Everyone is encouraged to attend meetings through teleconference connections.

Each resource center or site has a committee to address issues of local concern; the committee sets its own schedule and is comprised of parents/guardians, students, community members and school staff. Program Information

The Charter's Personalized Learning Program admission is open to any resident of Lassen County or the counties which are contiguous (Plumas, Sierra, Shasta and Modoc.) The charter school's purpose is to provide opportunities for teachers, parents, pupils, and community members to improve pupil learning; encourage the use of different and innovative teaching methods; and provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.

The Charter School consults with parents and teachers on a regular basis regarding the Charter School's education programs as required by the Charter Schools Act.

Standards

The academic program for each student is based on the California State Standards for each subject. Standards determine the content and target skills for each grade level. The school has identified a focused set of standards called "Essential Standards". Your child's teacher will provide a copy of these to you upon request.

Mastery-based Learning

Our school uses Mastery-based learning to best prepare students for their future. Students know what they need to learn essential standards and know their current level of mastery (assessments shared with student and parent/guardian). Students are encouraged to participate with voice and choice in their work and how they will demonstrate mastery. These elements prepare students to be successful in their chosen fields of work and study.

State law requires students in Independent Study to be provided rigorous, grade level work; the school provides academic support to help students succeed.

Master Agreement

The master agreement is filled out at the beginning of each year or at the time of enrollment. It defines the subjects, deadlines, and requirements that a student must meet during the school year. The student agrees to complete the courses and the parent/guardian and teacher(s) commit to providing the support the student needs. This form requires both parent/guardian & student signatures unless students are 18 years of age.

Teachers

Every student is assigned to a certificated teacher who oversees and coordinates the student's academic program and progress. The assigned teacher monitors the instruction that the parent/guardian provides at home. As a team, the teacher, parent/guardian and student determine the materials, learning methods and pace to develop a program suited directly to the academic and emotional needs of the individual student.

Required Meetings

Students are required to meet with their teachers a minimum of once every week. This meeting is to verify adequate progress toward the completion of the weekly assignments. If you are more than 15 minutes late to a scheduled meeting without prior communication, the meeting will be considered missed.

The frequency of teacher meetings may be increased for students who are not demonstrating sufficient progress toward their academic goals.

Students who are performing below grade level may be required to attend tutoring/support classes 2-3 times per week as well as working in an i-Ready online program 15 minutes per day for at least four days per week in the subject(s) identified. Failure to participate in the assigned/required classes will initiate the school's non-compliance procedures.

Unimmunized students are not allowed to participate in on campus/resource center classes and may be provided tutoring support as deemed necessary by roster teacher

Schoolwork Deadlines

Students meet with their teacher weekly and receive five days of assignments; these assignments are due at the next weekly meeting. Students who fail to complete assigned work or attend scheduled meetings or classes initiate the non-compliance process.

Educational/Enrichment Classes

A variety of educational and enrichment classes are offered to students at various times throughout the school year. These classes provide an excellent opportunity for students to work cooperatively and gain knowledge through hands-on activities.

Field Trips

Field trips are offered to enrich the educational experience. Each resource center plans field trips based on community interest and availability. Since the opportunity for transportation is limited, most trips require parental involvement in driving and chaperoning.

The insurance company has requirements for parent drivers which include an annual driving record, proof of insurance with minimum limits, copy of a valid driver's license and an authorized driver application. Although these requests seem demanding for driving your own child or others, please know we are required to follow these rules.

Special Education/ 504 Plans

Students with disabilities receive appropriate supports and services in accordance with their Individualized Education Program (IEP) or Section 504 Plan. Services may include accommodations, modifications, and specialized instruction, which can be delivered through the general education setting, small group instruction, or one-on-one support, as outlined in each student's plan and determined by their educational team.

The process for new referrals for special services begins with a Student Study Team. Please discuss this process with your teacher.

Student Transcripts

Student transcripts are maintained by the Charter's registrar. All high school course work, regardless of where earned, is recorded on the transcripts. Teachers can access an unofficial transcript at any time for students and their families, and for credit and course review and planning. A formal request to the registrar is necessary to generate official transcripts for college applications. Directions for the request are here: <https://www.longvalleycs.org/Parents--Students/Forms-and-Documents/Transcripts-/index.html>

Student Responsibilities

- Meet with your assigned teacher as scheduled. Be on time.
- Dress and behave in a manner that shows respect for oneself and others in a business-like setting.
- Complete and submit the assigned schoolwork by the assigned due date.
- **Make sure all student work has the correct heading (name, date, & subject) in the upper right-hand corner.**
- If an emergency arises and you are unable to keep your scheduled appointment, communicate with your assigned teacher.
- Your assigned teacher is your first point of contact for questions; however, if you are unable to get in touch with him/her, you may always contact the office for assistance.
- When something in the curriculum is confusing or directions don't make sense, contact your assigned teacher immediately. Do not wait until your next appointment.
- Failure to complete assigned work on a consistent basis will affect your grades, your credits if in high school, and will jeopardize your continued enrollment in the school.
- Prepare for and participate in the state mandated testing.
- Complete all local, on-line and other assessments. This applies to all grade levels.

Parent/ Guardian Responsibilities

- Ensure that your child is aware of the school's expectations and maintain involvement with your child's learning to promote academic success.

- Ensure that your child has a study area that allows him/her to concentrate on completing school assignments at home.
- Maintain good communication with your child's teacher to maintain a solid home to school connection.
- Meet with your child's teacher as requested.
- **Monitor** your child's schoolwork on a daily basis to ensure that meaningful learning is taking place. Support and guide your child in his/her studies.

- Maintain portfolios of student work for accurate student evaluation at the close of each semester.
- Communicate regularly with each student and their family; notify parent/guardian of any concerns regarding student's academic progress.
- Provide instruction and interaction as required by law.

Evaluation of Student Progress

Evaluation is an ongoing part of the education process. While traditional testing is viewed as the most common way to determine progress, there are several acceptable ways to monitor student achievement. They include:

- Completed assignments or projects
- Demonstration of skills
- Written tests and reports
- Oral or written presentations
- Standardized state tests

- Proficiency assessment results
- Daily engagement in learning
- Making progress toward successful completion of courses

The Charter strives to have a comprehensive evaluation of student progress that will include a combination of the above forms of evaluation. Parent/guardian and student input in this process is valued.

Students who utilize online curriculum are required to take unit tests, midterms and finals in-person.

Academic and/or Attendance Problems and Concerns

To enjoy continuous enrollment in the Charter, a student must attend scheduled appointments/required tutorials and complete assignments with quality and in a timely manner. Attendance and academic progress are measured by work completion and quality. Clear consequences for non-compliance are outlined in the master agreement and includes a pupil-parent-educator conference and possible termination from our program.

If a student leaves the Charter due to academic or attendance problems, or by their own choice, the student may not return during the current school year.

Code of Conduct/ Behavioral Expectations

The following code of conduct is in place for each learning center and students on campus are expected to comply at all times.

- **Be Responsible:** Students will be expected to respond appropriately to issues and problems that arise- not react to them! Students are expected to conduct themselves responsibly, and depend less on outside controls to manage their behavior.
- **Be Safe:** Abide by all laws, rules, procedures, and instructions.
- **Be Respectful:** Students will respect others through their actions, attitudes, and speech.

If a student does not follow this code of conduct the following is suggested:

First Infraction

- Reteach behavior expectations

Students participate in a reflective activity to understand the impact of their behavior (e.g., written reflection, restorative conversation).

Subsequent Infractions

- Conference with parent
- Loss of privilege to attend workshop/class time: switch to meeting one-on-one with teacher
- Possible removal from program

The Charter is committed to personalized support of students when difficulties arise. The assigned teacher will work with the student or parent to clarify or reteach concepts, explain assignments and expectations, provide different or additional curriculum, or enroll the student in resource center classes/

tutoring. Assistance can sometimes be handled with a phone call or e-mail, other times an appointment to work together is necessary.

Telecommunication Behavioral Expectations

- Stay engaged.
- Be on time! (Connect early if needed).
- Keep muted if you are not talking. Don't talk over others-raise your hand.
- Look at the camera and position it correctly. Pay attention to the lighting. Avoid back lighting
- Don't eat. (Sipping on a beverage is okay.)
- Cameras ON!. Appropriate times to turn off your camera include: if you need to save bandwidth, or if you need to step away for a moment; communicate with your teacher if you experience the need to turn off your camera through the chat feature.
- Follow school dress code.
- Limit distractions

Personal Appearance and Dress Expectations

At Long Valley School, we believe that how we present ourselves contributes to a safe, respectful, and productive learning environment. While we encourage students to express their individuality, school is also a place to develop habits of responsibility, respect, and readiness that prepare students for future educational, career, and civic settings.

As a school of choice, Long Valley School has intentionally established expectations that reflect our culture and values. We believe learning to recognize and adapt to the expectations of different environments is an important life skill, and our dress expectations are one way we help students develop that judgment.

