CTE WORKS

SUHSD CTE Overview

The Shasta Union High School Districts Career Technical Education program serves students from Enterprise, Foothill, Pioneer, and Shasta High Schools. Eleven district programs serve students from all high schools and each site holds individual programs. These classes provide students with academic knowledge, technical skills and hands-on training for specific, high-demand careers. Students earn industry certifications, college credits and internship hours to advance their opportunities post high school.

CTE WORKS

SHASTA UNION HIGH SCHOOL DISTRICT

Cougar Life is an inclusive CTE pathway being developed at Foothill High School for students in the district's special education/RSDC programs.

The program gives students access to hands-on CTE experiences while building employment skills, independence, communication, self-advocacy, and preparation for adult life.

Students progress from classroom instruction into on-campus work experiences, work-based learning, and eventually community-based employment opportunities.
