

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Twin Rivers Unified School District

CDS Code: 34765050000000

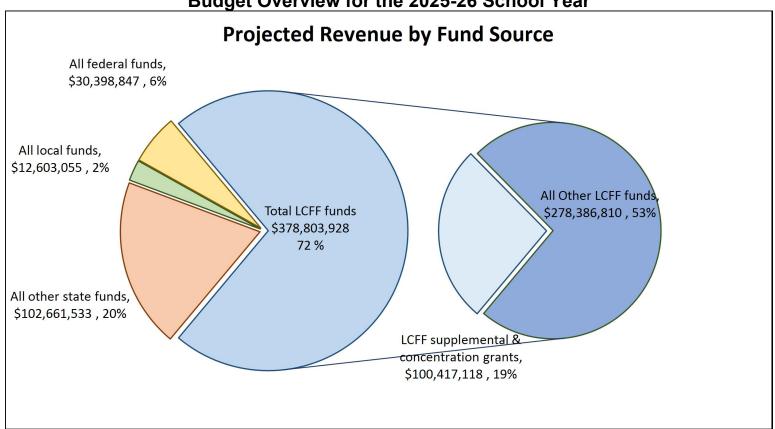

School Year: 2025-26 LEA contact information:

Steven Martinez Superintendent

(916) 566-1744

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

This chart shows the total general purpose revenue Twin Rivers Unified School District expects to receive in the coming year from all sources.

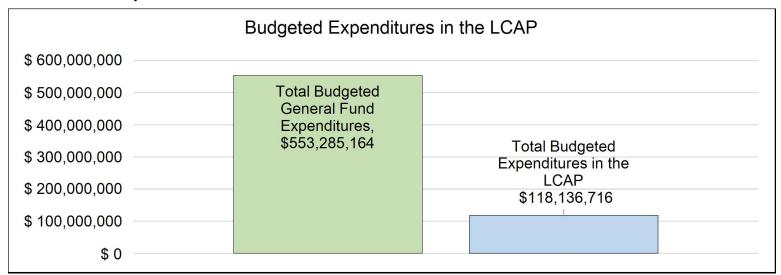

The text description for the above chart is as follows: The total revenue projected for Twin Rivers Unified School District is \$524,467,363, of which \$378,803,928 is Local Control Funding Formula (LCFF), \$102,661,533 is other state funds, \$12,603,055 is local funds, and \$30,398,847 is federal funds. Of the \$378,803,928 in LCFF Funds, \$100,417,118 is generated based on the enrollment of high needs students (foster youth, English learner, and lowincome students).

LCFF Budget Overview for Parents

The charts in the Budget Overview for Parents are automatically generated based on your updates in the input form of the standalone template in DTS. There is no need to insert images.

Please contact DTS if you would like support with overlapping labels. Thank you!

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Twin Rivers Unified School District plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Twin Rivers Unified School District plans to spend \$553,285,164 for the 2025-26 school year. Of that amount, \$118,136,716 is tied to actions/services in the LCAP and \$435,148,448 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

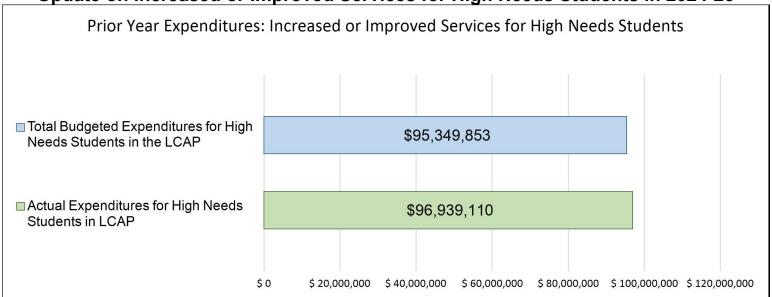

- Special Education
- Transportation
- Maintenance & Repairs
- Utilities & Insurance
- Instructional Materials
- Categorical programs
- Base staffing of certificated and classifiled salaries and benefits

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Twin Rivers Unified School District is projecting it will receive \$100,417,118 based on the enrollment of foster youth, English learner, and low-income students. Twin Rivers Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Twin Rivers Unified School District plans to spend \$100,417,118 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Twin Rivers Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Twin Rivers Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Twin Rivers Unified School District's LCAP budgeted \$95,349,853 for planned actions to increase or improve services for high needs students. Twin Rivers Unified School District actually spent \$96,939,110 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$1,589,257 had the following impact on Twin Rivers Unified School District's ability to increase or improve services for high needs students:

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten—12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Twin Rivers Unified School District has an unwavering commitment to every student's journey to ensure all students graduate college and career ready. Today we are the 27th largest public school system in California serving Pre-kindergarten through 12th grade and adult education. We serve over 24,000 students in northern Sacramento County who come from families that speak 47 different languages. We are proud to include, among our 3,000 employees, the 2011 California Teacher of the Year, the 2010, 2020, & 2021 California Classified School Employee of the Year and the 2001, 2020 & 2021 Sacramento County Teacher of the Year

Twin Rivers serves an 82 square mile area covering the communities of Arden Fair, Del Paso Heights, Dos Rios, Elverta, Foothill Farms, Gardenland, McClellan Park, Natomas, Northgate, North Highlands, North Sacramento, Robla, Rio Linda and Woodlake.

Mission: To inspire each student to extraordinary achievement every day.

Vision: An unwavering focus on powerful and engaging learning that prepares students for college, career, and life success.

English Learners:

- 30.7% English Learners
- 54 languages spoken

Student Demographics:

- 33.3% Hispanic/Latino
- 31.1% Caucasian
- 8.0% African American
- 16.0% Asian
- 0.7% Filipino
- 7.8% Two or more races
- 1.1% Pacific Islander
- 0.3% Native American
- 1.7% Not reported

Schools:

- 27 Elementary Schools
- 5 Junior High Schools
- 4 Senior High Schools
- 3 Charter schools operating on 7 sites
- 2 Continuation High Schools
- 1 Special Education School
- 1 Independent Study K-12 School
- 1 Adult Education Program
- 18 Preschool sites

Points of Pride:

- Graduation rate is 91.9% compared to the state average of 86.2% and Sacramento County's average of 81.5%
- 2022 California Pivotal Practice Award

-2022–23 Exemplary Dual Enrollment School Rio Linda High School

- 2022 California School Boards Association Golden Bell Award for Multi-Tiered Systems of Support (MTSS)
- 2017 California School Boards Association Golden Bell Award for Project Find 'Em
- 2022 Family, Career, and Community Leaders of America Master Advisor Award
- 2025, 4 students earned their Associate degree and their high school diploma at the same time through the district's Dual Enrollment program with American River College (ARC)
- · Eight Gold Ribbon schools
- Two Distinguished schools (2020, 2021)
- Largest deployment of electric school buses in the country (69)
- Championship boys and girls athletics programs
- 34 Career Technical Education (CTE) programs (grades 7-12)
- Five California Partnership Academies
- 9,500+ district wide student field trips (grades 3--6)
- 184 students earned the State Seal of Biliteracy in 2024-25

- 1185 students have earned the State Seal of Biliteracy since 2014/15
- 2,000 participated in the Festival of the Arts
- 2016 California Model Continuation High School—Pacific Career and Technology High
- 29 schools received 2015 Healthier US School Challenge Awards
- Two schools received State Civic Learning Award of Merit—CCAA, Rio Linda Prep
- 24 Del Scholars since 2008
- College Board's Gaston Caperon Opportunity Honor Roll 2015
- Meritorious Budget Award for Excellence for the 14th consecutive year (ASBOI)
- 2013 National Community Schools Award for Excellence Winner—Harmon Johnson
- Three California Teachers of the Year (2011, 2003, 1998)
- 2010 ,2020, 2021, 2024 California Classified Employee of the Year
- Two Kennedy Center for Performing Arts Partnerships
- · Award winning Criminal Justice Academy
- College readiness program AVID (Advancement Via Individual Determination)
- Model School Attendance Review Board (SARB)
- All sites include expanded learning programs that served over 12,000 students in 2023-24
- Comprehensive Summer Programs and Intercession Programs for Students
- 1:1 Student to device ratio
- 63 National Board Certified Educators

Equity Multiplier Schools:

- -Northwood Elementary
- -Woodlake Elementary
- -Woodridge Elementary
- -Babcock Elementary
- -Hagginwood Elementary
- -Sierra View Elementary
- -Oakdale TK-8
- -Kohler TK-8
- -Rio Linda Preparatory Academy
- -Martin Luther King Technology Academy
- -Keema School for Independent Study
- -Pacific Career & Technology High School
- -Vista Nueva Career and Technology High

Twin Rivers has unexpended fund remaining in the Learning Recovery Emergency Block Grant. The plan for using these funds and the

alignment with allowable are located in the following LCAP Actions:

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Twin Rivers Unified School District (TRUSD) 2024 Dashboard indicates the following:

English Language Arts (ELA): Low Performance (Orange)

Mathematics: Low Performance (Orange) Graduation Rate: High Performance (Green)

College & Career Readiness: Low Performance: Medium Performance (Yellow)

Chronic Absenteeism: Medium Performance (Yellow) Suspension Rate: Medium Performance (Yellow) English Learner Progress: Low Performance (Orange)

Twin Rivers Unified School District continues to make progress in preparing all students for college and career success, as evidenced by a strong graduation rate and gains in English Language Arts and Mathematics. Key improvement efforts—such as the expansion of the Multi-Tiered System of Support (MTSS) across all schools, including high schools, and a sustained commitment to job-embedded professional development—have played a significant role in this growth.

Anticipated improvement in the College and Career Readiness indicator is addressed in Goal 2, which outlines targeted actions including the expansion of dual-credit course offerings, increased access to Career Technical Education (CTE) pathways, and an ongoing emphasis on A–G course completion.

Areas identified for continued growth include the suspension rate and English Learner progress. These are being directly addressed through strategies outlined in the Equity Multiplier goals, with specific initiatives designed to positively influence both metrics. The district will monitor these efforts through a continuous improvement cycle, refining or scaling strategies based on results and impact.

A list of Twin Rivers Schools and students groups that were identified in the CA School Dashboard as "Red" or lowest performing in any area are included in the attached LCAP Appendix A at the bottom of the LCAP document. Schools and groups are indicated with a Red Box in any area of low performance. Additionally, the LCAP Actions that address these performance area for student groups are listed.

LEARNING RECOVERY EMERGENCY BLOCK GRANT: Twin Rivers has unexpended funding from the Learning Recovery Emergency Block Grant. The LCAP Actions, associated allowable use of funding, and needs assessment alignment are listed below:

Needs Assessment: Improve outcomes in literacy and math foundations

LREGB Allowable use: Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of evidence-based learning supports.

- Action 1.1: Providing professional development aligned with desired outcomes for student achievement--Measured by Metric 1.1 CAASPP, Metric 1.5 Benchmark Data, and Metric 1.6 CAASPP DFS
- Action 1.5: Providing monitoring tools to analyze and act on local data--Measured by Metric 1.1 CAASPP, Metric 1.5 Benchmark Data, and Metric 1.6 CAASPP DFS
- Action 1.11: Providing improved resources for literacy and math instruction and ongoing professional development--Measured by Metric 1.1 CAASPP, Metric 1.5 Benchmark Data, and Metric 1.6 CAASPP DFS
- Action 1.16: Providing technical support for student instructional technology--Measured by Metric 1.1 CAASPP, Metric 1.5 Benchmark Data, and Metric 1.6 CAASPP DFS
- Action 1.21: Recruiting high quality staff to provide instruction and support to students--Measured by Metric 1.3: Teacher Misassignment Actions 6.4: Additional RSP teachers to support students with IEPs accelerate learning--Measured by Metric 6.1 Students With Disabilities (SWD) CAASPP, 6.2 District Benchmarks, and Students With Disabilities (SWD)

CAASPP Distance from Standard

Need Assessment: Provide opportunities for students to engage in college and career readiness--more early access to college and resources to prepare students.

LREGB Allowable Use: Access to instruction for credit-deficient pupils to complete graduation or grade promotion requirements and to increase or improve pupils' college eligibility.