Students are expected to arrive at school clean, appropriately dressed, and prepared to participate fully in all learning activities.

The following expectations apply:

- Shoes with hard soles that securely fasten to the back of the foot must be worn at all times. Slippers, cleats, flip flops, and other footwear that present a safety concern are not permitted.
- Clothing, backpacks, jewelry, and accessories may not display images, language, or symbols that promote or advertise alcohol, tobacco, vaping, drugs, violence, gang affiliation, profanity, or sexually suggestive content.
- Clothing must adequately cover undergarments, the chest, midriff, and backside. Tube tops, backless tops, halter tops, sheer garments, swimwear, shirts with oversized arm openings, and tops with straps less than one inch wide are not appropriate for school.
- Shorts, skirts, and dresses must be no more than 4 inches above the knee.
- Pants must fit appropriately and may not sag below the hips.

- Clothing with excessive holes or tears that expose undergarments or areas otherwise required to be covered is not permitted.
- Pajama pants, bedroom slippers, blankets, and other sleepwear are not appropriate attire for school.
- Hooded sweatshirts and hoodies are permitted. However, hoods must remain down while indoors, unless approved by school staff for a specific educational, medical, or school-sponsored purpose.

- Makeup, cosmetics, jewelry, and accessories may not interfere with safety or disrupt the learning environment.
- Costumes, masks, or clothing intended to conceal a student's identity are not permitted except during school-approved activities.

The administration reserves the right to determine whether attire is unsafe, disruptive, or inconsistent with the educational environment. Students may be asked to change clothing or contact a parent/guardian if their attire does not meet these expectations.

Academic Honesty

The Charter School community values academic integrity and the responsible use of intellectual property. Plagiarism, cheating, and other forms of dishonesty undermine the learning process and are not tolerated. We are committed to teaching students the importance of ethical academic practices in all submitted work and assessments.

- The use of artificial intelligence (AI) tools (e.g., ChatGPT, GrammarlyGO, etc.) to generate or complete assignments or assessments **without teacher permission or proper citation** is considered a form of academic dishonesty. Students are expected to clearly indicate when AI tools are used and follow all guidelines provided by their instructors.

Consequences for academic dishonesty may include:

- Re-doing the assignment or assessment under increased supervision
- A meeting with the student, parent/guardian, teacher, and site administrator to discuss the violation and reinforce expectations
- Further disciplinary action for repeat offenses, in accordance with the school's charter

School Facility

It is important that The Charter remain a safe and secure school facility. To help ensure that the facility remains secure and safe, the following procedures will apply:

- Students will only be allowed inside the resource centers under staff supervision.
- Students who are not enrolled with the school may not enter the resource center except accompanied by a parent.

- For purposes of student safety, students should not remain outside the school for prolonged periods of time waiting for transportation or for other reasons.
- During school hours, the school phone will be available to students who need to contact parents for transportation.
- Cell phones must be silenced and put away while in the resource center unless its use as an instructional device is requested by the teacher.
- Cell phones and personal electronic devices are not permitted in testing sessions.
- Ear buds are not permitted. Headphones may be used at teacher discretion. Respect of school property, furniture, and materials is mandatory.
- Public displays of affection are prohibited.

Any student who disregards these policies will be subject to being disenrolled from our program.

Video Surveillance

Students and families are hereby notified security video cameras are installed at each school. Cameras are located only in public areas and not used in areas where there is a reasonable expectation of privacy. Specific uses of video are detailed in Board Policy 5014.

Computers/ Chromebooks

The use of technology as a tool for student learning and for staff data management has played an increasingly significant role at Long Valley Charter. The school has computers for student use, including access to the Internet. To ensure that the computers will be valuable learning tools, each student must follow these rules:

- Submit a completed computer /technology contract, signed by both the student and the parent/guardian.
- Use school computers for assigned academic purposes only.
- The school monitors the appropriate use of the computer
- Put away any materials used and clean up the work area before leaving.
- Log off the computer
- Keep the noise level down in order to avoid disturbing others in the building.
- No food or drink is allowed at the computer workstation.

Computers or Chromebooks are encouraged to be checked out for use during the school year. A loan agreement is required and parents/guardians are responsible for loss or willful damage. Devices will be returned at the end of the school year or upon withdrawal/disenrollment from the school.

Graduation Requirements

The Charter is a fully accredited high school program through the Western Association of Schools and Colleges (WASC). Course requirements vary according to a student's goal for post high school

pursuits. To receive a diploma or a certificate of completion, a student must successfully meet the following course/credit requirements:

The Charter assists college bound students in planning high school courses that will meet the requirements of the school or types of schools the students would like to attend after high school. Our career/college counselor and teachers are prepared, as an on-going process, to help students explore educational options within the charter's course offerings as well as local community college classes, online courses and special, applicable learning opportunities.

The Charter assists general education students in planning high school courses that will help students meet their vocational, military, or other post high school goals. The Charter works with students through career exploration to discover desirable options. The Charter responds to the needs and goals of the students by providing an ever-increasing number of career technical education pathways and courses.

Graduation/ Promotion Ceremonies

Promotion ceremonies acknowledging the transition from elementary to high school is at the discretion of the local resource center.

Much effort is put into making graduation personalized and meaningful for each graduate and the class as a whole. Students and their families are encouraged to help plan the graduation ceremony. Seniors are given the opportunity to speak or to express their individualized talent at the graduation ceremony. Each ceremony highlights the individual graduates' academic and personal accomplishments and goals.

Volunteers & Visitors

Parents/guardians are encouraged to attend all scheduled appointments with their child's teacher. During classes and workshops, the school follows Policy #5007, which outlines guidelines for volunteers and visitors to ensure the safety of all students. Depending on the nature and frequency of the visit, requirements may include scheduling in advance, fingerprinting/background clearance, and tuberculosis (TB) certification.

The week of each year that includes April 28 shall be known as “Workplace Readiness Week.” All public high schools, including charter schools, shall annually observe that week by providing information to students on their rights as workers.

Beginning August 1, 2024, any minor seeking the signature of a Charter School verifying authority on a Statement of Intent to Employ a Minor and Request for a Work Permit-Certificate of Age will be issued, before or at the time of receiving the signature of the verifying authority, a document clearly explaining basic labor rights extended to workers. An infographic explaining these rights is available at: <https://laborcenter.berkeley.edu/wp-content/uploads/2024/05/Know-Your-Rights-FINAL.pdf>

Human Trafficking Prevention

California has the highest number of incidents of human trafficking in the U.S., and all students may be vulnerable. Charter School believes it is a priority to inform our students about (1) the prevalence, nature of and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance, and (2) how social media and mobile device applications are used for human trafficking.

In accordance with the California Healthy Youth Act, Charter School will provide age-appropriate instruction on the prevention of human trafficking, including sexual abuse, assault, and harassment for grades 5, 7, 9, and 11. You have the right to excuse your child from all or part of instruction on prevention of human trafficking. An opt-out form will be provided prior to instruction or you may request the form from the school office. Your consent for this instruction is NOT required. If we do not receive a written request to excuse your child, your child will be included in the instruction.

Information and materials for parents/guardians about the curriculum and resources on prevention of human trafficking and abuse, including sexual abuse, assault, and harassment are available on Charter School's website for your review.

Physical Fitness Test ("PFT")

Annually students in grades 5, 7, and 9 are administered the California Physical Fitness Test. Students who are physically unable to take the entire test are to be given as much of the test as their condition will permit.

Sexual Health Education

The Charter School offers comprehensive sexual health education to its students in grades 7-12. A parent or guardian of a student has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. The Charter School does not require active parental or guardian consent ("opt-in") for comprehensive sexual health education and HIV prevention education. Parents and guardians may:

- Inspect written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.
- Excuse their child from participation comprehensive sexual health education and HIV prevention education in writing to the Charter School.
- Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by Charter School personnel or outside consultants. When the Charter School chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, be informed of:
 - The date of the instruction
 - The name of the organization or affiliation of each guest speaker
- Request a copy of Education Codes 51930 through 51939.

Anonymous, voluntary, and confidential research and evaluation tools to measure student's health behaviors and risks (including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes concerning or practices relating to sex) may be administered to 7th to 12th grade students. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to the Charter School.

A Student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks, if the Charter School has received a written request from the student's parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Information Regarding Financial Aid

The Charter School shall ensure that each of its students receives information on how to properly complete and submit the 1) Free Application for Federal Student Aid (FAFSA) or 2) the California Dream Act Application as appropriate, at least once before the student enters 12th grade. The Charter School will provide a paper copy of the FAFSA or the California Dream Act Application upon request.

