## **2024-2025 School Accountability Report Card**

### **(Published During the 2025-2026 School Year)**

#### **General Information about the School Accountability Report Card (SARC)**

##### **SARC Overview**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

##### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

##### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

##### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

The Wheatland Charter Academy has become a viable educational alternative for children and families of the Wheatland community as well as the Yuba-Sutter area. The charter was founded in 2001 as a dual program model that allowed us to have a K-5 onsite Montessori-blend program as well as a K-12 Independent Study Program. Since that time, programmatic changes have taken place to bring the school to its current configuration of a K – 5 Montessori-blend onsite program. The school received a five-year renewal from the authorizing district in the spring of 2021 to continue as a K-5 onsite program and will submit in 2026 for a new five-year renewal period. We work diligently with our school families with a keen focus on optimizing instruction and school activities for students, to include positive attendance to school..

We are a past California Distinguished School honoree, a California Purple Star School and multi year California Honor Roll award winner. We review our scope of Montessori instruction in relation to the California Common Core Standards and work to intertwine the curriculum. Our onsite Montessori-blend classrooms have a state credentialed teacher and a teaching assistant in the classroom. Our school enjoys ongoing collaboration with effective instructional strategies, careful curricular programmatic planning and sequencing, Response to Intervention (RTI) academic programs and social-emotional skill supports that are in place for students. We share a campus and all academic support systems with Lone Tree School. Together, Wheatland Charter Academy and Lone Tree School operate with Renaissance as our school culture and incentive program. We hold student rallies and recess activities to recognize student achievement with academics, social growth and behavior elements that, together, help us to encourage and support the growth and success of the whole child.

Our school is successful with the award of two DoDEA grants: Play and Learn Squad (PALS) 2020 - 2025 for social emotional learning and physical wellness and TEAM STEAM 2022 -2027 for a science, technology, engineering, art and math center on campus for the benefit of standards based lessons with student activity enrichment.

All four of Wheatland School District schools offer an ASES after school program. WSD's After School C.A.R.E. (Clubs, Academics, Recreation and Enrichment) Programs start on the first day of school and end on the last day of school, open Monday through Friday from the end of the school day until 6:00 PM. C.A.R.E. is open on minimum days at the early dismissal time and is closed on school holidays. After School C.A.R.E. offers cycles of intervention academic and enrichment components. Students enrolled in the district and who are entering grades Transitional Kindergarten through 8 in the fall are eligible to participate. Furthermore, the After School Program sponsors a highly recognized Camp program (a full day program

of at least 6 hrs), offering the only intercession and/or summer activity option for most district children.

Wheatland Charter Academy welcomes parents and community volunteers on our campus. It is part of our mission to team with families to create the best educational environment possible for our students.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## School Facility Conditions and Planned Improvements

The Wheatland Charter Academy's onsite program shares facilities with Lone Tree School (built in 1948) located at Beale Air Force Base. In 2002, all roofs and heating, ventilating, and air-conditioning systems were replaced. In 2007, all electrical transformers were replaced and major electrical work was conducted under critical hardship funds. Projects for 2010–2011 included a parking lot renovation, further playground updates, replaced all outdoor water fountains, installed campus cabling for technology, overhaul of classroom electrical supply and sources, and a kitchen upgrade with flooring and equipment. We work hard to ensure that our school is clean, safe, and functional within the available resources. In 2017, all WCA classrooms were updated with carpet. Recently, the campus is in progress with exterior painting and restroom updates. In 2018, four filtered water bottle stations were installed on the campus. In 2019, the district updated phone systems, a student art mural was added to the campus and we updated exterior horns for audible announcements. As part of our 2020/2021 site improvements, we have updated our HVAC systems with ionizing devices and continue painting our buildings. In 2021/2022, our TK - 2nd grade learning center received new carpet and we continue to adorn our campus with student created murals, this past year focused on the water cycle and local watershed. In 2022/2023, we continue work with the classroom thermostats. For 2023/2024 and going into 2024/2025, we have internet and cabling upgrades in progress, looking at campus cameras and providing repairs to some of our areas of need. Our site has established cleaning standards. A summary of these standards is available through the site administrator.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	63	64	39	42	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Parents have a representative on the Governing Council that oversees the charter school. Our District English Language Advisory Committee is a collaborative opportunity to have input for school programs to support English Learners while encouraging family and student connectivity to school. We encourage family engagement with our music programs, fall carnival, winter parent-student dance, spring STEAM event, WCA classroom activities and student Renaissance rallies. Our parents are active volunteers and we enjoy the positive support with reading and math tutoring for students, classroom helpers, fund-raiser assistance, field trip chaperones and more. Classroom and campus volunteers are always welcome and needed. To find out how you can volunteer at our school, please contact Mrs. Jacklett, campus administrator, at (530)788-0248. We also encourage family members to be classified and certificated substitutes and to apply for any school positions as they become available.