Action 2.3: Providing access to college admissions officers, visits to college, informational fairs, and partnerships with college and career readiness organizations for student outreach--Measured by Metric 2.7 AA Completion,

Metric 2.4 A-G Completion Rates

Action 2.4: Providing mentors for students to gain college eligibility and to provide support through application and college matriculation processes--Measured by Metric 2.2 Graduation Rate, Metric 2.4 A-G Completion Rate

Need Assessment: Additional health staff needed for student services and referrals

LREGB Allowable Use: Integrating evidence-based pupil supports to address other barriers to learning, and staff supports and training, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address pupil trauma and social-emotional learning, or referrals for support for family or pupil needs.

Action 3.16: Providing additional nursing staff--Measured by Metric 3.4 Attendance rate

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

*TRUSD has been identified for Differentiated Assistance support and worked with Sacramento County Office of Education due to the Red status in priority areas on the California State Dashboard. These are the indicators that fell in the low or very low status for these groups since 2022 eligibility:

2022

Priority 4 Academics, Priority 5 Chronic Absenteeism & Priority 6 Suspension Rate:

All Students: ELA Low - 56.8/ Math Low - 91.4, Chronic Absenteeism Very High 48.9%, Suspension Rate High 7.5% African American: ELA -81.8 /Math - 124, Chronic Absenteeism Very High 59.4%, Suspension Rate High 17.1% American Indian: ELA - 81.9 /Math - 128.5, Chronic Absenteeism Very High 55.4%, Suspension Rate High 9.3% English Learners: ELA - 75.1 /Math - 102.2, Chronic Absenteeism Very High 39.5%, Suspension Rate NA Foster Youth: ELA - 124.7 /Math - 159.7, Chronic Absenteeism Very High 44.7%, Suspension Rate High 18.7% Homeless: ELA - 77.1 /Math - 103.4, Chronic Absenteeism Very High 59.2%, Suspension Rate High 9.1% Pacific Islander: ELA NA /Math NA, Chronic Absenteeism Very High 51.3%, Suspension Rate High 9.0% Students with Disabilities: ELA - 120.5 /Math - 147.3, Chronic Absenteeism Very High 56.4%, Suspension Rate High 10.6%

2023

Priority 4 Academics (Improved), Priority 5 Chronic Absenteeism (Improved) & Priority 6 Suspension Rate (Declined):

All Students: ELA Medium - 53.2 (Improved) / Math Medium - 86.7 50.9%, Chronic Absenteeism Medium 35.8% (Improved), Suspension Rate Very High 8.4% (Declined)

African American: ELA -76.1 (Improved)/Math - 124, Chronic Absenteeism Medium 50.9% (Improved), Suspension Rate Very High 18.4% (Declined)

American Indian: ELA -104.5 (Declined) /Math - 128.5, Chronic Absenteeism High 43.2% (Improved), Suspension Rate Very High 10.9% (Declined)

English Learners: ELA - 80.2 (Declined) /Math - 102.2 , Chronic Absenteeism Medium 26.1% (Improved), Suspension Rate NA Foster Youth: ELA - 75.5 (Improved) /Math - 159.7 , Chronic Absenteeism High 42.4%% (Improved), Suspension Rate Very High 19.3% (Declined)

Homeless: ELA - 73.5 (Improved) /Math - 103.4 , Chronic Absenteeism Medium 45.9% (Improved), Suspension Rate Very High 11% (Declined)

Pacific Islander: ELA NA /Math NA, Chronic Absenteeism Very High 51.3% 50.9% (Improved), Suspension Rate Medium 6.9% Students with Disabilities: ELA - 120.1 (Maintained) /Math - 147.3, Chronic Absenteeism Medium 44.1% (Improved), Suspension Rate Very High 12.4% (Declined)

2024 Eligibility for technical assistance based on the performance levels for LTELs: Academics & Chronic Absenteeism & Students with Disabilities: Academics and College/Career Indicator.

Dashboard Metrics:

LTEL:

ELA: Red, 81 points below standard--

Math: Orange, 75.3 points below standard-

Chronic Absenteeism: Red, 29.2% Chronically Absent

Students with Disabilities:

ELA: Red, 117.8 points below standard-Math: Red, 146.1 points below standard-

College and Career Indicator: Red, 8% Prepared

In the most recent year of differentiated assistance from 2024-2025, Twin Rivers focused on improving outcomes for Long Term English Learners.

Following the public release of the California School Dashboard on November 21, 2024, Twin Rivers Unified School District was identified for Differentiated Assistance (DA) by the Sacramento County Office of Education (SCOE) due to low performance in Academics and Chronic Absenteeism among Long Term English Learners (LTELs). As a result, the district joined the LTEL DA Network, a collaborative initiative focused on improving outcomes for LTEL students through continuous improvement practices.

A district team of four participated in four network sessions from January to May 2025. These meetings included data analysis of LTEL performance on the California Dashboard, root cause exploration, and the use of improvement tools such as empathy interviews and process mapping. Between sessions, the team debriefed internally and consulted with SCOE staff to advance the work.

Through the network, the team identified a key problem area and developed an aim statement and theory of improvement. Twin Rivers' plan moving forward is: By June 2026, two elementary schools will reduce the number of LTEL students performing below grade level in the ELPAC Reading domain by piloting Summit K12 in 6th grade. The team will continue this work when the LTEL DA Network reconvenes in Fall 2025

Goal 1, Action 10 in the LCAP is directly addressing the needs of LTEL students in Twin Rivers. In addition, other initiatives are being funded with resources outside of the LCAP.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

The following schools have been identified for Comprehensive Support and Improvement (CSI):

Schools identified for low performance are identified due to meeting one of the following criteria:

- · Schools with all indicators at the lowest status level
- · Schools with all indicators at the lowest status level but one indicator at another status level

Northwood Elementary

This school were identified during the 2023-2024 School year by indicators on the California School Dashboard. Northwood conducted a Needs Assessment as part of the School Plan for Student Achievement that includes the budget plan for Comprehensive Support and Improvement (CSI) funding. Educational Partners input from our district and site surveys were considered as well as input from School Site Council, Staff Meetings, and ELAC or other advisory groups. Advisory groups at the school site developed the needs assessment based on SBAC data, student data (attendance, suspensions, chronic absences) and local academic benchmark data. After reviewing the data, the site leadership determines the greatest needs for the sites and collaborates with educational partners on how to utilize the funds to improve the services for students.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

As a data driven school district, Twin Rivers is intently focused on its Comprehensive Support and Improvement (CSI) Schools. We have applied for additional Federal CSI Funding for each identified school and will be using this additional resource to address areas of identified weakness.

TR is analyzing each school to locate areas of strength to use as leverage to launch the start of our work. For CSI schools, the district is providing additional planning, monitoring, and reporting structures, including additional District Administrative Summit updates, as well as providing coaching for school site staff and site leaders. The Executive Director and the Director of Special projects work with each Principal to develop a comprehensive needs assessment. The site principal reviews data, resource inequities and stakeholder input data during winter and spring to develop the CSI plan as part of the SPSA process. The development of evidence based actions is supported by the Executive Director if Special Projects and Equity and the Executive Director of Elementary School Leadership in monthly meetings to ensure that resource inequities are addressed. This work is supported through joint and collaborative efforts of the School Leadership and Educational Services Departments.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To support our CSI schools, Twin Rivers has set up additional monitoring systems within the School Leadership and Educational Services Departments to ensure CSI school data and performance is shared with District and Site Leadership frequently, including a monthly review of site progress. The CSI School is supported by a District Executive Director. The Executive Director will closely monitor and support this school during site visits to ensure staff are implementing all aspects of the 2025-26 School Plan for Student Achievement (SPSA). Executive Directors will share this information through District Instructional Leadership Team meetings to ensure support is provided to sites. Throughout this intensive work, Twin Rivers is heavily focused on the district's Dashboard and local assessments to support and monitor areas in need of intervention. This work will positively impact the district to improve the support provided to staff, students, parents, and the community at CSI school site.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| Educational Partner(s) | Process for Engagement |
|--|---|
| Teachers, principals, administrators, other school personnel, parents, and students. | Monthly Community Input Sessions: 9/19/24, 10/17/24, 1/23/25, 2/27/25, 3/20/25 |
| Parents, administrators, teachers and community members | District English Learner Advisory Committee: 10/8/24, 12/3/24, 2/4/25, 4/1/25, 5/6/25 |
| Bargaining Units | Twin Rivers Unified Educators (TRUE): Document review 5/30/25 (CSEA): 5/13/25 |
| Parents and Community members | Parents of African American Students Group: 3/12/25 |
| Administrators | Instructional Leadership Team: 12/18/24 and 1/29/25 |
| Students | Superintendent's Student Advisory Group: 9/12/24, 12/5/24, 2/20/25 |
| Parents | Superintendent's Parent Advisory Group: 9/27/24, 1/24/25, 3/21/25 |
| Community Based Organiztions | Partner PLC Meetings: 3/1/25 |
| Teachers, principals, administrators, other school personnel, parents, and students. | District Wide Input Surveys: 8/18/23, 9/1/23, 10/1/23, 11/17/23, 1/9/24, 4/1/24 |
| SELPA | SELPA Community Advisory Committee: 1/15/25 |
| Equity Multiplier | Equity Multiplier funds and actions were reviewed by DELAC on 2/4/2025, Community input sessions on 1/23/2025 and 2/27/2025, Site Input survey 1/8/2025-3/1/2025, Instructional Leadership Team 1/29/2025, School Site Council and ELAC input collected at sites. |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Participation in educational partner feedback included the following:

6187 individuals participated 3228 individual thoughts shared 50206 thoughts rated by participants

Of these participants: 35.94 % Parents/Guardians 18.56 % Staff 32.47 % Students 0.76 % Community Members 12.27 % Other

This year, we had a decrease in participation but it remains high. For our engagement and input, we included a monthly community meeting that was a collaboration of Special Projects and Budget Services. Participants were provided updates on budget and LCAP initiatives and an opportunity to provide input and discussion. Additionally, a survey was developed and disseminated to all TR community and staff that included the top themes from our input sessions and surveys. Participants ranked the importance of these themes and added explanation as to why the themes and actions were important to them. Holistic Student Support was a theme that was present in all educational partner groups. Participants all agree on the importance of a holistic approach to student support that integrates academic, behavioral, and mental health services. Effective collaboration, smaller class sizes, and increased funding can ensure that students receive comprehensive support to thrive both academically and emotionally.

For each group, the most frequent and highest rated themes were:

Parents and families:

Highest rated input theme: Goal 1 Improve Academic Achievement and Decrease Disparities--Smaller Class Sizes.

Parents and families agree on the necessity of smaller class sizes. Smaller class sizes are seen as beneficial not only for individualized academic support but also for better classroom management and providing focused behavioral interventions. Reducing the student-to-teacher ratio allows for more personalized attention and support, aiding both academic performance and behavioral health. The emphasis on behavioral health shows and alignment with LCAP Goal 3, Improving School Culture through Increased Student Engagement.

Certificated Staff:

Highest rated input theme: Goal 3 Improve School Culture and Through Increased Student Engagement--Holistic Student Support Priorities Despite a variety of focuses, teachers agree on the broader goal of holistic student support. Whether through mental health services or arts and creative programs, there is a shared understanding that addressing students' diverse needs is critical for their success. Both advocate for comprehensive approaches that support students academically, emotionally, and socially. Respondents emphasized prioritizing additional staffing and reducing class sizes to ensure individualized attention and effective classroom management. Enhanced mental health services and behavioral support are necessary to address student issues, alongside social emotional learning initiatives to combat bullying.

Classified Staff:

Highest rated input theme: Goal 2 College & Career Readiness and Goal 3 Improve School Culture and Through Increased Student Engagement--Student Engagement

A consistent theme across responses is the importance of student engagement. Whether through vocational training, behavioral health initiatives, or college readiness programs, keeping students engaged and motivated is seen as essential for their overall success. Engaging students in activities they enjoy and providing practical resources can enhance their learning experiences.

Administrative Staff:

Highest rated input theme: Goal 3 Improve School Culture and Through Increased Student Engagement---Balancing Academics and Arts Administration participants value a holistic approach that combines strong academic support with comprehensive arts programs can enhance overall student success. Balancing academic interventions with opportunities in the arts can cultivate well-rounded individuals, foster better engagement, and cater to the socio-emotional needs of students.

