Poor Academic Outcomes

A study by the CDC of 65,233 Adolescents found that adolescent alcohol consumption was associated with higher risk of dropout and lower GPA.

binge/frequent drinking among 15–16 year-olds lowered the probability of graduation or enrolment four years later by at least 11%.

Attention Seniors! The Counseling Department invites you to join Grounded Seniors, a small lunch group designed to help you find calm, balance, and connection during this busy season.

We'll meet the first three Wednesdays in December during lunch in Room 603.

Lunch will be provided!

Come take a midweek breather, share with peers, and learn strategies to manage stress and expectations as you finish strong this semester.

Sign up by scanning the QR code on the flyers in Mr. Stark's, Mr. Sarginson's or Mr. McCabe's classes!