- The FAFSA form and information regarding the FAFSA are available at:
 - <https://studentaid.gov/h/apply-for-aid/fafsa>
- The California Dream Act Application and information regarding the California Dream Act is available at:

- <https://www.csac.ca.gov/post/resources-california-dream-act-application>

The Charter School shall confirm that each of its students in grade 12 completes and submits a FAFSA to the United States Department of Education, or if the student is exempt from paying nonresident tuition pursuant to Education Code section 68130.5, a California Dream Act Application to the Student Aid Commission. Students who are exempt or whose parent/guardian (if the student is a minor) have opted-out will not be required to comply.

Teacher Qualification Information

As the Charter School receives Title I federal funds through the Elementary and Secondary Education Act (“ESEA”), as reauthorized and amended by the Every Student Succeeds Act (“ESSA”), all parents/guardians of students attending the Charter School may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals, including at a minimum:

1. Whether the student’s teacher:
 - a. Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - b. Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - c. Is teaching in the field of discipline of the certification of the teacher; and
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Upon request, the Charter School will provide the information to the parents/guardians in a timely manner. Parents/guardians may contact the Executive Director/Superintendent at (530) 827-2395 to obtain this information.

STUDENT HEALTH & SAFETY

Concussion/Head Injuries

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because the Charter School has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until the athlete is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

Cancer Prevention Act

Students in the state are advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth-grade level of any private or public elementary or secondary school.

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. Kids who wait until later to get their first dose of HPV vaccine may need three doses.

HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

Diabetes

The Charter School will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.

3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention of methods of type 2 diabetes.
5. A description of the different types of diabetes screening tests available.

A copy of the information sheet regarding type 2 diabetes is available at: <https://www.cde.ca.gov/ls/he/hn/type2diabetes.asp>. Please contact the office if you need a copy of this information sheet or if you have any questions about this information sheet.

Beginning 1/1/2023, the Charter School will provide an information sheet regarding type 1 diabetes to the parent or guardian of a student when the student is first enrolled in elementary school, pursuant to Education Code Section 49452.6. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 1 diabetes.
2. A description of the risk factors and warning signs associated with type 1 diabetes.
3. A recommendation that parents or guardians of students displaying warning signs associated with type 1 diabetes should immediately consult with the student's primary care provider to determine if immediate screening for type 1 diabetes is appropriate.
4. A description of the screening process for type 1 diabetes and the implications of test results.
5. A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

A copy of the information sheet regarding type 1 diabetes is available at: <https://www.cde.ca.gov/ls/he/hn/type1diabetes.asp>. Please contact the office if you need a copy of this information sheet or if you have any questions about this information sheet.

Immunizations

Pursuant to the California Health and Safety Code and the California Code of Regulations, children must provide proof of having received required immunizations (shots) before they can attend school unless they meet the requirements for an exemption. Immunization records are required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. The immunization status of all students will be reviewed periodically. Those students who are not in compliance with the State requirements must be excluded from attendance until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.

These required immunizations include:

Child's Grade	List of shots required to attend school
TK/K-12 Admission	Diphtheria, Tetanus and Pertussis (DTaP) - Five (5) doses Polio - Four (4) doses Measles, Mumps, and Rubella (MMR) - Two (2) doses Hepatitis B (Hep B) - Three (3) doses Varicella (chickenpox) – Two (2) doses <i>NOTE: Four doses of DTaP are allowed if one was given on or after the fourth birthday. Three doses of DTaP meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday (also meets the 7th-12th grade Tdap requirement.) One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement for DTaP. Three doses of Polio are allowed if one was given on or after fourth birthday. MMR doses must be given on or after first birthday. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines.</i>
Entering 7th Grade	Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap) - One (1) dose <i>NOTE: In order to begin 7th grade, students who had a valid personal belief exemption on file with a public or private elementary or secondary school in California before January 1, 2016 must meet the requirements listed for grades K-12 as well as requirements for 7th grade advancement (i.e., polio, MMR, and primary series for diphtheria, tetanus, and pertussis). At least one dose of pertussis-containing vaccine is required on or after the 7th birthday.</i>

Students enrolled in an independent study program without classroom-based instruction may be exempted from vaccination requirements. The school is still required to maintain records of immunization. Unimmunized students may not participate in on-campus/resource center classes.

Opioid Information Sheet

The Charter School annually provides each athlete with an Opioid Factsheet for Patients published by the Centers for Disease Control and Prevention. The athlete and, if the athlete is 17 years of age or younger, the athlete's parent or guardian shall sign a document acknowledging receipt of the Opioid Factsheet for Patients and return that document to the Charter School before the athlete initiates practice or competition. The fact sheet is available at:

https://stacks.cdc.gov/view/cdc/134209/cdc_134209_DS1.pdf

You may view a copy of the Charter School’s integrated pest management plan on the website www.longvalleycs.org. Parents/guardians may request prior notification of pesticide applications at the school site. Notifications will be made through Parent Square at least 72 hours prior to application. A request for notification is available at our offices or on our website. Note self-contained bait stations are exempt from notification, posting, and reporting requirements. Questions regarding the integrated pest management plan can be directed to the Principal, Site Administrator or Jerad Morgan at 530-832-5507.

Physical Examinations and Right to Refuse

A parent/guardian having control or charge of any child enrolled in the Charter School may file annually with the Principal or Site Administrator a written and signed statement stating that the parent/guardian will not consent to a physical examination of the child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until the Charter School authorities are satisfied that any contagious or infectious disease does not exist.

Pregnant and Parenting Students

The Charter School recognizes that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting pupil is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the pupil's physician, which the pupil may take before the birth of the pupil's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant. The Charter School will ensure that absences from the pupil's regular school program are excused until the pupil is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting pupil will be able to make up work missed during their leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting pupil may remain enrolled for a fifth year of instruction in the Charter School if it is necessary in order for the pupil to be able to complete any graduation requirements, unless the Charter School determines that the pupil is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting pupils may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

School Safety Plan and Asbestos Management Plan

The Charter School has established a Comprehensive School Safety Plan. The Plan is available upon request at the school office.

The Charter School has also established an Asbestos Management Plan. The Plan is available upon request at the main office. The following asbestos-related activities are planned or in progress at the Charter School: re-inspection schedule is established to visually inspect asbestos containing materials every six months to ensure they remain in good condition.

Use of Security Cameras on Campus

The Long Valley Charter School is committed to the safety and security of its students, staff, parents/guardians, and visitors. To help ensure and enhance the safety of the LVCS community and foster a secure learning and teaching environment, Charter School utilizes camera surveillance equipment for security.

Security cameras will only be utilized in public areas where there is no reasonable expectation of privacy. Such public areas may include school buses, building entrances, front offices, lobbies and main entries, hallways, gymnasiums, cafeterias, parking lots, and supply rooms. Charter School security cameras will not be installed in restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is provided), nurse's office, classrooms, or other areas where there is a reasonable expectation of privacy.

There will be no monitoring of live recordings, except in cases of reasonable suspicion of an emergency or safety concern. Reasonable suspicion means a sufficient probability or articulable facts that there is an emergency or safety concern. A review of recordings will only occur when a suspected incident is committed inside or outside the Charter School buildings (e.g., vandalism, graffiti, fighting, etc.). Such a review will be completed by authorized personnel who are expressly designated by the Principal or Site Administrator.

Any video recordings captured by Charter School's security cameras are the sole property of Charter School. Release of such recordings will be made only as permissible, pursuant to applicable laws, and with the permission of the Principal, Site Administrator, or a designee. All video recordings are stored in secure, password protected servers to avoid tampering with footage and to ensure confidentiality in accordance with applicable laws and regulations. Recordings will be saved for no less than thirty (30) days.

Signage will be posted at school buildings to alert students, staff, parents/guardians, and visitors regarding the use of security cameras. Students, parents/guardians, and staff will receive this Notice at the beginning of the school year regarding the use of security cameras.

Sudden Cardiac Arrest Prevention and Automated External Defibrillators

The Charter School is invested in the health of its athletes, especially their heart health. Sudden cardiac arrest ("SCA") is when the heart stops beating, suddenly and unexpectedly. Those wishing to participate in athletics at Charter School, must review the information sheet on sudden cardiac arrest via the following link: <https://www.cde.ca.gov/pd/ca/pe/documents/pescaform.pdf> This information sheet will also be distributed prior to the start of each sport.

Dangers of Synthetic Drugs

The illicit use and abuse of synthetic drugs represents an emerging and ongoing public health threat in California. The fentanyl crisis specifically, has impacted communities across the state, leading to a sharp increase in fentanyl poisonings and deaths in recent years.

This notice aims to address the crisis with a preventative approach ensuring students and families are educated on the deadly consequences of recreational drug use.

A synthetic drug is a drug with properties and effects similar to a known hallucinogen or narcotic but having a slightly altered chemical structure, especially such a drug created in order to evade existing restrictions against illegal substances. Synthetic drugs include but are not limited to synthetic cannabinoids (“synthetic marijuana,” “Spice,” “K2”), methamphetamines, bath salts, and fentanyl.