Students:

Highest rated input theme: Goal 3 Improve School Culture and Through Increased Student Engagement --Balancing Arts and Well-being Student participants emphasize the importance of supporting students beyond just academic achievements. Whether through artistic expression or mental health support, providing resources that contribute to students' emotional and social well-being is seen as essential. A well-rounded approach to education that includes both mental health services and the arts can contribute to holistic student development.

Equity Multiplier:

Both staff and parent groups emphasized a need for intervention. Support for English Learner students was a top academic priority. Additional support for behavior and engagement (safety, relationships, and attendance) were included in staff and parent feedback. Student emphasized the need for language support and improved relationships with adults on site. A review of this input compared against current district initiatives showed a need for additional support for intervention with English Learners and additional support for engagement and college and career indicators at the secondary level that were not addressed by other actions directly. The actions decided on represent addressing the gap in intervention in these areas to supplement current services. We continue with the goals that were present in last year's Equity Multiplier initiatives as there is evidence of progress with the actions taken.

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|---|--------------|
| 1 | Increase Academic Achievement and Decrease Disproportionalities | Broad Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Improved standardized test results, ELPAC results for English Learners, and standardized assessments for all students are essential to measure progress toward goals. There are disparities between subgroups, not only in performance on standardized tests, but also in academically rigorous pathways, as measured by enrollment in courses like AP, dual enrollment, and in A-G completion rates. These disparities are representative of the academic achievement gap. In addition, significant disproportionalities exist between student subgroups in both academic and behavior data. Many of our actions and services are specifically targeted to student groups showing greater need. Among these are our African American students, as well as homeless and foster youth. Williams instructional materials reports measure access to curricular materials.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- 1.1 Professional development was implemented as planned.
- 1.2 Director of ECE has been hired and oversees infant through kindergarten programs.
- 1.3 Implemented as planned.
- 1.4 Program was implemented as planned.
- 1.6 Implemented as planned
- 1.7 Additional instructional minutes and professional development days have been implemented at 100% of our school sites.
- 1.8 Program was implemented as planned.
- 1.9 Program was implemented as planned. The 2025-26 ELD Placement Guide has been updated. A secondary master schedule placement review took place in May to ensure ELD placement for EL students.
- 1.10 Implemented as planned.
- 1.11 100% staffed and implemented.
- 1.12 Every K8 is supported by .5 specialist Every Comprehensive high school is supported by 1 specialist. Keema is supported by 1 specialist. Pacific and Vista are supported by 1 specialist total. 100% staffed 23/23
- 1.13 Implemented as planned.
- 1.14 100% staffed and 100% of new teachers have a mentor.

- 1.15 Implemented as planned.
- 1.16 Positions have been filled all year long performing the actions as described.
- 1.17 Funds allocated to school sites to use as they deem fit for their school.
- 1.18 Five elementary schools and four secondary schools with less than 350 students.
- 1.20 Implemented as planned. 100% staffed 3/3
- 1.21 New Action to attract high quality staff.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 1.2 Added an ECE Coordinator; 50% of the position paid by S/C funds.
- 1.4 More Short Term Independent Study agreements than budgeted. Budget increased slightly for 25-26.
- 1.9 Budgeted for 4 FTE but only needed 2.80 FTE (same as the prior year).
- 1.10 Six positions not filled for the entire year.
- 1.12 Budget included Title I YR 5 funds to be used for July Sept 2025 salaries.
- 1.17 School sites use Title I funds first, not all S/C funds are estimated to be used by the school sites.
- 1.18 Increase in S/C revenue compared to Adopted and other S/C programs not utilizing all funds allows for an increase charge to this action; still under the maximum charge for this action.
- 1.19 Was not able to hire/fill 2.50 FTE positions.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- 1.1 Number of sessions: total attendance: 407 sessions since July1, 2024, 1171 participants. To improve implementation monitoring, Twin Rivers is offering a more focused scope of topics.
- 1.2 Numerical progress on Universal Pre-Kindergarten initiative:14 Early Head Start/Head Start, 36 Cal State Preschool Program classes, 2 Child Care and Development (CCTR) and 36 Transitional Kindergarten classes.
- 1.3 1 hour of paraprofessional I time is allocated to each K class at schools with 55% and higher unduplicated pupil count. All TK classrooms are staffed with a paraprofessional I & Teacher. All K classes are full-day.
- 1.4 A total of 1916 independent study days have been completed during the 2024-2025 school year.
- 1.6 District wide class averages: Kindergarten = 21:1 1st 6th = 25:1 7th 12th = 20:1
- 1.7 Increased instructional minutes continue for 2024-25. 6 professional development days took place (student free) to increase teacher capacity and student achievement.
- 1.8 The Foster Youth Support positions(2/2) are 100% staffed since the beginning of the school year.
- 1.9 Students Enrolled in ELD Courses by ELPAC level: ELPAC Level 1: 782 students, ELPAC Level 2 141 students ,ELPAC Level 3: 77 students
- 1.10 463 of 591 eligible English learners and dually identified students with disabilities met criteria for reclassification to English proficient. 1360 new students have been given the Initial ELPAC assessment and approximately7372 English learners. We are still seeing a slow increase in RFEP and achievement data for English Learner students.

- 1.11 Every 4-6th grade teacher in TR has had access to job embedded, tailored coaching, high quality lessons in reading comprehension and opportunities for ongoing professional development.
- 1.12 Supports at sites include iReady, IXL, differentiation, PBIS, Student Support Plans (SSP), classroom management, restorative and community circles, and RULER implementation in all three tiers of support.
- 1.13 4 World Language teachers were added to and 5 Native Speaker teachers to support student achievement.
- 1.14 While we have every new teacher paired with a mentor, we aim to have mentors on every school site so that new teachers at each school site have a mentor on site.

Improving qualified teacher retention and rate.

- 1.15 Additional service agreement and support for Federal program monitoring needs and LCAP development and input.
- 1.16 Staff are supporting sites with chromebook and other technology needs.
- 1.17 Sites were able to address local needs in collaboration with educational partner input, a comprehensive needs assessment, and coordination of state and federal funds.
- 1.20 3 PBIS Specialists support all schools TK- adult. Each specialist supports 14-16 schools in Tier 1, Tier 2 and Tier 3 behavioral management systems as described. Tier 2 supports include Check- In, Check-Out, Strong Kids and Restorative Practices. Tier 3 supports include Renew and Prevent, Teach and Reinforce.
- 1.21 New Action

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- 1.1 The sessions that have historically been held at the end of the school year are not longer being held. An emphasis will be on offering professional development at the start of the school year to improve implementation.
- 1.10 Additional data monitoring tools and site support to improve services to English Learner students.
- 1.11 Expanding math support.
- 1.15 No longer continuing the FPM software contract.
- 1.21 New Action to attract high quality staff.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|-----------------------------|---|----------------|--------------|
| 1.1 | Professional Development | 1.1 TRUSD is committed to improving the academic performance of all students by providing professional development for staff to implement key initiatives through the implementation of Professional Learning | \$2,719,853.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|--------------------------------------|---|----------------|--------------|
| | | Communities (PLCs), Lesson design in Math and ELA, Social emotional learning, strategies for instruction designed for English learners including language acquisition and integrated ELD in content areas, and other means to ensure increased academic performance for all students and address learning loss with an emphasis on unduplicated students. Additional professional development focusing on Long-term English Learners (LTELs) will be provided as part of action taken from Differentiated Assistance. Improving instructional practices through professional development is a research based approach to improving student outcomes in academics. S/C = \$1,719,853 LRE Block Grant = \$1,000,000 | | |
| 1.2 | Early Childhood Education (ECE) | 1.2 Director Early Childhood Education (.50 FTE), Coordinator Early Childhood Education (.50 FTE) and supplemental supplies and services for preschool through kindergarten programs. All S/C | \$288,128.00 | Yes |
| 1.3 | Full- Day Kindergarten Program | 1.3 Full -day kindergarten programs close achievement gaps between young children from minority and low -income families and their peers. By providing a solid foundation of learning to children from all backgrounds, full- day kindergarten programs ensure all students' academic, social, and emotional success. Portion of Kindergarten teacher's salary Paraeducators in TK (7 hours) Kindergarten classrooms for 1 hour Paraeducator each day per class (schools with 55% and higher unduplicated pupil count) | \$8,912,891.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-----------------------------------|--|-----------------|--------------|
| | | All S/C | | |
| 1.4 | Short Term Independent Study | 1.4 Short term independent study is available to students (TK-8) who are absent from school for three consecutive days or more (up to 15 days per year) to complete independent study curricula, for the purpose of ensuring students don't fall behind in their current academic program. Teacher extra duty pay for short term independent study program. All S/C | \$110,074.00 | Yes |
| 1.5 | Testing and Assessment Program | 1.5 Common Core State Standards (CCSS) based testing and assessment program to monitor student learning and inform instruction. Progress monitoring is supported by research in formative assessment practices. S/C = \$182,205 LRE Block Grant = \$200,000 | \$383,205.00 | Yes |
| 1.6 | Class Size Reduction | 1.6 Provide a 20:1 district-wide average class size ratio for kindergarten classes; 12 additional Kindergarten Teachers. Class size reduction for K through 12th grade averages less than the amount in the teacher contract. 4 FTE teachers for class size reduction for Dual Immersion program (Madison Elementary, Las Palmas Elementary and Martin Luther King Jr Middle School). All S/C | \$21,235,694.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-----------------------------------|--|----------------|--------------|
| | | | | |
| 1.7 | Instructional Minutes and PD days | 1.7 TRUSD will develop all teachers to support improved student achievement in an expanded school day through: Continue with additional 7 instructional minutes to each school day. Six student-free professional development days for school site instructional staff All S/C | \$9,714,235.00 | Yes |
| 1.8 | Foster Youth Support | 1.8 To promote greater academic achievement of our foster youth, district support staff coordinate actions and services to support foster youth engagement and success. 1 Foster Youth Counselor (S/C) 1 FTE Counselor for Independent Living Program S/C = \$170,763 and Title I = \$120,038 | \$290,801.00 | Yes |
| 1.9 | LTEL & EL Courses | 1.9 TRUSD provides LTEL courses and English Learner courses at all secondary sites to support secondary language acquisition for English Learners. All S/C | \$355,391.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|--|--|----------------|--------------|
| 1.10 | English Learner (EL) Services | Programs and activities are provided to ensure increased EL access to rigorous academic content, including college prep courses for middle school and high school. Services for EL's are based on all EL's being assessed appropriately on an annual (summative), and on an ongoing basis (formative) on language development and language acquisitions and being placed in appropriate programs (in addition to performance on districtwide assessments). This is facilitated through collaboration with the following positions: • Academic Intervention Specialists, Bilingual (350:1 EL & RFEP to AISB) • Paraeducator Bilinguals • Translator Interpreters • TOSAs • Student Learning Coaches • Family and Community Liaisons • Program Development Specialist • Coordinators All S/C The base services for all English Learners K – 12 (not S/C funded) are provided through standards- based ELD classes, designated and integrated ELD, certificated teachers, and appropriate curricular materials. Dual immersion programs are offered at two elementary schools and one middle school. All classrooms utilize ELD standards aligned curricular materials and provide structured English immersion. Every site receives professional development in research-based strategies for language acquisition instruction and progress monitoring. | \$5,263,363.00 | Yes |
| 1.11 | ELA/ELD Lesson Design Implementation | 1.11 Led by the Executive Director Learning Design and Professional Development along with ELA/ELD Lesson Design (Content area) Coaches (ELA/ELD LDCs) and ELA/ELD Lesson Design Teachers, units of study | \$4,015,032.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---------------------------------------|--|----------------|--------------|
| | | and scope and sequence implemented on a limited basis during the 2021-22 school year with full district-wide implementation in the 2022-23 school year to continue beyond. Professional Development (PD) for the ELA/ELD LDCs will be provided as well as PD for classroom teachers who are implementing the lessons. The Executive Director Learning Design and Professional Development is responsible for the development of the coaching model, PD and design and oversite of the program. Effective, aligned instruction and guaranteed curriculum have a major effect on student achievement according to research. LRE Block Grant 2024-25 through 2027-28 & then S/C ongoing = Coaches \$2,357,812 LRE Block Grant for substitutes \$1,000,000 S/C = Lesson Design Teachers, Executive Director, clerical support and supplies. \$657,220 | | |
| 1.12 | Multi-Tiered System of Support (MTSS) | 1.12 20.50 FTE Intervention Specialists support school sites in reading, social-emotional and behavioral areas. Support for schools include an emphasis on building strategies district wide to improve academic achievement and behavior outcomes of all students with an emphasis on unduplicated students. MTSS Coordinator (0.50 FTE) and clerical support position (0.50 FTE) (S/C) Instructional materials, professional development and supplies to provide a district wide system of support. | \$4,089,891.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|--|----------------|--------------|
| | | Title I = \$4,276,474 and S/C = \$211,711 | | |
| 1.13 | World Language and Native Speaking Teachers | 1.13 World Language teachers for second language acquisition instruction and Native Spanish Speaker courses and Native Hmong Speaker courses to provide increased access to UC A-G course sequence. 3.6 FTE World Language Teachers 5.2 FTE Native Speaker Teachers All S/C | \$1,163,936.00 | Yes |
| 1.14 | New Teacher Support | 1.14 New Teacher Support to ensure our newest teachers receive the highest level of support to develop as effective, equity-driven educators, New Teacher Support provides mentoring, online and in-person resources, as well as professional learning experiences targeted to the needs of all new teachers and their mentors. All S/C | \$376,259.00 | Yes |
| 1.15 | Central Office Support & Supplemental Services | 1.15 Funds small portions of a few central office support staff to provide supplemental services to students and sites. Additionally, covers all costs related to implementing, publishing and disseminating the LCAP. All S/C | \$353,672.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|---|----------------|--------------|
| 1.16 | Additional IT Technicians for schools | 1.16 School site technicians are assigned teams, and provide dedicated support to their assigned school sites. The technicians respond to help desk tickets for those sites, as well as visit the sites multiple times per week to provide in-person support. They assist the sites in managing their Chromebooks (replacements and repairs). The technicians can often be found in classrooms assisting teachers with their instructional technology and devices, or in the library or front office assisting with Chromebooks, laptops, visitor HallPass systems or MX Displays. Our sites utilize research based, computer based curriculum and resources and the need for continued access and local technical support is crucial to academic achievement and access. S/C = Additional 4 FTE \$444,209 LRE Block Grant = student hotspots \$40,000 | \$484,209.00 | Yes |
| 1.17 | Supplemental Concentration Allocated to Schools | Supplemental concentration funds allocated to school sites based on their unduplicated students to support academic improvement efforts for subgroups. All S/C | \$2,861,754.00 | Yes |
| 1.18 | Small School | 1.18 The ongoing operating costs for schools with less than 350 students is \$6,514,740. Any unspent S/C LCAP actions at year end will be utilized toward this cost. | \$1,966,837.00 | Yes |
| | | All S/C | | |

