

# West Valley Early College High School - Daily Bulletin

**Wednesday, January 21, 2026**

Please stand for the Pledge of Allegiance:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands: one Nation under God, indivisible, with Liberty and Justice for all.

## INFORMATION:

**~Today is a minimum day. School dismisses at 12:51~**

**BASEBALL PARENTS:** There will be a parent meeting TODAY (1/21) at 4pm in the bleachers of the varsity field regarding this years program fundraiser. Hope to see you there!

**The Perch and ASB office** will be closed all next week (1/20-1/23). Dance pass applications will be available in the Library, Attendance, and Counseling offices. COMPLETED dance pass applications may be turned in to Mrs. Simonsen.

**Sober Grad certificates:** while The Perch is closed, please submit all Sober Grad forms & certificates to Mrs. Selle in the Attendance Office.

Congratulations to the varsity boys soccer team with a 3-1 win against Yreka. Putting them second in league. Let's keep it going. Goooo Eagles!

Congratulations to Varsity Girls won 5-0 against Yreka Last night!

# COMPUTERS & DIGITAL MEDIA

## NETWORK ADMINISTRATION

The Internet Behind the Scenes

This class shows you what's really going on behind the internet you use every day. You'll build and manage networks, set up Wi-Fi, and figure out why connections break (and how to fix them). Learn how things work behind the scenes — gaming, streaming, or apps.

## Computer Essentials A+ & Digital Media

Learn It. Then Create It.

Learn how the technology that powers everyday life really works — then use it to create. In this class, you won't just sit and watch tutorials. You'll take computers apart, build them back up, and fix real problems. You'll also learn how lighting works, film and edit videos, and create commercials for social media, advertising, and the web using the same tools professionals use. It's the perfect mix of tech skills and creativity.

## Cybersecurity, Minecraft & 2D Game Programing

Hack. Build. Create.

Learn how hackers think — and how to stop them. You'll explore real cybersecurity concepts, then jump into coding using Minecraft and 2D game development tools. Build games, write code, and learn how systems stay secure. This course combines cybersecurity concepts, ethical hacking, and coding in a fun, hands-on learning environment.

**Yes** — Minecraft is part of the class.
