Text for the e-mail:

During the 2021 Texas Legislative Session, the state Legislature updated the Human Sexuality and Abstinence Education (HSAE) requirements and added NEW requirements for Violence Prevention (Sex Trafficking, Child Abuse, Family Violence, and Dating Violence) to the state's Health Education Instruction. In an effort to increase transparency regarding these changes and to help ensure that NEISD community values are accurately represented in the recommended curriculum, the Classroom Health and Sexual Education (CHaSE) Standing Committee of the School Health Advisory Council (SHAC) requests your feedback via the following survey.
