New Business

- Reunification: We have a planned walkthrough for the staff on back to school week with our SRO officer. We will have the processes and procedures completed for the event. Consider the traffic pattern on the side streets for pick up by parents with the SRO. It would be highly likely that Mill Street would be closed. We are also considering asking if we could have reunification at the Westerner. This would be a great location.
- Identify professional development needs around safety with the EMP: I'll be sharing this list with the PDAC committee. We will walk through all drills along with the reunification plan on the 28th of August **☒ Safety Training Need Request**
- Traffic Patterns for drop off and pick up: Any follow up or suggestions on the process? I believe that everyone has made the adjustment and it seems to be going well. Issue with parents calling students across the parking lot to come get in the car. Educate parents on this.
- Sidewalks and Light at Mill and 191: Scheduled for 2027
- Training for AED's: We have CPR and First Aid training on August 7th. Could we find someone to do the training for the AED's as well on this day? This normally takes place during CPR/First Aid training. **☒ AED Emergency Response Plan - Gallatin Gateway School.docx**
- Other concerns or areas of focus
 - **Order Do Not Enter Signs for the driveway**
 - **No meeting for May**

Adjournment 2:26pm
