WE'RE HIRING RISK MANAGER

JOIN OUR TEAM & MAKE A DIFFERENCE

Upper Bidwell Park
Chico, California

THE IDEAL CANDIDATE

The ideal candidate is an experienced and collaborative risk management professional who brings sound judgment, initiative, and a proactive approach to protecting the City's employees, assets, and resources. They will be comfortable working independently on complex issues while building strong relationships across departments and with external partners.

We are looking for someone who can see both the big picture and the details — a strategic thinker who can evaluate risk, analyze data, identify practical solutions, and translate complex insurance, liability, workers' compensation, safety, and regulatory matters into clear recommendations. The successful candidate will be an effective communicator who approaches challenges with professionalism, diplomacy, and a strong commitment to public service.

Most importantly, this individual will have the opportunity to help shape and strengthen the City's risk management programs, bringing forward ideas, improving processes, and developing strategies that reduce exposure and support a safe, resilient organization.

EXCELLENT BENEFITS

- ✓ CalPERS Retirement
- ✓ Comprehensive Health, Dental and Vision Plans
- ✓ Paid Time Off (Vacation, Sick Leave, Holidays)