| Action # | Title | Description | Total Funds | Contributing |

| | | | | |
| 1.21 | Recruiting High Quality Staff | Certificated hiring stipends. Educational research shows that teacher quality has one of the largest impacts on student success. All LRE Block Grant | \$978,432.00 | No |

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|---|--------------|
| 2 | Ensure all Students Graduate College and Career Ready | Broad Goal |

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Districtwide, literacy and math skills are below proficiency (CAASPP 18-19 ELA 35%, Math 27%). A variety of district supports are needed to guide student success including academic interventions to close the learning gap. Early literacy skills (grades K-3) and foundational math skills (grades K-5) are strong indicators of college and career readiness. District iReady diagnostic 1 and 2 indicate a need for early literacy intervention. Our graduation rate has continued to grow and this goal aligns with maintaining that growth. Access to CTE programs and additional opportunities for learning and mentoring will support college and career success, especially following unfinished learning and lowered engagement caused by COVID. The actions in this goal provide access for our unduplicated students to tools and resources hat help navigating the complex requirements of college, career, and graduation.

Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|---|--|-------------------|----------------|-------------------------------|----------------------------------|
| 2.1 | Early Assessment Program (EAP) passage rate | 2023-24: ELA: 24.62% Math: 15.2% | Available in fall | | 2027: ELA: 18% Math: 8% | |
| 2.2 | Graduation Rate | 2023: 91.4% | 2024: 91.9% | | 2027: 95% | |
| 2.3 | The number of students completing a CTE Pathway | 2024: 504 | 2025: 473 | | 2027: 550 | -31 |
| 2.4 | UCA-G completion rate | 2023: 35% | 2024: 40% | | 2027: 40% | +5% |

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- 2.1 Implemented as planned
- 2.2 Implemented as planned
- 2.3 Implemented as planned
- 2.4 Implemented as planned--one High School discontinued and so program seats were allotted to other participating schools.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 2.2 Based on prior years, estimated cost/need less than budgeted. Budget is decreased slightly for 25-26.
- 2.3 Additional service agreement for subscription and training for Cardonex.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- 2.1 The program has been implemented with a high level of success and is schedule to expand to 4 additional pathways beginning next school year.
- 2.2 Students were able to take the SAT at all high school sites.
- 2.3 638 students attended college field trips for A-G, 650 attended HBCU fair, 4807 attended college fairs.
- 2.4 Program had 80% attendance with a 90% satisfaction rating. Students made progress toward college readiness and/or graduated with eligibility.

2.1 3 additional pathways offered for a total of 38

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|-------------------------------|---|----------------|--------------|
| 2.1 | Career Technical Education | 2.1 Enhance and continue Career Technical Education (CTE) to provide a program of study that involves a multi-year sequence of courses that integrate academic knowledge with technical and occupational knowledge to provide students with a pathway to post secondary education and career. S/C = \$3,133,454, CA Partnership Academies = \$291,800, CTEIG = \$908,560, & Strong Workforce = \$494,454 | \$4,828,268.00 | Yes |
| 2.2 | College Exam Access | 2.2 Provide application fees and exam fees for students to participate in assessments (such as AP) that provide greater acceptance to colleges. Offsetting the cost of the application costs and exams provides greater access to families with economic disadvantages. All S/C | \$85,000.00 | Yes |
| 2.3 | College Readiness | 2.3 Promote college and career readiness for all TRUSD students through college fairs and visits. | \$687,825.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|--------------------------------------|--|--------------|--------------|
| | | Counselor training on establishing collective practices that utilize the most strategic, timely, and relevant available data to construct a data monitoring process that supports student achievement. Research shows that college attendance is impacted by early access to information and resources. S/C = \$487,825 LRE Block Grant = \$200,000 | | |
| 2.4 | College Academy Mentoring Program | 2.4 Twin Rivers will contract to provide a college academy mentoring program that pairs cohorts of male students of color, that are not on track to college or graduation, with mentors beginning in grade 7 and continuing through grade 12. The program provides academic coaching, personal development, community service, and college and career readiness in small cohorts of 25:1 with all Twin Rivers Middle Schools and High Schools. Twin Rivers will contract to provide a college academy mentoring program of athlete students, that are not on track to college or graduation, with mentors beginning in grade 9 through grade 12. Mentorship and support to remain on track is supported by research and shows a positive correlation with college attendance and success beyond graduation. LREBG 2024-25 and 2025-26 & then S/C = \$603,750 LRE Block Grant through 2027-28 = \$350,000 | \$953,750.00 | No |

|--------|--|--------------|
| 3 | Improving Culture and Climate through increased Student Engagement | Broad Goal |

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

TRUSD must continue to focus on student engagement and culture and climate in order to increase student success. This is measured by chronic absenteeism rates, district attendance rates, favorable student response on surveys measuring school safety and connectedness, positive responses on parent surveys, middle school dropout rates, cohort dropout rates, suspension rates, and expulsion rates. In addition, social emotional learning and mental health have a great impact on learning and future success for students. This need was amplified by the conditions resulting from the pandemic.

Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|--|---|--|----------------|---|--|
| 3.1 | Chronic Absenteeism Rate | 2024: 29.4% | 26.81% | | 2027 10% or Lower | -2.59% |
| 3.2 | Percentage of students, families, and staff responding favorably on surveys measuring school safety and connectedness. | 2024: 72% Staff 85% Families -85% Hispanic -89% Asian -85% White -81% African American -89% Pacific Islander -84% American | 81% Staff (63% responded) 90% Families (18% responded) -91% Hispanic -95% Asian -90% White -87% African American | | 2027 80% Staff 85%+ Families -85+% Hispanic -89+% Asian -85+% White -85% African American -89+% Pacific | +9% Staff (63% responded) +5% Families (18% responded) +6% Hispanic +6% Asian +5% White +6% African American +5% Pacific |

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- 3.1 Positions were allocated but not all filled this year. Staffing was 24.25 FTE and 1.0375 FTE was unfilled.
- 3.2 Position was filled and supported elementary counselors, secondary counselors, and crisis team.
- 3.3 Positions filled
- 3.4 Positions filled
- 3.5 Implemented as planned
- 3.6 24.98 full time positions filled and 1.85 unfilled.
- 3.7 Position filled and implemented as planned
- 3.8 Implemented as planned
- 3.9 All positions filled
- 3.10
- 3.11 WIN academy was held as planned serving all sites.
- 3.12 Implemented as planned. Kelvin was used with all staff and community.
- 3.13 Positions filled.
- 3.14 Purchased 1 of 4 planned buses for longer distance travel needs.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 3.1 Was not able to hire/fill all duty assistant positions for a full year.
- 3.4 Additional counselor position added.
- 3.7 Increased costs for non public school/agency service agreement.
- 3.8 Clerical position closed and the Director position was only filled for 6 weeks. Effective November 2024, position is a Coordinator and has not been able to be hired/filled yet.
- 3.10 Additional funds spent on athletics.
- 3.13 Additional .40 FTE Psychologist added.
- 3.14 Additional bus purchased then projected at Adopted budget.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- 3.1 The positions at the school site supported positive student behavior outcomes during unstructured times such as lunch recess and morning breakfast.
- 3.2 Elementary counselors were supported, new counselor training and mentorship was provided, crisis teams managed incidences at sites. Part time support for a site vacancy was also part of this position's activity in 2024-25.
- 3.3 All sites experienced in class Social Emotional Lessons and groups for counseling provided by counselor.
- 3.4 Additional allocation provided a 350:1 ratio
- 3.5 Vice Principals supported sites with high needs.
- 3.6 Arts and music were offered at all sites. Festival of the Art was successful.
- 3.7 This position assists sites with discipline which includes but not limited to: determining if students qualify for AB2306 credit reduction, working with parents with their concerns, giving guidance in regards to education code, processing expulsion referrals, and assisting parents and students through the expulsion process ensuring students are placed in an educational program that would best fit their academic and social emotional needs. DCOST 2024-2025; Alt Ed transfers 133 Keema transfers 347; Expulsion Referrals 116 referrals; 61 terminations 30; Suspended/expulsions 25 Pending; Readmissions 35

Placements through Student Services due to parent compliant/safety/other 2024-2025: 75 (Keema); 11 (alt site); 7 AB2306 approval

- 3.8 Program included site equity audits at 4 focused sites. Focus will shift to school advancement and
- 3.9 Students engaged in Superintendent Advisory committee, advocacy at city council, clubs and activities on school sites and provided input on programming.
- 3.10 Students attended grade level anchor field trips, participated in career fairs and various opportunities for enrichment and engagement.
- 3.11 As of May 16, 2025 a total of 9037 district students have attended the TR WIN Academy Saturday School programs. 6444 absent school days have been recovered for students with a missed school day.
- 3.12 Usage rate and favorability ratings increased.
- 3.13 All positions have been filled and are maintaining a ratio of 1:890 to supplement the base ratio.
- 3.14 Having buses for long range travel in addition to our fleet of electric buses will provide better access to field trips and events that have required charter buses.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- 3.6 Funding will be braided with Prop 28 arts and music initiative.
- 3.8 Change title to School Advancement and only includes supplies.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal

| Goal # | Description | Type of Goal | | |
|--------|----------------------------|--------------|--|--|
| 4 | Increase Parent Engagement | Broad Goal | | |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

Community forums and parent meetings continuously reveal and cite a need for parent involvement and engagement. Progress will be measured by the percentage of parents attending workshops and the outreach to diverse groups to attend engagement activities. Stakeholder input showed that 98% of surveys were completed in English and 30% were parents or guardians of students that were English Learners.

