MAKE THE LAST FEW WEEKS COUNT!

How can you make the most of your last few weeks of high school? It's important that you continue to do well in your classes, stay involved in activities, sports, and volunteer work, and if possible, find internships opportunities that can help motivate you as you prepare for the challenges ahead.

Many college acceptance letters include warnings to students such as "Your admission is contingent on your continued successful performance." This means colleges reserve the right to deny you admission should your senior year grades drop. Remember that a successful senior year can help launch you on the path to a successful future!

IMPORTANT REMINDER FOR STUDENTS REGARDING MISSED SCHOOL

All Seniors that have exceed their absences MUST MAKE UP HOURS/ATTEND SATURDAY SCHOOL or you will be ineligible to attend Prom and the Senior Trip!
Check in with the office and the Administrators if you have questions.

Graduation is the single event that marks the culmination of thirteen years of academic achievement.

This annual tradition serves as a celebration to honor the graduate.

The ceremony itself is a respectable and dignified event. It gives parents, family members, and friends the opportunity to share in this great achievement and allows students to celebrate their accomplishments with family and friends. The presentation of the diplomas is the "heart" of the commencement exercises. During this event, the reality of transitioning from one part of life to the next is made apparent to the graduates and the witnesses at the ceremony. A diploma represents the hard work and effort put forth by the students, parents, and teachers. This greatly respected tradition only works if students treat it with reverence that graduation deserves.

Dress Expectations

We want our students to dress appropriately for the formal graduation ceremony that exemplifies the character of the senior class, their parents, and our school. All students are to wear professional business attire appropriate for the occasion. Boys are to wear nice slacks, dress shirt and tie, and dress shoes. Girls are to wear dresses or skirts with dressy footwear (platforms or wedges are best). Spiked heels are not appropriate as we will be walking in the grass. **NO SHORTS, FLIP-FLOPS, TENNIS SHOES OR JEANS!!** Steam gowns using low to medium settings to remove wrinkles. **DO NOT ALTER YOUR CAP OR GOWN IN ANY WAY!** The only items permitted are honor cords/sashes and flower leis. Any other items must be approved by administration. You will be removed from the ceremony if you fail to comply.

Supplemental Materials

Do not bring any supplemental materials into the ceremony. This includes, but is not limited to: balls, balloons, cell phones, sunglasses, signs, noisemakers, chains or any other materials or apparel that might detract from the ceremony and the honor bestowed on each graduating student. Do not letter/decorate any part of graduation caps. If a student needs to be escorted out during the ceremony because of improper conduct, it detracts from the dignity of the graduation ceremony.

Pictures

During the ceremony an individual picture will be taken of each student as they receive their diploma on stage as well as a class picture during practice. Picture package information will be distributed during practices.
