TODD A. BROSE, SUPERINTENDENT

August 1, 2026

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)
Annual Student/Parent/Employee Notification

A full re-inspection of Red Bluff Joint Union High School District facilities was completed on February 21, 2013. Friable and Nonfriable asbestos containing materials were reidentified on the Red Bluff High School Campus. Current monitored areas are:

Large Gymnasium: Friable Thermal Pipe Insulation (TSI) has been identified in three soffit areas.

Salisbury: Certified – built with no asbestos.

Spartan Wellness Center: Friable Thermal Pipe Insulation (TSI) in the walls and interior plaster walls has been identified.

Presumed Asbestos Containing Materials (PACM) in Classrooms: All PACM below the ceiling line were removed or covered during the Modernization process in August 2020.

All friable and nonfriable asbestos-containing materials are in good shape and are accessible only to maintenance personnel. Maintenance personnel who may come in contact with asbestos-containing materials receive two (2) hours of training each year.

At no time will any students or untrained school personnel be permitted in any area identified to have friable asbestos-containing materials.

The Red Bluff Joint Union High School District Asbestos Plan is on file at the District Office at 1525 Douglass Street, Red Bluff, California.

For further information, contact Frank Palermo, Director of Maintenance and Operations, at (530) 529-8888.

Todd Brose
Superintendent