Measuring and Reporting Results

| 5 | Provide Facilities that are Clean, Safe, and Conducive to Learning | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

TRUSD Facilities Master Plan Refresh from 2018 showed \$506 million needed just to complete high priority facilities updates with a total of \$3.5 billion to complete all updates and upgrades from 2017 Facilities Master Plan (updated from 2015). Community reports of facility concerns have also been noted. Progress will be noted through Williams' facility reports, work order completion rates, and continued facility audits. Additional input from our educational partners shows positive feedback from recent facilities upgrades as well as a need to continue additional maintenance and repair. Facilities were one of the top themes for our student participants in education partner input sessions and surveys. Safety is consistently a top theme for all educational partner groups.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

Goal

| Goal # | Description | Type of Goal |
|--------|---|--------------|
| 6 | Increase ELA and Math Academic Achievement for Students with Disabilities | Broad Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Improved standardized test results and standardized assessments for all students are essential to measure progress toward goals. There are disparities between students with disabilities and other subgroups. Twin Rivers was required to develop this goal due to consistent low performance by this subgroup. Beyond the performance gap in standardized test results, there are also disparities with enrollment and completion of academically rigorous pathways as measured by AP course enrollment, dual-enrollment, and in A-G completion rates. These disparities are representative of the academic achievement gap. Focusing on the achievement of students with disabilities will allow our system to examine our many programs that server students in this classification. Having this data will create more capacity for the department as a whole to improve outcomes in areas of need rather than the larger initiatives of past years. Additionally, we will be able to examine where our actions are the most effective and where there needs to be adjustment and innovation. The shift for the staff in these actions will include targeted work based on more granular data. Previously, our Specialists provided services to all students with disabilities (and the staff that provides instruction). With targeted data points, the staff can better focus on areas of innovation and improvement. This shift in the deployment model will produce improved outcomes in the areas of most need at a greater rate and in a more timely fashion.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- 6.1 Positions filled and program implemented as planned
- 6.2 Position filled and serving Achieve program.
- 6.3 Partial of two Special Education Coordinators totaling 0.80 FTE; 1 FTE less that planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

6.3 - 1.0 FTE Coordinator shifted from S/C funds to IEPG for Vineland preschool.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- 6.1 Intensive support has been available to a cohort of 6 teachers working with 72 elementary age children with autism
- 6.2 The Vice principal runs an intensive mental and behavioral health program for students that would otherwise require non-public school placement
- 6.3 Early childhood inclusive preschool and transitional kindergarten classes have resulted in general education opportunities for special education students that would otherwise require self- contained classroom support. A review of data for students that participated in inclusive programs led to 70% of students remaining in general education during their kindergarten school year.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

6.3 - Action is updated to be solely be for Miles P Richmond school.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|--|--------------|--------------|
| 6.1 | Special Education Teacher on Special Assignment (TOSAs) | 6.1 Special Education TOSAs, materials, supplies and professional development to strengthen program implementation. Programs will be used with some students who have been identified with autism, with an emphasis on special education unduplicated students. Resources include the continued use of innovations implemented during distance learning such as model Google Classroom. All S/C | \$445,313.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |

Goal

| Goal # | Description | Type of Goal |
|--------|--|------------------------------|
| 7 | Increase academic achievement in English Language Arts by 45 points from standard or greater by students classified as English Learners as measured by CAASPP by 2027. | Equity Multiplier Focus Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Elementary sites currently receive Math coaching and support, English Language Arts coaching and support and Culture and Climate coaching and support using additional funding. For the Equity multiplier, the sites listed showed the greatest need for English Learner supports in ELA and Math as well as access to content. Providing additional intervention teachers and language support on sites will help improve services in this area of need at the site listed.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|---|---|---|----------------|---|--|

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- 7.1 Positions were implemented and worked in tandem with MTSS and EL Services to provide targeted intervention to students. Local data showed improvement and preliminary EL data is showing positive correlation with participating students.
- 7.2 Positions that were filled provided additional translation, interpretation and support for students and families; focusing on groups that were receiving academic intervention.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 7.1 Filled positions cost more than the budgeted positions.
- 7.2 Support from service agreements was added.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

7.1 Intervention program has shown signs of positive gains at most site implemented. Current data reflects this beyond CA dashboard.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- 7.1 Hagginwood and Babcock will not receive funding for 2025-26 based on stability rate.
- 7.2 Added service agreement for materials for ELD intervention.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

| Action # | Title | Description | Total Funds | Contributing |
|----------|--|--|----------------|--------------|
| 7.1 | Student Support Teachers (EL Focus) | 7.1 Student Support Teachers (SST) provide direct instruction to small groups of students classified as English learners using intervention materials daily. Additionally, Student Support Teachers may provide additional support to students during ELD blocks and support the general ELD programs based on site needs. SSTs will work in tandem with Bilingual Paras to provide English Language Arts instruction to students with the goals of increasing achievement in ELA and additional language acquisition support. | \$2,033,908.00 | No |
| 7.2 | Bilingual Paraeducators | 7.2 Bilingual paraeducators provide direct support for students needing language access and interpreting to receive grade level instruction in content areas as well as English language acquisition. These positions are staffed based on language proficiency according to the needs of each site. | \$252,686.00 | No |

Goal

| Goal # | Description | Type of Goal |
|--------|--|------------------------------|
| 8 | Increase academic achievement in ELA 45 points from standard or greater by students as measured by CAASPP by 2027. | Equity Multiplier Focus Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Martin Luther King Jr. Technology Academy (MLKTA) is in the Red status for Math, English Language Arts, English Learner Progress and Conditions and Climate. A review of services show that a Math, Conditions and Climate and English Language Learner progress are receiving services in the next year through different funds. English Language Arts is a gap so the Equity Multiplier funds will be used to address that gap and to provide additional access to students not yet fluent in English to access these services.

Rio Linda Preparatory Academy (RLPA) Is in the orange category for ELA with 4 subgroups in the Red. The action will address instruction and collaboration with the staff. The site plans to conduct a deeper root cause analysis into other areas of need in the 2025-25 school year with greater teacher and staff input on priorities for this funding.

Input from Educational Partner engagement at MLKTA showed a need for additional supports in academic with an emphasis on tutoring and intervention.

(RLPA) input showed a need to improve instruction through collaboration and professional development will be the first step in strategy to address the site needs.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

|--------|--|------------------------------|
| 9 | Improve College and Career readiness by 10% or greater for all student groups by 2027 as measured by the College and Career Indicator on the CA State Dashboard. | Equity Multiplier Focus Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The CA School Dashboard shows that Keema and Pacific had an a Very Low indicator in the area of College and Career Readiness. The importance of our students graduation College and Career ready is a District Strategic Focus area as well as a priority in district educational partner input. Career Technical Education and improving academics were also high priorities in our input and in the needs assessments conducted by the individual sites. The College and Career Indicator includes the above priorities and serves as an area to improve that would address the needs of our District and these sites.

College and career readiness for students attending Keema School for Independent Study, Pacific Career and Technology High, and Vista Nueva Career and Technology High were present in Educational Partner input themes related to success beyond graduation. In addition, Pacific and Vista improved interest and resource for Career Technical Education in order to improve college and career readiness and meet the specific request of student input present in the needs assessment. Tied into that was the need for academic success. Many families provided input that access and barriers such as language and work schedules as interfering with student engagement in school and academics. This prompted the need for additional support present in counselor and extra duty actions.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

Goal

| Goal # | Description | Type of Goal |
|--------|---|------------------------------|
| 10 | Decrease suspension rate to 5% or less for all student groups by 2027 as measured by the CA State Dashboard | Equity Multiplier Focus Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 6: School Climate (Engagement)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

On the CA Schools Dashboard, Vista Nueva has a Red indicator which is very low performing in the area of suspension rate. A review of the site needs assessment and survey input shows that student suspension is the greatest area of need that the site needs to address.

Northwood is addressing the need to decrease the suspension rate that is Red on the dashboard for all student groups but 1.

School culture and student engagement were all top themes present in Educational Input from Northwood and Vista. In addition, Vista families and students indicated the need for programs that helped with success beyond graduation and connection to resources.

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|-----------------|---|--|----------------|--|----------------------------------|
| 10.1 | Suspension Rate | 2023: Vista Nueva Career and Technology High School: 13.2% suspended at least one day 2024 Northwood Elementary: 7.1% | 2024: Vista Nueva Career and Technology High School: 3% suspended at least one day | | Vista Nueva: 5% suspended at least one day or less Northwood: 4% suspended at least one day or less | -10.2% |