The California Department of Public Health (“CDPH”), has expounded on the extreme danger of drugs laced with fentanyl. Illicit fentanyl can be added to other drugs to make them cheaper, more powerful, and more addictive. Illicit fentanyl has been found in many drugs, including heroin, methamphetamine, counterfeit pills, and cocaine. Fentanyl mixed with any drug increases the likelihood of a fatal overdose. Furthermore, it is nearly impossible to tell if drugs have been laced with fentanyl without additional testing, because fentanyl cannot be seen, smelled, or tasted when used as a lacing agent. Social media platforms may be used as a way to market and sell synthetic drugs, such as fentanyl.

Additional information regarding fentanyl from the CDPH’s Substance and Addiction Prevention Branch [can be found here](#).

Safe Storage of Firearms

The purpose of this notice is to inform and to remind parents and legal guardians of all students at the Charter School of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this notice spells out California law regarding the storage of firearms. Please take some time to review this notice and evaluate your own personal practices to assure that you and your family are in compliance with California law:

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child’s parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.
 - The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child’s parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person’s child or ward.

The county or city may have additional restrictions regarding the safe storage of firearms. Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Campus Search and Seizure

The Charter School recognizes and has determined that the occurrence of incidents which may include the possession of firearms, weapons, alcohol, controlled substances, or other items of contraband prohibited by law or Charter School rules and regulations, jeopardizes the health, safety and welfare of students and Charter School employees.

The California Constitution requires that all students and staff of public schools have the inalienable right to attend campuses which are safe, secure, and peaceful. As such, Charter School has adopted a Policy outlining the reasonable search of students and their property, student use areas, and/or student lockers and the seizure of illegal, unsafe, unauthorized or contraband items and materials through a search based upon reasonable suspicion.

A student's personal cell phone, smartphone, or other personal electronic device shall not be searched by school officials without a warrant, the student's consent, or a legitimate emergency, unless the device is lost or abandoned. An emergency is any situation involving danger of death or serious physical injury to any person, that requires access to the information located or reasonably believed to be located on the electronic device. If the Charter School has a good faith belief that the device is lost, stolen, or abandoned, the Charter School may only access electronic device information in order to attempt to identify, verify, or contact the owner of the device.

The Charter School is not prohibited from seizing/confiscating a student's personal electronic device, without searching its contents, if the student's use or possession of the private electronic device is in violation of Charter School rules or regulations.

STUDENT & FAMILY RIGHTS AND COMPLAINT PROCEDURES

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

Lost or Damaged School Property

If a student willfully damages Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

Family Engagement and Parent Involvement

The Charter School encourages all families to participate and get engaged and involved in the education of their child/children. The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act (“ESEA”). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Title I Parent/Guardian Involvement Policy 6016 and Parent/Guardian Involvement and Family Educational Rights Policy 6002 leverages and promotes active involvement of all families as partners with schools to ensure student success. For a copy of the policies, please see the following links or request a copy from the school office:

School Meals and Student Wellness

In accordance with CA law, the Charter School shall make available a nutritionally adequate breakfast and a nutritionally adequate lunch free of charge and with adequate time to eat, to any student who requests a meal without consideration of the student’s eligibility for a federally funded free or reduced-price meal, with a maximum of one (1) free breakfast meal and one (1) free lunch on each school day on which the student is scheduled for two or more hours of educational activities at a school site, resource center, meeting space or other satellite facility operated by the Charter School. This shall apply to all pupils in kindergarten through grade twelve (12).

Applications for school meals are provided and can also be obtained on the Charter School website and in the main office. Completed application forms can be returned to the main office. The Charter School also maintains a School Wellness Policy pursuant to state and federal requirements. A copy of the complete Policy is available upon request at the school office and on the school’s website. Income eligibility guidelines for federally funded free and reduced-price meals are available at: <https://www.cde.ca.gov/ls/nu/rs/>

Based on a parent/guardian’s annual earnings, a parent/guardian may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you a parent/guardian does not owe federal taxes, they must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

A parent/guardian may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

If the Board knows or has reason to know that materials were used in a classroom, that professional development materials or services were used, or that an action occurred that violated Education Code section 220, the Board shall investigate and remediate the action, which may include, but is not limited to, the implementation of restorative justice practices.

Complaints other than complaints relating to pupil fees must be filed in writing with the following compliance officer:

Misty Brussatoi, Executive Director/ Superintendent

PO Box 7, Doyle, CA 96109

(530) 827-2395 mbrussatoi@longvalleycs.org

Only complaints regarding pupil fees, LCAP, or noncompliance with Education Code section 243 or 244 may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with the respective applicable laws.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Charter School’s Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and the Charter School’s UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report (“Decision”) within sixty (60) calendar days from the Charter School’s receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal the Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with the Charter School, a copy of the Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. The Charter School failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in the Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in the Charter School's Decision is inconsistent with the law.
5. In a case in which the Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals the Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If Charter School fails to issue an investigation report within the required sixty (60) calendar day timeline, a party to a written complaint of prohibited discrimination may appeal directly to the SSPI. The complaint must provide evidence supporting the basis for direct filing and explain why immediate action is necessary.

Complaints alleging noncompliance with Education Code section 243 or 244 may be filed with the SSPI directly, and the SSPI may directly intervene without waiting for an investigation by the Charter School. The complainant shall present the SSPI with evidence that supports the basis for the direct filing and why immediate action is necessary.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If the Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, the Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. Complainants alleging a violation of Education Code section 220, 243, 244, 51500, 51501, or 60044, may seek civil remedies after sixty (60) calendar days have elapsed from the filing of an appeal with the CDE. before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 C.C.R. § 4622.

A copy of the UCP policy and complaint procedures shall be available free of charge in the School Office or School website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the complaint procedures, please contact the Executive Director/Superintendent.

Educational Records, including Challenges, Directory Information, and CCGI Notice

The Family Educational Rights and Privacy Act ("FERPA") affords parents/guardians and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day the Charter School receives a request for access. Parents/guardians or eligible students should submit to the School Director or designee a written request that identifies the records they wish to inspect.

The Charter School official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents/guardians or eligible students who wish to ask the Charter School to amend a record should write the School Director or designee, clearly identify the part of the record they want changed, and specify why it should be changed. If the Charter School decides not to amend the record as requested by the parent/guardian or eligible student, the Charter School will notify the parent/guardian or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing. If the Charter School decides to amend the record as requested by the parent/guardian or eligible student, the School Director must order the correction or the removal and destruction of the information and inform the parent/guardian or eligible student of the amendment in writing.

3. The right to provide written consent before the Charter School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Charter School board. A Charter School official also may include a volunteer or contractor outside of the Charter School who performs an institutional service of function for which the Charter School would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent/guardian or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent/guardian, student, or other volunteer assisting another Charter School official in performing their tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the Charter School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office-U.S. Department of Education, 400 Maryland Avenue, SW Washington, DC 20202
5. The right to request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental or guardian consent.

FERPA permits the disclosure of PII from student's education records, without consent of the parent/guardian or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to Charter School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent/guardian or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents/guardians and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents/guardians or the eligible student to the following parties:

1. To other Charter School officials who have legitimate educational interests as defined by 34 C.F.R. Part 99.
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the pupil intends to enroll. Charter School will make a reasonable attempt to notify the parent/guardian or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent/guardian or eligible student. Additionally, Charter School will give the parent/guardian or eligible student, upon request, a copy of the record that was disclosed and give the parent/guardian or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above.
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions.

4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4)).
5. Organizations conducting certain studies for the Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F).
6. To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7)).
7. To parents/guardians of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8)).
8. To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9)). Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent/guardian or eligible student of the order or subpoena in advance of compliance, so that the parent/guardian or eligible student may seek a protective order.
9. To appropriate officials in connection with a health or safety emergency, subject to §99.36.(§99.31(a)(10)).
10. State and local authorities, within a juvenile justice system, pursuant to specific State law.
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by Charter School for student and parents/guardians, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by Charter School.
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. Charter School discloses the final results of the disciplinary proceeding regardless of whether Charter School concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Charter School may disclose the personally identifiable information that it has designated as directory information without a parent's or guardian's prior written consent. The Charter School has designated the following information as directory information:

Student's name	Parent's/guardian's address
Student's address	Telephone listing

Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want the Charter School to disclose directory information from your child's education records without your prior written consent, you must notify the Charter School in writing at the time of enrollment or re-enrollment. Please notify the Executive Director/Superintendent at: mbrussatoi@longvalleycs.org PO Box 7, Doyle, CA 96122, 530-827-2395. A copy of the complete Policy is available upon request at the main office.

Charter School shall not release directory information regarding a student identified as a homeless child or youth under the McKinney Vento Homeless Assistance Act in the absence of parent, guardian, or eligible student's written consent, except as follows:

- a. When the directory information is released for the purposes of facilitating the student's access to an oral assessment or eye examination required by Charter School, unless the parent/guardian opts out of the examination.