## 2025-26 School Safety Plan

On campus, our students follow the Wheatland School District standards for safety. We have a School Safety Plan that is shared with the traditional school on our combined campus as well as rules for general student safety, which are included in the parent/student handbook that is given to all registered families. We revise our campus safety plan annually in coordination with Lone Tree School. We used a safety consulting company for a complete revision of the School Safety Plan in 2007–2008. For 2010 and ongoing, we work with Beale Air Force Base to review and practice elements of our safety plan. Our classrooms are open 15 minutes before school begins. We have a supervised, district complimentary breakfast program. Staff members monitor the parking lot before school and immediately after dismissal. We have a closed campus, and all visitors must register with the office. We hold monthly fire drills and have an earthquake and disaster drill once a year. Livescan fingerprinting is a district wide requirement for campus volunteers. We hold a minimum of three campus lockdown exercises annually. Administration and staff attend safety updates and trainings. Our district administration has attended ALICE training.

## Fiscal Year 2024-25 Types of Services Funded

The Wheatland School District allows Wheatland Charter Academy to use facilities on an established school campus as we are a dependent charter school. Funds are expended to maintain our evolving student-success centered programs. Portions of the money are spent on staff training programs, such as Montessori Instruction, Essential Skills of Instruction and Common Core. We also place classroom teaching assistants in every classroom. Dollars are spent to ensure student progress software upgrades, purchase library books for continual student use and literary experiences, keep student-centered materials up to date and in ample supply and maintain a media for school wide virtual field trips. Technology plays a vital role on our campus, and funds are continuously set aside for technology maintenance and upgrades. Classroom technology that incorporates student participation, such as document cameras and televisions for visual presentations, are in place. Classrooms are outfitted with computer centers and our all 1st grade through 5th grade students are supplied with a one to one tablet. Social-emotional programs are in the forefront of our school supports with expenditures befitting growth in this area, including a full time school counseling program to include regular classroom lessons for all students. Wheatland Charter Academy shares in the onsite, school day intervention opportunities for K - 5 reading and math skills to support Response to Intervention Tiers II and III. Finally, Wheatland Charter Academy is engaged in district wide Renaissance activities for student motivations and incentives.

## Professional Development

Wheatland Charter Academy and Wheatland School District are dedicated to the educational development of teachers and staff. Seven staff development minimum days are scheduled yearly, designed to enhance the educational experience of our students. Through after school workshops, staff evaluates student data to develop a continuing educational plan to meet the needs of the constantly changing student population. Teachers tackle the areas of Common Core curriculum, Montessori element development, school safety, state testing demands, technology updates/implementation and social-emotional student needs to develop a program that looks to educate the whole student. In addition to these on campus opportunities, staff attends best practice conferences ranging in topics from Response to Intervention (RtI) and special education law, Common Core standards, child-centered learning, military student support classes, as well as county developed trainings. The Wheatland Charter Academy team works hard to not only collaborate with campus staff, but with the surrounding communities to develop a top notch program. Teachers are supported throughout the implementation process through a combination of peer led trainings and meetings, district-sponsored training, workshops as well as administrative observations. Data is evaluated often to ensure the continued growth of our programs and provide opportunities to address student needs through our continued professional development. Our district nurse and site health aide train our staff for student medical needs and continue to assist staff with safety protocols for an overall prepared campus with regard to health safety measures. Further, instructional staff receives technology training to reimagine the content and presentation of learning opportunities with expanding their repertoire of platforms and resources for students.