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|---|
| 1.1 | Action: Professional Development Need: ELA CAASPP: 52.1 points below standard with 12 of 14 groups in Orange or Red Categories Math CAASPP: 84.1 points below standard with 12 of 14 groups in Orange or Red Categories | Twin Rivers is a diverse school district and our unduplicated pupil count is projected at 90%. This presents the challenge for our staff to meet the specific needs of the students that they serve. Given the large percentage of students identified as unduplicated, an LEA wide approach to providing professional development is the best way to serve our students. Professional development serves to increase student achievement as well as staff awareness of the | CAASPP, ELA and MATH Benchmark scores, Implementation of Standards |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|--|
| | Scope: LEA-wide | needs of unduplicated students and how to support them. Access to high quality instruction is key to the success of students with unduplicated status. 9/10 Twin Rivers students are identified as unduplicated so the needs are LEA-wide. | |
| 1.2 | Action: Early Childhood Education (ECE) Need: iReady Diagnostic 2 Pass Rate: 28.92% ELA Benchmark: 44.16% (7-12) 34.96% (K-6) Universal Pre-K Initiative Statewide Scope: LEA-wide | Developing a comprehensive plan to deliver early literacy skills and school readiness for students provides a necessary support for students that have lacking or limited home support. Providing academic programs for student in the pre-school aged group offers tools for low-income students and families and specific unduplicated groups. Access to text, academic language rich environments, and reading models is often lacking in unduplicated students homes prior to enrolling in school. Continuing to focus on early literacy will impact the rate at which students achieve grade level fluency by grade 3 (A long-term study by the Annie E. Casey Foundation found that students who were not proficient in reading by the end of third grade were four times more likely to drop out of high school than proficient readers). 3rd grade ELA scores have increased in ELA CAASPP from 27% in 2017 to 34% in 2019 (last reporting period). Included in this plan is the expansion to universal transitional kindergarten and pre-school and include all sites. | Benchmarks and ECE assessments |
| 1.3 | Action: Full- Day Kindergarten Program Need: CAASPP and Benchmark assessments show a need for additional intervention and academic instrucion | Full- day kindergarten programs close achievement gaps between young children from minority and low -income families and their peers. By providing a solid foundation of learning to children from all backgrounds, full- day kindergarten programs ensure all students' academic, social, and emotional success. The | Benchmark Assessments and cohort progress on CAASPP over time. |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|---|
| | Scope: LEA-wide | services provided support our unduplicated students as 90% of our students are unduplicated. | |
| 1.4 | Action: Short Term Independent Study Need: Students that are chronically absent score lower on assessments Scope: LEA-wide | Short term independent study will be provided to students (TK8) who are absent from school for five or more days. This will give them the opportunity to complete independent study curricula, for the purpose of ensuring students don't fall behind in their current academic program. The additional level of support especially benefits our unduplicated students by providing them additional learning if they miss school or are in transition. Unduplicated students continue to be our highest number of chronically absent. The services provided support our unduplicated students as 90% of our students are unduplicated. | CAASPP and completion of Independent study agreements |
| 1.5 | Action: Testing and Assessment Program Need: Monitoring Benchmark data and other assessment during the year in order to adjust instruction and interventions has show a positive increase in student achievement Scope: LEA-wide | The data management program Illuminate, a CCSS based testing and assessment program, is used to monitor student learning and to support targeted instruction. Illuminate reports allow us to monitor and act on data that is disaggregated to show ongoing progress of subgroups. Access to this data is critical to analyze and address disparities. This data is used to develop LCAP and SPSA metrics and goals districtwide and monitor and adjust during the school year. Unduplicated students receive targeted intervention based on need as evidenced with data from Illuminate assessment system. The services provided support our unduplicated students as 90% of our students are unduplicated. | CAASPP, Benchmark Testing |
| 1.6 | Action: Class Size Reduction Need: | Twin Rivers Unified School Districts unduplicated pupil count is projected at 90%, as a result, every school has unduplicated students enrolled. Research shows that lower class size in the early | Benchmark data and CAASPP |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|--|---------------------------------------|
| | Educational partner input and the district goal to increase early literacy and supporting behavioral health. Scope: LEA-wide | years supports increased academic performance. Research generally agrees that lower class size at least in the earliest grades, are linked to positive educational benefits such as better test scores, fewer drop outs, and higher graduation rate, especially for disadvantaged children. Kindergarten teacher ratio will be a 20:1 district-wide. Additionally K through 12th grade student to teacher averages are less than the amount of the teacher contract. | |
| 1.7 | Action: Instructional Minutes and PD days Need: CAASPP Math and ELA are improving annually and not yet at 50%. Scope: LEA-wide | Twin Rivers is a diverse school district and our unduplicated pupil count is projected at 90%. As a result, every class room has unduplicated students enrolled including those who need language support, face academic challenges, as well as foster youth, and those who are socioeconomically disadvantaged. Expanding the instructional minutes of the day directly affects all unduplicated students. TRUSD will recruit new teachers, and develop all teachers to support improved student achievement in an expanded school day through: An additional seven instructional minutes to each school day, one additional student-free professional development day for school site instructional staff, and higher beginning teacher salaries to attract qualified staff that can meet the unique and diverse needs of our students. Both research and practice indicate that adding time to the school day and/or year can have a meaningfully positive impact on student proficiency and upon a child's entire educational experience. This action is contributing to the increase in ELA and Math achievement in CAASPP (+2.28% ELA, +1.98% Math). | CAASPP and Benchmark assessments. |
| 1.10 | Action: English Learner (EL) Services | The basic services provided for all English Learners K – 12 students, are standardsbased | CAASPP, ELPI |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|--|--|
| | Need: ELPI and Disaggregated CAASPP data show a need for language acquisition focus in classrooms and school sites. Scope: LEA-wide | ELD classes, certificated teachers, bilingual paraprofessionals, and appropriate curricular materials. Programs and activities to ensure increased EL access to rigorous academic content, including college prep courses for middle schools and high schools will be continued in the 2025-26 school year. Services for EL's are based on all EL's being assessed appropriately on an annual (summative), and on an ongoing basis (formative) on language development and being placed in appropriate programs. This will be facilitated through collaboration with the Academic Intervention Specialists Bilingual (AISBs). | |
| 1.11 | Action: ELA/ELD Lesson Design Implementation Need: ELA/ELD CAASPP and Benchmark growth showed a need to focus on literacy. Scope: LEA-wide | Led by the Executive Director Learning Design and Professional Development, ELA/ELD Lesson design coaches will provide job-embedded professional development to support the implementation of units of study. Focus on CCSS lesson development and short term (formative) assessment will provide data and information to use with a focus on unduplicated and high risk students. This is a new action and is based on early literacy research from CORE and other academic sources that illustrated the alignment of materials, instructional practices, and assessment as key to improving outcomes for students in reading and writing. Job-embedded instructional coaching has been show in studies by Hanover Research and many others as having the highest effect size for professional development models. This model was successful in Twin Rivers SWUN Math initiative that produced steady growth in math outcomes for students. | Benchmark and CASSPP data, Implementation reporting. |
| 1.12 | Action: Multi-Tiered System of Support (MTSS) | Interventions are needed in both behavioral and academic areas. Funds will be used to implement the MTSS initiative with Intervention Specialists at | CAASPP, Benchmark, Kelvin and Behavior data |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|--|---------------------------------------|
| | Need: Increase in behavior referral and the academic needs shown by CAASPP and Benchmark data. Since implementation, steady improvement has been shown at sites working with MTSS specialists. Scope: LEA-wide | 41 schools and Intervention Specialists work with sites teams, students, and teachers to improve academic achievement with an emphasis on unduplicated students. They will also introduce tools and supports into the system to provide resources throughout the district. The use of tools, such as specific classroom management techniques, have shown to benefit at risk and unduplicated students. While MTSS has contributed to growth in ELA and Math proficiency, it is also expected that improvement in Chronic Absenteeism Rates and Suspension Rates will be evident in subsequent years due to the needs assessment and root cause analysis conducted through MTSS structures that inform site initiatives in these areas. MTSS expanded to the high school level in 2021-22 and provided support for students needing intervention with a focus on unduplicated students at the 9th grade level. | |
| 1.13 | Action: World Language and Native Speaking Teachers Need: A-G rates show a need to access to broad course of study Scope: LEA-wide | Twin Rivers Unified School District will continue to provide World Language and Native Speaker courses at all secondary sites. This supports students gaining UC A-G courses in the middle schools, as well as primary language development in the Native Speaker courses. It increases pathways to AP courses and the opportunity to learn a third language in high school if desired. Twin Rivers Unified School District will also expand the bilingual opportunities at two elementary schools by increasing to three grade levels of Dual Immersion at each site. Research supports the need to increase the access to advanced placement and A-G courses. | A-G rate and Metric 1.1 |
| 1.14 | Action: New Teacher Support | Providing support to new teachers through mentorship and collaboration across the district helps ensure retention of teachers and allows for | Metrics 1.1, 1.2, 1.3 |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|---|---|
| | Need: Over 150 new teachers require support annually. Scope: LEA-wide | the rapid development into effective instruction. This mentorship focuses on teaching standards that begin with classroom culture, providing targeted and differentiated support to diverse students, culturally competent practices, and equity. All of these focal areas facilitate quality instruction for unduplicated students and increase the efficacy of teachers new to the profession to diminish achievement and equity gaps. All of our sites have new teachers so LEA-wide approach is needed. | |
| 1.15 | Action: Central Office Support & Supplemental Services Need: Office staff require updates with new initiatives and technology based on Educational Partner input, Tutoring is needed for students scoring below grade level on benchmark and CAASPP assessments. | Provide training to central office staff with an emphasis on aligning district systems to more efficiently support student needs with an emphasis on unduplicated students. This includes funding for staff that ensure the quality of expanded learning services and tutoring to students at sites. Additional tutoring and access to instruction has support an improved graduation rate and continue growth in ELA and Math outcomes. | Meeting attendance, CAASPP and Benchmark data for students in tutoring |
| | Scope: LEA-wide | | |
| 1.16 | Action: Additional IT Technicians for schools Need: 1:1 Chromebook deployment requires more IT support at sites based on work orders Scope: LEA-wide | The expansion of technology in classrooms and to students (Chromebooks) presented the need for additional IT support. Many of our families with low socioeconomic resources have limited experience with technology and reside in areas with little or no support options. The additional IT technicians allow for more service at the school sties directly to families. This provides greater access to technology without interruption. | Work order monitoring, CAASPP and Benchmark data |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|--|--|
| 1.17 | Action: Supplemental Concentration Allocated to Schools Need: SPSA and site specific needs from site needs assessments Scope: LEA-wide | Twin Rivers Unified School Districts' unduplicated pupil count is projected at 90%. Twin Rivers school sites have an unduplicated pupil percentage of 70% or higher. Supplemental concentration funds, with an emphasis on unduplicated students, are allocated to school sites based on their unduplicated students to support academic improvement efforts for subgroups. Items include, but not limited to, field trips, supplemental instructional materials and software licenses, laptops/tablets, supplies for parent involvement meetings, student awards/recognition, positions above base staffing (i.e. Counselors, duty assistants, academic and behavior assistants). Providing enrichment, recognition and additional supports for unduplicated student fill equity and opportunity gaps for these students at the site level. Sites build on core programs to provide targeted enrichment and support based on needs assessment conducted annually. | SPSA, School Site performance on CAASPP, Benchmark, and Behavior and Engagement data |
| 1.18 | Action: Small School Need: Sites that have low enrollment have additional operational costs. Scope: Schoolwide | Operating neighborhood schools that have low enrollment incur additional costs that are not offset by ADA including operational costs and services. Supplementing these costs allows for the students attending smaller neighborhood schools access to equitable services as schools that have a greater enrollment. Unduplicated students makeup the majority of the enrollment of our schools with 350 or less students. Providing access to the services available at larger schools is an additional cost to the district but bridges a gap for students. | Enrollment, CAASPP, Benchmark and Behavior data for small schools |
| 1.19 | Action: Intensive Intervention Behavior Support Team Need: | The Intensive Intervention Behavior Support Team supports Tier 3 social emotional students including Special Education students, with an emphasis on unduplicated students. In addition to providing | Interventions, Behavior referrals Metric 1.1, 1.2, 3.7, 3.8 |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|--|---|
| | Increased behavior and mental health referrals & Educational Partner input Scope: LEA-wide | direct services to students, the team provides consultation to staff and parents, develops, implements and monitors individualized behavior plans, and trains staff and students on positive behavior management skills. Developing systems to provide improved services for students with elevated behavior needs is the aim of this team. | |
| 1.20 | Action: Positive Behavior Support Intervention (PBIS) Specialists Need: Students that are suspended perform below students that are not districtwide. 7.7% suspended last year (medium dashboard indicator). Scope: LEA-wide | Three Positive Behavior Support Intervention (PBIS) Specialists will work with cohorts of school sites to support district-wide implementation of this initiative with mentoring, support, training, and collaboration. This work supports our unduplicated students by providing a system of school-wide procedures and protocols that allow students and staff to positively interact which enhances the school environment and culture. Evidence suggests that PBIS schools ultimately see growth in academic achievement and reduction in loss of educational time due to suspension. Providing positive models of behavior in a tiered-system of support is filling a need that is absent in many of our socioeconomically disadvantaged and foster youth/homeless population home lives. | Suspension rate and behaviors leading to suspension, Benchmark and CAASPP monitoring. |
| 2.1 | Action: Career Technical Education Need: Student enrollment and completion in CTE programs continues to grow as does the need for these skills in the workforce. CTE Programs are included in needs assessment and educational partner input. Scope: | Funding to support Career Technical Education (CTE) programs such as California Partnership Academies, Project Lead the Way, Business academy, Multi Media programs, and Skills USA. The focus for the academies are on the unduplicated students in our secondary schools. Access to trade school and exposure to career options is often lacking in the families of our unduplicated students. Our increase in CTE completers, the growth of program offerings, and the frequency in stakeholder responses show these programs as having a positive impact on unduplicated students. | CTE Completion rate, College and Career Indicators. |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|---|---|
| | LEA-wide | | |
| 2.2 | Action: College Exam Access Need: Access to entrance exams and costs associated with application can be a barrier to applying. Scope: LEA-wide | Providing access to college entrance exams allows unduplicated students the opportunity to test and re-test in order to gain access to college admission, scholarships, and other opportunities that may be financially unreachable without this support in place. Students are identified by counselors and access is granted to all that request the support or are determined to have a need. Since Twin Rivers is 90% or more unduplicated, the costs of exams are provided for all students by request and referral. | College and Career Indicators. |
| 2.3 | Action: College Readiness Need: A-G rate and college attendance are increasing and students require additional support to continue the growth and access. Scope: LEA-wide | Events and programs such as our college fair are designed to provide exposure and access to a variety of colleges. Many of our unduplicated students gain their first exposure to college options they otherwise would not have access to through this initiative. 90% of TRUSD students are unduplicated so an LEA-wide approach is necessary. | A-G, College attendance, graduation rate and college and career indicators. |
| 3.1 | Action: Duty Assistants Need: Suspension and referral reports increase during recess and unstructured time. Scope: LEA-wide | Duty assistants will be funded to ensure all schools have the necessary supervision to ensure the maintenance of safe school environments. Research shows that students who feel safe at school shower higher rates of academic achievement. Duty assistants are trained to forge and support positive relationships with students and serve as mentors and guides for students with limited adult relationships. Unduplicated students are served by these relationships ad provide positive engagement in the school culture daily. | Suspension and referral data |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|---|---|
| 3.3 | Action: Counselors Elementary Need: Increase in mental health referrals and educational partner input Scope: LEA-wide | Twin Rivers will maintain increased support services by providing a minimum of one counselor at each elementary site, as measured by the number of unduplicated students and academic achievement, to ensure socioemotional needs of students are supported. | Kelvin Metric 3.2, Referral and Intervention data |
| 3.4 | Action: Counselors Secondary - Additional Need: Mental health referrals and the increase of students accessing CTE, enrollment in College Credit Courses (formerly dual enrollment), and college access are all rising. Scope: LEA-wide | The basic school counseling ratio is: High School 700:1, Middle School- 750:1, K85 FTE, and K6- (700+ students) .5 FTE, to meet the academic and socio-emotional needs of students. Alternative education sites also receive counseling services. Supplemental services will continue to reduce counseling to student ratios at high schools to 350:1 and a minimum of 1 counselor or 500:1 over 1 FTE at each middle school, which will focus on the unduplicated students. Research shows that decreasing the counselor to student ratio positively affects academics and reduces disciplinary actions. Unduplicated students often lack access to social emotional supports and professionals. Additional counselors and mental health professionals provide greater access. | College and Career metrics, Suspension, Kelvin, Enrollment and progress in A-G, CTE, College Credit, and graduation rate. |
| 3.5 | Action: Vice Principals - Additional Need: Suspension and behavior referral data Scope: LEA-wide | With the implementation of Common Core State Standards (CCSS), teachers need additional support in the classroom. Vice Principals (VPs) are expected to be instructional leaders, and as such, support veteran teachers with the implementation of CCSS and provide intensive support to our growing new teacher pool. Assistance from VPs will directly support unduplicated students by providing them access to more resources | Attendance rate, Suspension Rate, Kelvin Rates |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|--|---|
