured location.

The district is not responsible for loss, theft, or damage except in cases of gross negligence.

11. Search of Devices

Personal electronic devices shall not be searched except in accordance with law and district policy.

12. Privacy and Safety

Students shall not use devices to violate the privacy, safety, or rights of others.

Students shall not:

- Record or photograph others without permission
- Use devices in restrooms, locker rooms, or other private areas
- Use devices in a manner that disrupts school operations or compromises safety

13. Emergency Procedures

- Students must follow all staff directions during emergencies.
- Personal devices may not be used unless directed by staff.
- Students may contact families through the office or with staff permission.
- Families should contact the school office for urgent communication.

14. Access and Equity

Schools shall ensure:

- Students have access to necessary instructional technology
- Alternatives are provided when personal devices are not available

15. Site Implementation

Schools may implement site-specific systems aligned with this regulation, including:

- Gate-to-gate restrictions
- Classroom phone storage systems
- Designated phone-free zones
- Office-based procedures
- Structured collection procedures
- Device-use agreements

16. Communication and Review

- This policy and regulation shall be communicated annually to students and families.
- The policy shall be included in student and parent handbooks.
- Schools may reinforce expectations throughout the school year.
- The district shall review and update this policy and regulation at least every five years in accordance with state law.
