The Lakeside Music Program is in need of a new trailer to safely transport the instruments and other necessary equipment to and from away games and other community performances. This includes band shows, contests, parades, and invitational opportunities around the state, such as Ohio State Skull Sessions and performances at Cedar Point. We also transport instruments and equipment when the Lakeside Wind Ensemble performs at OMEA Large Group Events, when the Lakeside Orchestra performs at various locations, and at other community events.

We are asking for sponsorships to assist in offsetting the cost of a new trailer and additional items for towing the trailer safely while letting everyone know our amazing Lakeside High School Dragon Marching Band and other ensembles are on its way!

Our current trailer is reaching its 25th anniversary and has served us well. We have reached a point where repairs would jeopardize the safety of towing the trailer and its many instruments and equipment. A new trailer will cost the Lakeside Music Boosters at least \$30,000, so we need your help!

Please consider one of several support options. Your name or the name of your business will receive prime real estate on our new trailer based on the level of support you choose. The Dragon Marching Band students greatly appreciate any support you might provide.