| | | throughout their school day. Continue Vice Principals at elementary schools with 600749 students to support instructional program and school needs, with the focus on unduplicated students. Continue supplemental Vice Principals at elementary schools with 600749 students to support instructional program and school needs. Continue supplemental to the basic Secondary Vice Principal ratio, each middle school will have a minimum of 1 Vice Principal. | |
| 3.6 | Action: Visual and Performing Arts Need: Visual and performing arts are a top theme in educational partner input. Students participating have better attendance and academic performance. Scope: LEA-wide | Twin Rivers will continue VAPA teachers to support Arts Program K -12. Supplies and materials will be provided to support VAPA program. Research shows that students having access to the arts positively effects student achievement and enrollment therefore providing opportunities to reduce disproportionalities and providing equity for unduplicated students. Unduplicated students typically do not have access to lessons and fewer opportunities to pursue the arts. This is one way the TRUSD is providing access to these students, the best way to serve those students is LEA-wide. | Attendance, and participation in VAPA programs. |
| 3.7 | Action: Student Services Program Specialist Need: Foster and Homeless have disparities in attendance, chronic absenteeism and suspension data in comparison to non foster and homeless youth in TRUSD. | This position has provided enrollment, attendance, communication, and connection to services for many of our unduplicated students. Since 90% of our students are unduplicated, LEA-wide is the best approach to serve students. Foster and homeless youth are an are of focus that program specialist supports. | Metrics 3.1, 3.4 |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|---|
| | Scope: LEA-wide | | |
| 3.8 | Action: School Advancement Need: Disparities in data and the growth of newcomer families show a need to examine equity and access across our district. Scope: LEA-wide | The Equity, Diversity and Inclusion department is to develop and implement an equity strategic plan that examines gaps and disparities in our district across all areas. The department will engage in root cause analysis and develop targeted action plans to address and eliminate disparity and disproportionality. The goal is to better serve unduplicated and underserved students in all areas. Approximately 90% of TRUSD students are unduplicated so LEA-wide approach is the best way to ensure equity. | Family and Community Engagement, Attendance, Disaggregated dashboard and local data |
| 3.9 | Activities Directors Need: Community input and student input show a desire to continue and expand activities. Students participating show higher rates in academics and lower rates in suspension and absenteeism. Scope: LEA-wide | 9 Activities Director positions continue expanding the academic and enrichment programs for students with an emphasis on unduplicated students. Research shows that students who are more active and involved in schools perform better academically. Students will have access to academic activities, competitions, and athletic which will support student engagement, social emotional growth, and improvement in student academic achievement Academic activities will include grade level anchor activities, trips, and clubs. In addition, students will be provided with opportunities for academic competitions and athletics. Research has historically indicated strong correlations between student engagement and student achievement. Unduplicated students often lack the resources to engage in extracurricular activities such as those listed above. Expanding this access is a priority that bridges a gap for our students. | Attendance and participation in events using site metrics. Metrics 3.1, 3.2, 3.3, 3.4 |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|---|---|
| 3.10 | Action: Student Activities - Additional Need: Community input and student input show a desire to continue and expand activities. Students participating show higher rates in academics and lower rates in suspension and absenteeism. Scope: LEA-wide | Students that participate in activities are more likely to succeed academically and have better attendance rates. Students classified as unduplicated have less access to activities outside of school do to limited resources and limited offerings in the areas in our school district boundaries. Providing LEA-wide activities to meet the needs of our approximately 90% unduplicated population is the most equitable method. | Attendance and participation in events using site metrics. Metrics 3.1, 3.2, 3.3, 3.4 |
| 3.11 | Action: WIN Academy Saturday School Need: Student attendance and Chronic Absenteeism show a need for intervention beyond the school day. Scope: LEA-wide | The Twin Rivers What I Need (WIN) Academy is a weekend program that is a blend of enrichment and academic opportunities designed to provide extended learning for all Twin Rivers Unified School District students with an emphasis on unduplicated students. TR WIN Academy teachers engage students through meaningful and fun instruction that may cover math, reading, science, history, arts, social skills, physical education, research engineering, and much more. Our primary goal is three pronged: 1) increase student learning by reclaiming missed school days of instruction 2) increase student engagement 3) reduce chronic absenteeism by providing student instruction through meaningful weekend learning and engagement activities. Additional options for learning and access to instruction has support an improved graduation rate and continue growth in ELA and Math outcomes. Providing LEA-wide WIN academy to meet the needs of our approximately 90% unduplicated population is the most equitable method. | Attendance and Chronic Absenteeism, WIN Reports |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|---|
| 3.12 | Action: Kelvin Social Emotional Screener Need: TRUSD needs to continue a system of measuring wellness and mental health regularly Scope: LEA-wide | This tool provides insight into students mental health, emotional status, and allows sites and district to respond to student needs with an emphasis on unduplicated students. The Kelvin program allows TRUSD and sites to gather real-time updates on student emotional status, connectedness to school, and access to resources for support. Students can request intervention and counsel ongoing. Unduplicated students, especially Foster Youth and homeless students, often have no or very limited access to caring adult support or other mental health resources. This tool provides data so that Twin Rivers can provide interventions and make adjustments to better serve students in this capacity. Providing LEA-wide surveys to meet the needs of our approximately 90% unduplicated population is the most equitable method. | Kelvin reporting data and interventions Metric 3.2 |
| 3.13 | Action: Psychologists - Additional Need: Suspension rate is above district target, increase in site referrals for mental health needs. Scope: LEA-wide | Continue psychologist ratio to better meet the socioemotional needs of students with an emphasis on unduplicated students. These psychologists will support students with counseling services, behavior supports, and interventions. Psychologist also provide testing in order to connect students with unique needs to services and to provide students with learning supports and accommodations for success. Providing LEA-wide psychologists to meet the needs of our approximately 90% unduplicated population is the most equitable method. | Behavior metrics: Analysis of referral data, suspension data, and Intervention reports. |
| 3.14 | Action: Transportation buses Need: | Transportation to and from school and events is a great need for many of our families that have limited resources. Many do not own vehicles, reside in areas that are not safe for walking or other means of transportation, and have limited | Attendance and Chronic Absenteeism, transportation records. |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|--|---|
| | The need for transportation is growing, districtwide events are increasing that require transportation. Scope: LEA-wide | access to public transportation routes. Providing buses greatly improves access to regular school attendance and participation in events for our unduplicated students. Approximately 90% of TRUSD students are unduplicated and LEA-wide is the most equitable method. | |
| 3.15 | Action: Attention 2 Attendance Need: Regular attendance is critical to student achievement and well-being. Identifying barriers through analysis and follow-up supports regular attendance by unduplicated students who often have diverse needs and reasons for not attending. Scope: LEA-wide | Attendance is a need district-wide and out unduplicated count is above 90%. Providing analytic tools allow our district to create better systems to address the needs of all students and track effective interventions. | The software provides ongoing metrics and 3.4 from above will show long-term effects. |
| 4.1 | Action: Parent Opportunities Need: Parental engagement has been steadily increasing each year, but there are still underserved communities and a need to engage families that are new to the country. Scope: LEA-wide | Increasing Parent engagement supports the collaboration with the community to provide the best services to students. Unduplicated students have less access to resources that include technology, information about higher education, and knowledge of resources, opportunities and careers. Twin Rivers has expanded efforts to provide training and events to include subgroups such as parents of English Learners, supports for Foster Families, African American parent groups, and more. This has shown continued growth in attendance and in the number of participants in educational partner engagement surveys. COVID-19 continued to shift some events to virtual | Number of participants in engagement events. Metric 4.1 & 4.2 |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|---|--|
| | | meetings. Last year's focus on technology with parents provided greater access and contributed to the increase in participation this year. These needs will be addressed and expanded in goals 4.1 (Parent Opportunities) and 4.2 (Family and Community Engagement-FACE Department) | |
| 4.2 | Action: Family and Community Engagement (FACE) Need: A coordinator is required to to facilitate events and analyze the effectiveness of parent engagement efforts. Scope: LEA-wide | Increasing Parent engagement supports the collaboration with the community to provide the best services to students. Unduplicated students have less access to resources that include technology, information about higher education, and knowledge of resources, opportunities and careers. Twin Rivers has expanded efforts to provide training and events to include subgroups such as parents of English Learners, supports for Foster Families, African American parent groups, and more. This has shown continued growth in attendance and in the number of participants in educational partner engagement surveys. Measured taken during the pandemic in regards to technology with parents provided greater access and contributed to the increase in participation this year in an evoloving hybrid format. These needs will be addressed and expanded in goals 4.1 (Parent Opportunities) and 4.2 (Family and Community Engagement-FACE Department) | Event participation records and advisory group reports. Metric 4.1 & 4.2 |
| 5.1 | Action: Facilities Need: Facilities were a priority in all Educational Partner group input sessions. Scope: | The following research provides additional justification of the effectiveness of these services in meeting Goal 5 for our unduplicated students and demonstrates how these services are principally directed towards our unduplicated students based on that status. In the absence of these services, our unduplicated students will not have access to the same educational opportunities as their peers attending schools in wealthier communities throughout the Sacramento area. In a | FIT reports and Williams reports. |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--------------------|---|---------------------------------------|
| | LEA-wide | 2015 study(1) of spending on K-12 public school facilities in California, researchers from UC Berkeley, Center for Cities and Schools, found that "poor facility conditions disproportionately affect students and educators in low- wealth communities and undermine the educational equity priorities that are fundamental in LCFF." The study found that "low income and minority students are more likely to attend schools with poor physical conditions." The reason is "there has not been a statewide school construction bond measure on the ballot since 2006 which has increased reliance on local funds, without addressing disparities in local ability to pay relative to local needs." The findings revealed a relationship between community property values and expenditures on capital outlays. "Districts with more taxable property value per student have, on average, raised more capital funds to pay for facility needs than districts with less taxable property value per student." The study also found, "Facility maintenance and operations is a higher budget burden in school districts serving low income students. Many of these districts are disproportionately drawing more from their general operation budgets to pay for M&O than districts serving higher income students. School buildings and their operations cost more in poorer districts, leaving fewer dollars for education programs." Districts with higher percentages of low income students spent less on capital outlays per student and more on M&O per student than districts serving higher income students. This cycle of inadequate capital investments in aging facilities leads to more expensive emergency repairs and an over-compensation with higher M&O spending | |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--------------------|--|---------------------------------------|
| | | out of the operating budget, leaving fewer dollars for educational programs. Low income and minority students are more likely to attend schools with poor physical conditions, which exacerbates educational inequities. In a 2004 study(2) of the effects of school facilities on teacher retention in urban districts, it was found that schools with poor physical conditions are associated with increased teacher absenteeism, reduced teacher effectiveness, and reduced teacher retention. While all students in TRUSD will have access to clean, safe facilities, the factors identified in this study are highly detrimental to the success of our unduplicated students whose academic achievement is dependent on high quality teaching and quality relationships with their teachers. To ensure our unduplicated students are guaranteed access to a healthy, safe learning environment and an equitable learning environment with high levels of teacher effectiveness and retention, TRUSD is investing in modernization of their facilities that are in disrepair in order to break out of the cycle of inadequate capital investments in facilities Additionally, Cheryan, S., Ziegler, S. A., Plaut, V. C., & Meltzoff, A. N. (2014) conducted a study that showed "Improving student achievement is vital for our nation's competitiveness. Scientific research shows how the physical classroom environment influences student achievement. Two findings are key: First, the building's structural facilities profoundly influence learning. Inadequate lighting, noise, low air quality, and deficient heating in the classroom are significantly related to worse student achievement. Over half of U.S. schools have inadequate structural facilities, and students of | |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|--|---|
| | | color and lower income students are more likely to attend schools with inadequate structural facilities. 1(2015) Going it Alone: Can California's K-12 School Districts Adequately and Equitably Fund School Facilities? (UC Berkeley, Center for 2023-24 Local Control Accountability Plan for Twin Rivers Unified School District Page 73 of 117 Cities & Schools) 2(2004) The Effects of School Facility Quality on Teacher Retention in Urban School Districts: Washington 3(2014)Designing classrooms to maximize student achievement. Policy Insights from the Behavioral and Brain Sciences, 1(1), 4–12. Retrieved from https://journals.sagepub.com/doi/pdf/10.1177/2372732214548677 | |
| 5.2 | Action: Campus Safety Specialists Need: Student safety was a frequent input in our Educational Partner engagement for all groups. CSS was a position mentioned as a positive relationship by students in survey data. Scope: LEA-wide | A safe learning environment is essential for student success. To this end, base staffing (per the staffing handbook) for Campus Safety Specialists is maintained. Additional staffing levels of Campus Safety Specialists at sites to assist all students with an emphasis on unduplicated students. Campus Safety Specialists provide mentoring, and life modeling. They assist with restorative justice implementation and action. This action is now in goal 5 since the alignment is more with safety and creating a culture of connectedness. | Kelvin reporting provides insight in to safety and connectedness reporting from all educational partners ongoing. Suspension data also used to monitor effectiveness at site level. |
| 5.3 | Action: Police Dispatcher-Additional Need: Student safety was a top theme in our Educational Partner engagement for all groups. | A safe learning environment is important for students' academic achievement. Many of our schools are located in high crime areas that are also home to our unduplicated students. Twin Rivers schools are a safe haven for students. To maintain this, response time of law enforcement is often crucial. The police dispatcher provides a | Catapult EMS system reports are retained by our Risk Management team. Kelvin reporting provides insight in to safety and connectedness reporting from all educational |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|---|--|---|
| | Scope: LEA-wide | common contact for the site, including weekends and after hours, to support the safety of students and the campus. This additional position allows for video surveillance monitoring and review as well as monitoring and interaction with Catapult EMS system implementation. | partners ongoing. Metric 5.2 |
| 6.1 | Action: Special Education Teacher on Special Assignment (TOSAs) Need: CAASPP results for students with disabilities showed a disparity. Scope: LEA-wide | Special Education TOSA's (3 FTE), materials, supplies, and professional development for program implementation. Programs will be used with students who have been identified with autism, with an emphasis on special education unduplicated students. Although some special education students use core curriculum, TOSAs provide coaching around specific techniques and evidence based practices appropriate to high risk behaviors and populations with an emphasis on unduplicated students. This is contributing to the increase in academic performance on CAASPP by students with disabilities for ELA (5.8 points) and Math (8.5 points) according the the CA Stated Dashboard. | District Benchmarks, CAASPP, and IEP reviews locally. |
| 6.2 | Action: Vice Principal for Special Education Need: Students at non-public schools showed a disparity when compared to students enrolled in LEA schools. Scope: LEA-wide | The Vice Principal for Special Education is responsible for providing oversite and all aspects of administration for the Achieve Program. The Achieve Program is a new therapeutic intervention program for students receiving special education services. The program emphasizes intensive social emotional therapy and support, social skills development, academic progress, self-improvement and growth and family engagement and support. The Achieve program provides a therapeutic approach for students that have traditionally been referred to a non-public school for behavior. Our data showed that our students referred to Non-public schools did not graduate and made little or no academic progress. This | Suspension and referral rate, CAASPP, and Benchmark assessments that inform on-track to graduation. |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|----------------------|--|--|--|
| | | program is designed to provide additional support for referred students so that they may progress and graduate at a higher rate. The Vice Principal will provide program supervision, support and management on site and works directly with students, families and teachers to provide specialized instruction and support to students with unique needs. Since a majority of the students participating in the program are socioeconomically disadvantaged, foster/homeless, and/or English Learners, access to therapy and support that is provided in the program is often a financial burden or not available. | |
| 6.3 | Action: Special Education Coordinator Need: CAASPP results for students with disabilities showed a disparity Scope: Schoolwide | Continue Special Education Coordinator positions to provide educationally related mental health services with a tiered intervention model that addresses socioemotional learning of all students. The coordinator focuses on students with unique needs and provides coaching and oversite for the delivery of evidence-based practices in order to create and strengthen systems at the sites. A large majority of our students with disabilities are also foster youth/homeless, socioeconomically disadvantaged, or English language learners. Having a Coordinator supports the families and teachers in the development of IEPs and connection to critical resources and information. These access gaps for families are diminished with the expertise and consult from our Coordinator position and other support staff. | CAASPP and Benchmark data and local assessments for ECE and adult transition |

