CALIFORNIA FIRE CODE OPERATIONAL PERMIT APPLICATION

Complete this Permit Application and submit along with your payment to: **City of Chico Finance Office, P.O. Box 3420, Chico, CA 95927 or at 411 Main Street (First Floor), Chico, CA 95928.** Provide any applicable emergency response information that may have changed since your last fire inspection.

A new permit application must be filed every year, and an operational permit will not be issued without a complete application and signature.

Per City of Chico Fee Schedule, the annual fee for a CA Fire Code permit/inspection is **\$236.50** Each additional required permit (same site & owner) is **\$26.50**. The initial fee will include one free administrative review. If the inspection is complex, any additional time will be billed on half-hour increments at the real-time billing rate of **\$101.00 per half hour**. On-site re-inspections or follow-up due to the owner failing to provide administrative documentation within the specified time will be charged a one hour minimum, plus actual time spent on half-hour increments at \$101.00 per half hour. A permit for occasional, specific activities or operations (not to exceed 30 consecutive days) is **\$312.00**.

TYPE OF PERMIT - Listed below are some common types of permits adopted by City of Chico Municipal Code, Chapter 16.48.020. A permit shall be required for those activities and operations as set forth in CFC Section 105, as adopted by Chapter 16R.42.

The Fire Department will determine the permits that are applicable to your business.
