1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Students learned the basics of playing an instrument and reading music and could select from guitar, drums, or keyboard. We have also purchased keyboards for students to check out and be able to practice at home. Lessons were provided to individual students and small groups. Music class is offered as an elective class every Thursday from 10am- 3pm. Additionally, we offer an art exploration course once a week on Thursday 1-3pm. This course allows students to explore the basics of art color and design and engage in various projects in community art. We will also be adding art instruction and exploration for middle schoolers on Wednesdays expanding our program to serve an additional 20 students and improve art and music education. We hope to give exposure to students who perhaps have never had access to art or music lessons.