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

| Goal and Action # | Identified Need(s) | How the Action(s) are Designed to Address Need(s) | Metric(s) to Monitor Effectiveness |
|----------------------|---|---|--|
| 1.8 | Action: Foster Youth Support Need: Foster youth have lower rates of attendance and higher rates of chronic absenteeism (37.5% compared to 30.5% general). This leads to additional academic needs and support in connecting services. Scope: Limited to Unduplicated Student Group(s) | Foster youth support staff assist with student transitions between Alternative Education, court Community Schools, and district comprehensive school program, focusing on unduplicated students. This positions provide enrollment, attendance, communication, and connection to services for many of our unduplicated students including tutoring services and activities to support engagement. Foster and homeless youth are an are of focus that program specialist supports. | Disaggregated CAASPP and benchmark data |
| 1.9 | Action: LTEL & EL Courses Need: LTEL monitoring and EL data shows a need in content area academic support and language acquisition. Scope: Limited to Unduplicated Student Group(s) | Providing supplemental courses at the secondary level will support the English language acquisition for our LTEL students and EL students. Additionally, the courses will support content learning in the context of learning English language in an environment designed for both. | ELPAC, ELPI, Disaggregated CAASPP and Benchmark data |

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

NA

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

All schools are above the 55% unduplicated pupil percentage. The additional concentration add-on funding is being used for K paraeducators (1.3), native speaking and world language teachers (1.13), counselors (3.3 & 3.4), vice principals (3.5), custodians (5.1), grounds specialists (5.1), maintenance positions (5.1), and Campus Safety Specialists (5.2) as outlined in the HR Staffing Handbook. The HR Staffing Handbook uses student enrollment to determine position allocation and funding source.

| Staff-to-student ratios by type of school and concentration of unduplicated students | Schools with a student concentration of 55 percent or less | Schools with a student concentration of greater than 55 percent |
|--|--|---|
| Staff-to-student ratio of classified staff providing direct services to students | None | Elementary schools 1:28, Middle schools 1:24, High schools 1:37, Alternative schools 1:23 |
| Staff-to-student ratio of certificated staff providing direct services to students | None | Elementary schools 1:18, Middle schools 1:17, High schools 1:18, Alternative schools 1:11 |

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- Comprehensive Strategic Planning: The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- Meaningful Engagement of Educational Partners: The LCAP development process should result in an LCAP that reflects decisions made through
 meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs
 and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be
 included in the LCAP.
- Accountability and Compliance: The LCAP serves an important accountability function because the nature of some LCAP template sections
 require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - NOTE: As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community
 challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
 and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023
 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - o If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in <u>EC Section 32526(c)(2)</u>;
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by <u>EC Section 32526(d)</u>.
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the <u>LREBG Program Information</u> web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC
 Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

• If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

• Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: <u>EC Section 52060(g)</u> and <u>EC Section 52066(g)</u> specify the educational partners that must be consulted when developing the LCAP:

Teachers,

- Principals,
- Administrators.
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: <u>EC Section 47606.5(d)</u> requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see <u>Education Code Section 52062</u>;
 - Note: Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of EC Section 52062(a).
- For COEs, see <u>Education Code Section 52068</u>; and
- For charter schools, see Education Code Section 47606.5.

• **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other
 engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to
 engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the
 engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of
 educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - · Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs
 Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The <u>LCFF State Priorities Summary</u> provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing
 at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing,
 subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: <u>EC Section 42238.024(b)(1)</u> requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a
 focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- Required metrics for LEA-wide actions: For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- Required metrics for Equity Multiplier goals: For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- Required metrics for actions supported by LREBG funds: To implement the requirements of EC Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they
 may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

• Enter the metric number.

Metric

• Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the threeyear plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

• When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

 Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year
 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "Measuring and Reporting Results" part of the Goal.

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|--|--|---|---|--|---|
| Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then. | Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then. | Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2025–26 and 2026–27. Leave blank until then. |

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - o Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

• Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. "Effectiveness" means the degree to which the actions were successful in producing the target result and "ineffectiveness" means that the actions did not produce any significant or targeted result.
 - o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a threeyear period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven
 effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action
 and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

Enter the action number.

Title

• Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

• Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
 - Note: for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum.
 - Language acquisition programs, as defined in EC Section 306, provided to students, and
 - Professional development for teachers.
 - o If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

• LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of EC Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to <u>EC Section</u> 32526(d). For information related to the required needs assessment please see the Program Information tab on the <u>LREBG</u>

<u>Program Information</u> web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the <u>California Statewide System of Support LREBG Resources</u> web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical
 assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by
 the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in <u>EC Section 32526(c)(2)</u>.
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each
 action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for any action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

 Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

• Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

• Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

• Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

• Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required
Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be
increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section
15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the
 contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the
 amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

• An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the
 number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55
 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a
 single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must
 describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who
 provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing
 support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that
 is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration
 of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - o The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - o The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body: 2025-26 Local Control and Accountability Plan for Twin Rivers Unified School District

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- LCAP Year: Identify the applicable LCAP Year.
- 1. Projected LCFF Base Grant: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- 2. Projected LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- 3. Projected Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- LCFF Carryover Percentage: Specify the LCFF Carryover Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- Total Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- Goal #: Enter the LCAP Goal number for the action.
- Action #: Enter the action's number as indicated in the LCAP Goal.
- Action Title: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- Contributing to Increased or Improved Services?: Type "Yes" if the action is included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - Scope: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - Unduplicated Student Group(s): Regardless of scope, contributing actions serve one or more unduplicated student groups.
 Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - Location: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- LCFF Funds: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - Note: For an action to contribute towards meeting the increased or improved services requirement, it must include some measure
 of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to
 meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- Other State Funds: Enter the total amount of Other State Funds utilized to implement this action, if any.
 - Note: Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- Local Funds: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- Total Funds: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
 - For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

• Estimated Actual Expenditures: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- 6. Estimated Actual LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- Estimated Actual Expenditures for Contributing Actions: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- Estimated Actual Percentage of Improved Services: For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

• 9. Estimated Actual LCFF Base Grant: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

• 10. Total Percentage to Increase or Improve Services for the Current School Year: This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - o This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- 5. Total Planned Percentage of Improved Services
 - o This percentage is the total of the Planned Percentage of Improved Services column.
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

• 6. Estimated Actual LCFF Supplemental and Concentration Grants

 This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

• 4. Total Planned Contributing Expenditures (LCFF Funds)

o This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

• 7. Total Estimated Actual Expenditures for Contributing Actions

This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

• Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

 This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

• 5. Total Planned Percentage of Improved Services (%)

o This amount is the total of the Planned Percentage of Improved Services column.

• 8. Total Estimated Actual Percentage of Improved Services (%)

This amount is the total of the Estimated Actual Percentage of Improved Services column.

• Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

 This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

• 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

• 13. LCFF Carryover — Percentage (12 divided by 9)

 This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education November 2024

Twin Rivers Unified School District

2023-24 Dashboard Indicators in Red

Required actions for Lowest Performing Dashboard Indicators (Red Indicators) are based on the 2023 Dashboard and are effective for the three-year LCAP cycle (2024-25, 2025-26, and 2026-27). LEAs are required to keep these required actions throughout the three-year cycle and are not required to add additional actions if new Red Indicators for schools or student groups are identified on the 2024 or 2025 Dashboards.
