Athletes of the Week

Andrew Payne is one of the rotational first seeds for the boys' tennis team. This season he has been phenomenal, with one of his recent accomplishments being that he beat Orland, who is ranked as the first seed in the Northern Section! He stated that he is currently on track to make at least the top five seeds in the playoffs.

Beck Stewart is also a part of the boys' tennis team, being another rotational first seed for the team. Beck put in an extremely great performance during his match against Orland. Although he ended up losing the game in the end, Beck is proud he gave it his all, which forced the match to go into a tiebreaker! Beck believes that if he keeps up his hard work and dedication, he will also make it top five in the playoffs alongside Andrew.

TENNIS SENIORS

Eddie Rodriguez

It was pretty fun being in the team. I didn't expect to play tennis but I honestly don't regret it because I had fun. My favorite memory was getting my first win in doubles with Cesar; we locked in and beat the Oroville duo.

Cesar Ortiz

This year has been a great year. We've all really improved from last year and it looks to be one of our best years yet. My favorite memory from tennis was winning my first match freshman year against Colusa that went to a tie break

March Madness

The Florida Gators secured their third national title by defeating the Houston Cougars 65-63. This victory marks Florida's first championship since 2007 and makes head coach, Todd Golden, the youngest coach (39 years old) since 1984 to win a national title.