Please note that data collected and reported by Charter School to the California Longitudinal Pupil Achievement Data System (“CALPADS”¹) pursuant to state law, will be shared with the California College Guidance Initiative (“CCGI”²) and will:

- 1) Be used to provide pupils and families with direct access to online tools and resources.
- 2) Enable a pupil to transmit information shared with the CCGI to both of the following:
 - a. Postsecondary educational institutions for purposes of admissions and academic placement.
 - b. The Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

Use of Student Information Learned from Social Media

The Charter School complies with all federal, state, and local guidelines regarding the gathering and/or maintenance of information about any enrolled student obtained from social media in the student’s educational record. The Charter School gathers student information from social media. Such information shall be maintained in the Charter School’s records with regard to the student and shall be destroyed within one (1) year after a student turns 18 years of age or within one (1) year after the student is no longer enrolled in the Charter School, whichever occurs first. A non-minor student or a student’s parent or guardian may access the student’s records for examination of the information, request the removal of information or corrections made to information gathered or maintained by the Charter School by contacting the Executive Director.

Notice Of Policy Regarding Immigration Enforcement Activity

This notice summarizes our Policy Regarding Immigration Enforcement Activity. The complete policy is available on the school’s website at www.longvalleycs.org.

OUR COMMITMENT TO ALL STUDENTS

We provide a safe, welcoming environment for all students regardless of immigration status or religious beliefs. We limit immigration enforcement activities at our facilities consistent with California law.

YOUR RIGHTS AND PROTECTIONS

Non-Discrimination: We prohibit discrimination, harassment, intimidation, and bullying based on immigration status, nationality, race, ethnicity, citizenship status, religion, national origin, or ancestry. We promptly investigate all complaints and take appropriate action.

Enrollment: We do not request citizenship or immigration documentation for enrollment, other than documents we might review but not retain to establish a child’s birthdate. We accept various documents to establish residence (utility bills, rental agreements, pay stubs, declarations of residency) and age (birth certificates, baptism certificates, passports, or affidavits). Students experiencing homelessness may enroll even without typical documentation if otherwise eligible.

Privacy of Information: We do not collect or maintain information about students’ or families’ citizenship or immigration status except when required by law for specific education programs. If we do, we collect such information separately from enrollment and do not use it to discriminate or prevent school attendance.

Social Security Numbers: We do not require Social Security numbers for enrollment. We may request the last four digits of an adult household member’s number only to establish eligibility for free or reduced-price meals. Students can still qualify without providing this information if they meet income requirements.

INFORMATION SHARING LIMITS

We do not share student information that might indicate immigration or citizenship status unless authorized by the Family Educational Rights and Privacy Act (FERPA) or required by valid court orders, warrants, or subpoenas. We provide parents notice before responding to such requests (except in child abuse cases or when prohibited).

¹ CALPADS is a database maintained by the CDE which consists of pupil data from elementary and secondary schools relating to, among other things, demographic, program participation, enrollment, and statewide assessments data.

² CCGI is an authorized provider of an institutional service to all California local educational agencies and part of the state’s efforts to make college-going a more streamlined experience for students. The CCGI currently receives enrollment data for all public-school students enrolled in grades six through twelve from the California Department of Education (“CDE”).

Immigration Enforcement Officers: Without written parental consent, we do not provide student information to immigration enforcement officers unless they present a valid judicial warrant, judicial subpoena, or court order signed by a judge. ICE administrative warrants do not authorize access to nonpublic school areas or student information.

CAMPUS ACCESS PROCEDURES

Immigration enforcement officers carrying out immigration enforcement activities may not enter nonpublic school areas without a valid judicial warrant or court order. In the event of an enforcement activity authorized by a judicial order, our staff will:

- Request credentials and documentation from any officer
- Contact the school site administrator before granting access
- Request that officers not interrupt instruction
- Document all interactions and notify parents, staff, and students pursuant to the procedures outlined in our Comprehensive School Safety Plan
- Report attempts to access campus or students to the California Department of Justice and to the Charter School Board of Directors

ANTI-BULLYING AND HATE CRIMES

We educate students about respecting all peers and the harmful effects of bullying based on protected characteristics. We train staff to eliminate hostile environments and respond to harassment. Students who experience hate crimes have the right to report them. Review our complete Harassment, Discrimination, Intimidation, & Bullying Policy and Uniform Complaint Procedures in the main office.

SUPPORT FOR FAMILIES

Emergency Contacts: You may update your student's emergency contact information anytime. We encourage you to include a trusted adult or multiple adults who can care for your child if you become unavailable. We use this information only for emergencies.

Caregivers Authorization Affidavit: We encourage families to support relative caregivers in completing a Caregivers Authorization Affidavit. We will rely on a signed, completed Affidavit to allow an authorized caregiver to enroll a student in school and to consent to school-related medical care. A parent's signature is not required on the Caregiver Authorization Affidavit. This form is available [HERE](#).

If Parents Are Detained: We release students to emergency contacts or anyone with a Caregiver's Authorization Affidavit. We contact child protective services only if we cannot arrange care through provided contacts

Family Safety Plans: We encourage families to develop safety plans identifying trusted adults who can care for students and locations of important documents (birth certificates, passports, medical information)

SPECIAL POPULATIONS

Education of Foster Children and Mobile Youth

The Charter School has adopted a policy governing the education of foster youth, consistent with state and federal law.

Definitions: For the purposes of this annual notice the terms are defined as follows:

- *"Foster youth"* means any of the following:
 1. A child who has been removed from their home pursuant to Section 309 of the Welfare and Institutions Code.
 2. A child who is the subject of a petition filed pursuant to California Welfare and Institutions Code ("WIC") section 300 or 602 (whether or not the child has been removed from the child's home by juvenile court).

3. A child who is the subject of a petition filed pursuant to WIC section 602, has been removed from the child's home by the juvenile court, and is in foster care.
4. A nonminor under the transition jurisdiction of the juvenile court, as described in WIC section 450, who satisfies all of the following criteria:
 - a. The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court.
 - b. The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization.
 - c. The nonminor is participating in a transitional independent living case plan.
5. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court.³
6. A child who is the subject of a voluntary placement agreement, as defined in WIC section 11400.

• "Former juvenile court school student" means a student who, upon completion of the student's second year of high school, transfers from a juvenile court school to the Charter School.

• "Child of a military family" refers to a student who resides in the household of an active-duty military member.

• "Currently Migratory Child" refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. This includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.

- "*Newcomer pupil*" is a person aged 3 to 21 years, who was not born in any of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, and has not been attending one or more schools in any one or more of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, for more than three (3) full academic years. This also includes a "pupil participating in a newcomer program," as defined in Education Code section 51225.2, as that section read on January 1, 2023, who was enrolled in the Charter School before January 1, 2024. The Charter School may, in its discretion, also extend the rights in Education Code sections 51225.1 and 51225.2 to a "pupil participating in a newcomer program," as defined in Education Code section 51225.2, as that section read on January 1, 2023.
- "*Educational Rights Holder*" ("*ERH*") means a parent, guardian, or responsible adult appointed by a court to make educational decisions for a minor pursuant to WIC sections 319, 361 or 726, or a person holding the right to make educational decisions for the student pursuant to Education Code section 56055.
- "*School of origin*" means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.
- "*Best interests*" means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.
- "*Partial coursework satisfactorily completed*" includes any portion of an individual course, even if the student did not complete the entire course.

Within this notice, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer student will be collectively referred to as "Foster and Mobile Youth." Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent/guardian" or "ERH."

Foster and Mobile Youth Liaison: The Executive Director or designee designates the following staff members as the Liaison for Foster and Mobile Youth:

³ The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

Long Valley Doyle: Hannah VonTour, Principal, hvontour@longvalleycs.org 530-827-2395

Long Valley Portola: Jerad Morgan, Asst. Director, jmorgan@longvalleycs.org 530-832-5507

Thompson Peak Charter: Stephanie Preston, Asst. Director, spreston@longvalleycs.org 530-257-7300

The Foster and Mobile Youth Liaisons' responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.
2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

School Stability: The Charter School will work with foster youth and their parent/guardian to ensure that each pupil is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all pupils, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non-school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Graduation Requirements: Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption. In the case of a newcomer pupil, enrollment in grade 11 or 12 based on the average age of students in the third or fourth year of high school may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent/guardian, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's parent/guardian/educational rights holder. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the youth and the youth at one time qualified for the exemption, even if the pupil is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a Foster and Mobile Youth.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's additional graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. Consult with the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.
5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and the educational rights holder regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the **following** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the educational rights holder, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall:
 - a. provide the pupil with the option to receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
 - b. to stay in school for a fifth year to complete the Charter School's additional graduation requirements.

Charter School shall provide notification of the availability of these options. The pupil (if not a minor) or the educational rights holder shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this subdivision, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records: When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parent/guardian consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available on the Charter School's website.

Availability of Complete Policy: For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete Education for Foster and Mobile Youth Policy #6010 shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the school office or on our website.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: <https://www.cde.ca.gov/sp/hs/>

Housing Questionnaire: Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in English, and if fifteen (15) percent or more of the students enrolled at Charter School speak a single primary language other than English, it shall also be written in the primary language. The questionnaire shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied

youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

School Stability: The Charter School will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Homeless students have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a homeless student seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). The Charter School will also immediately enroll any homeless student seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder, Indian custodian⁴ in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non-school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements: Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for pupils with significant gaps in school attendance, the pupil's age as compared to the average age of pupils in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

⁴ "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student and ERH of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19..
2. Consult with the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student and ERH about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.
5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the student's ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the *following* academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's

fourth year of high school, the Charter School shall provide written notice to the pupil and the ERH of the pupil's options to:

- i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**
- ii. Upon agreement with the ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements: Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

For any homeless student who enrolls at the Charter School, a copy of the Charter School's complete policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the school office or on the school's website at the link below.

English Learners

The Charter School is committed to the success of its English Learners and support will be offered both within academic classes and in supplemental settings for students who need additional support for English language learning. The Charter School will meet all applicable legal requirements for English Learners as they pertain to annual notification to parents, student identification, placement, program options, English Learners and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding English Learners and the rights of students and parents.

Section 504

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of the Charter School. Any student who has an objectively identified disability which substantially limits a major life activity, including, but not limited to learning, is eligible for accommodations by the Charter School. The parent/guardian of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the principal or site administrator. A copy of the Charter School's Section 504 policies and procedures is available upon request.

Special Education/Students with Disabilities

We are dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. The Charter School provides special education instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of the Lassen County SELPA. These services are available for special education students enrolled at the Charter School. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. The Charter School collaborates with parents/guardians, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, the Charter School is responsible for identifying, locating, and evaluating children enrolled at the Charter School with known or suspected disabilities to determine whether a need for special education and related services exists. This includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from

enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact Stephanie Preston, Asst. Director, 530-257-7300.

APPENDIX B: COMPLETE POLICIES**Suspension and Expulsion Policy****Adopted/Ratified: 5/16/17 Revision Date: 9/20/25**

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

When the Policy is violated, it may be necessary to suspend or expel a student from regular learning center small group instruction. This policy shall serve as the Charter School's policy and procedures for student suspension, expulsion and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and Procedures are available on request at site administrator's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent or guardian and shall inform the student and the student's parent or guardian of the basis for which the pupil is being involuntarily removed and the student's parent or guardian's right to request a hearing to challenge the involuntary removal. If the student's parent or guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent or guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Written Agreement pursuant to Education Code Section 51747(g).

Alternative Means of Correction

For a student facing discipline for a discretionary offense listed below, the Principal may, whenever possible and practicable, provide alternatives to suspension or expulsion. These alternatives shall use a research-based framework with age-appropriate strategies that improve behavioral and academic outcomes while addressing and correcting the student's specific misbehavior.

The Charter School shall not suspend or expel any student based solely on the fact that they are truant, tardy, or otherwise absent from school activities. Violations of the Charter School's attendance expectations shall be addressed in accordance with Charter School Attendance and Truancy Policy and/or Independent Study Policy, as applicable.

No student may be suspended or expelled for willful defiance or disruption. Alternatively, Charter School staff may refer a student who engages in willful defiance and/or disruption to the Principal or designee for appropriate and timely in-school interventions or supports. Within five (5) business days, the Principal or designee shall:

- 1) Document the actions taken and save the document to the student's record
- 2) Inform the referring staff member what actions were taken and if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

For a student who has been suspended, or for whom other means of correction have been implemented, for an incident of racist bullying, harassment, or intimidation, the Charter School may require both the victim and perpetrator to engage in a restorative justice practice. The Charter School may also require perpetrators to engage in culturally sensitive programs that promote racial justice and equity and combat racism and ignorance.

The Charter School may utilize its Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, be used to help students gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the Charter School community

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director/ Superintendent or designee with the student and their parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Executive Director/ Superintendent or designee.

The conference may be omitted if the Executive Director/ Superintendent or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a

student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against them and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or Executive Director's designee, the pupil and the pupil's parent/guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents/guardians, unless the pupil and the pupil's parents/guardians fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil or a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director/ Superintendent or designee determines that the pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

- 1) The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time the complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
- 2) The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- 3) At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
- 4) The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- 5) The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- 6) Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany them to the witness stand.
- 7) If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
- 8) The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.
- 9) Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- 10) Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard.

Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board of Directors, which will make a final determination regarding the expulsion. The final decision by the Board of Directors shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to their previous educational program.

J. Written Notice to Expel

The Executive Director/ Superintendent or designee, following a decision of the Board of Directors to expel, shall send written notice of the decision to expel, including the Board of Directors' adopted findings of fact, to the student and the student's parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Executive Director/ Superintendent or designee shall send a copy of the written notice of the decision to expel to the student's district of residence; upon finality of the expulsion. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

K. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The pupil shall have no right of appeal from expulsion from the Charter School as the Charter School Board of Directors' decision to expel shall be final.

M. Expelled Pupils/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a pupil after the end of the pupil's expulsion or to admit a previously expelled pupil from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall

be in the sole discretion of the Board of Directors following a meeting with the Executive Director/ Superintendent or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director/ Superintendent or designee shall make a recommendation to the Board of Directors following the meeting regarding the Executive Director/Superintendent or designee's determination. The Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission.

P. Notice to Teachers

The Charter School shall notify teachers of each pupil who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Unexcused Absences

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy and after notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for unexcused absences may be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, The Executive Director or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:

- a. When any pupil fails to complete 15% of the assignments.
- b. When a pupil misses two appointments or required classes within a period of 5 school days.
- c. When a pupil misses two consecutive weekly meetings with their teacher of record.
- d. In the event the student's educational progress falls below satisfactory levels as determined by the Charter Schools' Process for Non-Compliance which considers ALL of the following indicators:
 - i. The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
 - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
 - iii. Learning required concepts, as determined by the supervising teacher.
 - iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the tiered reengagement strategy and only after providing notice and opportunity for a parent, guardian, or educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for truancy shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School, believing that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director/Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Title IX Policy Prohibiting Discrimination On The Basis Of Sex Policy 6015

Adopted/Ratified: 09/18/2024

Revised: 08/20/2025

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Long Valley Charter School ("Charter School") to address sex discrimination, including but not limited to sexual harassment, occurring within Charter School's education program or activity.

Charter School does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq.*) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.⁵

This Policy applies to conduct occurring in Charter School's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom Charter School does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the Charter School Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by Charter School.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of Charter School conditioning the provision of an aid, benefit, or service of Charter School on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Charter School's education program or activity; or

⁵ Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

- “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual’s employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Charter School.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
 - Rape, sexual battery, molestation or attempts to commit these assaults.
 - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another’s body, poking another’s body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
 - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person’s sexuality or sexual experience.
 - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
 - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student’s or employee’s performance more difficult because of the student’s or the employee’s sex.
 - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
 - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
 - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
 - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in Charter School’s education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that Charter School investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in Charter School’s education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Charter School's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Misty Brussatoi, Executive Director/Superintendent
P.O. Box 7, Doyle, CA 96109; mbrussatoi@longvalleycs.org

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

El Roper, Assistant Director
P.O. Box 7, Doyle, CA 96109
(530) 827-2395; eroperi@longvalleycs.org

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to Charter School, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within Charter School's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

Charter School will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

Charter School's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in Charter School's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair Charter School's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

Charter School has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with Charter School's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by Charter School to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Charter School allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by Charter School, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.⁶ Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

⁶ Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

Charter School must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in Charter School's education program or activity; or
- Did not occur against a person in the United States.

Charter School may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by Charter School;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent Charter School from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable Charter School policy.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that Charter School prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, Charter School will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless Charter School obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, Charter School will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within twenty (20) business days after Charter School sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of Charter School's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that Charter School provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of Charter School's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the President of the Charter School Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or Charter School's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by Charter School.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Student Safety, Professional Boundaries, and Adult Misconduct Policy

Long Valley Charter School (“School”) is committed to providing every student with a safe, supportive, and appropriately supervised learning environment. This policy establishes the School's standards for professional boundaries between adults and students, limits on electronic and social media communication, mandated reporting obligations, and related safeguards against child abuse and misconduct.

This policy applies to all School employees, volunteers, contractors, and governing Board (“Board”) members⁷ (collectively referred to as “adults” herein).

The School recognizes its responsibility to make and enforce all rules and regulations governing student and adult behavior to bring about the safest and most learning-conducive environment possible. This policy is available on the School’s website.

STUDENT/ADULT PROFESSIONAL BOUNDARIES

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an individual’s use of force that is reasonable and necessary to protect the individual, students, staff, or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School employees, volunteers, contractors, and Board members:

A. Examples of permitted actions (i.e., not corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring a student on an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of prohibited actions (i.e., corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Adult/Student Behavior

This policy is intended to guide adults in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between such adults and students.

Although this policy gives specific, clear direction, it is each adult’s obligation to avoid situations that could prompt suspicion by parents/guardians, students, colleagues, or School leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, “Would I be engaged in this conduct if my family or colleagues were standing next to me?”

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms

⁷ This policy does not apply to student board members under Education Code 47604.2, or otherwise.

of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of a student/adult relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective, but can be perceived as flirtation or sexual insinuation from a student's or parent/guardian's point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between adults and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all adults learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, adult/student interactions must have boundaries surrounding potential activities, locations, and intentions.

Examples of Specific Behaviors

The following examples are not an exhaustive list and apply equally during and outside of the regular school day:

- (b) Excessive attention toward a particular student.

PROFESSIONAL BOUNDARIES AMONG ADULTS

All adults covered by this Policy are expected to interact with one another in a manner that is professional, respectful, and consistent with the School's workplace conduct standards. Adults in positions of supervisory authority shall not use that authority to coerce, manipulate, or exploit other adults in the School community. Conduct among adults that creates a hostile work environment, involves sexual harassment, or otherwise violates applicable law or School policy is prohibited and must be reported consistent with the School's applicable reporting procedures. School leadership is responsible for modeling appropriate professional relationships and for addressing complaints of adult-to-adult misconduct promptly and consistently.

MANDATED REPORTING OBLIGATIONS

All of the following persons associated with the School are mandated reporters of known or reasonably suspected child abuse or neglect:

- All employees, regardless of role or frequency of student contact.
- All contractors whose duties require contact with or supervision of students.
- All board members.
- All volunteers who interact with students outside of the immediate supervision and control of the student's parent or guardian or a School employee.

A mandated reporter is not required to investigate, confirm, or seek corroboration before making a report. The obligation to report arises from reasonable suspicion, not certainty. Each mandated reporter has an independent, personal obligation to make a report to a child protective agency or law enforcement when that individual knows of or reasonably suspects that a child has been the victim of abuse or neglect.

Reports must be made immediately or as soon as practically possible by phone, and a written follow-up report must be submitted within 36 hours. While internal reporting to a supervisor or administrator is encouraged for operational awareness, the duty to report is not discharged by notifying a supervisor or by assuming that another person has made the report. No administrator may impede or inhibit a mandated reporter from filing a report.

Failure to make a required report is a misdemeanor under California law and may result in disciplinary action up to and including termination.

ANNUAL TRAINING REQUIREMENTS

The School shall provide annual training to all employees, contractors, board members, and volunteers on the following topics:

- Mandated reporting requirements under the California Child Abuse and Neglect Reporting Act, including which persons are mandated reporters, what must be reported, how to make a report, and the legal consequences of failing to report.
- Prevention of child abuse, including sexual abuse, in the school environment, including recognition of grooming behaviors, boundary violations, and other indicators of adult-to-student misconduct.
- The professional boundary standards and electronic communication requirements set forth in this Policy.
- The School's procedures for reporting concerns about staff conduct to administration.

All covered individuals must complete training within the first six weeks of each school year or within the first six weeks of hire, assignment, or commencement of volunteer services, whichever is earlier.

The School shall maintain a record of training completion dates for each individual. Training must be completed using the State Department of Social Services' online training module or an alternative module approved by the School's joint powers authority or insurance provider.

The governing board shall receive annual training on its obligations under SB 848, including with respect to the statewide reporting database once operational.

SCHOOL SAFETY PLAN

The School's comprehensive school safety plan shall include procedures specifically designed to address the supervision and protection of students from child abuse, neglect, and sex offenses.

The safety plan shall also address child neglect and include procedures for reporting all crimes occurring on campus or at campus-related activities, and classroom and non-classroom environments in a manner that promotes safe, easily supervised spaces for student learning and engagement

All School personnel shall receive training on the comprehensive school safety plan consistent with the requirements of SB 848.

For a copy of the complete school safety plan, please contact the main office.

DUTY TO REPORT SUSPECTED MISCONDUCT

When any adult reasonably suspects or believes that another individual may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a School administrator. All reports shall be as confidential as possible under the circumstances. It is the administrator's duty to investigate and thoroughly report the situation. Adults must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

The School shall investigate all credible reports of policy violations or misconduct promptly and shall take appropriate corrective action. The School shall not retaliate against any person who, in good faith, reports a concern under this Policy.

Suicide Prevention Policy #6013

Adopted: 11/7/17

Revised: 10/30/2020; 08/20/2025

The Board of Directors of Long Valley Charter School ("Charter School") recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, the Board of Directors has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with Charter School and community stakeholders, Charter School school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and mental health professionals, the county mental health plan, first responders, and community organizations to identify additional resources to ensure this policy is aligned and includes similar research and resources, as well as to assist in planning, implementing, evaluating, and updating the Charter School's strategies for suicide prevention and intervention. Charter School shall work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources. To ensure the policies regarding suicide prevention are properly adopted, implemented, updated, and easily accessible to all. Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact for Charter School. The suicide prevention point of contact for Charter School and the Executive Director shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least every five (5) years in conjunction with the previously mentioned community stakeholders.

Suicide Prevention Crisis Team

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, Charter School created an in-house Suicide Prevention Crisis Team ("SPCT") consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students. 1. Misty Brussatoi, Executive Director
2. Stephanie Preston, Asst. Director
3. Jerad Morgan, Asst. Director

The functions of the SPCT are to:

- Review mental health related school policies and procedures;
- Provide annual updates on school data and trends;
- Review and revise school prevention policies;
- Review and select general and specialized mental health and suicide prevention training;

- Review and oversee staff, parent/guardian, and student trainings;
- Ensuring the suicide prevention policy, protocols, and resources are posted on the school website;
- Ensure compliance with Education Code section 215;
- Collaborate with community mental health organizations;
- Identify resources and agencies that provide evidence-based or evidence-informed treatment;
- Help inform and build skills among law enforcement and other relevant partners; and
- Collaborate to build community response.

Employee Qualifications and Scope of Services

Employees of Charter School shall act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, screen and assess and to provide ongoing supports to youth identified at risk, the care or treatment for suicidal ideation is typically beyond the scope of services offered in the school setting.

Suicide Awareness and Prevention Training for School Staff

Charter School, along with its partners, has carefully reviewed available staff training to ensure the curriculum is evidence-based, evidenced informed, aligned with best practices in suicide prevention, and promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training and professional development shall be provided for all school staff members (certificated and classified) and other adults on campus (including substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool program staff).

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, other public entity professionals, such as psychologists, social workers, or nurses) who have received advanced training specific to suicide prevention. Charter School has collaborated with Lassen County Office of Education and Lassen County Behavioral Health to review the training materials and content to ensure it is evidence-based, evidence-informed, and aligned with best practices.
2. Staff training is reviewed and adjusted annually based on previous professional development activities, emerging best practices, and feedback.
3. Charter School shall ensure that training is available for new hires during the school year.
4. At least annually, all staff shall receive training on prevention and protective factors such as the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk and protective factors and warning signs, prevention, intervention, referral, and postvention). Core components of the general suicide prevention training shall include:
 - a. How to identify youth who may be at risk for suicide including suicide risk factors, warning signs, and protective factors.
 - b. Appropriate ways to approach, interact, and respond to a youth who is demonstrating emotional distress or having thoughts of suicide including skill building to ask directly about suicide thoughts.
 - c. Charter-approved procedures for responding to suicide risk (including programs and services in a Multi-tiered System of Support (MTSS) and referral protocols). Such procedures will emphasize the student should be under constant supervision and immediately referred for a suicide risk assessment.
 - d. Charter-approved procedures identifying the role educators, school staff, and volunteers play in supporting youth and staff after a suicide or suicide death or attempt (postvention).
6. **In addition to** core components of suicide prevention, ongoing annual staff professional development for all staff shall include the following components:
 - a. The impact of traumatic stress on emotional and mental health.
 - b. Common misconceptions about suicide.
 - c. Charter School and community mental health and suicide prevention resources.
 - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
 - e. Ways to identify youth who may be at risk of suicide including suicide warning signs, risk, and protective factors.
 - f. Appropriate ways to approach, interact, and respond to a youth who is demonstrating emotional distress or is having thoughts of suicide. Specifically, how to talk with a student about their thoughts of suicide, including skill building to ask directly about suicide thoughts and warm handoffs.
 - g. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures will emphasize that the student should be constantly supervised until a suicide risk assessment is completed.
 - h. Charter School-approved procedures for identifying the role educators, school staff, and volunteers play in supporting youth and staff after a suicide or suicide death or attempt (postvention).
 - i. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
 - Youth affected by suicide.
 - Youth with a history of suicide ideation or attempts.

- Youth with disabilities, mental illness, or substance abuse disorders.
- Lesbian, gay, bisexual, transgender, or questioning youth.
- Youth experiencing homelessness or in out-of-home settings, such as foster care.
- Youth who have suffered traumatic experiences.

Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment)

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter School-approved tool. Colombia-Suicide Severity Rating Scale (C-SSRS)
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on school guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on school guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

Virtual Screenings for Suicide Risk

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

Charter School has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, Charter School has determined a process and protocols to establish daily or regular contact with all students. Staff understand that any concern about a student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to Charter School protocols.

Charter School has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

Parents, Guardians, and Caregivers Notification, Participation and Education

1. Charter School includes parents/guardians/caregivers in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.
2. This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page and included in the parent/student handbook. Parents/guardians/caregivers are invited to provide input on the development, review, and implementation of this policy.
3. Charter School shall notify the parent/guardian/caregiver when a student has been screened or screened/assessed for suicide risk regardless of outcome
4. Charter School shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.
5. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.
6. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.
7. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to approach and talk with their child(ren) about thoughts of suicide.
 - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any child/youth judged to be at risk for suicide and referral for an immediate suicide risk assessment.
 - d. Charter School's referral processes and how they or their children can reach out for help, etc.

8. Parent/guardians are provided with information on suicide prevention resources including crisis hotlines, local warmlines, and school and community-based supports and crisis resources including the National Suicide Prevention Lifeline, Crisis text line, and local crisis hotlines and includes information that hotlines/resources are not just for crisis but also for friends/family and referral.
9. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records, to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, Charter School along with its partners has carefully reviewed and will continue to review

potential student curricula to ensure it includes information on recognizing and responding to signs and symptoms (within themselves and friends), learning coping skills, encourage help-seeking behavior and being knowledgeable of supports and resources.

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with Charter School and is characterized by caring staff and harmonious interrelationships among students.

Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

Charter School provides instruction to middle and high school students on general mental health and suicide prevention... The Charter School's instructional curriculum, shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. The instruction is provided under the supervision of Charter School employed mental health professionals, with input from county and community mental health agencies, and middle and high school students. The instruction is developmentally appropriate, student-centered, and includes:

- a. Coping strategies for dealing with stress and trauma.
- b. How to recognize behaviors (warning signs), protective factors, and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
- c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
- d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
- e. Guidance regarding the district's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education). Charter School maintains a list of current student trainings, which is available upon request.

Charter School has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt.**

Charter School supports the creation and implementation of programs and/or activities on campus that increase awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Weeks and Sandy Hook Promise programs).

Charter School will include the following information on all student identification cards:

1.
 - National Suicide Prevention Lifeline/Suicide Crisis Lifeline:
 - Call or Text "988"
 - Call 1-800-273-8255

In addition to listing the above resources on student identification cards, Charter School shall include the following language: *“If you or someone you know is struggling emotionally or having trouble coping, there is help. Students in distress or those who just want to talk about their problems, can call or text the phone numbers listed here for free, confidential support.”*

Charter School shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student’s emotional distress, suicidal ideation, or attempt.

Intervention and Emergency Procedures

The suicide prevention liaison shall immediately notify the Executive Director or designee, and then notify the student’s parent/guardian as soon as possible if appropriate and in the best interest of the student. When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911. The call shall NOT be made in the presence of the student and the student shall not be left unsupervised. Staff shall NOT physically restrain or block an exit.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student’s physical safety by one or more of the following, as appropriate:
 - a. providing immediate first aid as needed, until a medical professional is available.
 - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened and report any medications taken, and access to weapons, if applicable.
 - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
 - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
 - e. Moving all other students out of the immediate area.
 - f. Not sending the student away or leaving him/her alone, even to go to the restroom.

2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.**
4. After a referral is made, Charter School shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of the importance of care. If follow up care is still not provided, Charter School should consider contacting Child Protective Services to report neglect of youth.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at Charter School.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

B. Action Plan for Off Campus Suicide Attempts

In the event a suicide occurs or is attempted during the school day on the Charter School campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in Charter School’s safety plan. After consultation with the Executive Director or designee and

the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from Charter School counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the Charter School campus and unrelated to school activities, the Executive Director or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like Charter School to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan; providing parents/guardians/caregivers/families local emergency numbers for after school and weekend emergency contacts.

Supporting Students during or after a Mental Health Crisis

Students shall be encouraged through the education program and in Charter School activities to notify a teacher, the Executive Director, another Charter School administrator, psychologist, Charter School counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Charter School shall implement the following steps during or after a crisis:

1. Treat every threat with seriousness and approach with a calm manner; make the student a priority.
2. Listen actively and non-judgmentally to the student. Let the student express their feelings.
3. Acknowledge the feelings and do not argue with the student.
4. Offer hope and let the student know they are safe, and that help is available. Do not promise confidentiality or cause stress.
5. Explain calmly and get the student to a skilled mental health professional or designated staff to further support the student.
6. Keep close contact with the parents/guardians/caregivers/families and mental health professionals working with the student.

Re-Entry to School After a Suicide Attempt

A student who has verbalized ideation or attempted suicide is at a higher risk for suicide in the months following the crisis. Having a streamlined and well-planned re-entry process ensures the safety and wellbeing of students who have previously attempted suicide and reduces the risk of another attempt. An appropriate re-entry process is an important component of suicide prevention. Involving students in planning for their return to school provides them with a sense of control, personal responsibility, and empowerment.

Charter School shall implement the following steps upon the student's re-entry:

1. The Executive Director shall obtain a written release of information signed by parents/ guardians/caregivers/families and providers.
2. School mental health professionals shall confer with the student and parents/guardians/ caregivers/families about any specific requests on how to handle the situation.
3. School-based mental health professionals shall confer with the student and parents/ guardians/caregivers/families to develop a safety plan.
4. School- based mental health professionals shall inform the student's teachers about possible days of absences.
5. Teachers and administrators shall allow accommodations for student to make up work (understanding that missed assignments may add stress to student).
6. Mental health professionals or trusted staff members shall maintain ongoing contact to monitor student's actions and mood.
7. School-based mental health professionals shall work with parents/guardians/caregivers/ families to involve the student in an aftercare plan.
8. School-based mental health professionals shall provide parent's/guardians/caregivers/ families local emergency numbers for after school and weekend emergency contacts.

Messaging About Suicide Prevention

Charter School along with its partners shall:

1. Thoroughly and regularly review with its partners, all materials and resources used in awareness efforts to ensure they align with best practices for safe and effective messaging about suicide.
2. Ensure that all communications, documents, materials related to messaging about suicide focus on warning signs as well as risk, prevention, and protective factors, avoid discussing details about methods of suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

Use	Do Not Use
“Died by suicide” or “Took their own life”	“Committed suicide” Note: Use of the word “commit” can imply crime/sin
“Attempted suicide”	“Successful” or “unsuccessful” Note: There is no success, or lack of success, when dealing with suicide

3. Provide suicide prevention resources in parent/student handbooks and on school-issued identification cards for staff and students, on school websites, and during any mental health or suicide prevention skill-building activity for students or parents/families and professional development for staff.

Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. Charter School shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Executive Director to conduct an initial meeting of the Suicide Prevention Crisis Team to:
 - a. Confirm death and cause.
 - b. Identify a staff member to contact deceased’s family (within 24 hours).
 - c. Enact the Suicide Postvention Response.
 - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
 - a. Notification (if not already conducted) to staff about suicide death.
 - b. Emotional support and resources available to staff.
 - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
 - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
 - a. Review signs of emotional distress and suicide ideation.
 - b. Review of protocols for referring students for support/assessment.
 - c. Develop and provide supports to staff in responding to student reactions.
 - d. Talking points for staff to notify students.
 - e. Share school and community-based resources available to students (on and off campus).
4. Identify students significantly affected by suicide death and other students at risk of imitative behavior, and immediately refer them to a school-based mental health professional.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death and availability of support services. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.
7. Consider, (in consultation with the family) funeral arrangements for family and school community.
 - o If possible, suggest the funeral occur outside of school hours.
 - o Encourage parents/guardians of students to attend funeral/memorial with their children.
 - o Request family approval to attend and staff a table for resources to be available at the funeral, if possible, to remind students and the community of available resources.
 - o Offer a safe space on campus for students to utilize if needed before/after funeral or memorial service.

- Acknowledge there may be a high rate of absenteeism on the day of the funeral and school officials should make appropriate accommodations for staff and students to attend.
- 8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
- 9. Identify media spokesperson to cover story without the use of explicit, graphic, or dramatic content, if needed.
- 10. Utilize and respond to social media outlets:
 - Identify what platforms students are using to respond to suicide death.
 - Identify and encourage staff and students to monitor social media outlets.
- 10. Include long-term suicide postvention responses:
 - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
 - b. Support siblings, close friends, teachers, and/or students of deceased.
 - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.
