1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

During the 2025–26 school year, Red Bluff Union Elementary School District utilized Proposition 28 funding to expand and enhance arts education across the district. We implemented a robust, multi-disciplinary arts program that served all Transitional Kindergarten through 5th grade students at each of our comprehensive elementary schools, as well as students enrolled in our alternative education programs. The program provided students with weekly instruction in visual arts, music, and dance, promoting creativity, engagement, and expression through standards-aligned instruction. In addition, our middle school students participated in a high-level music program that focused on performance, music theory, and instrumental proficiency. This program offered advanced opportunities for students to develop their talents and perform in both school and community events. Through the strategic use of Proposition 28 funds, we were able to provide equitable access to arts education and strengthen our commitment to a well-rounded, enriching educational experience for all students.
