To: All YCOE Employees  
From: Ray Lippincott, Director Support Operations Services  
RE: **ANNUAL NOTIFICATION OF EXPECTED PESTICIDES**

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide staff with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient(s) in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Below is a list of chemicals that could be used at our school sites. If the list changes, you will receive an updated list.

**Potentially Used in the Future**

| <b>Product Name</b>  | <b>Active Ingredient</b>                                   | <b>EPA No</b> |
|----------------------|------------------------------------------------------------|---------------|
| Alpine WSG           | Dinotefuran                                                | 449-561       |
| Essentria IC Pro     | Sodium Lauryl Sufate,<br>Geraniol Clove Oil Commint<br>Oil | Exempt        |
| Contrac California   | Bromethalin                                                | 12455-151     |
| PT 565               | Pyrethrins                                                 | 499-290       |
| PT Alpine            | Dinotefuran                                                | 499-531       |
| PT Phantom II        | Chlorfenapyr                                               | 499-548       |
| Talstar Professional | Bifenthrin                                                 | 279-3206      |
| Terro Bait           | Sodium Tetraborate                                         | 149-8         |
| Termidor Foam        | Fipronil                                                   | 499-563       |
| Termidor HE          | Fipronil                                                   | 7969-329      |
| Wasp Freeze II       | Prallethrin                                                | 499-550       |
|                      |                                                            |               |

Staff may request prior notification of individual pesticide applications at each Yolo County Office of Education (YCOE) site. Individuals listed on this registry will be notified at least 72 hours before pesticides are applied at specific requested site(s). If you would like to be notified every time we apply for pesticide, please complete and return the form below to: **Yolo County Office of Education, Support Operations Services (SOS) – 1280 Santa Anita Court, Suite 180, Woodland, CA 95776**

Please do not hesitate to contact SOS at (530) 668-3708 or by e-mail [ray.lippincott@ycoe.org](mailto:ray.lippincott@ycoe.org) and [rob.kirk@ycoe.org](mailto:rob.kirk@ycoe.org).

I understand that, upon request, YCOE is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at the site(s) listed below.
