## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

Village Elementary School creates a student-centered learning environment that serves the whole child in grades ranging from Preschool through 5th Grade. We enable students to prepare for their future by developing the skills, knowledge, and confidence necessary to seek a meaningful life, both individually and as a productive member of the community.

Our mission statement: Through rigorous academic standards, high expectations, and a comprehensive and coordinated curriculum (including Spanish classes, Visual and Performing Arts and experiences in our Innovation Lab), Village Elementary, in partnership with our district and community, will graduate students with the knowledge and skills necessary to excel in higher education, careers, society, and life with empowered confidence to fulfill their dreams and aspirations for the future.

Village Elementary is located in the heart of the village of Coronado, a small island resort community on the coast of San Diego, California. Coronado Village Elementary, a California Distinguished School and a National Blue Ribbon School of Excellence, serves as the hub of this small city. Our beautiful brick building is one of three schools located within one square mile of the Coronado Unified School District. We share this block with the middle school and high school. Our partner elementary school, Silver Strand, is located three miles south and serves families living in Naval Enlisted Housing and a neighboring resort area.

The Village Elementary main campus opened in 1992, and we serve approx. 800 students from Preschool-5th grade. We honor and encourage our active and engaged learners becoming prepared for college and career.

The community includes low, middle, and upper income homes, apartment buildings, small businesses, and hotels. Approximately 30% of our families are military, serving on our local naval bases, ships, and submarines, making our school population highly mobile. Several different ethnic groups and languages are represented at Village. The staff is committed to providing the best education possible for every student, by name, by need. All decisions are made based on what is in the best interest of our students. We believe in modeling life-long learning and are continuously attending professional development opportunities to improve our curriculum, instruction, and assessment practices.

Village Elementary teachers meet regularly to collaborate and learn about best instructional practices focused on the needs of students and reflect on current student formative data to plan instruction. In addition to providing a rigorous curriculum based

2025-26 School Description and Mission Statement

on high standards, the Village is implementing the "Leader in Me" social and emotional learning curriculum that instills the personal development traits and interpersonal competencies that our 21st century society demands. The Military Family Life Counselors (MFLC) and the Clinical Counselor teach classroom lessons, provide group and individual counseling, and other levels of social-emotional supportive programs to ensure all students are achieving and succeeding. Everyone-A-Reader (EAR) volunteers provide one to one support in reading to students, and our Reading and Math Intervention teachers provides additional support daily. Our master schedule provides for a school-wide W.I.N. (What I Need) time where students receive individualized small group instruction in order to meet their academic and social-emotional needs.

In partnership with our MFLCs, we host Anchored for Life for students to provide extra support to military families. The Village team of dedicated professionals are committed to striving for excellence for all our students, for our programs, and for our learning environment. Our inclusive learning environments provide equity for all students, regardless of degree of learning or physical challenges. Students are included in the general education classrooms, with small group or individual assistance as needed. The Student Success Team (SST) program is offered for students who need assistance academically, socially, emotionally, or cognitively as the foundation of our Multi-Tiered Systems of Support (MTSS) framework. We actively use Restorative Practices in concert with progressive discipline to engage our learners in restoring relationships as a form of social and emotional reintegration and relationship management. Teachers and students use a variety of technology applications to extend thinking and to provide a challenging curriculum. The Village Innovation (iLab), library, and Chromebook computers available for each grade level, support project-based learning and a growing one-to-one program, grades K-5. Each student in grades 1st-5th has a 1:1 computer and each classroom houses an LCD projector/document camera, and many classrooms have Smart Boards.

Choir, Band, World Languages (Spanish), Chess, Violin lessons, Lego innovation, Monart, and many other enrichment opportunities are in place both before and after the instructional day to provide a wide variety of extracurricular experiences for all students on the Village campus. We also host a fee-based before and after school childcare program through Champions. We partner with many businesses and organizations in the community throughout the school year to promote learning opportunities for students and provide volunteer opportunities for community members.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	76	71	64	63	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

At Village Elementary, it is truly evident that parents are not only welcomed, but also embraced as partners within their child's educational experience. We view education as a partnership and believe that schools improve when teachers and parents act as a team to reinforce each other's efforts in delivering a quality education.

