Counseling Department

Pre-College Programs: Applications are open for UCSB's pre-college programs, the summer Research Academies and the Research Mentorship Program. Both programs provide 9th-11th grade students with the opportunity to earn college credit while engaging in interdisciplinary research. Click the link below to register or set up a flex appointment with your counselor to answer any questions. Link to the Pre-College UCSB Summer Sessions: <https://www.summer.ucsb.edu/programs/pre-college>

Scholarships: Please check our **Scholarship Listings** to see upcoming scholarship deadlines. There are many scholarships available with varied criteria. Join a flex with Mrs. Van Slyke if you need help with an application, reviewing an essay, requesting a transcript, etc. We often hear students planning to attend a community college do not plan to apply for scholarships because they are "going to college for free". We explain to students that many fees are associated with college--cost of living, books, food, fees, gas, etc. Any scholarship award is helpful!

The **Community Foundation of the North State** houses 40 scholarships and uses a universal application. If a student applies for one scholarship, it will identify all others the student may be eligible for and only supplemental questions will need to be answered. If you have any questions or concerns, please don't hesitate to the Counseling Department. You can make an appointment for your counselor here:
