2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Burchfield Primary School takes pride in its well maintained campus, employing 2 full-time and 1 part-time custodians to keep up the campus environment during the day, as well as cleaning each classroom nightly. It is important that the facilities of our school reflect our school pride and caring attitude. We have four buildings on campus ranging in age from 58 years old to our latest building constructed in 1976. We also have 12 portable classrooms as old as 25 years with 3 new portables added recently. We strive to maintain clean and beautiful grounds and keep updated maintenance. In the past seven years, improvements include the complete upgrade of the heating/air conditioning system, addition of solar panels, and a shade structure has been added at our school.

We have 29 classrooms, a library, and a cafeteria. Our library has approximately 6,500 books. Colusa County Office of Education received a literacy grant further expanding our purchasing and inventory of books for our students in the library and the classrooms. Each classroom and the library are equipped with Internet access. We have 1 to 1 Chromebook computers in each TK, kindergarten, first, second, and third grade classrooms. Our district has made accessibility of technology an area of focus and improvement in our LCAP, and the improvement has assisted in the expansion of curriculum as well as CAASPP preparation and familiarity for students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement	State Priority: Parental Involvement The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.
---------------	---

2025-26 Opportunities for Parental Involvement
<p>Parents are encouraged to participate in school activities and to maintain regular communication with teachers and administrators. Parent-teacher conferences are scheduled as needed throughout the year. Conferences for all students are held in October and November, while spring conferences are offered as needed following the second trimester, generally in late February or March.</p> <p>Burchfield Primary School maintains several active parent organizations, including a Parent Club, a School Site Council, and an English Learner Advisory Council. These groups support school programs and provide opportunities for parent input and engagement. Parents also coordinate a variety of activities that promote student involvement.</p> <p>Parent involvement is encouraged in classrooms, on field trips, and during schoolwide events. Annual activities include Back to School Night, Open House, the Jog-a-thon, and the Fall Festival. Additional events include Track and Field Day in the spring, student music performances, family nights, book fairs, parent curriculum information sessions, and assemblies recognizing student achievement and classroom accomplishments.</p>

2025-26 School Safety Plan

Student safety is a top priority at Burchfield Primary School. The school maintains a closed campus; all visitors are required to report to the office, obtain permission to be on campus, and wear a visitor’s badge. All staff members are required to wear school identification badges. Students are expected to remain on campus during school hours. Campus supervision is provided from 7:45–8:15 a.m. before school, during recesses, and from 2:25–2:45 p.m. at dismissal. Yard duty personnel carry first aid kits during supervision, and kits are also taken on all field trips.

Emergency response from local fire and police departments is prompt, typically within minutes, and both agencies are notified of all scheduled safety drills.

The Burchfield Primary School Safety Plan is reviewed and updated annually with input from staff, the School Site Council, and the English Learner Advisory Council. The plan outlines procedures for a variety of emergencies, including fire, earthquake, bomb threat, chemical spill, and flood. Fire drills are conducted monthly, and earthquake/safety drills are practiced twice per year. In addition, the district has adopted the Standard Response Protocol (SRP), which provides four clearly defined actions that guide responses during an incident. These actions are communicated using standardized “terms of art” and directives and are implemented by students, staff, and first responders. The district also follows the Run, Hide, Fight protocol as part of its emergency response policy.

The District Emergency Operations Plan was most recently revised in January 2026.

Professional Development

The district has increased its effort in providing teachers with ongoing training needed to keep current with the changes in education. Staff development activities are organized at three levels.

The district level focuses on implementation and monitoring of high quality instruction. Consultants have been hired to improve the PLC collaboration that includes assessments, analyzing instructional strategies, and using data to drive instruction. Teachers have also participated in training for MLL support strategies, Universal Design for Learning, and continued support on PLC.

Each school designs professional development activities to meet site-specific needs. This includes further training for teaching MLL students, implementing Common Core Standards, and strengthening instructional practices. The site team hosts team building, guest speakers, and outside trainers. We have sessions led by reading, math, and ELD specialists. We have participated in virtual training sessions to strengthen our Tier One instruction.

Each teacher develops a personal plan for professional growth. Teachers are encouraged to attend conferences and workshops, which address specific needs of the District, school, or teacher. For example, some of the workshops various members of our staff attended CalCurriculum Collaborative, CAFE for MLL strategies, Educate America, Elevate Your Classroom, Fox Reading Conference, Model School Conference, and AeriesCon. The California Teacher Induction Programs is provided for new teachers. The focus of their in-service is on effective teacher strategies and peer coaching in the 2024-2025 school year. Other professional development include, Really Great Reading webinars and training, Educate America training, Aeries trainings by CUSD technology department, Wayfinder, and three prearranged Amplify on-site training for
