on September 30, 2026,
and learn more!

The Bridges to Leadership Preliminary Administrative Services (PASC) Program offers both a **Traditional Pathway** for aspiring administrators and an **Intern Pathway** for those candidates who are already serving in an administrative role. The Bridges to Leadership PASC Program's mission is to prepare equity-focused instructional leaders who establish and support an inclusive and just school culture that meets the needs of **all** students; who build the capacity of all educational partners; and who value the individual assets and needs of both students and staff.

Your school leadership journey begins today! We are now forming new Cohort Teams for our upcoming Fall and Spring Cohorts. Please join us at our upcoming Informational Meeting to get all the details and ask questions about the:

- requirements to apply
- program costs and payment plan options
- program curriculum and expectations
- options to earn a master's degree or professional development credits