The School Site Council (SSC) is made up of parents and teachers who together suggest how our funds will be spent along with other important school decisions. Our English Language Advisory Council (ELAC) is another opportunity for parents to have an input on how we can set up our English learners for success on their path to multilingual fluency. The very name of our parent group, Parent Teacher Organization (PTO), demonstrates our joint commitment. We have a large number of community volunteers each week at Village and have been recognized for our exemplary implementation of Everyone A Reader (EAR) program, MFLC program and tight connection with Coronado Safe Harbor.

Our school facilities are often available for use by community organizations, businesses, and they in turn, provide volunteer time to work with students, provide lessons in 'going green', or make improvements to our school. We maintain a strong partnership with the US Navy; personnel from various commands from Naval Base Coronado volunteer their time in a variety of ways including after school Anchored for Life programming. Village Elementary honors our local military veterans each year on Veterans Day. These partnerships we have created are essential in weaving home, school, and community together. Visitors to Coronado Village Elementary always comment on what a special school it is. We know our students, staff, and parents make it a school worthy of state and national recognition.

Our parents are an integral part of our site strategic plan and are partners in completing our Local Control Accountability Plan (LCAP) each year in February. Several parents meet yearly to review and update our plan which drives our focus and instruction throughout the year. We are proud to say that parents are truly an essential part of the educational process at Village.

## 2025-26 School Safety Plan

The School Site Council reviews and approves a comprehensive school safety plan including data regarding school crime, safe school procedures, and compliance with laws including:

(1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school. It is revisited and updated annually each September, followed by Governing Board approval. We conduct practice emergency drills including fire, earthquake, flood, and lock down each month during the school year. Each classroom is equipped with an emergency backpack, bottled water, and a snack for each student in case of a real emergency. Staff is prepared to perform as necessary in the event of a real disaster/emergency.

We have a robust volunteer community and ensure that each volunteer has a TB test, fills out an application and entered into our Raptor system, before they are welcomed into our campus and classrooms. Any time parents wishes to observe in the classroom, permission from the principal or principal designee would need to be obtained 48 hours prior to the visit and limited to 30 minutes in duration, per school board policy.

Our Comprehensive School Safety Plan was reviewed and updated at our School Site Council Meeting on September 24th, 2024.

## Professional Development

Professional Development for Coronado Unified School District

Professional Development for Coronado Unified School District's certificated and classified staff is robust and organized into three tiers: district-wide professional development; weekly collaboration and professional growth for school sites, departments or grade level teams; and District leadership teams, collaboration, and curriculum development beyond the scope of the school day for which teachers are paid. The instructional focus at the district level and each school site are the quality indicators for effective teaching practices. This instructional focus is directly aligned to the CUSD Portraits of a Graduate, Adult, and System and CUSD mission, vision, 21st century outcomes for students, college career readiness and the goals and actions within the CUSD Local Control Accountability Plan (LCAP).

Tier I: In collaboration with each school site administration, district-wide professional development is focused on MTSS (social-emotional-behavioral supports, academic supports, and PBIS), and the quality indicators for effective teaching practices.

Tier II: Each year, weekly collaboration and professional growth for school sites: All teachers receive approximately 1 hour each Wednesday (early release days for all school sites) for staff meetings, site- and district- based professional development, department/grade levels meetings, and articulation between grades, departments, and sites. Site-level topics of professional development include co-teaching, literacy, learning walks, collaborative discussion routines, instructional technology, Portrait of a Graduate, Renaissance, phonics, and software, content area specific trainings, assessment and instructional strategies.

Tier III: Active Leadership Teams include the MTSS site committees in collaboration with the Learning Department and Student Services Department. The focus of the Tier III professional development is on MTSS across all school and district systems.

Funding: Funding for professional development is provided by federal Title IIA funds and the Educator Effectiveness Block Grant funds in order to personalize professional learning for all staff.
