

Supporting Students & Families

Upholding Our Commitment
To Keep Our Community Nourished

Supporting Our Community During the Disruption of Food Assistance Benefits

As November arrives alongside the Federal Government shutdown, we understand that many families are facing disruptions in their food assistance benefits. YCUSD Nutrition Services partners with the Yuba-Sutter Foodbank to ensure that students and families in our community receive nourishment through the Emergency Food Assistance Program and the Food Recovery Program. In our commitment to keep our students well-fed, we have gathered various local resources for families in need. Please take a look at the numerous free resources available in our community to help sustain students and families.

Meals at School

YCUSD continues to offer Universal Free Meals to all students enrolled in our district. All students are able to receive a healthy breakfast and lunch without a fee or application.
